

Firebird

C O N V E R T I B L E

Birds of a feather.

The exhilaration of open-air driving and the excitement only a Firebird delivers just naturally go together. So ASC took the two and created an exclusive 1987 limited edition special enough to satisfy even the most ardent enthusiast.

The ASC Firebird convertible takes the ups and downs with equal style—and without compromising seating space. To keep the slick silhouette that's the calling card of Firebird and Trans Am, the Eurostyle cambria cloth top tucks neatly into a steel tonneau cover that's flush with the deck lid. And because the Firebird convertible is designed and built exclusively by Automobile Specialty Company, a division of ASC Incorporated, the world's largest manufacturer of convertibles and sunroofs, expect nothing less than original-equipment quality.

Get your hands on the 1987 ASC limited-edition Firebird convertible, only at participating Pontiac dealers. And give the birdwatchers a thrill.
