# CAMARO DUSK

*For whatever you do after hours.*

This new special edition commands attention wherever it roams. It's contemporary, yet understatedly aggressive, with an international flair that keeps Camaro distinctively unique.

## THE LOOK

A Blue Ray Metallic exterior (paired with a Blue top on Convertible models) complements a stylish Mojave leather-appointed interior.

## THE DETAILS

Blue Ray Metallic door inserts, Ice Blue ambient lighting, Chevrolet Accessories premium floor mats, Yellow stitching\* (shift knob, center armrest, steering wheel) and a Mojave soft instrument panel insert complete the tailored look.

## THE RIDE

Don't let its sophisticated aesthetics fool you. Dusk is all about performance, with 21-inch Bright Silver painted wheels<sup>1</sup> and P245/40ZR21 front and P275/35ZR21 rear tires.

Camaro Dusk (RPO: CCS) is available to order in the second half of 2012 on 2LT or 2SS Camaro Coupe or Convertible models (includes RS Package). Available for a limited time only. See your local Chevrolet dealer for details.

<sup>1</sup>Summer-only tires tend to wear faster and are more susceptible to damage from road hazards or curb impact than standard profile tires. The GM New Vehicle Limited Warranty does not cover this type of damage. You may want to get different tires if you expect to drive in winter conditions. See your dealer for proper tire selection.
