

Checker A-11E The rugged new 129" wheelbase 9-passenger sedan designed to move more men and equipment... quickly, safely, economically.

Here is the perfect answer for institutions, railroads, work crews, inter-plant and inter-city personnel transfer... the built-to-last, built-to-take-it 9-passenger Checker—at a 6-passenger sedan cost!

Based on 44 years of rugged day-in, day-out fleet operations, the Checker A-11E sedan means outstanding dependability and economy for all your demanding automotive needs.

The Checker A-11E handles nine people (with equipment) in utmost safety and at lowest cost. Like all Checker products, this rugged car is built-to-last... built-to-take-it! Features include the doubly rugged, double channel X-brace frame; style exterior that lasts year after year; new V-8 engine; higher, wider door openings and a tank-like construction that defies time and weather; proven in billions of miles of fleet operations.

The Checker model A-11E includes sculptured foam cushions and full coil springs, carefully upholstered with highly durable fabrics. Big, square, extra wide auxiliary seats... wide enough for three extra persons, fold neatly away when not in use.

Checker Motors Corporation

Kalamazoo, Michigan 49007

Even with the auxiliary seats in position, passengers seated in the rear compartment have plenty of legroom. Upholstery fabric and carpeting as shown is optional.
