

ALL-NEW 2021 FORD F-150® POLICE RESPONDER®

TORQUE-ON-DEMAND 4X4 TRANSFER CASE

## HOT PURSUIT JUST GOT HOTTER.

The only pursuit-rated pickup truck is more arresting than ever with enhancements that include a higher top speed (120 mph) and a new torque-on-demand transfer case that features a “4-Auto” selection on its 4x4 system for exceptional performance and handling, both on- and off-road, as well as “set it and forget it” convenience.

The All-New 2021 Ford F-150® Police Responder® also possesses the greatest torque of any pursuit-rated police vehicle. 500 lb.-ft. of torque and 400 horses are ready for duty. Its 3.5L EcoBoost® V6 is partnered with a 10-speed SelectShift® automatic configured with progressive range select and 5 Selectable Drive Modes.

Upgraded brake calipers, unique brake pad friction material, and unique police engine and transmission calibrations help deliver necessary police-duty performance. The F-150 foundation of the all-new F-150 Police Responder is rock solid, as Ford F-Series® is America's best-selling truck for 44 years straight<sup>1</sup>... and counting.

**POLICE RESPONDER**

Responding with the best payload capacity<sup>2</sup> (2,030 lbs.) and best standard towing capability<sup>3</sup> (7,000 lbs.) of any pursuit-rated police vehicle, this powerful pickup is bolstered by the FX4® Off-Road Package that includes off-road-tuned shock absorbers, underbody skid plates, and an electronic-locking rear axle. A high-strength, military-grade, aluminum-alloy<sup>4</sup> body and cargo box reinforce its Built Ford Tough® reputation for quality, durability and muscle. Aluminum resists corrosion, and this grade fends off dents and dings; a fully boxed, high-strength-steel frame sets the foundation. Need more towing capability? Then go for the available Trailer Tow Package and tow up to 11,200 lbs.

With 131.9 cu. ft. of interior volume – shoulder room, hip room and rear leg room are the most of any pursuit-rated police vehicle. The F-150 Police Responder can comfortably seat 5 – even while wearing body armor and holsters. The driver's seat is 8-way powered, and both front seats – with reduced bolsters for comfort – are outfitted in heavy-duty dark cloth. Front seat backs have steel intrusion plates. Amenities extend to an available Remote Keyless Entry System that includes 4 key fobs, as well as an available keyed-alike option. Add the new available Interior Work Surface for a flat workspace in the center console area that can slide to either the driver or front-passenger side.

New technology on the F-150 Police Responder includes a police engine idle feature that allows the key to be removed from the vehicle while it still idles. Also inside, new SYNC® 4 features an 8" touchscreen in the center stack and can include available cloud connectivity as well as Over-the-Air Updates. A built-in Ford modem allows for the addition of an available Ford Telematics™ subscription for manufacturer-grade data and insights into each vehicle's operation. Available Pre-Collision Assist with Automatic Emergency Braking includes a temporary disable switch for law enforcement, while available BLIS® (Blind Spot Information System) with Cross-Traffic Alert can alert drivers to vehicles in their blind spots before making a lane change.

Vehicle imagery throughout this brochure may be computer-generated and may include available and aftermarket upfit equipment. Available late summer.

Horsepower, torque, payload and towing are independent attributes and may not be achieved simultaneously.

<sup>1</sup>Based on 1977-2020 CY total sales. <sup>2</sup>Max. payload varies and is based on accessories. See label on door jamb for carrying capacity of a specific vehicle. <sup>3</sup>Max. towing varies based on cargo, accessories and number of passengers.

<sup>4</sup>6000-series aluminum alloy.

# 2021 FORD F-150® POLICE RESPONDER®

Just the facts: [fordpolicevehicles.com](http://fordpolicevehicles.com)

F-150 Police Responder was designed and developed to meet the same federal fuel system crash standards as retail vehicles and other manufacturers' police vehicles. Ford Police Interceptor Utility is the only vehicle on the market designed for the 75-mph rear-impact crash test.

Horsepower, torque, payload and towing are independent attributes and may not be achieved simultaneously.

<sup>1</sup>Ford Telematics and Ford Data Services; available on vehicles with embedded modem or equipped with plug-in device (PID). Requires modem activation. Ford Telematics and Ford Data Services are subscription services subject to agreement to FSM terms and conditions. Subscription subject to monthly charge. Subject to OFAC and credit check for subscription eligibility. Connected service and features, and access to vehicle data depend on subscription and compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. <sup>2</sup>Always wear your safety belt and follow airbag warning label instructions. <sup>3</sup>Restrictions may apply. See your dealer for details. <sup>4</sup>Visit [fleet.ford.com](http://fleet.ford.com) for complete package content. <sup>5</sup>Ford Licensed Accessory. <sup>6</sup>Dimensions and capacities shown may vary due to optional features and/or production variability. <sup>7</sup>Requires available Trailer Tow Package. Max. towing varies based on cargo, vehicle configuration, accessories and number of passengers.
