

2021 WRX / WRX STI

The best-handling, best-performing WRX. Ever.

Have control. Let loose.

Cornering

The WRX has all the hardware needed to corner with grace and speed. Starting with the suspension, it's an enviable setup—a rigid unibody chassis with reinforced suspension mounting points, aluminum front lower control arms with pillow-ball joint mounts, and a double wishbone rear suspension architecture with pillow-ball joint bushings. And with Subaru Symmetrical All-Wheel Drive and Active Torque Vectoring, the WRX offers an almost endless supply of traction.

Responsiveness

Having excellent grip is only half of the handling equation. The other is the driver's sense of control and precision, which the WRX delivers, thanks to its quick 14.4:1 steering ratio.¹ Available 18-inch wheels² and inverted front struts² further heighten its response and sharpen its focus.

Power

Pure bliss exists in the form of the 268-hp 2.0-liter direct-injection turbocharged SUBARU BOXER® engine, where power is generated smoothly, efficiently and instantaneously, thanks to its twin-scroll turbocharger. Matched with the 6-speed manual transmission or the Sport Lineartronic™ transmission with SI-DRIVE and paddle shifters,² the WRX intends to elevate every drive—and heart rate.

Safety

The WRX backs up its potent performance features with appropriately robust safety measures, earning it a 5-Star Overall Vehicle Score from the National Highway Traffic Safety Administration.³ Available LED Steering Responsive Headlights² and High Beam Assist^{2,4} help enhance visibility at night. And with available Blind-Spot Detection^{2,5} and Rear Cross-Traffic Alert;^{2,5} peace of mind in the WRX is just as possible as excitement.

WRX

¹ 14.3:1 on base WRX trim level. ² Availability varies by trim level. See your retailer for details. ³ Government 5-Star Safety Ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.SaferCar.gov). ⁴ WRX Limited trim level only. Requires EyeSight®. ⁵ Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving.

WRX Premium in Pure Red with optional equipment.

Mundane undone.

Cornering

The WRX STI is laser-focused on handling, with a track-tuned suspension that features standard inverted front struts and aluminum front lower control arms for low unsprung weight—an attribute further enhanced by its lightweight 19-inch alloy wheels. And it's all underpinned by Subaru Symmetrical AWD with Driver Controlled Center Differential, front and rear limited-slip differentials and Active Torque Vectoring, so you can hit your apexes and nail your exits with control, precision and speed.

Responsiveness

In the WRX STI, the synergy between driver and car is unmistakable. You'll feel an invigorating sense of control, thanks to its ultra-quick 13.3:1 steering ratio and rigid unibody chassis. Its powerful Brembo® high-performance braking system features 6-piston front and 2-piston rear monoblock calipers and cross-drilled rotors to stop you with authority and reduced brake fade. And the signature rear wing of the WRX STI adds downforce for more stability at higher speeds.

Power

It's a potent, race-proven² package—a 310-hp 2.5-liter turbocharged SUBARU BOXER® engine, featuring a high-flow air intake and performance exhaust system. It's coupled with a precise and durable 6-speed, close-ratio transmission and SI-DRIVE for on-the-fly performance adjustments. This puts all the power and torque of the WRX STI right into your hands.

Heritage

For nearly three decades, Subaru Tecnica International (STI) has applied lessons learned in motorsports to Subaru automobiles, not only enhancing performance but the ability to keep performing, lap after lap. This approach to engineering results in vehicles that are more communicative, responsive, and able to take the sustained punishment that high-intensity driving demands.

WRX STI Limited in WR Blue Pearl.

It's not about settling in.

It's about strapping in. The WRX and WRX STI put you at the center of the driving experience, with driver-focused designs like a quick-responding standard 6-speed manual transmission, Recaro® performance seats¹ and a leather-wrapped flat-bottom steering wheel. Seamless connectivity is made possible by SUBARU STARLINK® Multimedia with standard Apple CarPlay® and Android Auto™ integration, which you can access intuitively through voice commands, steering-wheel controls or the high-definition touchscreen. Now just crank up the available 440-watt 9-speaker Harman Kardon® premium audio system,¹ and you're off.

¹ Availability varies by trim level. See your retailer for details.

Cargo-ready. Passenger-ready. **Track-ready.¹**

A sports car with room for weekdays.

Compromises are few, thanks to standard roof crossbar mounting points, a 12-cubic-foot trunk, a 60/40-split folding rear seatback, expansive rear legroom and wide door openings. It's a commuter, an errand-runner and a track-day weapon, all rolled into one.

	Turbocharger with high-flow intercooler. Maximum boost pressure: 16.2 psi.	—	●
SI-DRIVE Engine Performance Management System	Subaru Intelligent Drive (SI-DRIVE) enables three distinctively different modes of vehicle performance characteristics by regulating the engine control unit (ECU) and by fine-tuning the electronically controlled throttle. For WRX models equipped with Sport Lineartronic™ transmission, SI-DRIVE also adjusts transmission shift characteristics.	○¹	●

Traction and Stability			
All-Wheel Drive type	Subaru Symmetrical All-Wheel Drive	●	●
	Driver Controlled Center Differential (DCCD) All-Wheel Drive	—	●
Vehicle Dynamics Control (VDC)	VDC electronic stability control utilizes sensors that constantly monitor wheel speeds, steering angle, brake pressure, vehicle yaw rate and lateral g-forces. If VDC detects a difference between the driver's intended path and the one the vehicle is actually taking, VDC applies braking power and/or reduces engine torque to help correct vehicle path. Includes standard, off and performance-oriented traction mode.	●	●
Active Torque Vectoring	Active Torque Vectoring works in tandem with VDC applying braking power to the front wheels, resulting in sharper turn-in, more neutral steering and higher cornering limits when turning.	●	●
Traction Control System (TCS)	VDC also incorporates an all-wheel, all-speed Traction Control System that, when sensing a loss of traction, reduces engine torque and applies braking force to the slipping wheel or wheels as necessary to maintain vehicle motion.	●	●

Remote Engine Starter. Allows the vehicle to be started at the push of a button from outside the vehicle. Preset the heating or air conditioner controls to help bring the interior temperature to a more comfortable level prior to entry. Smart Engine Start works in conjunction with the Keyless Access and Smart system. Operating distance is up to 30 feet away, depending on vehicle obstructions.

Rear Bumper Appliqué. Clear, scratch-resistant vinyl film helps to protect bumper upper surface and leading edge. Includes a discreet pearl-colored Subaru logo.

LED Upgrade – Map and Dome Lights. This upgrade offers brighter, whiter and crisper interior lighting of the map and dome lights than the standard equipment lighting.

Kicker® Speaker Upgrade. Enhance the sound clarity of your vehicle's audio system with these high-efficiency, two-way speakers. They have quality-constructed injected-molded Poly cones with 20mm silk dome tweeters and a frequency response rated at 30hz to 22khz.

Not for use with Harman Kardon® audio system with amplifier.

Thule® Bike Carrier – Roof-Mounted. Manufactured by Thule® this bike carrier features self-adjusting jaws that automatically wrap around the downtube for precise frame hold and ratcheting straps that secure the front and rear wheels. Adjustable mounting clamps make it easy to install and switch between multiple (compatible) vehicles. Fits most 20" to 29" wheel bikes with tires up to 2.6" wide. Includes one lock to securely lock the bike to the carrier.

Crossbar set required. Consult vehicle Owner's Manual for total roof load limit.

Crossbar Set – Fixed. Increase your vehicle's cargo-carrying capabilities by adding a crossbar set. These fixed-style crossbars can be installed or removed in minutes. May be used in conjunction with Genuine Subaru roof attachments and carriers. Total roof load weight limit of 150 lbs. Consult vehicle owner's manual for total roof load limit.

Thule® Cargo Carrier. Manufactured by Thule®, the roof cargo carrier provides 13 cubic feet of lockable storage capacity and features dual-side opening for easier loading and unloading from either side of the vehicle. The low-profile aerodynamic design provides increased garage access without sacrificing box capacity, and the Quick-Grip™ mounting system allows for an easy, tool-free installation and removal. Measures 65" L x 34.5" W x 16" H.

Crossbar set required. Consult vehicle Owner's Manual for total roof load limit.

Thule® Kayak Carrier. Manufactured by Thule®, steel design and adjustable padding helps protect your kayak, and the wide mouth profile offers easier loading and unloading. The J style carrier folds down when not in use for increased overhead clearance and improved fuel economy. Cradles and securely transports one kayak up to 36" wide and up to 75 lbs. Includes straps and tie-downs for transporting.

Crossbar set required. Consult vehicle Owner's Manual for total roof load limit.

Thule® Paddleboard Carrier. Manufactured by Thule®, the telescoping design of this stand-up paddleboard (SUP) carrier provides a custom fit for boards up to 34" wide and can hold up to two boards. Heavy-duty, steel-reinforced webbing provides security, while the soft, weather-resistant padding helps to protect your boards during transit.

Crossbar set required. Consult vehicle Owner's Manual for total roof load limit.

Thule® Heavy-Duty Cargo Basket. Manufactured by Thule®, the heavy-duty roof cargo basket provides additional storage space with easy access to gear of all shapes and sizes. The low-profile design and tapered side walls allow for easy loading and unloading. Includes a black stretch net with hooks and custom fairing to help deflect wind. Measures 50,25" L x 41" W x 6" H.

Crossbar set required. Consult vehicle Owner's Manual for total roof load limit.

STI Under Spoiler – Side. Give your vehicle a ground-hugging look down the rocker panels of the WRX or WRX STI. Kit includes both left and right side under spoilers. Includes STI logo.

Side Sill Plates. Metallic-finished panels dress up the sill plates of the WRX. Set of four.

All-Weather Floor Liners. Custom-fitted, high-wall-design floor liners help protect the vehicle carpet from accidental spills, sand, snow, mud, dirt and moisture.

Not intended for use on top of Carpeted Floor Mats.

Kicker® Powered Subwoofer. Provides powerful deep bass and assists in clean sound reproduction from all vehicle speakers. This is achieved by its integrated 100W amplifier and a passive crossover network. The self-contained unit mounts in the trunk.

Not for use with Harman Kardon® audio system with amplifier. Not compatible with Cargo Net.

Body Side Molding. Attractive, color-matched moldings coordinate with the styling of the vehicle while helping to protect doors from unsightly dings.

Vortex Generator. Add a stylish look of performance to your WRX or WRX STI.

Cargo Net. Neatly holds cargo and prevents it from sliding while the vehicle is in motion.

Kicker® Tweeter Kit. Includes two 22mm tweeters for placement in the front dash to optimize the high frequency detail. Frequency response is 4500hz to 22khz.

Not for use with Harman Kardon® audio system with amplifier.

Take your WRX to the next level.

Protecting Your Investment

Once you're part of our family, we'll be there for you. Every Subaru comes with 24-hour roadside assistance for 3 years or 36,000 miles. If you have trouble on the road, a tow to the nearest Subaru retailer and other services are just a phone call away. And to protect you over the long haul, we offer Added Security® (ask for it by name). It includes extended service agreements and maintenance plans to help protect your car for up to 10 years or 100,000 miles. They're the only mechanical and maintenance plans backed by Subaru, and because we've been backing them for more than 30 years, they're agreements you can trust. Your retailer has full coverage details.

More Than a Car Company.™

Love means being more than a car company. The **Subaru Love Promise** is our vision to show love and respect to all people at every interaction with Subaru. Together with our retailers, we are dedicated to making the world a better place.

See your retailer for details. ⁶ Activation and monthly subscription sold separately. Includes 3-year trial subscription. See your retailer for details. ⁷ EyeSight® is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. See Owner's Manual for complete details on system operation and limitations. ⁸ Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. ⁹ The Reverse Automatic Braking System is designed to assist the driver by detecting objects, to help avoid a possible collision, when the vehicle is moving in a low speed reverse direction. The system will provide automatic vehicle braking, if an obstacle is detected within its range. This system is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather and road conditions. Always exercise caution and use vehicle mirrors and the Rear-Vision Camera when backing up. See Owner's Manual for complete details on system operation and limitations. ¹⁰ Activation and required subscription sold separately. STARLINK® Safety Plus includes a 1-year trial subscription. Safety and Security Plus includes a discounted 1-year trial subscription. A credit card on file will be required for specific packages and for renewal processes. See your retailer for details. ¹¹ The Supplemental Restraint System (SRS) (airbags) affords the driver and the front passenger additional protection in moderate to severe frontal and side-impact collisions and outboard 2nd-row passengers additional protection in moderate to severe side-impact collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon airbag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in one of the rear seats. See Owner's Manual for recommended seating position. ¹² Not available with Sport Lineartronic™ transmission. ¹³ Based on Experian Automotive vehicles in operation vs. total new registrations for MY2010–2019 as of December 2019. ¹⁴ All Subaru vehicles sold by Subaru of America, Inc., are designed and built for normal driving conditions. The Subaru Limited Warranty, as well as the Added Security program, excludes damage or failure resulting from modifications or participation in competition or racing events. See the Subaru Warranty & Maintenance Booklet for further details. ¹⁵ Not available on WRX Premium trim level.
