

The **FIREBIRD**

Convertible

The lean, sporty look of this great car is even further enhanced in this unique and beautiful 4-seat convertible form. If you've owned convertibles before, you'll be impressed to discover this new Firebird feels as solid, on any road, as the hardtop. You'll also be pleased to note the quiet ride with the top up. These are qualities that most convertibles of the past couldn't boast of.

The quality is engineered and built-in with extra steel structural reinforcement in the body and careful hand workmanship to assure the finest fit and finish.

Now you can own the most beautiful and ruggedly built convertible available today or ever before.
