BUICK RENDEZVOUS

These days, people are demanding a high level of comfort, style and functionality in everything they buy. Which is why crossover vehicles are growing ever more popular. And, just as world-class designers differentiate the best from the rest, Buick has deftly separated Rendezvous from the others in its genre. Rather than settling for a ride that felt average, our engineers were compelled to endow Rendezvous with the classic comfort of a Buick sedan. Rendezvous' SUV style was complemented by a powertrain meticulously engineered to deliver performance with responsible fuel economy.* And, in addition to all its minivan functionality, Buick employed the QuietTuning process to transform the cabin into a sanctuary from the outside world. Rendezvous. It's the crossover vehicle that overachieves.

*Estimated MPG 19 city, 26 hwy. Official EPA estimates not yet available. Estimates based on GM testing. Rendezvous CXL in Cappuccino Frost Metallic shown with available equipment.

¹ Official EPA estimates not yet available. Estimates based on GM testing. ² Cargo and load capacity limited by weight and distribution. ³ Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Buick dealer for additional details. ⁴ Not available with DVD video entertainment system. ⁵ Always use safety belts and the correct child restraints for your child's age and size. Even in vehicles equipped with Passenger Sensing System, children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the vehicle Owner's Manual and child safety seat instructions for more safety information. ⁶ Included and only available with Traction Control. ⁷ Not available in Alaska and certain other areas. Adverse conditions that affect antilock brakes and GPS may degrade service. Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for system limitations and details. ⁸ Requires heated driver and front passenger seats. ⁹ Requires sunroof. ¹⁰ Requires Memory Package. ¹¹ RDS functions only where stations broadcast RDS information. ¹² Navigation map only covers the 48 contiguous United States and portions of Canada, but does not cover Alaska, Hawaii, Puerto Rico, or the Virgin Islands. ¹³ XM is available only in the 48 contiguous United States.
