

MERCURY CAPRI

LOADED FOR LESS

THE VALUE YOU DEMAND IN THE CAR YOU WANT.

Standard power rack-and-pinion steering, independent modified MacPherson strut front suspension with stabilizer bar, and black sidewall P195/75R14 all-season steel-belted radial tires compliment the efficiency* and performance provided by Capri GS's standard 2.3 liter overhead-cam four-cylinder engine.

This improved powerplant features low-friction piston rings, a higher compression ratio, "fast-burn" head design, and extended-reach spark plugs. Add Capri GS's standard manual four-speed, floor-mounted transmission and you have a car that's both exciting and economical.*

Take the 1985 Mercury Capri GS for a test drive and experience the feel of quality engineering coupled with the efficiency of the improved 2.3 liter engine.

And, while you're inside the 1985 Capri GS check out the "Added Value" of nine standard features...(they were **optional** in '84!) "REAL" features like: AM/FM STEREO, POWER STEERING, INTERVAL WIPERS, POWER WINDOWS, TILT STEERING, and four others, all yours at **NO ADDITIONAL COST!****

And because you're buying **VALUE** when you purchase the 1985 Mercury Capri GS with the 2.3 liter engine we're including: **POWER DOOR LOCKS, POLYCAST WHEELS, PREMIUM SOUND SYSTEM and SPEED CONTROL** a package worth **\$669.00**, at **NO ADDITIONAL COST!**

The 1985 Mercury Capri GS with the 2.3 liter engine... a car that heightens your sense of excitement through it's shape, it's feel, it's efficiency and now, it's **VALUE!**

Drive it today and compare the **VALUE**, the **EFFICIENCY** and the **LOOK** of Mercury Capri GS with the 2.3 liter engine. Capri...the car you want with the **VALUE** you demand.
