

2020

Accord Hybrid

Success is a funny thing.
Once you achieve your goal,
there's something new to
accomplish. So, for those
driven to reach beyond their
best: reach no further.

Not just a pretty face.

Brains never looked so brawny. From style to technology to performance, the 2020 Accord Hybrid packs a mighty (and efficient) punch. The LED taillights, brake lights and fog lights as well as the LED headlights with available auto-on/off for low and high beam are designed to be admired and engineered to better light the road ahead, helping you arrive safely and in style. When it's time to get moving, the 17" aluminum-alloy wheels hit that sweet spot between uncompromising style and enviable performance, while the available one-touch power moonroof with tilt feature opens up a whole new driving experience. If you're hoping to blend into your surroundings, the Accord Hybrid apologizes in advance.

Step into luxury.

When your car looks this good, it's hard not to brag. Once seated, refined, luxurious features surround you, from the available heated leather-wrapped steering wheel to the available perforated leather-trimmed seating surfaces. Speaking of seats, did we mention the heated front seats and available heated rear outboard position seats? To top it all off, the proximity key entry system with pushbutton start and remote engine starter means the Accord Hybrid is ready before you are.

And who says hybrid vehicles lack space? With an expansive 473 litres of cargo volume, feel free to pack much more than just the bare essentials, while the 60/40 split fold-down rear seatback provides abundant cargo space and even more convenience. Don't be shy. Say hello to luxury.

Key Features: 60/40 split fold-down rear seatback, heated front seats, available heated rear seats (outboard positions only), available heated leather-wrapped steering wheel, available ventilated front seats

Smart meets sport.

When it comes to efficiency, the innovative third-generation two-motor hybrid powertrain proves the Accord Hybrid is not joking around. The 2.0-litre, 16-valve, DOHC, 4-cylinder Atkinson cycle engine delivers power and versatility, while the Electric-Continuously Variable Transmission (E-CVT) system manages interactions between the two electric motors and the gasoline engine, meaning the Accord Hybrid draws from the fuel tank only when needed.

For a more hands-on driving experience, engage the Sport Drive button to apply dynamic handling, or switch things up with EV mode. Want to help conserve fuel? ECON mode has your back. For even more efficiency over short distances, engage the steering wheel-mounted deceleration paddle selectors, which let you control the rate of deceleration by simulating engine braking, helping to recharge the battery. If that's not enough control, the available Adaptive Damper System adapts to road conditions, offering you the most comfortable ride possible. No matter the road, the Accord Hybrid is always ready.

Key Features: Electric-Continuously Variable Transmission (E-CVT), EV and Sport Drive button, steering wheel-mounted deceleration paddle selectors, available Adaptive Damper System

Intelligence redefined.

Get ready for an incredible experience with the technologically advanced Accord Hybrid. With Apple CarPlay™^{1,2} and Android Auto™^{1,2} easily connect your compatible smartphone to use on the 8" Display Audio System¹. On the same screen, display your route with the available Honda Satellite-Linked Navigation System™^{2,3} with bilingual Voice Recognition. These features help make your drive more convenient, from planning road trips to staying in touch with family and friends.

But the tech doesn't stop there. The multi-angle rearview camera¹ with dynamic guidelines is engineered to have your back, while the available head-up display (HUD) is designed to project helpful information into your line of sight on the windshield. Feel like surfing the web? Connect up to seven compatible devices with the available AT&T Wi-fi hotspot^{1,2,4} and enjoy up to 4G LTE speeds. In the mood to rock out? Crank the 452-watt AM/FM Premium audio system with 10 speakers including subwoofer.

The Accord Hybrid also boasts a standard 7" colour TFT meter display with Driver Information Interface, showing your audio and phone info, vehicle warning messages, navigation, safety support, trip range and settings. For added confidence, the available HondaLink™^{1,2,5} Subscription Service helps connect you to a world of features both inside and outside your Accord Hybrid, adding convenience and security to your ownership experience. No matter where you're going, the Accord Hybrid has your tech needs more than covered.

- 1. Apple CarPlay™^{1,2} / Android Auto™^{1,2}
- 2. Display Audio System¹ with available Honda Satellite-Linked Navigation System™^{1,3} and bilingual Voice Recognition
- 3. Available wireless charging
- 4. 7" colour TFT meter display with Driver Information Interface
- 5. Available Blind Spot Information system¹ (BSI) with Rear Cross Traffic Monitor system¹
- 6. Multi-angle rearview camera¹ with dynamic guidelines

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.

2. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. GPS satellite signal reception and available cellular data and/or voice connection; or 2. connection to vehicle's built-in Wi-Fi hotspot, if applicable. Associated charges (incl. data plans, roaming charges or other amounts charged by your wireless carrier) may apply.

3. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.

4. New vehicles are equipped with a complimentary time or data trial period, whichever comes first. After the trial period, contact AT&T to purchase available data plans. 4G LTE connection speeds may vary by region.

5. Subscription to HondaLink™ services is required. HondaLink™-equipped vehicles come with complimentary time-limited trial subscriptions; fees, taxes and other charges will apply in order to continue subscription services upon trial expiry. The availability of certain GPS satellite and/or cellular networks is required for HondaLink™ to operate properly. Service interruptions may occur and/or vehicle system upgrades may be required if cellular network availability is compromised. Some restrictions may apply. For additional HondaLink™ information, please visit www.honda.ca/hondalink and www.honda.ca/privacy.

See more than the road ahead.

The Honda Sensing™ technologies are designed to help make your drive safer. With intuitive technology and design, we’ve created a way forward that we can all feel good about. Whether you’re driving or sitting in the passenger seat, feel confident in the latest in safety innovation from Honda.

BRAKE

Forward Collision Warning (FCW) system

The FCW system¹ is designed to detect the presence of vehicles in front of you and issue audible, visual and tactile alerts if you’re approaching with too much speed. If you fail to respond, CMBS® is triggered into operation.

Collision Mitigation Braking System™ (CMBS®)

To help reduce the likelihood or severity of a frontal impact, CMBS®¹ is engineered to apply light brake pressure if you don’t respond to FCW system alerts. If it still senses an imminent collision, CMBS® is designed to brake forcefully.

Lane Departure Warning (LDW) system

The LDW system¹ is designed to monitor vehicle lane position and issue visual and tactile alerts if your vehicle drifts into another detected lane without signaling.

Road Departure Mitigation (RDM) system

The RDM system¹ is designed to help steer and even apply the brakes if it detects that your vehicle may leave the road.

Lane Keeping Assist System (LKAS)

The LKAS¹ is engineered to gently correct your steering if you begin to leave a detected lane without signaling, applying torque progressively to the steering to help guide you back to the centre of the lane.

Adaptive Cruise Control (ACC) with Low-Speed Follow (LSF)

The ACC system¹ with Low-Speed Follow is designed to keep a constant speed and set following interval behind any vehicle detected in front of you, including an ability to slow, stop and start with the flow of traffic.

Traffic Sign Recognition (TSR)

TSR¹ uses a monocular camera to monitor speed limit signs, keeping you informed of the detected speed limit with a visual icon on the Driver Information Interface or the available head-up display.

¹. None of the features we describe are intended to replace the driver’s responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle’s Owner’s Manual.

KEY FEATURES

- 2.0-litre, 16-valve, Atkinson cycle DOHC, 4-cylinder engine with 181 hp electric motor horsepower¹ and 212 hp combined total horsepower¹
- 17" aluminum-alloy wheels
- 4-wheel Anti-lock Braking System² (ABS)
- 452-watt AM/FM Premium audio system with MP3/Windows Media[®] Audio playback capability and 10 speakers including subwoofer
- 60/40 split fold-down rear seatback
- 7" colour TFT meter display with Driver Information Interface
- Apple CarPlay^{™2,3} / Android Auto^{™2,3}
- Auto high beam
- Body-coloured heated power door mirrors with integrated LED turn signal indicators
- Body-coloured side sill garnish with chrome molding
- Chrome grille
- Display Audio System² with HondaLink^{™2,3}
- Driver attention monitor²
- Driver's seat with 12-way power adjustment including 4-way power lumbar support
- Dual-zone automatic climate control with air-filtration system
- ECON mode button
- Electric-Continuously Variable Transmission (E-CVT)
- EV and Sport Drive button
- Front passenger's seat with 4-way manual adjustment
- Front wiper de-icer
- HandsFreeLink[™]-bilingual Bluetooth[®] wireless mobile phone interface^{2,3} with steering wheel-mounted controls
- Heated front seats
- Honda LaneWatch[™] blind spot display²
- Honda Sensing[™] Technologies
- i-SRS airbag system (front)
- Leather-wrapped steering wheel
- LED daytime running lights
- LED fog lights
- LED headlights with auto-on/off (low beam)
- LED taillights
- Multi-angle rearview camera² with dynamic guidelines
- Near field communication (NFC)
- Proximity key entry system and pushbutton start
- Rear console ventilation
- Rear USB ports³
- Remote engine starter
- Security system
- Shutter grille (Upper)
- Siri Eyes Free compatibility^{2,3}
- Steering wheel-mounted deceleration paddle selectors
- USB device connectors³ (2)
- Wi-Fi tethering³

HYBRID TOURING

ADDS TO OR REPLACES HYBRID FEATURES:

- Adaptive Damper System
- AT&T Wi-Fi hotspot^{3,4}
- Auto-dimming rearview mirror
- Blind Spot Information (BSI) system² with Rear Cross Traffic Monitor² system (replaces Honda LaneWatch[™] blind spot display²)
- Body-coloured front and rear parking sensors
- Body-coloured heated power door mirrors with integrated LED turn signal indicators with reverse gear tilt-down (passenger side)
- Chrome door handles
- Display Audio System² with Honda Satellite-Linked Navigation System^{™2,5} and bilingual Voice Recognition
- Driver's seat position memory
- Front passenger's seat with 4-way power adjustment
- HD Radio^{™6} ready
- Heated leather-wrapped steering wheel
- Heated rear seats (outboard positions only)
- HomeLink[®] remote system⁷
- HondaLink^{™2,3,8} Subscription Services
- LED headlights with auto-on/off (low and high beam)
- One-touch power moonroof with tilt feature
- Perforated leather-trimmed seating surfaces
- Rain-sensing windshield wipers
- SiriusXM^{™2,9}
- Ventilated front seats
- Wireless charging

9. Only available in certain areas. Includes a no-charge trial of three months.

We’re Here. At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will help keep your vehicle in terrific shape. If you need more information or assistance relating to your warranty, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit honda.ca. It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

We’re Ready to Help. When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or any authorized driver, 24 hours a day, 7 days a week, anywhere in Canada or the United States (including the lower 48 states, the District of Columbia, Alaska, Hawaii, and Puerto Rico). Coverage is for 3 years over an unlimited distance and includes a 24-hour toll-free Honda Plus Roadside Assistance number, mechanical breakdown towing, emergency roadside service and many other helpful features. Ask your dealer for more information.

Honda Plus Extended Warranty. Experience added protection with Honda Plus coverage that is behind you for the road ahead. With available coverage options of up to 8 years/200,000 km, you can choose the one that best suits your needs. With a plan this wide-ranging, the only thing that’s uncertain is where it will take you.

Honda Financial Services. Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

New Honda Vehicle Warranty. The Honda warranty protection makes Power Train components a minor concern with the Honda 5-year/100,000-km No Nonsense Warranty. In addition to the Honda 5-year/100,000-km No Nonsense Warranty, you and your new Honda are protected by a Honda 3-year/60,000-km Distributor’s Warranty as well as an additional series of warranties for such items as emission controls, body corrosion and more.

Genuine Honda Accessories give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

Genuine Honda Replacement Parts are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty. Using Genuine Honda Parts will help to maintain the quality, reliability and performance of your vehicle.

Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in a rear seat. Properly secure all items stored in cargo areas. Always read the vehicle owner’s manual for detailed vehicle operation and feature information.

Blue Skies for Our Children

Here’s to the dreamers.

The Power of Dreams

At Honda, The Power of Dreams drives us to create intelligent products that enhance mobility and increase the joy in people’s lives. It is the mindset that guides us to help move people forward and protect the future we all share.

How do we do it? We never stop dreaming. In the 70s, we were the first automaker in the industry to voluntarily adhere to emissions standards. Now, we’re advancing robotics and aviation, harnessing solar power and releasing a car that emits only water.

Through it all, our goal never changes: create a safer, smarter world in which people experience the joy of mobility.

The Honda Canada Foundation

The Honda Canada Foundation enables the realization of dreams by supporting people and organizations across the country that focus on four pillars: Family, Education, Environment and Engineering. Since 2005, more than 5.5 million Canadians have benefited from charitable programs funded by the Honda Canada Foundation.

Blue Skies for Our Children

We believe everything we do must exist in harmony with nature. That’s where “Blue Skies for Our Children” was born. It’s more than a mantra – it’s an environmental pledge to the Earth and our future generations. And we’re practicing what we preach.

Leading the LEED® certifications

Our sales offices also strive for environmental efficiencies. Honda’s LEED® (Leadership in Energy and Environmental Design) Gold Certified Head Office campus in Markham, Ontario, includes green features such as a storm water management system, heat-reflective materials on the roof and bio swales for natural filtration. The facility uses 89 percent less litres of water per square foot and 38 percent less kilowatt hours of energy annually than the average office facility.

Zero Waste-to-Landfill

We don’t waste time. Or anything else for that matter. Our goal is to increase our recycling efforts, reduce overall waste and divert materials from landfill sites. In fact, last year we sent less than one percent of waste to landfills from our office and parts distribution facilities combined.

One Honda. One Tree.

We’re pretty obsessed with fresh air. For every lawn and garden or ATV product sold between April 1 and July 31 annually, the Honda Canada Foundation plants one tree. In the last 12 years, we’ve helped plant more than 160,000 trees in Canada.

Environmental Vehicles & Technology

Blending style, efficiency and a serious amount of thrill, the Accord Hybrid makes environmental responsibility feel almost rebellious. Combining a lithium-ion battery with a 2.0-litre engine, this Hybrid lets you go more and stop less on the way. The Honda Insight exemplifies hybrid efficiency, powered by a 1.5-litre Atkinson Cycle engine, electric motor and lithium-ion battery. And the future looks brighter with Honda advancing Fuel Cell technology that emits zero emissions.

Honda Clarity Plug-in Hybrid

Whoever said an eco-conscience came with compromise was sorely mistaken. This advanced plug-in hybrid vehicle lets you tap into electric power alongside the gas engine to create extra efficiency.

Clarity Plug-in Hybrid

Accord Hybrid

Insight Hybrid

A cleaner today for a better tomorrow.

Everything we do – from the way we act, think and innovate – is rooted in creating a better future for the earth and its citizens. Protecting the environment is not some lofty mission statement. It's a promise. It's why we continually evolve our advanced line-up to include efficient hybrid technology and electrified vehicles. This commitment even lives through our communications, like this online-only brochure, as we strive to lower our overall eco-footprint.
