FORGET PAST AUTOMOTIVE EXPERIENCES.
LOOK BEYOND CURRENT EXPECTATIONS.
CHALLENGE. DISCOVER. ASPIRE. ADVANCE.

We are not here to do what has already been done. More than a rallying cry, it is a way of thinking. One that affects how we see the world of automotive luxury today, and how we shape it tomorrow. It has led us to develop transformative technologies like Super Handling All-Wheel Drive™ (SH-AWD®) and a navigation system with AcuraLink Real-Time Traffic and Weather.™ It pushes us to look for inspiration beyond the confines of current automotive design. And to use premier race circuits as testing grounds for our ideas. The most recent results include our domination of the American Le Mans® Series prototype classes. Fielding three teams — Patrón Highcroft Racing, XM Radio de Ferran Motorsports and Lowe's Fernández Racing — Acura captured the 2009 Drivers', Manufacturers' and Team championships in both the LMP1 and LMP2 divisions. It is further proof that the most innovative thinking you'll find, you'll find in an Acura.

ZDX

A MASTERPIECE OF ARTISTRY AND ATHLETICISM. WITH LINES THAT PROVOKE A REACTION. PERFORMANCE THAT CROSSES BOUNDARIES. INTRODUCING NEXT.

The sharply raked silhouette, dramatic panoramic glass roof and details such as the hidden rear door handles are just your first indications of the ZDX's bold departure from the expected. Take charge of this 4-door coupe and the powerful VTEC® engine, Super Handling All-Wheel Drive and available Integrated Dynamics System confirm that its sporty nature extends beyond its styling.

Inside this provocative vehicle you'll find a cabin that displays unparalleled craftsmanship. The extensive use of hand-selected leather imparts a warm, rich feel. The organic nature of the textures and curves stands in sharp contrast to the mechanical precision of the vehicle's controls. Together, they create a bold new aesthetic vision. Advanced technologies, like the available multi-view rear camera, blind spot information system, Collision Mitigation Braking System™ (CMBS™) and Adaptive Cruise Control (ACC), also help position the ZDX on the leading edge of luxury travel.

RL

PROOF THAT ANTICIPATION CAN BE SCULPTED. THAT INSPIRATION CAN BE ENGINEERED. IT IS LUXURY IN ITS MOST ADVANCED STATE.

The feeling of power the RL imparts to its driver is apparent from the moment you start the vehicle's impressive 300-hp, 3.7-liter VTEC engine. A high-inertia intake manifold liberates airflow into the combustion chambers to optimize output. Racing-inspired paddle shifters give you direct control of the shift points, while the vehicle's Super Handling All-Wheel Drive turns driver input into exhilarating response. It all adds up to an experience that is smooth, seamless and highly satisfying.

Inside the cabin, every surface calls out for your touch. Front seats not only pamper you with soft, perforated leather, they also offer three different levels of heating. An available GPS-linked solar sensor can also detect if direct sunlight is warming the cabin and will automatically adjust the climate control to compensate. It's your world. Go ahead and get comfortable.

TL

IT IS A MEASURE OF TECHNOLOGY'S
ABILITY TO INSPIRE. A BENCHMARK
IN GRACE, STRENGTH AND EFFICIENCY.
IT IS POWER. PERSONIFIED.

Its taut surfaces and aggressive stance speak to the TL's classification as the most powerful Acura ever built. And while both the 280-hp engine aboard the TL and the 305-hp engine motivating the TL SH-AWD possess the power to thrill, the vehicle's formidable abilities extend beyond the combustion chambers. Both the TL and the TL SH-AWD benefit from an extremely rigid chassis, made stronger with the use of hot-stamped steel. In addition, fully independent, sport-tuned suspension, speed-sensitive electric power steering, and a high-flow exhaust system all work together to challenge the outer limits of sport-sedan performance. And along with a boost in horsepower, the TL SH-AWD also gives driving enthusiasts the thrilling response of Acura's Super Handling All-Wheel Drive as well as the option of a new close-ratio 6-speed manual transmission.

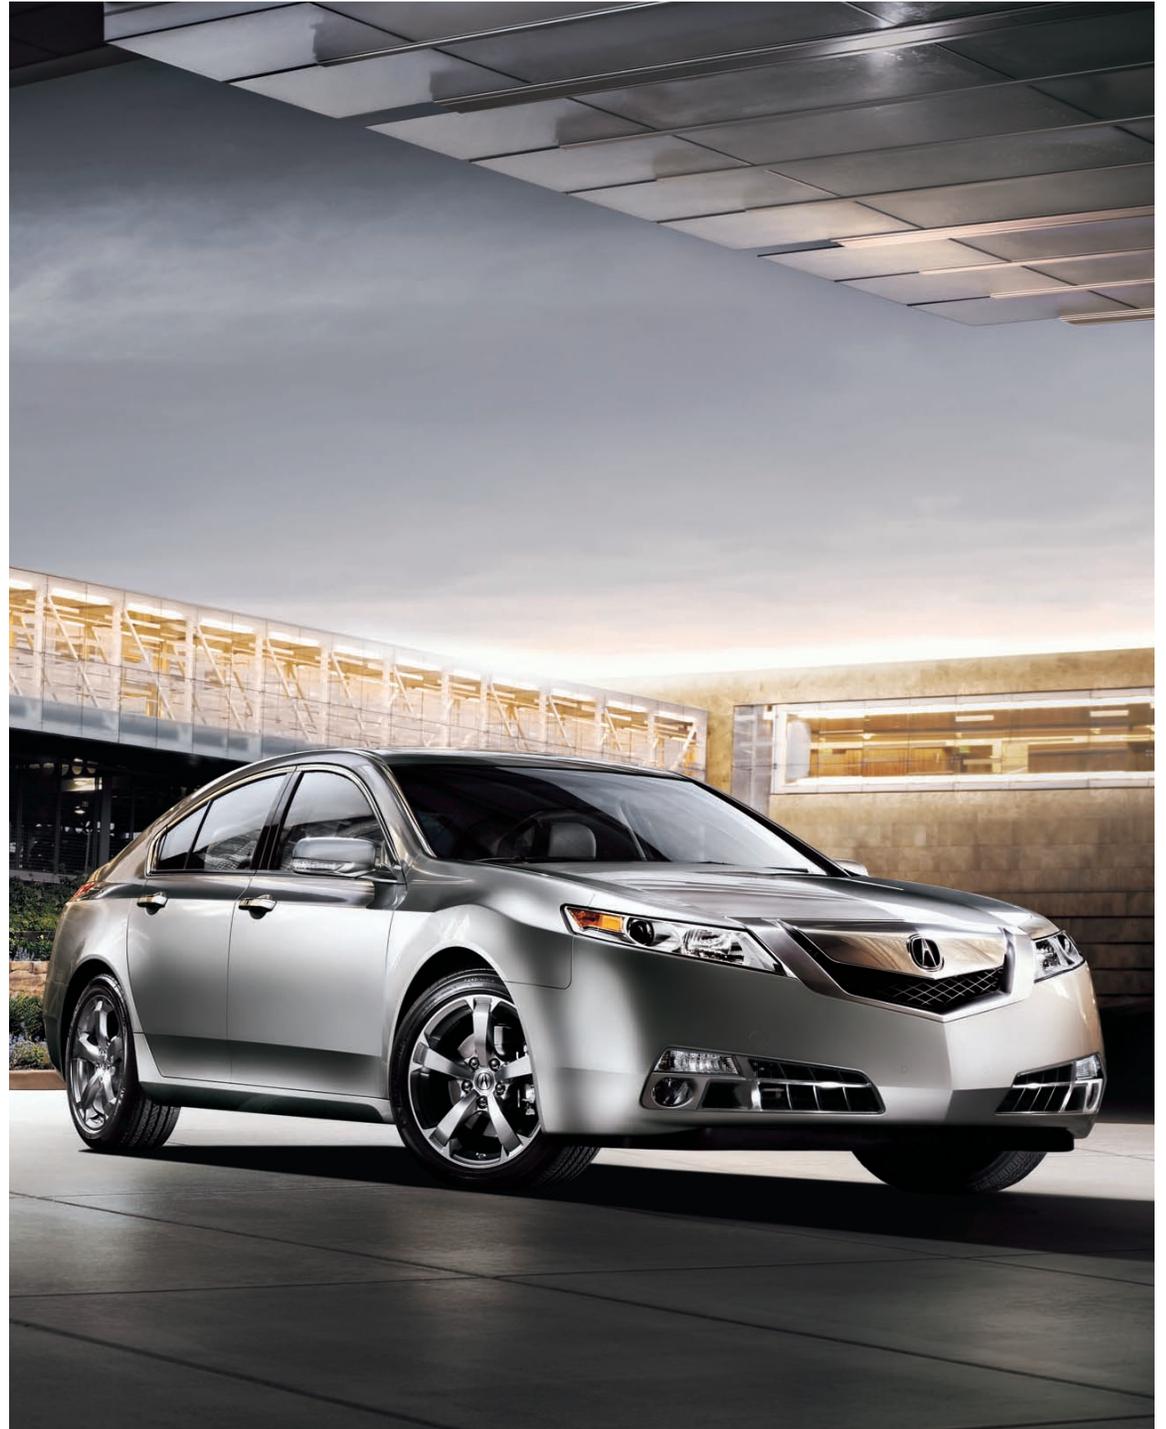

The TL's cabin is also a study of sleek form and precise function. Every element works without distracting from the task at hand. Complexity gives way to clarity. From the placement of the gauges to the feel of every control, the cockpit has been engineered to make you more relaxed, more comfortable, more in command. And along with the Acura/ELS Surround Premium Audio System and navigation with AcuraLink Real-Time Traffic and Weather,^{1,2} the available Technology Package also gives you the ability to bring the entire experience to life with a touch of the pushbutton ignition.

TSX

THIS IS EXPERIENTIAL LUXURY. WHERE AN ADVENTUROUS SPIRIT IS MET WITH REMARKABLE AGILITY. DESIRE DRIVES. TECHNOLOGY DELIVERS.

With its nimble handling and wealth of information and communication technologies, the TSX is the ideal urban accomplice. With the choice of two highly sophisticated engines, the vehicle turns every drive into a source of inspiration. Utilizing Acura's exclusive i-VTEC® technology, the 201-hp 4-cylinder engine spikes adrenaline right out of the blocks and keeps it elevated far down the road.

The new V-6-powered TSX generates even bigger thrills while still delivering excellent fuel economy. Producing 280 hp, it launches you off the line with authority. The V-6 model also features special suspension tuning and larger, 18-inch diameter wheels.

And as the TSX swiftly transports you to your destination, technologies like *Bluetooth* HandsFreeLink,³ the USB Audio Interface,⁴ available navigation with AcuraLink Real-Time Traffic and Weather,^{1,2} and the available Acura/ELS Surround Premium Audio System further connect you to your world.

MDX

IT IS POLISHED YET PURPOSEFUL.
SPACIOUS YET ATHLETIC. LUXURY
TRAVEL HAS BEEN GIVEN AN
ELEVATED, INSPIRED PERSPECTIVE.

Experience the commanding presence of the 7-seat MDX first-hand and you start to get a sense of the power within. Point the vehicle toward the nearest on-ramp and you will not be disappointed. But to live up to its designation as a driver's SUV, the MDX has to deliver more than sheer strength. This is why Acura engineers spent time honing the vehicle's edge at Germany's legendary Nürburgring test track. Take on your own favorite stretch of road and the vehicle's responsive 4-wheel independent suspension, available Active Damper System, new 6-speed automatic transmission and, of course, Super Handling All-Wheel Drive all conspire to deliver surprisingly nimble moves as well as confident, all-weather control.

Inside the MDX's bold new exterior, the cabin is a case study in personalized comfort. Rich leather adorns seats, steering wheel and other areas of contact. The tri-zone automatic climate control system allows for individual micro-climates. The available Acura DVD Rear Entertainment System also contributes to an enjoyable ride. The vehicle's long wheelbase and wide shoulders mean more elbowroom, more legroom and more breathing room. Even with every seat occupied. These and countless other features, like the available Acura/ELS Surround Premium Audio System and available navigation with AcuraLink Real-Time Traffic and Weather,^{1,2} are why the MDX is considered the benchmark in the luxury SUV segment.

RDX

MOVES THAT SATISFY ALL YOUR EXPECTATIONS OF HIGH-PERFORMANCE TRAVEL. UTILITY THAT SENDS THEM OFF IN A WHOLE NEW DIRECTION.

It is the antithesis of compromise. With its crisp handling, turbocharged acceleration and newly updated razor-sharp design, the RDX is the perfect blend of SUV functionality and sports-car attitude. Open the throttle and the highly efficient 240-hp engine responds with an immediate surge of acceleration, thanks to Acura's unique variable flow turbo charger. In both the RDX with Super Handling All-Wheel Drive and the new front-wheel-drive version, power reaches the pavement through a sophisticated 5-speed automatic transmission. It's been engineered to change the shift points to match various driving needs. You can also take direct control through the vehicle's racing-inspired paddle shifters.

The RDX's cabin also inspires you to action. Settle in behind the wheel and you'll find that every element has been crafted for optimal performance. Systems such as *Bluetooth* HandsFreeLink³, the USB Audio Interface⁴ and available Acura/ELS Surround Premium Audio System are all designed for intuitive operation. The available navigation system with continually updated traffic and weather information,^{1,2} as well as Zagat Survey[®] reviews, lets you plan your next move, even while you're concentrating on the here and now.

THE MEASURE OF A VEHICLE'S POWER IS
MORE THAN A SERIES OF NUMBERS ON A CHART.

There is nothing like the visceral thrill that accompanies big engine output. And while Acura engines deliver power seemingly beyond their size, the true marvel of these machines comes directly from the forces of innovative thinking. It starts with Acura's signature VTEC and i-VTEC technology. By utilizing two separate cam profiles, they provide peak performance throughout the rev range. In addition, the use of lightweight materials, such as aluminum and magnesium alloys, helps improve the all-important power-to-weight ratio. Take charge of any Acura and you'll soon be a believer in the power of innovative thinking.

TL SH-AWD ENGINE SHOWN.

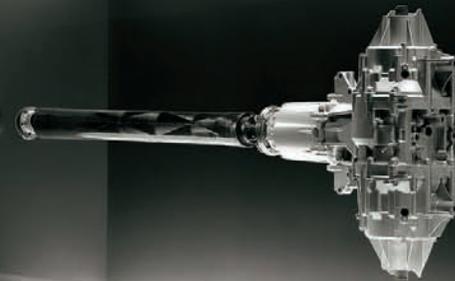

TURBOCHARGED ACCELERATION IN ADDITION TO THE BENEFITS OF i-VTEC TECHNOLOGY, THE RDX ALSO FEATURES A UNIQUE, VARIABLE FLOW TURBOCHARGER. BY NARROWING THE PATHWAY THROUGH WHICH EXHAUST ENTERS THE TURBO, IT SPOOLS UP TO SPEED QUICKLY, EVEN AT LOW RPM. THE RESULT IS A SIGNIFICANT REDUCTION OF THE ALL-TOO-FAMILIAR PROBLEM OF TURBO LAG, FOR POWER ON DEMAND WHENEVER YOU NEED IT.

INNOVATION ISN'T ALWAYS WHAT'S AROUND THE CORNER. SOMETIMES IT'S FOUND IN THE CORNER.

If the allure of spirited driving were less powerful, the issue of control would be less crucial. As things are, the desire is met in an Acura with systems designed not only to keep you connected to the road, but also to ensure that connection is a constant source of excitement. Chief among them is Acura's Super Handling All-Wheel Drive (SH-AWD). Unlike most competitive systems, SH-AWD can send up to 100% of available rear power to the wheel on the outside of a turn and increase its rotation speed for even tighter cornering. The result? The ability to track through curves with a precision unmatched by conventional all-wheel drive. Included on RL, MDX and ZDX and available on TL and RDX, it gives drivers confidence-inspiring stability and crisp, thrilling response.

SH-AWD

RL SH-AWD DRIVETRAIN AND COMPONENTS SHOWN.

A DEEPER SENSATION THAN TOUCH IS THE WAY A VEHICLE'S CABIN MAKES YOU FEEL.

While there is no denying the rewards of rich, premium leather, our designers go beyond simple material comfort in crafting our vehicles' cabins. Inside an Acura, the elements of design not only enhance the aesthetics, but they also work to increase your connection with the vehicle. Things like shape, texture and light all conspire to make you more comfortable, more confident and, ultimately, more in control. So as not to interfere with the pleasure of driving, every gauge, switch and knob has been designed and placed for easy navigation.

And while we're on the subject, the available Acura Navigation System¹ offers not only directions, but also information on over 7,000,000 points of interest, including Zagat Survey[®] ratings. You can also monitor traffic flow and get weather forecasts, thanks to the system's continuously updated traffic and weather features.²

RL SHOWN IN EBONY LEATHER WITH AVAILABLE CMBS/ACC PACKAGE.

THE ABILITY TO SHAPE AN
EXPERIENCE IS NOT LIMITED
TO TECHNOLOGIES FOUND
UNDER THE HOOD.

The traditional yardstick for automotive audio systems has always been high-end home setups. Acura engineers have gone beyond this measure, working to ensure that the music heard inside the cabin is as close to that experienced inside the original recording booth as possible.

The resulting Acura/ELS Surround Premium Audio System, developed with GRAMMY® Award-winning engineer and producer Elliot Scheiner, produces music with all the power and nuance of a live performance. This system (available on the TSX, TL, MDX, RDX and ZDX) has been specifically tuned to match the unique acoustic environment of each vehicle's cabin to treat listeners to a rich 360° aural experience.

TSX SHOWN IN PALLADIUM METALLIC WITH AVAILABLE TECHNOLOGY PACKAGE.

SEATED BEHIND THE WHEEL OF AN ACURA,
EVEN YOUR WORDS HAVE MORE POWER.

In those instances when an Acura can't anticipate your desires, a few words will usually suffice. Need a restaurant recommendation for the West Side, want to reserve a table, or find the quickest way there? Just press the steering wheel-mounted voice recognition button and you have intimate control of a number of vehicle systems. This available technology lets you connect with more of your world while keeping your hands firmly on the wheel, which you'll surely appreciate with a powerful engine at your command and a series of curves in your sights.

ACURALINK REAL-TIME WEATHER :::

See current information as well as forecasts for over 75 U.S. cities right on the screen of the available navigation system.^{1,2}

ZAGAT SURVEY® RESTAURANT REVIEWS :::

Get trusted recommendations, complete with food, service and decor ratings with this feature of the available navigation system.¹

BLUETOOTH HANDSFREELINK :::

Link your compatible *Bluetooth* enabled mobile phone and you can make and receive calls without taking your hands off the wheel.³

AUDIO SYSTEM CONTROLS :::

Take verbal control of most functions of the available Acura/ELS Surround Premium Audio System.

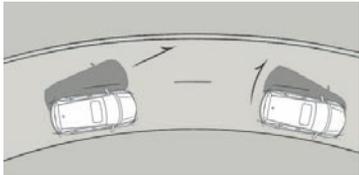

ACURALINK REAL-TIME TRAFFIC :::

The available navigation system quickly communicates traffic flow as well as collisions, road construction and weather-related incidents.^{1,2}

MULTI-ZONE CLIMATE CONTROL :::

Simply voice your preference and the system will adjust the temperature to meet each person's individual choice.

STABILITY AND CONTROL THE BEST COLLISION IS THE ONE THAT DOESN'T HAPPEN. IT'S WHY ACURA HAS DEVELOPED AN ARRAY OF SAFETY FEATURES DESIGNED TO HELP YOU STAY OUT OF HARM'S WAY. THESE INCLUDE VEHICLE STABILITY ASSIST™ (VSA®), WHICH CAN DETECT UNDERSTEER OR OVERSTEER AND HELP KEEP YOU ON YOUR DESIRED PATH, ABS BRAKES WITH BRAKE ASSIST THAT CAN SENSE EMERGENCY BRAKING AND DELIVER MAXIMUM BRAKE FORCE, AND A TIRE PRESSURE MONITORING SYSTEM⁶ (TPMS).

AIRBAGS INFLATED FOR DISPLAY PURPOSES.

RESTRAINT SYSTEMS EVERY ACURA COMES EQUIPPED WITH DUAL-STAGE, MULTIPLE-THRESHOLD FRONT AIRBAGS, FRONT SIDE AIRBAGS WITH A PASSENGER-SIDE OCCUPANT POSITION DETECTION SYSTEM (OPDS), SIDE CURTAIN AIRBAGS AND ACTIVE FRONT HEAD RESTRAINTS.*

*ALWAYS USE SEAT BELTS AND APPROPRIATE CHILD SEATS. CHILDREN 12 AND UNDER ARE SAFEST WHEN PROPERLY RESTRAINED IN THE REAR SEAT. FRONT AIRBAGS INFLATE AND DEFLATE IN A FRACTION OF A SECOND.

ADVANCED COMPATIBILITY ENGINEERING™ (ACE™) DESIGNED TO ENHANCE OCCUPANT PROTECTION AND CRASH COMPATIBILITY IN FRONTAL COLLISIONS, ACE UTILIZES A CONNECTED NETWORK OF STRUCTURAL ELEMENTS TO DISTRIBUTE CRASH ENERGY MORE EVENLY THROUGHOUT THE FRONT OF THE VEHICLE.

A LOT OF OUR THINKING WENT INTO SYSTEMS THAT SHOULD REMAIN THE FURTHEST FROM YOUR MIND.

At Acura, safety isn't an afterthought. In fact, we don't even consider it an isolated field. With the well-being of passengers a top priority, we've incorporated it into virtually every aspect of vehicle design. Protective systems are built into the steering, suspension, engine, brakes and cabin. This has resulted in vehicles that perform at high levels in both collision and injury mitigation. In fact, every Acura is designed and built with the goal of achieving 5-star crash-safety ratings from the National Highway Traffic Safety Administration (NHTSA).⁷

Acura Link

Acura has always had a penchant for seeing what's beyond the next horizon. Now it's your turn. The AcuraLink Satellite Communication System gives you a look ahead – whether it's up the road, or even days into the future. Services like the available AcuraLink Real-Time Traffic and Weather,² with its one- and three-day forecasts, help you plan your next move, even while you're focused on the here and now. AcuraLink is also your connection with Acura, delivering a wealth of information like Quick Tips and updated Feature Guides to help you get the most out of your new vehicle's many sophisticated systems. When the system is paired with a *Bluetooth* compatible phone,³ you can also get information on required services as they approach, and can schedule maintenance right from your car with the Automated Appointments™ feature.

OWNER BENEFITS

When you purchase a vehicle with the exceptional quality of an Acura, you expect service and support to be of the same caliber. After all, a premium automobile is only part of the ownership experience. With Acura you also get a commitment. To personalized care. To attentive service. This commitment is apparent the moment you first enter an Acura dealership and for years down the road. It comes from a belief that every aspect of owning an Acura should be an enjoyable and rewarding experience.

Total Luxury Care (TLC)⁹ Acura's commitment to your satisfaction doesn't end with delivery of a world-class vehicle. As an Acura owner, you'll enjoy an array of services, like the Acura Concierge, for help in an emergency or to help you plan a trip, Trip-Interruption benefits like alternative transportation, lodging and meals, and a 24-hour Roadside Assistance program.

Acura Limited Warranties¹⁰ All Acura vehicles and the accessories installed by the dealer at the time of vehicle purchase have a 4-year/50,000-mile limited warranty. Acura vehicles are also covered by a 6-year/70,000-mile limited powertrain warranty. In addition, outer body rust-through is covered by a 5-year/unlimited-mile limited warranty.

Acura Care[®] Additional peace of mind can be had with the Acura Care program – comprehensive vehicle and travel protection beyond the initial warranty period. See your Acura dealer for all the features and benefits available with this program.

ACURA.COM

From your first feelings of curiosity to assistance for years to come, this is your link to all things Acura.

acura.com Learn more about our vehicles, including the latest specifications, see photo galleries and technology videos, and find out how our vehicles compare to the competition. You can also build and price your Acura, see current offers and even get a quote from an Internet-certified Acura dealer.

Acura Financial Services¹¹ This online service lets you weigh the benefits of leasing and financing, estimate your payments, see current offers and special financing programs and get pre-approved.

MyAcura The online help doesn't end when you take possession of your vehicle. Your complimentary MyAcura personalized Web site gives the most current information about your vehicle, provides tips on how to care for your Acura, lets you keep a personalized maintenance record, sends you service reminders and lets you schedule service appointments online.

Acura also reserves the right to alter or withdraw the Acura Roadside Assistance Program, or any other part of the Acura TLC Program, at any time without notice. Specifications, features, illustrations and equipment shown in this catalog are based upon the latest available information at the time of publication. Although descriptions are believed to be correct, accuracy cannot be guaranteed. All images contained herein are either owned by American Honda Motor Co., Inc., or used under a valid license. It is a violation of federal law to reproduce these images without express written permission from American Honda Motor Co., Inc., or the individual copyright owner of such images. American Honda Motor Co., Inc., reserves the right to make changes at any time, without notice or obligation, in colors, specifications, accessories, materials and models. Some vehicles are shown with optional equipment. Make an intelligent decision. Fasten your seat belt. The *Bluetooth*® word mark and logos are owned by the *Bluetooth* SIG, Inc., and any use of such marks by Honda Motor Co., Ltd., is under license. Bose is a trademark of Bose Corporation. ELS Surround is a registered trademark of Panasonic Corporation of North America. All rights reserved. GRAMMY is a registered trademark of The Recording Academy and is used under license. LG and LG logo are trademarks of LG Electronics. All rights reserved. The XM name, XM NavTraffic and XM NavWeather are trademarks of SIRIUS XM Radio, Inc. Zagat Survey® is a registered trademark of Zagat Survey® LLC. ¹ Navigation system available in the 48 contiguous United States and Hawaii. TL, MDX and ZDX coverage includes Alaska. See your local Acura dealer for current navigation system area coverage. ² AcuraLink Real-Time Traffic and Weather require monthly premium XM NavTraffic® and NavWeather™ subscriptions. Vehicles with Technology Package include 90 days of XM NavTraffic and XM NavWeather service. Available in select markets. ³ Visit www.handsfreelink.com for a list of compatible phones and available features. ⁴ The USB Audio Interface is used for direct connection to and control of some current digital audio players and other USB devices that contain MP3, WMA, or AAC music files. Some USB devices with security software and digital rights-protected files may not work. Please see your dealer for details on compatibility. ⁵ Maximum towing capacity is 5,000 lbs. Towing requires the addition of the Acura genuine trailer-hitch kit, which includes a hitch, ball mount and wiring harness, available from your Acura dealer. See your dealer for additional towing information. ⁶ For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. See your dealer for details. ⁷ Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov). Model tested with standard side-impact airbags. ⁸ Required XM Radio monthly subscription sold separately after 90-day trial period. Other fees and taxes may apply, including a one-time activation fee. All fees and programming subject to change. Please see your dealer for details. ⁹ See your local dealer for details about Total Luxury Care (TLC) Roadside Assistance and Concierge Service. ¹⁰ Ordinary maintenance items or adjustments, parts subject to normal wear and replacement, and certain other items are excluded. See your Acura dealer for the terms and conditions of limited warranties. ¹¹ Acura Financial Services is a DBA of American Honda Finance Corporation.
