

2007 MARINER

MERCURY | NEW DOORS OPENED

mercuryvehicles.com

RIGHT FOR THE TIMES.

Mercury Mariner is the SUV for today and tomorrow. Sized for the needs of an active life, styled with a contemporary flair, and engineered to handle with ease and precision, Mariner is an intelligent alternative to everything else. A perfect choice for those who reject the numbingly ordinary.

THE STYLISH MEETS THE SUBSTANTIAL.

MARINER'S AVAILABLE BLACK LEATHER-TRIMMED SEATS WITH LIGHT PARCHMENT PREFERRED SUEDE® INSERTS take the SUV passenger cabin to a fashionable place. Chrome, satin-aluminum and wood-grain accents underscore the unique upholstery, creating a striking visual effect.

WHEN THERE'S WORK TO BE DONE, the 60/40 split rear seat folds down, opening up 66.3* cu. ft. of do-anything cargo space. Contemporary chic meets urban tough.

*With rear cushion removed.

CAN-DO POWER.

MOVE YOUR STUFF, MOVE YOUR FRIENDS. With Mariner's available 200-hp Duratec V-6, any move is a short order. Four-wheel independent suspension and power rack-and-pinion steering, similar in design to those of the world's best sport sedans, ensure that every move is a great driving experience.

WHILE MARINER IS A CRISP PERFORMER, IT DELIVERS A SUBSTANTIAL 26 HIGHWAY MILES ON A GALLON OF GAS.* Available Intelligent 4WD communicates confidence. The available Safety Canopy,^{TM**} which includes side-curtain airbags^{***} and a rollover sensor, helps deliver peace of mind. No wonder Mariner received the government's highest five-star side crash-test rating, three years in a row. Make Mariner yours, then make your move.

* EPA-estimated mpg 23 city/26 hwy, Mariner Convenience FWD.

** Included in Dynamic Side-Impact Airbag Package.

*** Always wear your safety belt and secure children in the rear seat.

MORE OF THOSE THINGS YOU WANT MOST.

Let the sunshine—or the moonlight—in. Mariner's available **power moonroof** opens and closes at the touch of a button. A sunshade helps keep things cool. Mariner's available **Audiophile® Sound System** with six-disc, in-dash CD changer with satellite radio/MP3 capability delivers great sound through seven speakers, including an eight-inch subwoofer.

The **leather-wrapped steering wheel** includes buttons that allow you to regulate the electronic speed control system without removing your hands from the wheel.

Mariner's available **Comfort Package** includes an electrochromic auto-dimming rearview mirror, overhead console with two storage bins, a message center with compass display, dual-illuminated visor vanity mirrors, automatic headlamps and a perimeter alarm system.
