Mercury Grand Marquis

You owe it to yourself to drive this car.

Introducing the all-new 1979 Mercury Marquis.

Take the Ten Minute Test Drive and discover a new
Marquis standard of driving comfort.

You owe it to yourself to spend ten minutes comparing the 1979 Marquis to last year's Marquis, and comparing its EPA Interior Volume Index ratings to any full-size car.

Minute 1: Check the luggage capacity.

No American car has more. With the new mini spare, there's even more room than last year.

Minute 2: Settle into a more spacious interior.

More shoulder room and hip room than any '79 Buick, Olds or Cadillac; there's nearly half a foot more hip room in front. The '79 Marquis is even roomier than last year.

Minute 3: Marquis takes corners flatter.

Marquis has a new rear suspension. A four-bar link design with axle centered coil springs, front mounted shock absorbers and larger bushings at all suspension points.

Minute 5: On bumps, dips—more stability.

Lincoln-Mercury took years creating a tradition of Marquis riding comfort. Ten minutes on the

road and you'll discover how far we've come in 1979.

Minute 7: Marquis handles with new maneuverability.

A reduced steering ratio makes steering more responsive, maneuvering in tight places easier.

Minute 9: You view the road through expanded glass area.

More glass, a lower hood and new seating give you a commanding view of the road.

Minute 10: You can read more visible instruments, and operate more accessible controls.

Dials are positioned to be read easily. Horn, wipers, high beam switches are mounted on the steering column virtually at your fingertips.

Take the Ten Minute Test Drive yourself. You owe it to yourself.

A new Marquis standard of driving comfort.

The all new 1979 Marquis...a totally new expression of a rich heritage

Lincoln-Mercury shows you the light

Marquis Station Wagons have a total interior volume of 165 cubic feet, one cubic foot more than the spacious 1978 model. With 48.2" width, the '79 Marquis Station Wagon retains the capability of accommodating a four foot wide sheet of plywood.

Marquis Station Wagon... all new with greater EPA interior ratings than last year

Mercury Grand Marquis 2 door... a new level of elegance for 1979

XR-7...an exciting extension of Cougar's untamed personality

Lincoln-Mercury shows you the light

Ride-engineered, Cougar carries the tradition of personal luxury another step for 1979. It provides room and sophisticated surroundings without sacrificing the adventurous feeling you want in an automobile.

New for '79, Cougar XR-7's Dark Red Exterior

Chamois Decor Group Option
Bucket Seats in Huntsman
Cloth with Saddle Vinyl Trim.

XR-7. A unique personal car

Cougar XR-7 represents excitement in a sporty personal car, and offers a choice of more than sixty options.

1979 Mercury Cougar XR-7 with Chamois Decor Group Option

Champagne Tu-Tone

Until you have experienced a 1979 Lincoln Versailles... the best is yet to come

LINCOLN LUXURY AND DISTINCTION IN A TRIM SIZE. The pride of owning a Lincoln distilled to a 110 inch wheelbase. Your choice of custom roof designs make the new Versailles a most personal luxury car.
