ENABLE ENTERTAIN ENCOURAGE

You cherish the ones you are surrounded by. The ingenious versatility of the Infiniti QX60 inspires you to take advantage of every possibility and share every moment in distinguishable style.

REFINED TO STAND OUT

The redesigned front and rear of the QX60 continues to distinguish itself with a striking balance of function with bold form.

ELEVATED STYLE The new front and rear fascias of the QX60 display signature Infiniti design. From the double-arch grille to the redesigned taillights that accentuate the D-pillar, the confident curves captivate attention not usually given to a 7-passenger SUV.

IMMEDIATE SHINE Stylish and functional, Xenon HID headlights on the updated QX60 emit a brighter light over halogen bulbs, while the Infiniti eye-inspired LED daytime running lights provide another level of awareness with its increased visibility.

ILLUMINATE THE DARK See the road more clearly and securely. Updated with LED technology, the fog lights on the QX60 run more efficiently and brighter than halogen bulbs to help keep you focused on what's ahead.

ATHLETIC STANCE Large 20-inch alloy wheels not only complement the sporty proportions of the QX60, they are designed to make handling more responsive.¹ The lightweight construction inherently reduces unsprung weight and helps contribute to quicker turn-ins.

CELEBRATING YOUR ARRIVAL

The QX60 extends a welcome to you—and everyone you're with—thanks to thoughtful conveniences that anticipate passengers' needs on arrival.

PERSONALIZED ACCESS As you approach, the Infiniti Intelligent Key® lets you unlock the doors and liftgate—and even start the engine without taking the key out of your pocket or purse. As you enter, it slides your seat back for you, then adjusts your steering wheel, outside mirrors, climate, audio and driver settings automatically to your preferences.^{1,2}

INVITING YOU IN For added convenience and safety, Welcome Lighting responds to your presence automatically with a sequence of exterior then interior lights. Door handle lights illuminate the ground below, then the interior lights glow to help everyone settle in.

SIMPLIFYING ENTRY When you arrive with luggage, automatically open the power rear liftgate with the push of a button from the location most convenient to you—the liftgate handle, lower instrument panel or Intelligent Key. Closing the liftgate is just as simple.³

SEATING WITH COMFORT Every aspect of your journey is personal. Climate-controlled front seats actively circulate cool or warm air through the seat bottoms and heated second-row seats contribute to keeping everyone in their comfort zones.¹

METICULOUS IN EVERY DETAIL

From every seat, the surfaces you see and touch are finely crafted from luxurious materials and dedicated to comfort.

DISTINCTIVE STYLE The front and second-row leather-appointed seats feature a unique quilting pattern design that runs on both seat back and bottom of the seats, raising the level of elegance!

UNIQUE INTERIOR ACCENT The QX60 offers a well-appointed and inviting interior with high-quality materials. Maple interior accents' give the cockpit a distinctive look and merges old-world luxury with modern aesthetics.

PLEASING TO THE EYES The soothing glow of the Fine Vision electroluminescent gauges has been designed to not only be brighter, but the contrast delivers information clearly, even at a glance.

TOUCH OF WARMTH During winter months or chilly nights, the heated steering wheel system will warm up the steering wheel so you can comfortably manoeuvre the QX60. Simply push a button and feel devotion in the palm of your hands.

SPACE THAT GIVES YOU MORE FREEDOM

The open layout and brightness of the QX60 cabin creates an environment where personal comfort can be found in any seat.

ABUNDANT SPACE The QX60 provides versatility precisely tailored to the needs of every guest. Its low, wide stance helps maximize head and hip room for all passengers while the backs of the front seats give rear passengers more legroom.

COMFORT IN EVERY SEAT The Tri-Zone Automatic Temperature Control with microfilter indulges those inside with personal comfort. For the driver and front-seat passenger, individual climate controls are located on the instrument panel, while rear passengers can adjust the temperature through controls on the back of the centre console.

WIDE OPEN VIEW The second- and third-row moonroof elevates your passengers' viewing pleasure, streaming natural light into the cabin!

VERSATILITY OPENS UP POSSIBILITIES

The ease and intelligence of the QX60 interior design adapts to everyone and everything you bring with you.

EASING ADAPTABILITY The third row of the QX60 can effortlessly rise with a touch of a button located inside the cargo area. Loading and unloading has never been easier.^{1,3}

ACCOMMODATING ACCESS The ingenious, sliding second-row seats maximize legroom comfort and loading convenience with the ability to tilt and slide the seat forward on one side, even with a child seat installed, allowing access to the third row with far less effort⁴

TAILORING COMFORT Sliding second-row seats go to lengths to make sure your passengers find the room they need. With 139.7 mm of adjustment range, you can tailor legroom in the second or third row.

MAXIMIZE VERSATILITY The expansive interior was intelligently designed to adapt its volume to your needs. Optimize your cargo capabilities with 60/40-split second-row seats and 50/50-split third-row seats that fold virtually flat, providing a surface big enough to accommodate almost everything for your journeys.⁵

DEDICATED TO ASSIST AND ENTERTAIN

QX60 technologies intuitively assist you and thoughtfully expand everyone's entertainment.

360°
VIEW

SEE EVERY SIDE Gain a new perspective on what's around you. With the Around View® Monitor with Moving Object Detection and Front and Rear Sonar System,^{1,5,6} it's easier to see and manoeuvre in even the tightest spaces. Four cameras and one virtual 360° view from above elevate your parking expertise while also alerting you whether a moving or stationary object is detected close by.

PERSONAL PERFORMANCE With dual 7-inch headrest monitors,⁷ rear-seat passengers can experience personal entertainment by playing their own movies or games, while those in front enjoy their own music.

HIGH-QUALITY SOUND The Bose® Cabin Surround®¹ sound system boasts 15 speakers, including 2 subwoofers. Each has been custom-tuned to deliver rich and realistic 5.1 surround sound. Active Noise Cancellation¹ intelligently detects road or wind noise and neutralizes it with opposing sound waves for a more serene driving experience.

WIRELESS POSSIBILITIES Pair your Bluetooth®-compatible smartphone with your QX60, and a hands-free world opens up.² Receive and place calls. Stream your favourite playlists from portable music players. All with the touch of a steering wheel button.^{1,8}

KEEP YOU IN PLACE Navigate over hilly terrains effortlessly. The Hill Start Assist system allows you to get started without rolling backward. Brakes are automatically applied to help prevent your vehicle from moving and will hold it momentarily until the accelerator is applied.

ASSISTING EFFICIENCY To help improve fuel economy, the Eco Pedal¹ system counteracts with the pedal push-back control mechanism if an excess of pressure on the accelerator is detected. An indicator on the instrument panel will also indicate the optimal level for fuel-efficient driving.

BE CLEARER IN TRAFFIC

MANAGE YOUR PACE Set your desired speed and distance and Intelligent Cruise Control (Full-Speed Range)^{1,9} will automatically adjust your speed in slowing traffic, all the way to a complete stop. Once the way clears, Intelligent Cruise Control will bring you back up to your preset speed.

MAINTAIN YOUR LANE The Lane Departure Warning and Lane Departure Prevention Systems^{1,10} monitor lane markings and will warn you if you start to drift. If the drift continues, the LDP System will ease your vehicle back towards the centre of your lane by applying the brakes on the opposite side of the vehicle.

KNOW YOUR WAY Find your way through busy streets and unfamiliar territory. Infiniti Navigation with Infiniti Connection^{®1,11,12} lets you choose a view that's most intuitive to you—a 2D overhead view or a 3D Birdview perspective. Lane Guidance will also help escort you exactly where you need to be for exits and interchanges.

KEEP YOUR DISTANCE Distance Control Assist^{1,13} looks ahead and warns you if your following distance becomes too short. If detected, and you do not take your foot off the accelerator pedal, the system will automatically apply up to 40% of braking power and push back on the pedal.

FEEL SAFER ON THE ROAD

ADVANCED WARNING Forward Emergency Braking with pedestrian detection^{1,14} detects vehicles in the lane ahead of you, and if deceleration is required, the accelerator pedal is pushed up and the brakes are applied to help minimize a collision—or even help prevent one. It also adds another dimension of security by looking out for pedestrians that enter your vehicle's path.

RECOGNIZING DANGER Predictive Forward Collision Warning^{1,15} uses radar to continuously monitor not only the vehicle directly ahead of you but the vehicle in front of that one as well. If the system detects a potential risk, it provides an audible and visual alert.

MORE SURE WHEN REVERSING Backup Collision Intervention^{1,16} increases your awareness and ability to react. As you back up, the system warns you of approaching vehicles and large stationary objects detected behind your vehicle and can help you avoid a collision by applying the brakes.

SOUND OF SAFETY When the QX60 Hybrid is driven at low speeds, it emits almost no noise. Here, the Approaching Vehicle Sound for Pedestrians¹ system uses an audible sound to help ensure the safety of other road users.

SENSES WHERE YOU CAN'T SEE The Blind Spot Warning and Blind Spot Intervention[®] Systems^{1,17} use sensors to help alert you to a vehicle detected entering the blind spot area in an adjacent lane and helps you avoid it. First, the warning light illuminates. Then, if you begin moving toward the occupied lane, a warning sounds. The system will even apply opposite side brakes to help you guide your vehicle back to the centre of your current driving lane.

ENHANCED PROTECTION The QX60 includes dual-stage front supplemental airbags, front seat-mounted side-impact supplemental airbags and roof-mounted curtain side-impact supplemental airbags with rollover sensor.¹⁸

STRONGER AND LIGHTER Ultra high-strength steel is twice as strong as conventional steel and is built around you to enhance your safety in case of a collision.

265
HP

8.9
L/100KM¹⁹

3.5-LITRE V6 ENGINE The true excellence of the QX60's engines lies in the feeling experienced as you drive. The 3.5-litre V6 engine features VVEL[®] technology to adjust on the fly to make the most of every bit of fuel and every breath it takes, resulting in a stirring 265 HP while achieving 8.9 L/100km.¹⁹

250
HP

8.4
L/100KM¹⁹

2.5-LITRE SUPERCHARGED ENGINE The 2.5-litre supercharged four-cylinder engine with Infiniti Direct Response Hybrid[®] defies everything you think about hybrids. It has a combined system power of 250 horsepower that responds with stirring quickness while it achieves a surprising 8.4 L/100km on the highway.¹⁹

A CONTINUOUS RUSH Dedicated to delivering a shape and feel to acceleration, Infiniti engines are precisely tuned to unleash torque over a broader rev range. The force you feel seems to increase the faster you go and continually pushes you back into your seat.

POWER IN BALANCE WITH CONTROL

Feel performance engineering that does more than respond—it elevates your confidence.

EXCEPTIONALLY SMOOTH The QX60 changes the way you feel power without ever changing gears, thanks to a Continuously Variable Transmission (CVT). CVT replaces traditional gears with a continuously adjusting belt, meaning you'll always have the optimum setting for responsive acceleration, fuel efficiency and the feeling of effortless smoothness.

INTUITIVE TRACTION Intelligent All-Wheel Drive infinitely adjusts for better traction by sending anywhere from zero to 50% of the power to the rear wheels, enhancing traction and control when conditions are compromised. When all-wheel drive is not needed, 100% of the power is channelled to the front wheels.

MAXIMIZE YOUR DESIRE Infiniti Drive Mode Selector allows you to select a driving experience that fits your needs of the moment, with four options: Standard Mode, appropriate for everyday conditions; Eco Mode, which helps increase fuel economy; Sport Mode, which allows for sportier acceleration; and Snow Mode, helping you maintain control and avoid spinning wheels in snowy conditions.

SAFETY FEATURES

Safety		
Infiniti Advanced Airbag System (AABS) includes dual-stage front supplemental airbags with seat belt sensors and an occupant-classification sensor. Airbag inflation rate is adjusted depending on crash severity and seat belt usage. If the front-passenger’s seat is empty, a sensor will deactivate the front-passenger airbag ¹⁸	•	•
Driver and front-passenger seat-mounted side-impact supplemental airbags ¹⁸	•	•
Roof-mounted curtain side-impact supplemental airbags with rollover sensor for first-, second- and third-row outboard occupant head protection ¹⁸	•	•
3-point height-adjustable front seat belts with pre-tensioners and load limiters, driver’s seat Emergency Locking Retractor (ELR) and passenger’s seat ELR and Automatic Locking Retractor (ALR)	•	•
Rear 3-point seat belts with ELR and ALR	•	•
Zone Body construction with reinforced passenger compartment and front and rear crumple zones	•	•
LATCH System (Lower Anchors and Tethers for CHildren) helps simplify proper installation of compatible child restraint seats (Second-row outboard only)	•	•
Child-seat top tether anchors for second-row centre seat and third-row passenger’s side seat	•	•
Electronic Brake force Distribution (EBD)	•	•
Brake Assist (BA) ²³	•	•
4-wheel Anti-lock Braking System (ABS)	•	•
Blind Spot Warning (BSW) and Blind Spot Intervention® (BSI®) help alert the driver to a vehicle detected in the blind spot area ¹⁷	◦	◦
Lane Departure Warning (LDW) and Lane Departure Prevention (LDP) Systems. LDW sounds an audible warning when you start to drift out of your lane, and LDP selectively applies the appropriate brakes to help ease your vehicle back toward the centre of the travel lane ¹⁰	◦	◦
Predictive Forward Collision Warning ¹⁵	◦	◦
Forward Emergency Braking with pedestrian detection ¹⁴	◦	◦
Traction Control System (TCS)	•	•
Vehicle Dynamic Control (VDC) ²⁴	•	•
Approaching Vehicle Sound for Pedestrians (VSP)		•
Slide-away brake pedal assembly	•	•
LED taillights. Lighting faster than conventional taillights, they help give drivers behind you a quicker indication of your braking	•	•
Tire Pressure Monitoring System (TPMS) provides specific information for each tire and low pressure warning ²⁵	•	•
Security		
Remote keyless entry system with selective unlocking of driver’s door or all doors	•	•
Remote power-opening of windows; closing via exterior door lock	•	•
Infiniti Vehicle Immobilizer System embeds an encoded transponder chip into the Infiniti Intelligent Key®. The engine control computer will not allow the engine to start without the correct key and transponder	•	•
Vehicle Security System sounds alarm if intrusion is detected	•	•
HomeLink® Universal Transceiver offers control for compatible garage doors, estate gates and certain home/office lights	•	•
Auto Hazard Warning Signal	•	•

• Standard ◦ Available

1 Available on select models. **2** Provincial laws may apply; review local laws before using. **3** Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. **4** Slide-forward function should not be performed with the CRS occupied. **5** Around View Monitor with Moving Object Detection cannot completely eliminate blind spots and may not detect every object. Moving Object Detection operates at vehicles speeds below 8 km/h. Always check surroundings and turn to look behind you before moving vehicle. **6** The Sonar System is a convenience, not a substitute for proper parking and/or backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object. **7** Availability of specific features is dependent upon the phone's Bluetooth[®] support. Please refer to your phone Owner's Manual for details. Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Infiniti is under licence. **8** Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. iPod is a registered trademark of Apple, Inc. All rights reserved. iPod not included. **9** Intelligent Cruise Control is not a collision avoidance or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. **10** The Lane Departure Warning/Lane Departure Prevention Systems operate only when the lane markings are clearly visible on the road. Speed limitations apply. See your Owner's Manual for more details. **11** Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. **12** Driving is serious business. Only use Infiniti Connection[®] and Infiniti Connection Plus services when safe to do so. Services, including automatic crash notification and SOS, require an active subscription, and are dependent upon the telematics device being in an operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data, and GPS satellite signal receptions, the absence of which can limit or prevent the ability to reach Infiniti Connection Customer Care or receive support. Services require compatible 2G GSM/GPRS cellular network provided by independent cellular companies. 2G cellular network not available in all areas and/or available at all times. Cellular technology is evolving, and changes to cellular networks provided by independent companies are not within Infiniti's control. Like other devices that rely on 2G network coverage, once the 2G network is terminated, Infiniti Connection and Infiniti Connection Plus services will not function unless equipment replacements, upgrades, or alternative 2G network coverage are available at that time, which Infiniti cannot guarantee. Infiniti is not responsible for associated costs that may be required for continued operation due to cellular network termination (including equipment upgrades, if available, or roaming charges on alternative networks). Certain vehicle services, including Google[®] compatible services, provided by independent companies are not within Infiniti's control and are subject to change without notice or liability to Infiniti and its affiliates and agents. Complimentary 12 month subscription begins on your date of purchase. Subsequently, your credit card (if on file) will be charged at the then current subscription rate and your service will continue for 1 year periods under the terms of your Subscription Agreement, unless cancelled. Terms and conditions of Subscription Agreement apply. Standard text rates and/or data usage may apply to Infiniti Connection communications received by email or SMS/text message. **13** Distance Control Assist helps maintain a distance to the vehicle in front of you under certain conditions. Not a collision avoidance system. Failure to apply the brakes could result in an accident. **14** Forward Emergency Braking with pedestrian detection is not a replacement for responsible driving. May not provide braking or pedestrian detection in certain conditions. Limitations apply. See Owner's Manual for details. **15** Predictive Forward Collision Warning is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. See Owner's Manual for details. **16** Backup Collision Intervention will not detect every object, and speed limitations apply. Always check surroundings and turn to look behind you before moving vehicle. See Owner's Manual for details. **17** Blind Spot Warning/Blind Spot Intervention Systems are not a substitute for proper lane change procedures. The systems will not prevent contact with other vehicles or accidents. They may not detect every vehicle or object around you. **18** Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. **19** 2016 Fuel Economy Estimates. Actual mileage may vary with driving conditions—use for comparison only. **20** See Infiniti Towing Guide and Owner's Manual for proper use. **21** XM[®] and SiriusXM[®] Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. NavTraffic[®]/SiriusXM[®] Traffic is available in select North American markets. In Canada, at time of printing, incident and flow data is available for 12 metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Toronto, Ottawa, Montreal, Quebec City, Hamilton, St. Catharines, Kitchener, Guelph, and London). Subscription sold separately after trial period. All subscriptions subject to customer agreement at siriusxm.ca/terms. All fees and programming subject to change. © 2016 Sirius XM Canada Inc. The Sirius, XM, and SiriusXM names and all related marks and logos are trademarks of Sirius XM Radio Inc. All other trademarks are the property of their respective owners. **22** Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. **23** Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times. **24** Vehicle Dynamic Control, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. **25** Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. **26** Active Trace Control cannot prevent accidents or loss of control. It is the driver's responsibility to be in control of the vehicle at all times. **27** The Advanced Climate Control System with Plasmacluster air purifier helps scrub the air in the vehicle's interior. The system senses exterior odours, suppresses unpleasant interior odours, stops the inflow of external odours and helps keep the cabin smelling fresh, but does not always eliminate odours. **28** May require additional options or option packages.
