

# MONTE CARLO SPORT COUPE

Enter the Monte Carlo experience. The CL Special Custom Interior with thick acoustical insulation provides you with a comfortable, quiet environment.

Fads come and go quickly. Classic style is always contemporary.

That's why Chevrolet Monte Carlo continues to be a popular personal car for the discriminating. Every crisp line and sculpted angle dramatically identifies it as a car that makes a special statement. About you. And about the way you drive.

Under the hood, there's a

choice of power to match your

driving needs. A proven 3.8
Litre V6 is standard. Or select
a spirited V8 or a diesel. No
matter which engine you
choose, Monte Carlo's excellent road manners come
through with smooth agility.

Once you experience Monte Carlo's interior comfort, appreciate its unique styling and discover its attainable price, we think you'll find Monte Carlo is the car for you. It's a classic.

Shown on cover and this page, Monte Carlo Sport Coupe.

## YOU'VE CHANGED ... WE'VE CHANGED

In this catalogue you can see what that statement means in changes to our products.

Just as important are the changes in our thinking.

To begin with, we exist for you.

What you want in a car is not the important thing, it is the only thing.

You have told us you want quality. We have responded with robotics, lasers, space age materials and, more importantly, with human care and we believe these cars are the best we have ever made.

You have told us you want economy. We have responded by giving you a combination of room, comfort and fuel economy which is outstanding in the entire industry worldwide.

You have told us you want lasting value. We have responded by designing quality into our cars in the first place, building reliability into the cars throughout, and then standing behind our products.

We cannot exist without your approval. And for that reason it is our goal that you will be more satisfied with your General Motors car or truck than the purchaser of any other car or truck made anywhere in the world.

Not only have our cars changed - so has our thinking. It had to.

#### A WORD ABOUT ASSEMBLY, COMPONENTS AND OPTIONAL EQUIPMENT IN THESE VEHICLES.

The vehicles described in this brochure are assembled at various Divisions of General Motors Corporation. These vehicles incorporate thousands of different components produced by General Motors of Canada Limited and related companies and their suppliers. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emission and safety requirements or fuel economy guidelines, or for other reasons, to produce vehicles with different components or differently sourced components than initially scheduled. All such components have been approved for use in our products by General Motors of Canada Limited or related companies and will provide the quality performance associated with our name.

Please note that certain optional equipment can be ordered only in conjunction with other optional equipment. Also, upgrading from specified standard equipment may be necessary when certain optional equipment is ordered. Ask your sales representative for details

With respect to extra cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest you verify that your car includes the optional equipment you ordered or, if there are changes, that they are acceptable to you.

All illustrations and specifications contained in this catalogue are based on the latest product information available at time of publication approval. The right is reserved to make changes at any time, without notice, in prices, colours, materials, equipment, specifications and models, and to discontinue models. Some of the equipment shown or described throughout this catalogue is available at extra cost. Check with your Chevrolet dealer for complete information.
