

Sprinter Passenger Van

Meet the van that moves people.

Need a van that moves people comfortably? Then look no further than the new Mercedes-Benz Sprinter Passenger Van. With room for 12 adults, a Best-In-Class¹ interior roof height of up to 6'4", and Best-In-Class¹ interior compartment accessibility, passengers are free to stand up, sit down and stretch out. Entering and exiting is easier too with a large 6' X 4'3" entry and with Best-In-Class¹ side step-in height.

Comfort and functionality merge inside with generous accommodations and ergonomically designed controls.

What's more, safety features like Adaptive ESP^{®2}, driver/front passenger air bags³, available thorax and side-curtain air bags⁴, 3-point integral seatbelts and adjustable headrests provide peace of mind while traveling. Driving with the world leader in commercial vehicles means you, your passengers and your business will get anywhere you want them to go.

- ▶ Auxiliary heater and rear air conditioning available as optional equipment (front air conditioning standard)
- ▶ Dark-tinted glass in rear

Powertrain Specifications

BlueTEC SCR Diesel engine with AdBlue® 5

EPA / CARB 2010 Compliant

6-cylinder, V 72°

4 valves per cylinder

Displacement 2,987 cc

188 hp at 3,800 rpm

Rated torque 325 lb-ft at 1,400–2,400 rpm

Rear-wheel drive

5-speed automatic transmission

Fuel type: Ultra low sulfur diesel

Tank capacity 26.4 gallons

Electronically controlled direct injection with common rail

Turbocharger and intercooler function

Battery 12 V/100 Ah, alternator 220 A

Selected Stand Alone Options

Audio 20 Radio

Convenience lighting in load/passenger compartment

Cruise control

Daytime running lamps

Driver and front passenger thorax air bags³

Driver and front passenger window air bags³

Electric tilting/sliding glass sunroof

High Roof

M+S tires

Mounting rails for roof racks

Reversing warning system

Some specifications and features shown or mentioned in this brochure are optional and only available upon request at extra cost. Specifications are subject to change without notice.

¹ Based on a comparison of the Automotive News classification of full size commercial vans.

² No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Performance is limited by available traction, which snow, ice and other conditions can affect. Always drive carefully, consistent with conditions. Best performance in snow is obtained with winter tires. Read Operator's Manual before towing. In some states, aftermarket trailer brakes are required. See dealer for details.

³ Warning: the forces of a deploying air bag can cause serious or fatal injuries to a child under age 13. The safest seating position for your child is in a rear seat, belted into an appropriate, properly installed child seat, or correctly wearing a seat belt if too large for a child seat. See operator's manual for additional warnings and information on air bags, seat belts and child seats.

⁴ Optional or part of an Option Package.

⁵ Requires the use of ultra-low-sulfur diesel fuel. Mercedes-Benz Sprinters are approved to use B5 biodiesel (approved diesel fuel with a maximum 5% biodiesel content) in all BlueTEC engines. The only approved biodiesel content is one that both meets ASTM D6751 specifications and has the oxidation stability necessary to prevent deposit-/corrosion-related damages to the system (min. 6h, proven by EN14112 method). Please see your service station for further information. If the B5 biodiesel blend does not clearly indicate that it meets the above standards, please do not use it. The Mercedes-Benz New Vehicle Limited Warranty does not cover damage caused by non-Mercedes-Benz approved fuel standards.
