CONNECT DISCOVER DEFINE

You move through the world confidently. With power and agility of a coupe and the versatility of an SUV, the Infiniti QX50 complements who you are, while the extended interior space empowers you to share your journey.

A STATEMENT OF REFRESHING STYLE

Starting with the dramatic new front fascia, the confident curves of the redesigned QX50 naturally flow over and around its sleek exterior.

IMMEDIATE SHINE The new front-end design integrates LED daytime running lights for a signature look and increased visibility, while Xenon HID headlights will turn to shed light where you steer.*

ILLUMINATE THE DARK See the road more clearly and securely. Updated with LED technology, the fog lights on the QX50 run more efficiently and brighter than halogen bulbs to help keep you focused on what's ahead.

ATHLETIC STANCE Large 19-inch alloy wheels not only complement the sporty proportions of the QX50, they are designed to make handling more responsive.* The lightweight construction inherently reduces unsprung weight and helps contribute to quicker turn-ins.

A PERSONAL WELCOME EVERY TIME YOU ARRIVE

You live by your instincts and the QX50 will feel like an extension of yourself—looking ahead, acting to assist, customizing comfort—all without you having to think about it.

ROOM TO PLEASE The wheelbase of the QX50 has been extended 80 mm without changing the dynamic appearance of the vehicle. The increase in space allows your rear passengers to enter and exit with ease, while also providing the luxury of an extra 109 mm in rear legroom.

INVITING YOU IN For added convenience and safety, Welcome Lighting responds to your presence automatically with a sequence of exterior then interior lights. The puddle lights illuminate the ground below, then the interior lights glow to help you settle in. The choreographed sequence ends with the Start/Stop button pulsing, waiting for you to bring it to life.

IMMEASURABLE VERSATILITY The second-row seats of the QX50 can effortlessly rise with a touch of a button located inside the cargo area or on the centre console! Loading and unloading has never been easier.

THOUGHTFUL ACCOMMODATIONS Located on the back of the driver's seat, the integrated head-restraint-mounted coat hanger is a personal touch you're sure to appreciate! It's the perfect place to hang your coat without blocking your view.

PERSONALIZED ACCESS Recognizing you upon your approach, the Infiniti Intelligent Key® lets you unlock the doors and rear liftgate, then start the engine without taking the key out from your pocket or purse. And as you enter, it slides your seat back for you, then adjusts your steering wheel and outside mirrors automatically to your preferences!

TECHNOLOGY THAT UNLOCKS A SHARED CONNECTION

Connect to your music, those around you, or just the one you're with.

EMPOWER YOUR TOUCH The Infiniti Controller puts simple, intuitive control of your technology systems at your fingertips. It allows you to interact via the inputs most intuitive to you—turning ring, touch-screen, input buttons, and even steering wheel controls—responding to you rather than you adjusting to it.

LISTENS TO YOU Infiniti Voice Recognition allows you to set a destination on the navigation system, call a contact from your phone, play an audio track, and much more without lifting your hands from the wheel. The system recognizes a wide variety of commands, making your life that much simpler and more elegant.¹

WIRELESS POSSIBILITIES Pair your Bluetooth®-compatible smartphone with your QX50 and a hands-free world opens up.² Receive and place calls. Stream your favourite playlists from portable music players.¹ All with the touch of a steering wheel button.

HIGH-QUALITY SOUND With 11 speakers, including two subwoofers, the Bose® Premium Audio System delivers your music with captivating depth and astonishing clarity. Listen to your favourite music through one of many ways. You can play CDs, stream music from a compatible Bluetooth® device or SiriusXM Satellite Radio, or connect and control your iPod® via the USB port.^{1,2,3,4}

POWER THAT ENABLES. BALANCE THAT BUILDS TRUST

Feel your confidence rise as you move with technologies that do more than give you capability—they elevate your driving experience.

INSTANTLY ADAPTS Without you having to think about it, the Intelligent All-Wheel Drive of the QX50 automatically monitors wheelspin, throttle position and vehicle speed, and can engage with the front wheels to enhance traction and control when road conditions are less than optimal.

ELEVATED VIEW The inherent ride height of the QX50 gives it an advantage in practicality and capability. Find yourself exploring more of your world with confidence.

NATURALLY SMOOTH SHIFTING The 7-speed automatic transmission offers a wide selection of gears for versatile performance and enhanced fuel economy.⁵ A driver-adaptive learning algorithm familiarizes itself with your driving style and adjusts shifting for responsiveness or efficiency to suit you.

HP

267
LB-FT

3.7-LITRE V6 ENGINE A potent blend of exciting response and intelligent efficiency, the 3.7L gasoline engine benefits from exclusive Variable Valve Event and Lift (VVEL[®]) technology. The engine continually adjusts when the intake valves open and how long they remain open. This results in more efficient airflow through the cylinder and significantly improves responsiveness and the confidence you'll have on every drive.

INHERENTLY RESPONSIVE BALANCE The Front-Midship Platform of the QX50 places the engine's centre of mass just behind the front wheel centreline. A sports car-inspired approach for near-equal front-to-rear weight ratio and inherent balance you feel with every turn.

AMPLIFY THE FEELING OF PERFORMANCE

*Confidently chase your horizons
with engineering that enhances
your senses with every dynamic
movement.*

A CONTINUOUS RUSH

Dedicated to delivering a shape and feel to acceleration, Infiniti engines are precisely tuned to unleash torque over a broader rev range. The force you feel seems to increase the faster you go and continually pushes you back into your seat.

INTUITIVE TRACTION

Intelligent All-Wheel Drive infinitely adjusts for better traction by sending anywhere from zero to 50% of the power to the front wheels when you need it, and 100% to the rear wheels for sporty response when you don't. You get AWD traction without sacrificing rear-drive feel.

SHARP SHIFTING

Feel the exhilaration of cornering in manual shift mode. When selecting a lower gear, Downshift Rev Matching adjusts the throttle so the transition between gears is smoother and quicker.

SIGNATURE EXHAUST NOTE

The unmistakable tone of the specially tuned exhaust shapes sound to create a heightened acceleration experience. The signature low growl accentuates every trip through the gears.

EFFORTLESS TURNS

Vehicle-speed-sensitive power steering gives you more power-assist at lower speeds and less at higher speeds, for the feeling of a greater connection when you want it, and ease when you need it.

PLEASING

METICULOUS IN

PLEASING TO THE EYES The soothing glow of the Fine Vision electroluminescent gauges has been designed to not only be brighter, but the contrast delivers information clearly, even at a glance.

OPTICAL PERFECTION Where the dashboard meets the door or centre console, the interior components are not only assembled to be perfect to a measurement but also to look perfect to your eye. This requires an exact manufacturing process that tightens the space in order to achieve a seamless design from the driver's point of view.

SEATS WITH STYLE The unique design of the driver and front-passenger seats exude opulence and style. While getting inspiration from the fit and drape of a finely tailored kimono, the result is an impeccable combination of form and function.

WITH EVERY
TOUCH

CONSISTENT SWITCH FEEL Touch a button. Then touch the one next to it. Notice that every button and switch is crafted with the same level of precision, so you sense a consistent Infiniti feel under the fingertip. With this attention paid to a switch, imagine how the remaining surfaces feel.

FINER FABRICS The seat belt is one of the few surfaces you continually touch, so we use a variable herringbone weave that is 20% softer than standard fabrics. This makes it more comfortable to wear, easier to pull out, and even less likely to snag your clothing.

EVERY
DETAIL

A NATURAL EXTENSION OF YOU

The QX50 intuitively helps you reach further with innovations that help you see clearer, be more aware and breathe easier.

360°
VIEW

SEE EVERY SIDE Gain a new perspective on what's around you. With the Around View® Monitor with Moving Object Detection, it's easier to see and manoeuvre in even the tightest spaces.^{1,6} Four cameras and one virtual 360° view from above elevate your parking expertise while also alerting you if a moving object is detected close by.

RECIRCULATE. REFRESH. RELAX. Just as you don't think about breathing, the Advanced Climate Control System^{1,7} adjusts without you asking. Constantly monitoring the incoming air, it senses outside fumes and automatically closes the vents, recirculating purified air throughout the interior. The system actively cleans the air, helping remove up to 99.5% of allergens.

ENHANCED AWARENESS The Front and Rear Sonar System^{1,8} alerts you by emitting a beeping tone and displays an icon on the RearView Monitor⁹ when approaching a detected obstacle near either bumper. It intuitively puts you in total control, while simultaneously putting you at ease.

INTUITIVE FRONT LIGHTING Illuminate where you truly want to be. The Adaptive Front lighting System (AFS) improves visibility at intersections and around curves by sensing your steering and turning the headlights. Together with Xenon HID headlights, AFS helps you see not just ahead but around as well.¹

FEEL SAFER

BE CLEARER IN TRAFFIC

KEEP YOUR DISTANCE Distance Control Assist^{1,10} looks ahead and helps warn you if your following distance becomes too short. If detected, and you do not take your foot off the accelerator pedal, the system will automatically engage the brakes and push back on the pedal.

KNOW YOUR WAY Find your way through busy streets and unfamiliar territory. The Infiniti Hard Drive Navigation System^{1,11} lets you choose a view that's most intuitive to you—a 2D overhead view or a 3D Birdview perspective. Lane Guidance will also help escort you exactly where you need to be for exits and interchanges.

MAINTAIN YOUR LANE The Lane Departure Warning and Lane Departure Prevention Systems^{1,12} monitor lane markings and will help warn you if you start to drift. If the drift continues, the Lane Departure Prevention system will help ease your vehicle back towards the centre of your lane by applying the brakes on the opposite side of the vehicle.

MANAGE YOUR PACE Set your desired speed and distance, and Intelligent Cruise Control (Full-Speed Range)^{1,13} will automatically adjust your speed in slowing traffic, all the way to a complete stop. Once the way clears, Intelligent Cruise Control will bring you back up to your preset speed.

ON THE ROAD

RECOGNIZING DANGER Intelligent Brake Assist with Forward Collision Warning^{1,14,15} uses a sensor to continuously monitor and analyze your closing speed to the vehicle ahead of you, to help detect an imminent collision. It provides a warning to alert the driver as the vehicle moves towards impact and—if needed—can automatically engage the brakes to help reduce the impact speed.

SCANS WHERE YOU CAN'T SEE The Blind Spot Warning System^{1,16} uses sensors to help alert you to a detected vehicle entering the blind spot area in an adjacent lane. First, the warning light illuminates. Then, if the turn signal is activated, a warning sounds.

BETTER DIRECTIONAL STABILITY WHILE STOPPING Electronic Brake force Distribution adjusts the amount of pressure applied to the front and rear wheels to enhance braking performance and reduce front-end dive.

STRONGER AND LIGHTER Ultra high-strength steel is twice as strong as conventional steel and is built around you to enhance your safety in case of a collision.

THE SUPPORT YOU NEED In certain rear-end collisions, the Front-seat Active Head Restraints can move forward to help cushion the head.

ENHANCED PROTECTION QX50 includes dual-stage front supplemental airbags, front seat-mounted side-impact supplemental airbags and roof-mounted curtain side-impact supplemental airbags.¹⁷

Spare Tire	Temporary use	•

EXTERIOR

Features	•
Automatic on/off headlights	•
Integrated front fog lights	•
LED rear brake lights and centre high-mounted stoplight	•
Power sliding tinted glass moonroof with one-touch auto-open/close, tilt feature and sliding sunshade	•
Aluminum roof rails	•
Integrated rear spoiler	•
UV-reducing solar glass	•
Power adjustable, heated outside mirrors with courtesy light under driver’s mirror	•
Outside mirrors with reverse tilt-down feature	◦
Speed-sensitive flat-blade front windshield wipers	•
Rear window intermittent wiper	•
Stainless steel front doorsill plates	•
Rear doors open a full 80 degrees for easier rear-seat entry and exit	•
Rear window defroster with indicator light and timer	•
Dual exhaust with polished finishers	•

INTERIOR

Features	•
Infiniti Intelligent Key® with Illuminated Push Button Ignition	•
Dual Zone Automatic Temperature Control system	•
Advanced Climate Control System with auto-recirculation, Plasmacluster® air purifier and Grape Polyphenol Filter ⁷	◦
Rear-seat heating and cooling vents in centre console and ducts under front seats	•
Power windows with illuminated switches and front-window one-touch auto-up/down with auto-reverse feature	•
Power door locks with automatic locking feature	•
Retained accessory power for windows and moonroof	•
Sequential welcome lighting illuminated entry system and overhead ambient light	•
Front sun visors with illuminated vanity mirrors and extensions	•
Coat hanger on driver’s head restraint	◦
Overhead sunglasses storage	•
Dual overhead front map lights, rear-seat reading lights	•
Front seatback map pockets	•
Dual front and rear cup holders	•
Front centre console with armrest, dual-level storage compartment and 12-volt power outlet	•
Front and rear carpeted floor mats	•
Cargo net tie-down anchors in cargo area	•

Distance Control Assist (DCA) ¹⁰	◦
Intelligent Cruise Control (Full-Speed Range) ¹³	◦

Safety Features

Safety	
Infiniti Advanced Airbag System (AABS) includes dual-stage front supplemental airbags with seat belt sensors and an occupant-classification sensor. Airbag inflation rate is adjusted depending on crash severity and seat belt usage. If the front-passenger's seat is empty, a sensor will deactivate the airbag ¹⁷	•
Driver and front-passenger side-impact supplemental airbags ¹⁷	•
Roof-mounted curtain side-impact supplemental airbags for front and rear-seat outboard occupant head protection ¹⁷	•
Front-seat Active Head Restraints (AHR)	•
3-point height-adjustable front seat belts with pre-tensioners and load limiters, driver's seat Emergency Locking Retractor (ELR) and passenger's seat ELR and Automatic Locking Retractor (ALR)	•
Second-row 3-point seat belts with ELR and ALR	•
Zone Body construction with reinforced passenger compartment and front and rear crumple zones	•
LATCH System (Lower Anchors and Tethers for CHildren) helps simplify proper installation of compatible child restraint seats	•
Electronic Brake force Distribution (EBD)	•
Brake Assist (BA) ¹⁸	•
4-wheel Anti-lock Braking System (ABS)	•
Blind Spot Warning (BSW) helps alert the driver to a vehicle detected in the blind spot area ¹⁶	◦
Forward Collision Warning (FCW). Using the QX50's sensors, this available feature helps alert the driver of an imminent forward collision by providing a visual and an audible warning ¹⁵	◦
Intelligent Brake Assist (IBA). This available active safety feature continuously monitors and analyzes closing speeds to a vehicle ahead or to a stationary obstacle. If the driver does not adequately respond to the Forward Collision Warning and a collision cannot be avoided, IBA will automatically engage the brakes to help reduce collision speed and impact, thus mitigating the consequences of the accident ¹⁴	◦
Lane Departure Warning (LDW) and Lane Departure Prevention (LDP) Systems. LDW sounds an audible warning when you start to drift out of your lane and LDP lightly applies the brakes to help ease you back into the travel lane ¹²	◦
Traction Control System (TCS)	•
Vehicle Dynamic Control (VDC) ¹⁹	•
Slide-away brake pedal assembly	•
Tire Pressure Monitoring System (TPMS) ²⁰	•
Security	
Remote keyless entry system with selective unlocking of driver's door or all doors	•
Infiniti Vehicle Immobilizer System embeds an encoded transponder chip in the Infiniti Intelligent Key®. The engine control computer will not allow the engine to start without the correct key and transponder	•
Vehicle Security System	•
HomeLink® Universal Transceiver offers control for compatible garage doors and home security systems	◦

Due to continuous product development and other pre- and post-production factors, actual vehicle, materials and specifications may vary from this brochure. Some vehicles shown with optional equipment. See the actual vehicle for complete accuracy. Availability and delivery times for particular models or equipment may vary. For additional information on availability, options or accessories, see your Infiniti Retailer or contact Infiniti a Division of Nissan Canada, Inc.

Available on select models. 2 Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Infiniti is under licence. 3 XM® and SiriusXM® Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. NavTraffic®/SiriusXM® Traffic is available in select North American markets. In Canada, at time of printing, incident and flow data is available for 12 metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Toronto, Ottawa, Montreal, Quebec City, Hamilton, St. Catharines, Kitchener, Guelph, and London). Subscription sold separately after trial period. All subscriptions subject to customer agreement at siriusxm.ca/terms. All fees and programming subject to change.

© 2016 Sirius XM Canada Inc. The Sirius, XM, and SiriusXM names and all related marks and logos are trademarks of Sirius XM Radio Inc. All other trademarks are the property of their respective owners.

4 Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. iPod is a registered trademark of Apple Inc. All rights reserved. iPod not included. 5 2016 Fuel Economy Estimates. Actual mileage may vary with driving conditions; use for comparison only. 6 Around View Monitor with Moving Object Detection cannot completely eliminate blind spots and may not detect every object. Moving Object Detection operates at vehicle speeds below 8 km/h. Always check surroundings and turn to look behind you before moving vehicle. 7 The Advanced Climate Control System with Plasmaclear air purifier helps scrub the air in the vehicle's interior. The system senses exterior odours, suppresses unpleasant interior odours, stops the inflow of external odours and helps keep the cabin smelling fresh, but does not always eliminate odours. 8 The Sonar System is a convenience, not a substitute for proper parking and/or backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object. 9 Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. 10 Distance Control Assist helps maintain a distance to the vehicle in front of you under certain conditions. Not a collision avoidance system. Failure to apply the brakes could result in an accident. 11 Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. 12 The Lane Departure Warning/Lane Departure Prevention Systems operate only when the lane markings are clearly visible on the road. Speed limitations apply. See your Owner's Manual for more details. 13 Intelligent Cruise Control is not a collision avoidance or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. 14 Intelligent Brake Assist is not a collision avoidance system. It may not provide warning or braking in certain conditions. Never rely solely on Intelligent Brake Assist. 15 Forward Collision Warning is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. See Owner's Manual for details. 16 Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. 17 Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. 18 Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times. 19 Vehicle Dynamic Control, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. 20 Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. 21 May require additional options or option packages. 22 Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect handling and stability of the vehicle.

iPod is a registered trademark of Apple Inc. Bose is a registered trademark of the Bose Corporation.
