

From up here, all dreams
seem possible.

2007 Lincoln Navigator

L I N C O L N

Reach Higher

Take on the world. But do it in the most refined, most inspired manner possible. Do it in an expansively spacious, extraordinarily comfortable new vehicle that puts substantial power at your command, while providing numerous convenience and entertainment features to make your journey both invigorating and enjoyable.

lincoln.com

The Navigator passenger cabin is designed and equipped for those on their way to the top. If environment has anything to do with inspiration, every Navigator driver is destined to move mountains. From supple leather to natural wood inlays—in figured maple or ebony—Navigator surrounds you with artful design and deep luxury. Power-deployable running boards* that ease entry and exit, power driver and front-passenger seats that can be either heated or cooled,* acoustic enhancements that reduce road noise, and power-tilt memory steering wheel help ensure comfort, quiet and convenience.

“Motivation” *is the word that comes to mind.*

Navigator adds the priceless luxury of enhanced driving security. Lincoln's Personal Safety System® contributes to front-seat protection by adjusting safety belt tension and airbag** deployment levels in certain frontal collisions. The Safety Canopy™ incorporates side-curtain airbags** for all three rows. The front-seat-mounted side airbags provide extra chest protection. Perhaps that's why Navigator is the only vehicle in its class to receive the government's highest five-star front crash-test rating, seven years in a row (2001-2007).

*Available feature.
**Always wear your safety belt and secure children in the rear seat.

Navigator's commanding presence is indicative of its capability. Its 5.4-liter V-8 stands ready to take you to the next level with 300 hp and 365 lb.-ft. of torque.

A powerful ally on the road to the future.

A six-speed automatic transmission helps ensure all that power is best utilized at every driving speed.

When properly equipped, the Navigator can tow up to 9,000 lbs. AdvanceTrac® with Roll Stability Control can help keep you moving in the right direction even when roads are slippery. An independent rear suspension with monotube shock absorbers helps ensure predictable handling under any conditions.

Navigator's **power liftgate*** opens and closes at the touch of a key fob button. No more fumbling with locks while holding heavy packages.

A wealth of innovative conveniences.

Heated and cooled front seats* help ensure comfortable driving, winter and summer. Both front seats feature ten-way power adjustment with lumbar and recline. The driver's seat includes a two-position memory function.

Navigator's easy-to-use, **DVD-based Navigation System*** provides turn-by-turn guidance. Touch a button and the same screen displays controls for a THX® II Certified Audio System* with 14 speakers, 600 watts of power, and MP3 capability. A SIRIUS Satellite Radio* can tune in more than 125 channels that include a range of programming from sports to talk and music.**

A Rear-Seat Entertainment System* keeps second- and third-row passengers happy with a DVD player, overhead eight-inch screen, remote control and wireless headphones.

*Available feature.

**Requires SIRIUS subscription. Additional charges apply. Not available in Alaska or Hawaii. "SIRIUS" is a registered trademark of SIRIUS Satellite Radio Inc.
