

# monza

Monza 2 + 2 Hatchback Coupe shown in red.

## MORE CAR, MORE KICKS.

Chevy Monza, the car that gives you sporty looks at a reasonable price, now gives you more standard features than last year's Monza.

New standard features are an AM radio, tinted glass, body side moldings, sport steering wheel\* and shift console (except Monza Coupe). What's more, you still get many other standard features such as full foam bucket seats, full wheel covers, white-stripe tires and bumper rub strips, just to name a few.

And when it comes to sportiness, Monza not only looks the part, it lives up to it. You'll find Monza quick, agile, responsive and downright fun to drive.

\*Not on standard-equipped wagons in California.

Available Monza Custom interior shown in oyster.

# monza WAGON

## CHEVY'S SPORTY LITTLE WAGON.

Low price and lots of room make this new Monza one of the most sensible wagons around. But all that value, all that practicality doesn't exclude the good times you'll have behind the wheel. After all, it's a Monza.

And true to its name. You get newly designed front bucket seats, 4-Speed manual transmission, sport steering wheel\* and console.

But because this is a wagon, it will do your chores eagerly. It has a wide-opening rear liftgate. It will load up to 46.6 cubic feet of cargo with the rear seat down. There's ample room and comfort for four with the rear seat up.

\*Not on standard-equipped wagons in California.

Monza Wagon available Custom interior shown in carmine.

## A word about assembly, components and optional equipment in these Chevrolets.

The Chevrolets described in this brochure are assembled at facilities of General Motors Corporation operated by the Chevrolet Division, the GM Assembly Division, GMC Truck & Coach or GM of Canada. These vehicles incorporate thousands of different components produced by various divisions of General Motors and by

various suppliers to General Motors. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emissions, safety, and fuel economy requirements, or for other reasons, to produce Chevrolet products with different components or differently sourced components than initially scheduled. All such components have been approved for use in Chevrolet products and will provide the quality performance associated with the Chevrolet name.

With respect to extra-cost, optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your vehicle is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest you verify that your vehicle includes the optional equipment that you ordered or, if there are changes, that they are acceptable to you.

## A WORD ABOUT ENGINES.

The Chevrolets shown in this catalog are equipped with GM-built engines produced by various divisions. See your Chevrolet dealer for details.
