TRANS-AIRE SST

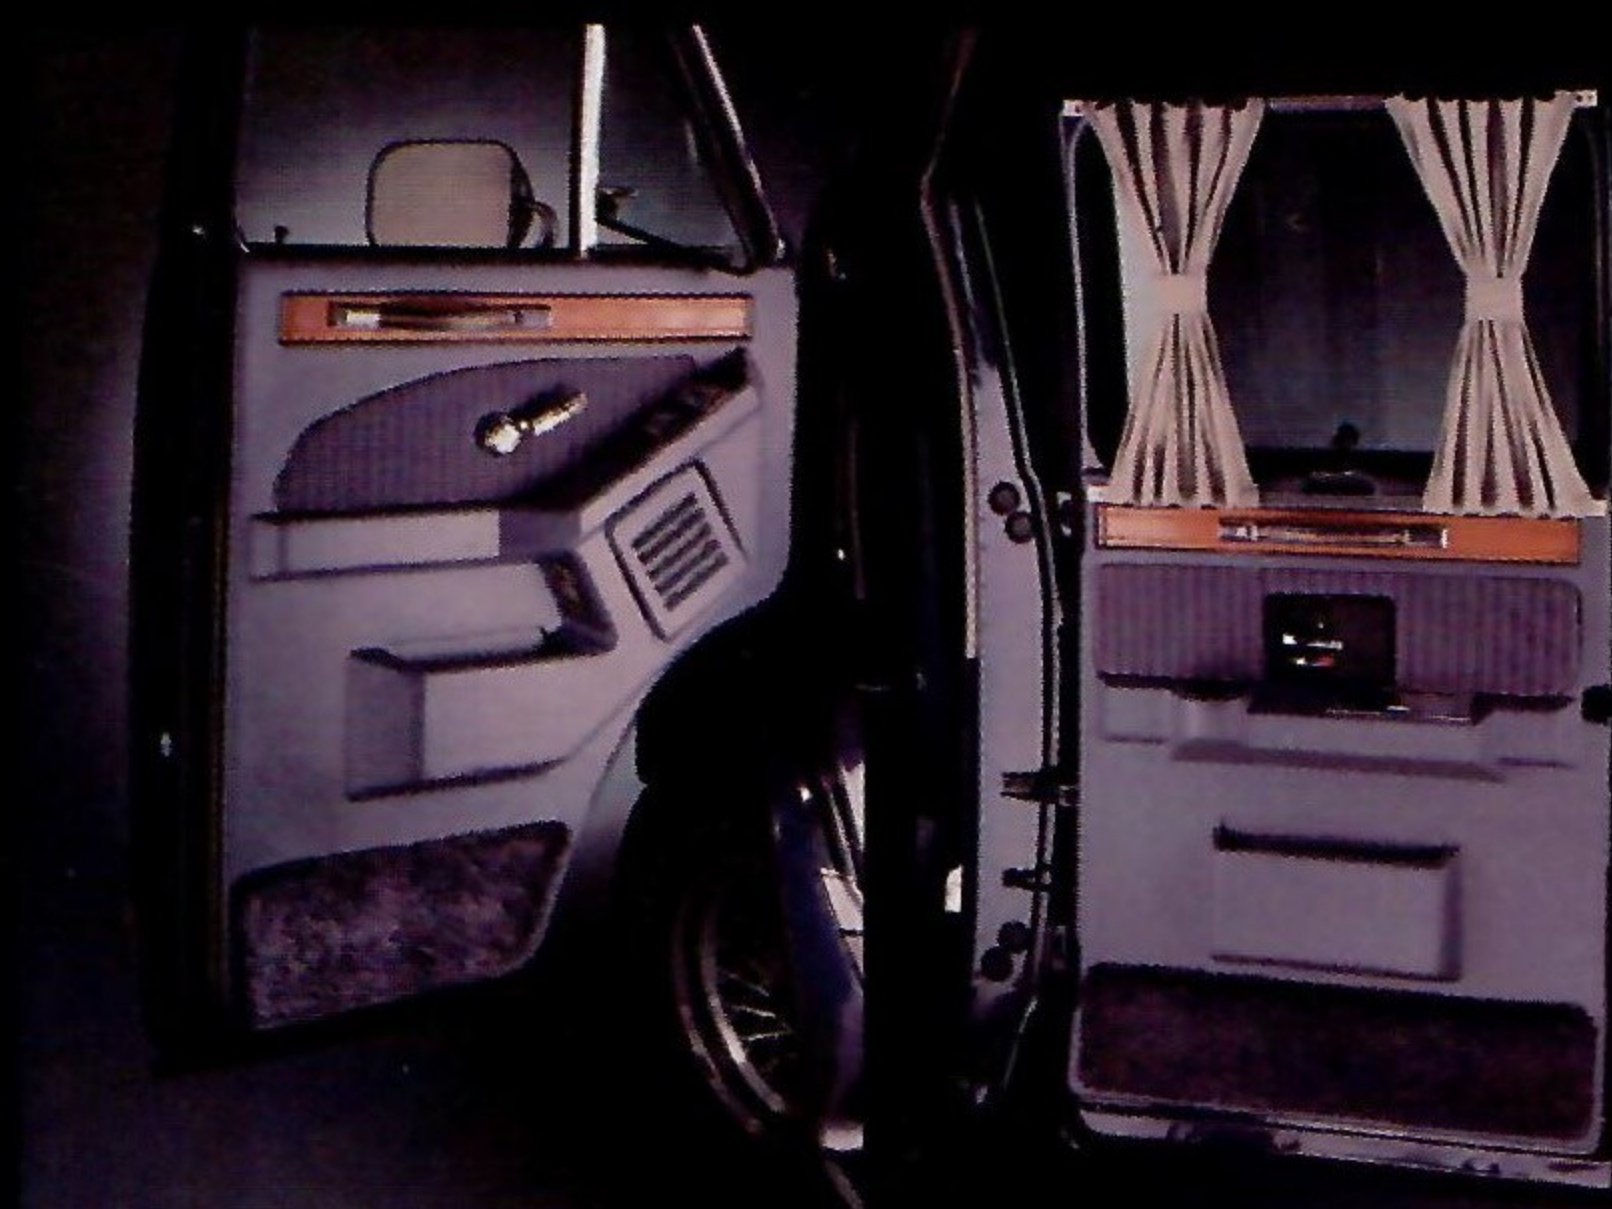

An Achievement in Quality & Excellence

Recessed video tape player compartment in wall behind driver's seat. Oak door is hinged on bottom and conceals the video tape player. (Video tape player optional)

The Trans-Aire SST Series constitutes a whole new class of luxury travel. The quest for excellence is evident the moment you open the door. From exclusive new tone on tone plush fabric covering the new contoured style seats to the tastefully elegant louvered side* and ceiling mood lighting system that cast a warm welcome glow. Solid oak side rails have built in beverage holders, ash trays and cigarette lighters. A rear clothes rod is standard in all Trans-Aire models.

All SST Series door panels are molded from the same material used on some of the world's most luxurious cars. Soft and elegant with tone on tone fabric inserts, map pocket, color coordinated deluxe door pulls, courtesy light and solid oak panel inserts.

Side door panel has built in beverage holder, map pocket, ash tray, cigarette lighter, tone on tone fabric inserts and solid oak insert panel.

Luxurious and Exciting. Compare the SST to the world's most prestigious cars. Standard equipment on SST includes: ■ Tri-step overhead console (regular roof)† ■ Overhead fiberglass cockpit console (raised roof)** ■ Fiberglass insulation in roof, sidewalls and doors ■ Recessed ceiling mood lighting,† Side indirect louvered lighting in extruded aluminum beam,** floor courtesy lights and aircraft

ceiling lights ■ Concealed steel impact bar welded in both sides † ■ Built-in 5/8" solid oak side rails with recessed covered ash tray/cigarette lighter and beverage holder† ■ Four (4) custom molded high back swivel seats** and matching sofa with bed extender (Seville Model). ■ (Dewille Model has wrap-around rear lounge.†) ■ Automotive style injection molded door panels ■ "Glide Track"*

drapery mounting tracks* ■ Solid oak game table with two (2) mounting locations. ■ Four (4) custom deluxe aluminum Star Mag wheels ■ Contoured angle Vista Bay windows with curved glass ■ Low mount aluminum tire carrier and Continental spare tire kit ■ Custom color/coordinated paint scheme ■ Lighted anodized aluminum running boards ■ Rear ladder ■ Luggage rack with built-

in TV antenna. The SST shown below has Trans-Aire's optional patented aerodynamic designed fiberglass raised Sport Roof* with built-in overhead fiberglass cockpit console* and optional sun roofs. Engineered and built only by Trans-Aire International. The cockpit console includes an 8" Sony color television with wireless remote control.

TRANS-AIRE XRT LIMITED

A Very High Level of Craftsmanship

Here is excitement everywhere you look. Engineered to be the finest driving luxury machine available. The Trans-Aire XRT Limited is the clear choice of those who for reasons of profession or prestige demand the best in dependability, durability and distinction. Standard equipment includes: ■ Rear mounted 5" color TV (front mount optional) ■ Full-width overhead console with solid oak inserts† ■ 40 channel CB ■ Radar detector ■ Stereo headphones

■ Equalizer/Power Booster ■ Rear overhead heat and air conditioning ■ Lighted vanity visor mirror (passenger side) ■ Solid oak inserts on dash† ■ Solid oak lighted engine cover snack tray with built-in cassette holders† ■ Solid oak game table with two (2) mounting locations ■ Fiberglass insulation in roof, side walls and doors ■ Recessed ceiling mood lighting† ■ Side indirect lighting in extruded aluminum beam,** floor courtesy lights and aircraft ceiling

lights ■ Concealed steel impact bar welded in both sides† ■ Built-in 5/8" solid oak side rails with recessed covered ash trays/cigarette lighters and beverage holder† ■ Four (4) EuroSport injection molded foam swivel seats* and matching sofa with bed extender (Seville Model). Deville Model has wrap-around rear lounge.† ■ Fabric/foam padded door panels with injection molded top section† and oak insert, map pocket and carpeted kick panel ■ Recessed

molded lighted convenience center with ash tray and beverage holder in side door ■ Contoured angle Vista Bay windows with curved glass ■ Low mount spare tire carrier and Continental spare tire kit with stainless steel tire band and security spare tire lock ■ Custom color/coordinated paint scheme ■ Lighted aluminum running boards ■ Rear ladder ■ Luggage rack with built-in TV antenna.

Trans-Aire's newest creation, the exciting XRT Limited Raised Sport Roof. The fit and finish and attention to detail will please the most discriminating. (Sun roof optional) All other features shown are standard.

Exclusive custom designed Trans-Aire overhead heat and air conditioning with built-in courtesy lights, clothes bar and color TV, speakers for TV are mounted in the wall in front of the sofa.

Built-in stereo jacks and stereo headphones with volume controls. Also shown is stereo radio speaker and TV speaker. Standard features on Trans-Aire XRT Limited Series.

Recessed video tape player compartment (standard) in wall behind driver's seat. Oak door is hinged on bottom and conceals the video tape player. (Video tape player is optional)

TRANS-AIRE/GTL

Travel America in Style and Comfort

The elegant style of the GTL Series will please the most discriminating buyer. Very affordable because the GTL lets you select from an extensive list of optional features. You choose only the equipment that's right for you. Standard interior features include: ■ Four (4) custom contoured reclining and swivel high back captains seats ■ Matching rear

sofa with bed extender† ■ Rear clothes bar ■ Fabric/foam padded molded door panels with map pocket ■ Door pull mounted on solid oak insert, and carpeted kick panel ■ Solid oak game table with two (2) mounting locations ■ Solid oak side railst with padded edges ■ Built-in cigarette lighters/ashtrays and beverage holders ■ Solid oak front

snack tray ■ Fiberglass insulation in sidewalls, roof and doors ■ Recessed ceiling mood lighting ■ Extruded aluminum light beams** with built-in top drapery glide track* and louvered indirect lights ■ Aircraft ceiling lights ■ Floor courtesy lights ■ Full-width front overhead console with built-in switch control panel ■ Concealed steel impact bar† welded

in both sides. Standard exterior features include: ■ Custom color/coordinated paint scheme ■ Contour angle Vista Bay windows with curved glass ■ Anodized aluminum running boards ■ Ladder and luggage rack with built-in TV antenna ■ Low mount tire carrier ■ Continental kit with stainless steel tire band ■ Spare tire and security lock.

Full-width overhead console with built-in oak inserts, switch control panel for interior lighting system, optional 40 channel CB, equalizer with power booster and radar detector.

GTL Seville Model with bed extender† in up position for maximum storage. Overhead clothes bar is standard.

GTL Seville Model with bed extender† in down position makes extra large, comfortable bed when sofa is reclined. Cushions can be removed for tailgating.

Full-length solid oak side rail with vinyl/foam padded edge, built-in covered cigarette lighter, ashtray and beverage holder (Standard on GTL).

Rear sofa in reclining position. Deep, plush style sofa and cushions let you relax in total comfort. Rear clothes bar is standard.

TRANS-AIRE / DEVILLE Available in SST, XRT, GTL Series

The removable solid oak entertainer cabinet, handcrafted by Trans-Aire, makes tailgating parties more fun. Lots of glass and bottle storage, portable lift out cooler, fold down door and end panels and overhead clothes bar are all part of the package. Floor mounted quick release latches permit easy removal of cabinet for maximum storage. (Entertainer cabinet optional)

The Deville rear lounge easily converts to a very large, comfortable bed. Simply remove the table and place the carpeted wood floor section on the oak supports. Place the two (2) extra cushions on the wood section to complete the bed. Side and end panels are covered with fabric and foam on GTL model.

The incomparable Deville floorplan, featuring plush wrap-around rear lounge available in the SST-XRT and GTL Series. Available only from Trans-Aire. One look and you know its the luxurious

and exciting Deville. The Deville wrap-around rear lounge is available in the SST-XRT and GTL Series with regular roof or raised sport roof. The distinctive solid oak side and end panels are hand crafted

in our plant by highly skilled craftsmen. Four (4) custom contoured reclining high back captains chairs complete the seating arrangement. Lots of storage behind rear lounge and under seat

cushions. The solid oak game table has two (2) mounting locations. The wrap-around rear lounge is ideal for enjoying your favorite game or just good conversation.

TRANS-AIRE / LXT

"America's Best Value"

The LXT Series far surpasses anything at or near its price. Designed for those who demand quality at an affordable price. As you enter, the first thing you notice is the rich oak panels around each window. Standard LXT equipment includes: ■ Four (4) contoured style reclining and swivel captains

seats with matching reclining sofa ■ Front overhead console with built-in switch control panel ■ Ceiling mood travel lighting ■ Overhead aircraft lights ■ Rear clothes bar ■ Plush style carpeting ■ Fiber-glass insulation in roof, sidewalls and doors ■ Drapes with "Glide Track" drapery tracks ■ Upholstered

door panels with foam/fabric inserts ■ Map pocket, oak insert, deluxe door pull, carpeted kick panel ■ Solid oak game table with two (2) mounting locations ■ Door caddy in side door with built-in ashtray, beverage holder and courtesy light ■ Engine cover snack tray ■ 12 volt outlet ■ Vista Bay angle

windows ■ Anodized aluminum running boards ■ Ladder ■ Luggage rack with built-in TV antenna ■ Continental spare tire kit with stainless steel tire band and security spare tire lock ■ Full custom paint. The LXT is the greatest buy on worth in the industry.

Solid oak side and overhead panels - Solid oak window sill beam has built-in beverage holder and ashtray - "Glide Track" drapery tracks - Drapes slide to cover entire window. Also shown is the video tape player compartment. (Video tape player not included.)

Bed extender in up position for maximum storage. (Bed extender optional on LXT.)

Bed extender in down position makes extra large bed when sofa is in reclining position. Remove cushions and shelf can be used for tailgating.

TRANS-AIRE LUXURY SPORT CRUISER

Sportcruiser interior featuring removable center seats mounted side-by-side and adjust 7" front-to-rear independently. Split wall construction features solid oak side rails with built-in beverage holders and ashtrays.

Luxurious Eurosport seating featuring four (4) molded foam contoured Eurosport seats. Matching reclining sofa has quick release frame clamps for easy removal. Overhead front oak console with built-in courtesy lights and switch control panel. Ceiling has recessed mood lighting and aircraft swivel reading lights.

Open top console cover all the way back and it serves as a table with built-in beverage holders for middle passengers. Top compartment also contains a lift out six (6) pack cooler. Vinyl/foam padded sections on top cover serves as armrest. Lower section has built-in beverage holders and another storage compartment with concealed cassette tape holders.

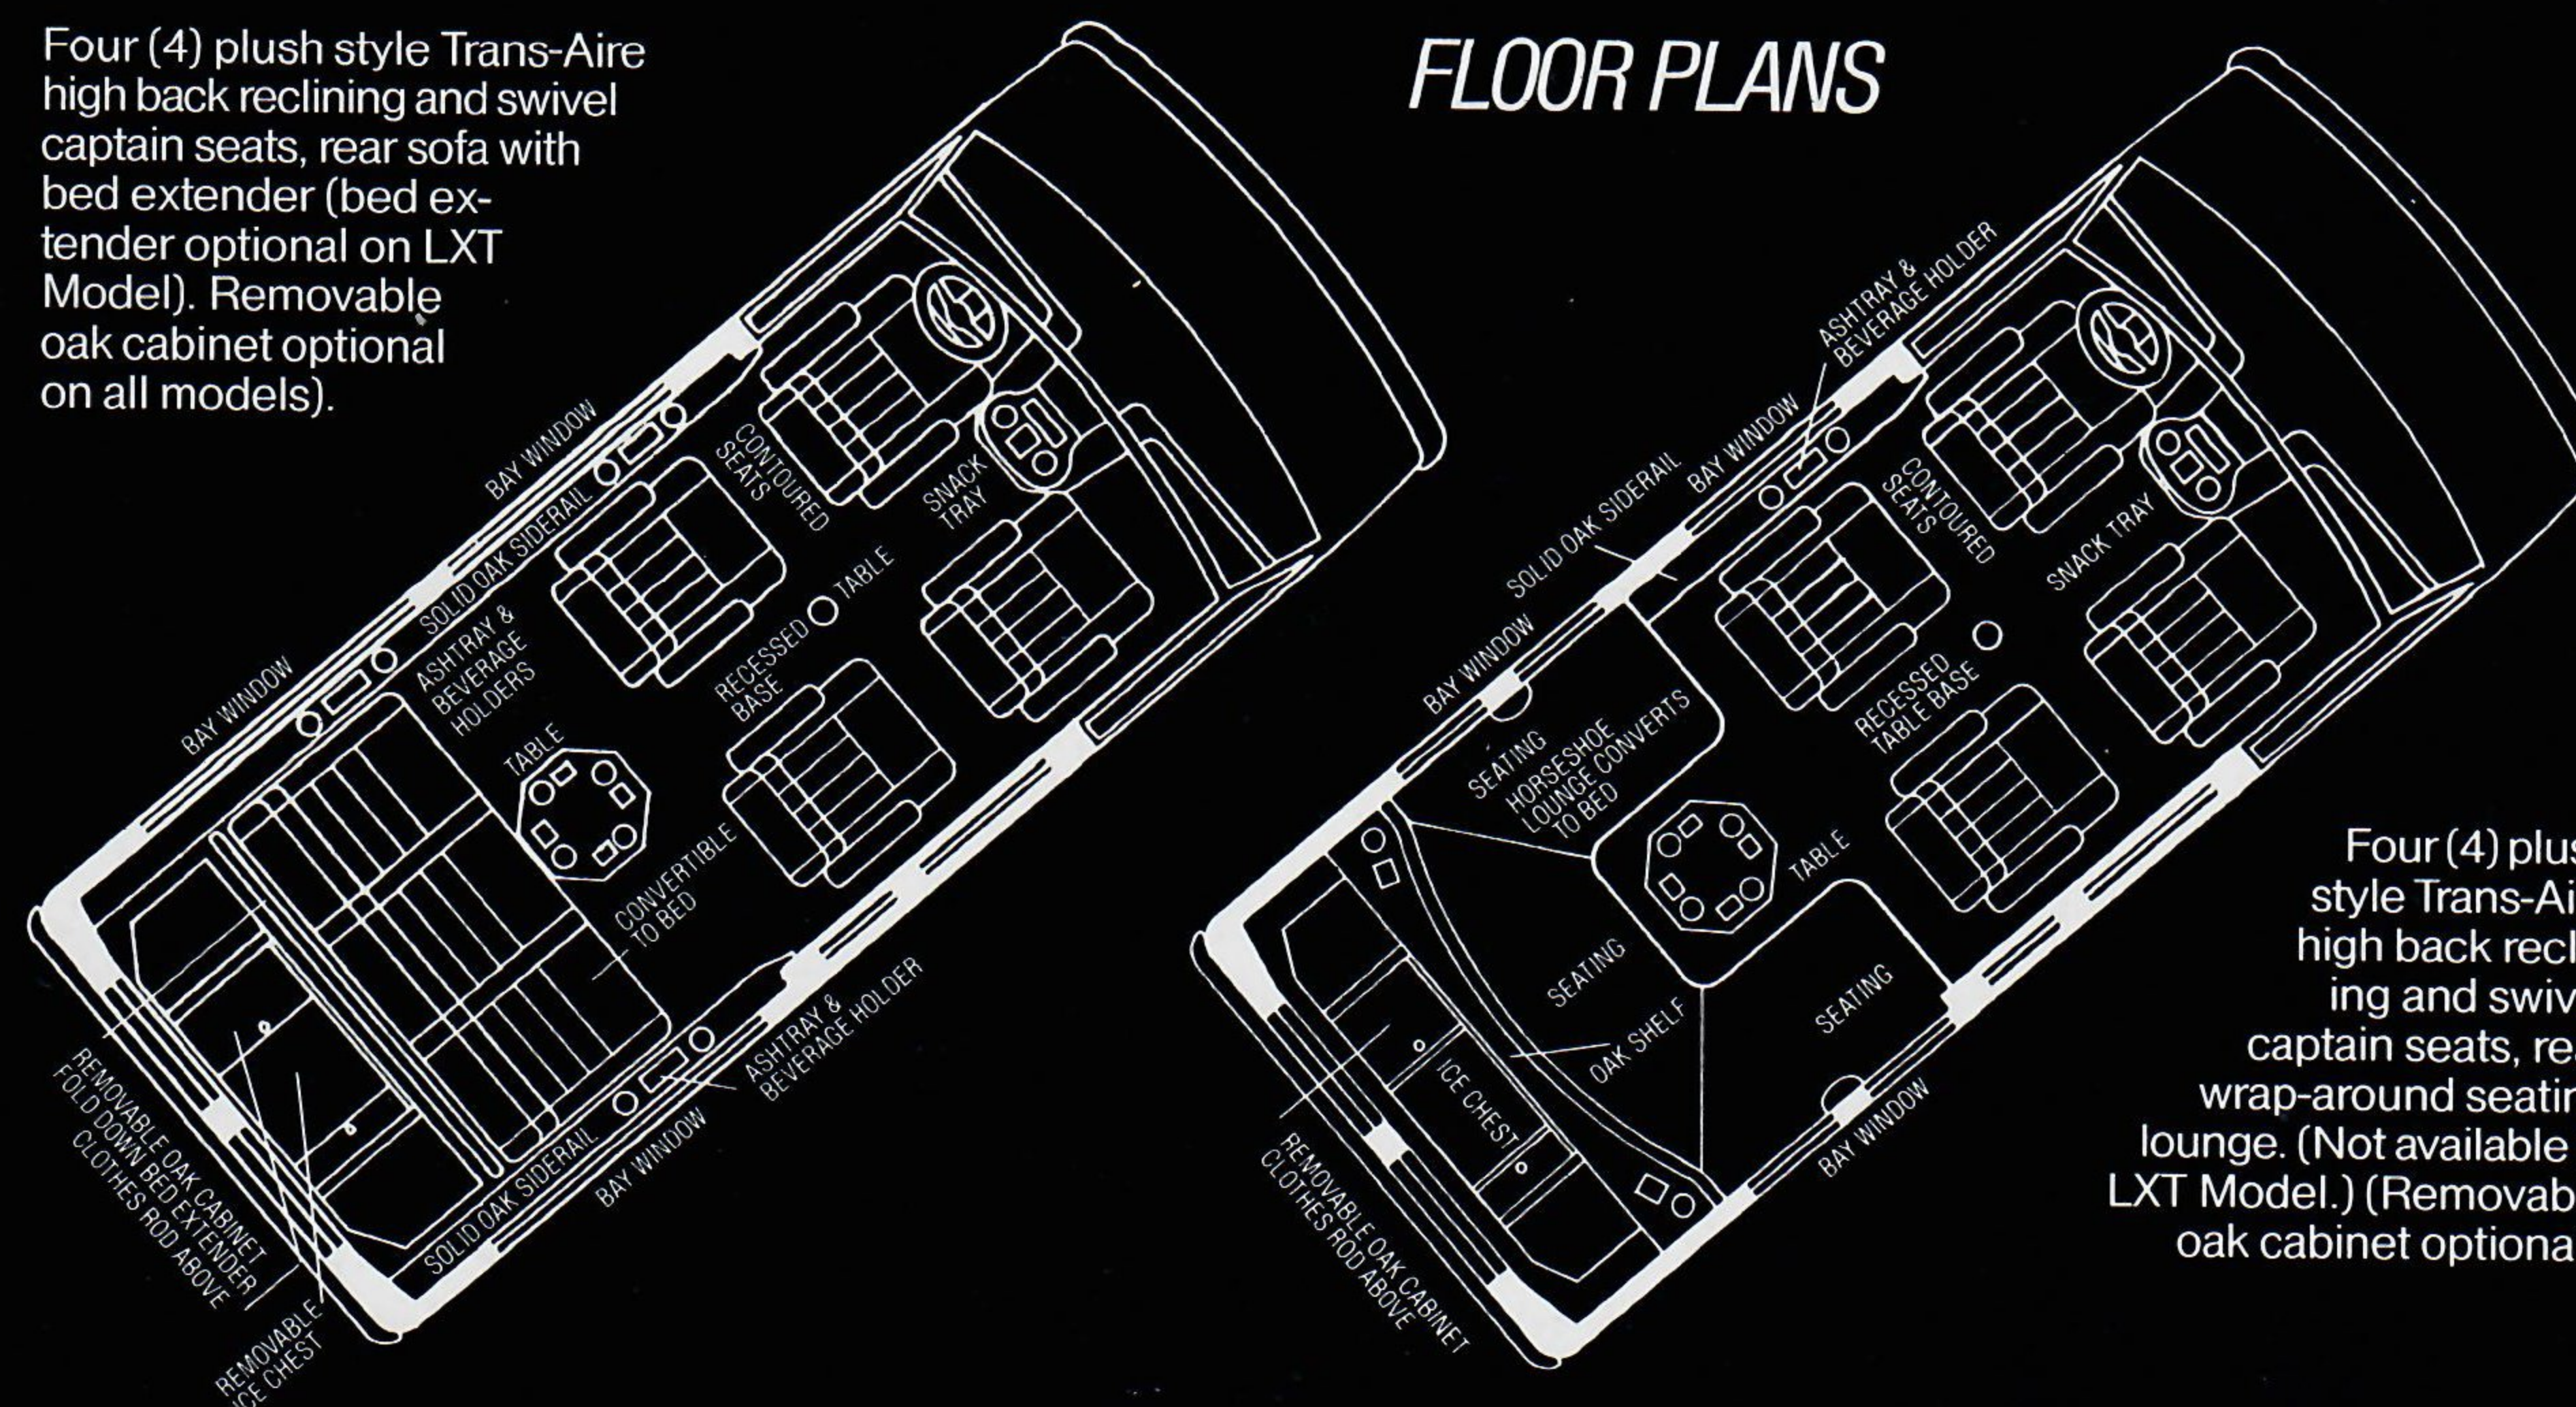

ENJOY THE UNMISTAKABLE FEELING OF GENUINE LEATHER

Only the world's finest leathers are used in Trans-Aire's leather seating areas. Available in seven (7) distinctive colors. Enjoy the unmistakable feeling of genuine leather seating in your new Trans-Aire.

Four (4) plush style Trans-Aire high back reclining and swivel captain seats, rear sofa with bed extender (bed extender optional on LXT Model). Removable oak cabinet optional on all models.

FLOOR PLANS

Four (4) plush style Trans-Aire high back reclining and swivel captain seats, rear wrap-around seating lounge. (Not available in LXT Model.) (Removable oak cabinet optional.)

Trans-Aire International Inc. is one of the nation's largest manufacturers of quality crafted motorized vehicles.
Our production facilities sit on 18 acres and our buildings have 152,000 sq. ft.

Trans-Aire manufactures and markets through franchised new car and truck dealers only. Mr. Bob Higgins, owner and president of Trans-Aire is well known in the industry for innovative designs in custom sport roofs, lighting systems, seats and many other innovations for which he holds several patents and more pending. Mr. Higgins designed the now famous contoured angle vista bay window which was adopted by the rest of the industry and is widely used today.

Trans-Aire reserves the right to make changes in material and component specifications should any of these become unavailable.

Prices are subject to change without notice. All information contained herein is subject to change without notice.

All information contained herein is subject to change after the date of printing. Chassis equipment and dealer installed optional equipment items are not warranted by Trans-Aire. Some features not available on all models.

PHILOSOPHY: Trans-Aire International is recognized as the leader in design and engineering excellence in our industry. This position of leadership was accomplished thru innovative design engineering; careful selection of high quality raw materials; closely controlled quality manufacturing of most of our components; highly skilled quality conscious employees and a network of quality dealers who want to represent and sell the best products available.

Our financial strength provides us with the resources to maintain this position of leadership. We are dedicated to the philosophy that every Trans-Aire product will be built with the same attention to quality, value and customer service.
