

# BUICK

## 2004 Rainier

Bringing power and capability together with the kind of refined grace and luxury that has defined Buick for a century, Rainier is ready to take "The Spirit of American Style" to a whole new altitude. Rainier. It's a brand new Buick.

**BUICK**

THE SPIRIT OF AMERICAN STYLE

The most powerful engine offered by Buick, Rainier's available 290-hp V8 delivers powerful performance with refined smoothness

Rainier's standard eight-spoke 17-inch wheels offer a good combination of design and performance

# Feature Highlights

## A POWERFUL STATEMENT

Whether it's equipped with the available 290-hp 5.3 liter V8 engine or the standard 275-hp 4.2-liter inline 6-cylinder engine, Rainier has more than enough power for your trek to the next level. Standard four-wheel anti-lock brakes, locking rear differential, and a 6 cylinder towing capacity of over 6,200 lbs\* (when properly equipped) make sure you can also take a trailer full of your favorite gear along for the ride.

## ENJOYING THE RIDE

With standard features like independent front suspension, an electronically controlled rear air suspension and available all-wheel drive, Rainier has the capability to get you where you're going and the smooth ride performance that ensures you'll enjoy the ride.

## A TOUCH OF ELEGANCE

Rainier's signature chrome-plated vertical-bar grille, jewel-like headlamps and standard chrome-accented fog lamps offer the perfect blend of contemporary and classic Buick design.

## ALL THE COMFORT YOU DESIRE

QuietTuning™ – A Buick hallmark. Our commitment to delivering the highest levels of quietness in our vehicles.

In Rainier, QuietTuning™ gives you standard features to help minimize engine wind and road noise, including strategically positioned sound absorbers, laminate windshield and front door glass, and specially selected quiet-riding tires.

\*Maximum trailer ratings are calculated assuming a properly equipped base vehicle plus driver. See the owner's manual for details.
