

BMW 2005
5 Series Sedan

The Ultimate
Driving Machine®

525i
530i
545i

The aesthetic power
of intelligent design.

A bold step in a new direction.

Lasting value from a timeless classic.

Absolute comfort – Precise control.

Primary gauges are recessed under a cowl, and designed for glare-free vision during the day. At night, the gauges glow in a color that is restful on the eyes.

The iDrive Controller, which is conveniently located on the center console, allows you and your passenger to access and tailor many comfort features.

An interior as sleek and
compelling as the exterior.

■ / □ **Xenon Adaptive Headlights** provide brilliant clarity of the road ahead and to the side at night and in conditions with poor visibility. The dynamic auto-leveling feature adjusts for varying passenger and cargo loads, helping to keep headlight glare out of the eyes of oncoming drivers. BMW Adaptive Headlights provide optimum road illumination around corners, thanks to an electromechanical control system that directs the headlights into and through the bend as soon as the vehicle begins cornering. (std. 545i; opt. on 525i and 530i)

■ **Halogen free-form foglights**, integrated into the deep front spoiler, enhance your margin of safety in bad visibility. Ellipsoid free-form technology ensures even light distribution on the road.

■ **BMW's distinctive front kidney-shaped grille** features chrome slats and surround.

■ **Power-adjustable heated side-view mirrors** are blue-tinted; the back side matches the body color.

Equipment | Standard

■ **17 x 7.5 Star Spoke (Styling 138) cast alloy wheels and 225/50R-17 all-season tires.** (std. 525i and 530i; spare is a space-saver wheel and tire)

■ **17 x 7.5 Double Spoke (Styling 116) cast alloy wheels and 225/50R-17 all-season tires.** (std. 545i; spare is a space-saver wheel and tire)

■ **Aerodynamic shark antenna serves as the BMW Assist link** to the integrated wireless communication system and Global Positioning System receiver available 24 hours a day, providing Automatic Collision Notification, Emergency Requests, and Enhanced Roadside Assistance. For further information on services, contact your authorized BMW center.

■ **3-spoke leather-wrapped multi-function steering wheel** lets you keep both hands on the wheel while adjusting various comfort functions, such as changing the radio, CD selections and volume. Optional Voice Control (included with optional on-board navigation system) can be used to change radio stations and audio selection, navigation system destinations, and (accessory) telephone entries.

■ **Easy-to-read Information Display** with precise, dazzle-free analog indicators. Data, such as trip mileage counter, can be checked using LCD displays on the instrument panel.

¹¹ Full Maintenance Program covers all factory-recommended maintenance, as determined by the Service Interval Indicator for 4 years or 50,000 miles, whichever comes first. Full Maintenance Program includes items that need replacement due to normal wear and tear, provided wear and tear exceeds BMW specifications. This includes items such as brake pads, brake rotors and wiper blades that are not covered by the original New Vehicle Limited Warranty. Any adjustments required due to normal operating conditions are also included. For exclusions and limitations, refer to the Service and Warranty Information booklet that came with your new BMW, or see your authorized BMW center for details.

¹² Spare is a space-saver wheel and tire. Due to low-profile tires, please note: wheels, tires and suspension parts are more susceptible to road hazard and consequential damages. Performance tires not recommended for driving in ice and snow.

¹³ Pre-wiring required. Please visit your authorized BMW center for details on equipment.
