

CTS boldly embodies Cadillac's styling edge with sharp, dramatic lines and advanced engineering. And, for 2005, CTS offers the 3.6L VVT (Variable Valve Timing) engine with 255 hp as standard equipment, mated to a six-speed manual transmission. This combination makes CTS exhilarating to pilot. Its rear-wheel-drive chassis, advanced engineering and premium components were developed, validated and tested at the Nürburgring race circuit in Germany, the ultimate proving ground for vehicle dynamics.

<sup>1</sup> Official EPA estimates not yet available. Estimates based on GM testing.  
<sup>2</sup> Cargo and load capacity limited by weight and distribution.

<sup>3</sup> Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for system limitations and details.

<sup>4</sup> RDS functions only when stations broadcast RDS information.  
<sup>5</sup> XM is available only in the 48 contiguous United States. Service fees extra. Visit [www.gm.xmradio.com](http://www.gm.xmradio.com) for more details.

<sup>6</sup> Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in a rear seat. Head curtain side air bags are designed to help reduce the risk of head and neck injuries to front and rear seat occupants on the near side of certain side-impact collisions. See the Owner's Manual for more safety information.

<sup>7</sup> Available as an extra-cost option.
