WARNING TRIANGLE

ENGINEERED FOR  
EXCELLENCE

All Jaguar-approved accessories are rigorously tested to the same exacting standards as our vehicles. They are examined under a range of temperatures, conditions and impacts to ensure durability and functionality worthy of Jaguar. Some of our testing categories include:

PREDICTIVE ANALYSIS

Using the latest predictive stress analysis methods validates the safety and durability of Jaguar accessories.

VIRTUAL ENGINEERING

Computer-Aided Design is used to ensure that accessories are conceived to complement the vehicle’s lines and stylish looks. This ensures the high quality of fit and finish that you have come to expect from Jaguar.

ENVIRONMENTAL

Different climates provide different challenges for these parts. Jaguar accessories are tested under a range of climate conditions to ensure quality performance.

DURABILITY

All accessories undergo the same test plan as the car itself, rigorously analyzed far beyond the extremes of normal customer usage.

RIG TESTING

Heavily integrated parts, such as roof bars, are developed and tested very early on during vehicle development to ensure seamless compatibility.
