FORD **UPFITS**

[FordUpfits.com](https://fordupfits.com)

The 2021 Ford Vans stand ready to help you realize your passion for adventure.

Ford Transit and Transit Connect vans are popular choices for a reason – they deliver the room, performance and value adventure seekers are looking for in an adventure van. As you learn more about these versatile vehicles, we think you'll agree.

Ford Transit

Whether your passion is hiking, biking, fishing, boating, camping – or basically any outdoor activity – the Ford Transit full-size van is designed and engineered to be your open-road companion. It's a van designed, and uniquely suited, to help you enjoy the freedom your travels provide. So, make time for your passions, whether it's a couple of stolen hours, a short weekend or a let's-get-away-from-it-all adventure, with the help of one of America's favorite vans – Ford Transit.

Ford Transit Connect – Right-Sized For Adventure

While the full-size Ford Transit van is the right size van for many, some adventure seekers may be looking for a more compact van. If that sounds like you, the Ford Transit Connect van may be just what you're looking for. Because of its compact size, you'll get out and around with impressive maneuverability. But don't let its size fool you. There's still plenty of interior room to outfit this versatile van with all features you want in an adventure camper van.

Driven By Possibilities – Upfit For An Active Lifestyle

When it comes to an adventure van, it's all about possibilities and customization. When you start with Ford Transit or Transit Connect, the possibilities are endless. Which means you can customize your van your way, making it the type of vehicle that can tackle any type of adventure, big or small. As you read on, and learn more about Ford vans, you'll discover they offer the features many adventurers want as they hit the open road.

Ford Transit has the versatility for a lifestyle on the move.

Versatile, flexible, capable, dependable. Ford Transit covers all the bases. It's no wonder so many people choose Transit for their adventure van.

We've Thought of Everything. Just Add Your Sense of Adventure.

Choosing Ford Transit for your adventure van is the smart decision for many reasons:

- Transit is a platform you can build on, so you can easily customize it by putting your personal stamp on it with the upfits you want
- Select from three roof heights, three lengths, two engines, and two drive modes (all-wheel drive or rear-wheel drive)
- The available SYNC® 3¹, with easy-to-use, responsive voice-activated technology, provides quick reactions to your conversational voice commands
- It features a lightweight, durable unibody construction
- It excels when it comes to drivability, quiet ride, and the latest technology

All of which means, whether you're using it for family adventures or sporting activities, Transit is the perfect vehicle for your next adventure van.

Recommended Fuel	Regular unleaded gas
Availability	Optional

2021 Transit – Upfitted by Vandoit

Intelligent All-Wheel Drive

To help you feel more confident and secure on the road, consider Ford Transit and its available Intelligent All-Wheel Drive (AWD). It balances torque between the front and rear wheels to enhance handling and maximum traction, typically before wheel slip can even occur. This helps keep your vehicle steady on various road conditions you may encounter on your adventures.

Three Possible Roof Heights³

¹ Don't drive while distracted or while using handheld devices. Use voice-operated systems when possible. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. ² Horsepower and torque are independent attributes and may not be achieved simultaneously. ³ There is also a Medium Roof/Regular Length; High Roof/Long Length SRW which are not shown.

The 2021 Transit features the technology you need for any adventure.

Standard and available Driver-assist Technologies¹ you'll find on the 2021 Transit.

STANDARD DRIVER-ASSIST TECHNOLOGIES ON EVERY TRANSIT MODEL

Pre-Collision Assist with Automatic Emergency Braking^{1,2}

By scanning the road ahead, this feature can alert you to potential collisions with vehicles or pedestrians detected in your path. If an impact is imminent, and you don't take action, brakes can apply automatically. It's designed to only activate when needed.

Standard on every 2021 Transit

Lane-Keeping System^{1,3}

Our Lane-Keeping System, if you drift out of your lane, is designed to alert you by providing temporary steering assistance or steering wheel vibration when it detects an unintended lane departure.

Standard on every 2021 Transit

Auto High-Beam Headlamps¹

Auto High-Beam Headlamps can detect poor lighting and switch them on for you. They can also sense oncoming headlamps and dim automatically for other drivers.

Standard on every 2021 Transit

Post-Collision Braking^{1,5}

Post-Collision Braking can potentially lessen the severity of a secondary collision by automatically applying moderate brake pressure when an initial collision event is detected. By slowing the vehicle, additional damage or injury to the occupants can potentially be lessened.

Standard on every 2021 Transit

ADDITIONAL STANDARD & AVAILABLE DRIVER-ASSIST TECHNOLOGIES ON VARIOUS TRANSIT MODELS

BLIS[®] with Trailer Coverage and Cross-Traffic Alert^{1,4}

BLIS (Blind Spot Information System) alerts you to vehicles detected in your blind spots and alongside you. Cross-Traffic Alert detects traffic behind your vehicle as you're slowly backing up.

Standard on every 2021 Passenger Van XLT; Available on Passenger Van XL, Cargo Van and Crew Van

Rear View Camera with Trailer Hitch Assist^{1,5}

Our Rear View Camera helps provide a great view of what's behind your vehicle, helping you navigate reverse with more confidence. It also can help when lining up a trailer.

Standard on every 2021 Passenger Van, Cargo Van and Crew Van

Front and Rear Split-View Cameras^{1,5}

This technology supplies a 180-degree view in front of or behind your Transit. It lets you see to the left and right before you have a line of sight, and provides visibility during parking maneuvers.

Available on every 2021 Transit

Enhanced Active Park Assist^{1,6}

This feature makes it easier to park – even in tight parallel or reverse perpendicular spots. Its sensors not only detect an appropriate spot, the system steers the vehicle into it while you control the brake, accelerator and shifter.

Available on Passenger Van, Cargo Van and Crew Van

Adjustable Speed Limiting Device¹

The Adjustable Speed Limiting Device feature is great for city driving; it allows the driver to set an upper speed limit for the vehicle. If the vehicle begins to approach the upper speed limit then audible and visual warning are given.

Standard on every 2021 Passenger Van XLT; Available on Passenger Van XL, Cargo Van, Crew Van, Cutaway and Chassis Cab

Adaptive Cruise Control^{1,7}

Adaptive Cruise Control can maintain your selected speed and preset gap from the vehicle in front of you. If it detects traffic ahead slowing, your vehicle slows. When things clear, it can resume your set speed.

Available on every 2021 Transit

¹Driver-assist features are supplemental and do not replace the driver's attention, judgment and the need to control the vehicle. It does not replace safe driving. See Owner's Manual for details and limitations. ²Pre-collision Assist with Pedestrian Detection (active at speeds up to 50 mph.) detects pedestrians, but not in all conditions, and can help avoid or reduce a collision. It does not replace safe driving. ³Lane-Keeping System does not control steering. ⁴Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. It does not replace safe driving. See Owner's Manual for details and limitations. ⁵Cross-traffic alert is not operable when a trailer is connected. ⁶Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. It does not replace safe driving. See Owner's Manual for details and limitations. ⁷Non-angled parking spaces. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ⁸If stop is longer than three seconds, driver must intervene and press "RES" button or accelerator pedal to resume system operation.

Electrical Features and Technologies

When you consider all the electrical power we and our adventure vans need today, it's no surprise the demand for it has never been higher. Having ready access to that power is even more important when you are hundreds of miles from home. We've packed Transit with the power sources and electrical features you need when hitting the road – keeping you always in charge.

400W Power Inverter

- 110 volt Alternating Current (110V AC) power supply
- Supplies up to 400 watts with a main outlet
- Easily accessible in the cab of the vehicle

Auxiliary Fuse Panel with High Spec Interface Connector

- Provides extra hard wired and Controller Area Network (CAN) signals
- Allows the upfitter to easily feed into their installed electrical systems
- Includes Dual Absorbent Glass Mat (AGM) Batteries and Modified Vehicle Wiring System

Dual Alternator

- Additional 250 amperage alternator to provide faster re-charging of the on-board battery systems
- Provides increased power for upfit demands
- Only available with the 3.5L EcoBoost® engine
- Includes Auxiliary Fuse Panel with High Spec Interface Connector

Dual Absorbent Glass Mat (AGM) Batteries

- Additional 12 volt battery
- Provides increased power availability when engine is off
- Reduces the risk of battery discharge due to high power draw

High Capacity Upfitter Switches

- Provides additional switches and a larger center console
- Upfitters can connect upfit loads through easily accessible switches

Modified Vehicle Wiring System

- Includes Modified vehicle connections for customized wiring harness provisions

Programmable Battery Guard / Enhanced Cut-off Relay

- Provides increased protection against discharging of vehicle batteries due to the power demand of upfits
- Not available with Power Outlet – 110V/400W, SRW configurations or 11,000lb GWVR

Upfitter Interface Module

- Enables upfitters to access more Controller Area Network (CAN) signals
- Enables upfitters to write their own software to have more control over the upfit
- Upfitters can connect or program the optional upfitter switches to operate aftermarket-installed equipment with up to nine digitally configurable inputs
- Not available with Front and Rear Split-View Camera

Ford has access to many upfitters¹ who can tailor your 2021 Transit to your needs.

When it comes to upfitting your Transit, you can choose from dozens of qualified upfitters from our vast network. Here are a few to consider.

Specializing in the Ford Transit, Vandoit guides you through the build process step by step with every detail in mind.

Vandoit offers a unique modular approach to upfitting a Transit. A Vandoit owner can move, remove, or add interior components himself or herself at any time. Which means Vandoit adventure vans offer the versatility you need to accommodate any adventure.

You're not alone on the road.

Your adventure van is your home away from home. Rest assured we are with you all the way. While traveling, if you need to contact us, or find the nearest dealer, simply call our **RV ROADSIDE ASSISTANCE HOTLINE at: 800-444-3311**, available 24/7 to help you keep your adventure on the move.

New Vehicle Limited Warranty – Ford Transit

We want your Ford Transit ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile (whichever comes first) bumper-to-bumper coverage, 5-year/60,000-mile (whichever comes first) Powertrain Warranty coverage, 5-year/60,000-mile (whichever comes first) safety restraint coverage, 5-year/unlimited-mile corrosion perforation (aluminum panels do not require perforation) coverage, and 5-year/100,000-mile (whichever comes first) diesel engine coverage (when applicable) – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

New Vehicle Limited Warranty – Ford Transit Connect

We want your Ford Transit Connect ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile (whichever comes first) bumper-to-bumper coverage, 5-year/60,000-mile (whichever comes first) Powertrain Warranty coverage, 5-year/60,000-mile (whichever comes first) safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance¹

Covers your vehicle for 5 years or 60,000 miles (whichever comes first), so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need a winch back to a paved road, a battery jump start or towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Commercial Vehicle Center

Each of the over 600 dealerships in our Commercial Vehicle Center (CVC) network is committed to providing quality commercial-oriented products and service, as well as special financing and billing arrangements, to businesses that rely on Ford products. As a CVC customer, your business vehicles receive priority service at your CVC dealership to help get your vehicle back on the road quickly.

Financial Services

Our commercial purchase plans and lines of credit offer attractive rates, negotiable terms and business-friendly options. If you prefer to lease, our CommercialLeaseSM programs offer a wide variety of package options to meet your needs. For additional information, please visit our website at fordcredit.com/comlend.

Ford Credit

Get the ride you want. Whether you plan to lease or buy, Ford Credit has the option that's right for you. Ask your Ford Dealer for details or visit us online at ford.com/finance.

Ford ProtectTM Extended Service Plans

Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Ford Insure

A new insurance product designed just for Ford owners, Ford Insure can help you save money on auto insurance for your connected Ford vehicle. Drive smarter, become an even better driver and earn bigger discounts – it's a win/win/win. Visit the FordPass mobile app or call 1-833-Ford-183.

American Road Services Company LLC is the licensed insurance agency supporting Ford and Lincoln insurance programs. Ford Insure is underwritten by Nationwide Mutual Insurance Company and Affiliated Companies. Subject to underwriting guidelines, review, and approval. Products not available to all persons in all states. Coverages vary by state. Availability varies; program criteria differs in California.

Ford Original Accessories

They're warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile (whichever comes first) New Vehicle Limited Warranty.

Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.

¹Roadside assistance is included for certain owners and available to everyone for a per-service fee. Ford reserves the right to change program details without obligations.
