

DODGE
GRAB LIFE BY THE HORNS

2004

CARAVAN/GRAND CARAVAN

FIRST THINGS FIRST

For 20 years Caravan has led the industry in innovation, value, safety, and convenience. No wonder it's #1.

Check out the bold look and powerful performance of Dodge Caravan.

CARAVAN/GRAND CARAVAN FEATURES

ENGINES

Dodge has never shied away from power. And the 2004 Dodge Caravan and Grand Caravan are no exception. You can choose from these three proven power plants:

A 150-horsepower 2.4-liter four-cylinder 16-valve engine, standard on Caravan SE

A 180-horsepower 3.3-liter V6, standard on SXT, and Grand Caravan SE

A 3.8-liter V6 that belts out 215 hp, standard on Grand Caravan eX and Grand Caravan SXT

3.3-liter V6

ALL-WHEEL DRIVE

Available all-wheel-drive capability on your Dodge Grand Caravan SXT is your foul-weather friend. Under loose or slippery conditions, it automatically transfers traction power to the wheels with the best traction. The system is always on, so there are no buttons to push and no levers to pull.

HANDLING

Caravan's electronically controlled four-speed automatic transmission adapts to your driving style to give you a smooth ride and deliver power when you need it. Its standard front-wheel-drive and independent front suspension system provide excellent traction and stability.

7-year or 70,000-mile limited warranty* on the powertrain, the hardest working parts of our vehicles. And that's in addition to our 3-year or 36,000-mile basic limited warranty.

It even includes towing assistance† for the full 7/70. Another nice thing: since it's transferable, it can add extra value at trade-in time. A deductible applies to the 7-year or 70,000-mile powertrain limited warranty.

* See dealer for a copy of this limited warranty. Transferable to second owner with fee. A deductible applies.

† Administered by Cross Country Motor Club, Inc., Boston, MA 02155.

TAXI-CAB TORTURE

Caravan's transmission has logged over a million torturous miles of concrete of Las Vegas, the hills of San Francisco and the asphalt of Los Angeles. It's only after this stop and go torment that these well designed transmissions qualify for use in every Caravan.

CARAVAN/GRAND CARAVAN CONVENIENCES

** Properly secure all cargo*

SEATING

It's no surprise that the minivan that was the first to offer removable seats now offers over 2,500 seating and storage configurations. It starts with Caravan's available 50/50 split Fold-and-Tumble rear bench seating and just gets better.

STORAGE

You have stuff. We have a place for it. Caravan's available storage features include a movable/removable/lockable center console, storage drawer under the front passenger seat, overhead Versabin™ console for sunglasses and garage door opener and handy rear grocery bag hooks. And Grand Caravan offers an available rear cargo organizer with tray dividers that can be raised and lowered.

POWERED FEATURES

Caravan is available with power everything. Check it out. There's an available power sunroof, power doors and liftgate (on Grand Caravan), power heated mirrors, power adjustable pedals, power windows and locks.

CLIMATE CONTROL

I'm cold! I'm too warm! End the argument with Grand Caravan's available three-zone air conditioning with rear-seat heat and A/C ducts.

Set temperature variations to provide custom comfort throughout three zones in the cabin. An available infrared automatic 3-zone temperature control allows the driver, front-seat, and rear-seat passengers to set desired individual temperatures, while its air filtration system will refresh the interior air supply.

AUDIO/VIDEO

Let's not joke around here. The available DVD video system in the back is to keep the kids quiet and you sane on those long road trips. Upfront, there's a choice of great sound systems including an in-dash 6-disc CD changer and 10-speaker Infinity® system.
