QX80

2016

MOVE EMPOWER INDULGE

You see an opportunity in every experience, and the true luxury of the Infiniti QX80 enables you to pursue your desires with commanding capabilities and undeniable presence.

BOLD IN DESIGN. UNMISTAKABLE IN PRESENCE

Much more than its full-size stature, the QX80 expresses confidence in the clarity of its lines and the sculpting of its curves. It is an invitation to live audaciously.

IMPRESSION AMPLIFIED Expressing signature Infiniti design, the double-arch grille is prominently placed in front and centre. The arc of the bottom, like a natural reflection to that of the top, gives the front fascia a distinctive appearance.

EXPRESSIVE ILLUMINATION Stylish and functional, the LED headlights of the QX80 shed light where you steer and also provide another level of awareness with signature LED daytime running lights.

ATHLETIC STANCE Large 22-inch forged aluminum-alloy wheels¹ not only complement the epic proportions of the QX80, they are designed to make handling more responsive. The lightweight construction inherently reduces unsprung weight and helps contribute to quicker turn-ins.

FUNCTIONALLY SEDUCTIVE Zero-lift aerodynamics help ensure your QX80 is balanced while in motion, helping maintain exceptional stability at speed and its intimate connection to the road.

POWER THAT PUSHES YOUR BOUNDARIES

*Discover a whole new world with
capability delivered through refinement
and revealed with its performance.*

POWER TO PULL

With an impressive capability to tow up to 8,500 lbs², the QX80 offers you an extra dose of confidence and ability with just the push of a button. When you engage Tow Mode, the tuning of the engine adjusts to draw out more pulling power. It also adjusts the transmission for shifts that accommodate your heavy load.

5.6L V8

Designed to be both more powerful and more efficient, the 5.6-litre V8 direct injection gasoline engine features Variable Valve Event and Lift technology (VVEL[®]) that enhances throttle response as well as economy. 400 HP and 413 lb-ft of torque deliver up to an impressive 8,500 lbs towing capacity and the ability to pass with confidence.²

NATURALLY SMOOTH SHIFTING

The 7-speed automatic transmission offers a wide selection of gears for versatile performance and enhanced fuel economy. The driver-adaptive learning algorithm of Adaptive Shift Control matches to your driving style and adjusts shifting for responsiveness or efficiency to suit you.

A CONTINUOUS RUSH

Dedicated to delivering a shape and feel to acceleration, Infiniti engines are precisely tuned to unleash torque over a broader rev range. The force you feel seems to increase the faster you go and continually pushes you back into your seat.

PULLING STABILITY

When heavy cargo is loaded into the rear or when towing, the Rear Auto-Leveling Suspension of the QX80 adjusts the suspension to help maintain an optimum ride height, providing you with better handling, braking and directional stability.^{2,3}

ELEVATE YOUR COMMAND

The Infiniti QX80 rises above with innovations that adapt to give you more confidence on the road.

EFFORTLESS TURNS Vehicle-speed-sensitive power steering¹ gives you more power-assist at lower speeds and less at higher speeds, for greater connection when you want it and ease when you need it.

HOLD THE ROAD All-Mode 4WD[®] helps ensure you're ready for anything. Set it to AUTO, and it continually adjusts power between the front and rear wheels, or enable 2WD, 4WD High or 4WD Low to handle almost any condition.

WITH
HYDRAULIC BODY
MOTION CONTROL

WITHOUT
HYDRAULIC BODY
MOTION CONTROL

BETTER CORNERING AND COMFORT The power and size of the QX80 is complemented with innovative technology to augment cornering. The Hydraulic Body Motion Control¹ system monitors force and regulates the suspension for minimized body lean and a smoother ride.

FINDING THE BEST GRIP When your adventures come across unfavourable road conditions, 4-Wheel Active Brake Limited Slip senses wheelspin, then automatically applies braking force to the spinning wheel while directing power to the wheels with better traction.

ACCOMMODATES EVERYONE'S INTEREST

*Along every journey, never lose touch.
And in every seat, always be entertained,
thanks to technologies that seek the
comfort of every individual.*

EMPOWER YOUR TOUCH The Infiniti Controller puts simple, intuitive control of your technology systems at your fingertips. It allows you to interact via the inputs most intuitive to you—turning ring, touch-screen, input buttons, and even steering wheel controls—responding to you rather than you adjusting to it.

AUDITORY INDULGENCE The 15 speakers of the Bose® Cabin Surround® delivers your music with captivating depth and astonishing clarity. Sound delivery is engineered specifically for the QX80 to filter out noise and distortion.

INTELLIGENT CONVENIENCE Press a button on the steering wheel and the Infiniti Voice Recognition recognizes a wide variety of commands. Set a destination on the navigation system;⁴ or choose a radio station. You can also receive and place calls through your Bluetooth®-compatible smartphone and access your favourite playlists—all without removing your hands from the wheel.⁵

PREMIUM SECOND ROW There is no coach class in an Infiniti QX80. Leather-appointed, spacious captain's chairs support passengers in total comfort even on long journeys. Those in the second row also enjoy heated seats,¹ their own customizable climate control zone, and a spacious wood-trimmed centre console armrest.¹

INDIVIDUALIZED ENTERTAINMENT The Tri-Zone Entertainment System⁶ offers dual 7-inch screens for second-row passengers, so they can play their own movies or games, even while those in front enjoy their own music.

INGENUITY

THAT ENHANCES YOUR ABILITIES

SEE EVERY SIDE Gain a new perspective on what's around you. With the Around View® Monitor with Moving Object Detection⁷ and Front and Rear Sonar System⁸, it's easier to see and manoeuvre in even the tightest spaces. Four cameras and one virtual 360° view from above elevate your parking expertise while also alerting you whether a moving or stationary object is detected close by.

COMFORT IN EVERY SEAT The Tri-Zone Automatic Temperature Control with microfilter indulges every passenger with personal comfort, offering climate controls for three distinct zones.

360°
VIEW

INGENUITY

INTUITIVE FRONT LIGHTING Illuminate where you truly want to be. The Adaptive Front lighting System (AFS)⁹ improves visibility at intersections and around curves by sensing your steering and turning the headlights. Together with LED headlights, AFS helps you see not just ahead but around as well.

A CLEARER REFLECTION Auto-dimming outside mirrors make driving after dark more comfortable and more confident by reducing glare from the headlights of vehicles behind you. Throughout the day and deep into the night, your comfort is catered to.

EXTEND EFFORTLESS COURTESY As a courtesy to you and others, High Beam Assist recognizes any oncoming and leading vehicles, then automatically switches to your low beams. Once traffic is clear, the high beam setting is restored.

U.S. model shown.

THAT ANTICIPATES YOUR NEEDS

TRANSFORM THE WAY YOU MOVE THROUGH TRAFFIC

*Whether roads are clear or chaotic,
intelligent technologies help guide
you through every moment.*

SCANS WHERE YOU CAN'T SEE

The Blind Spot Warning and Blind Spot Intervention® Systems^{1,9} use sensors to help alert you to a vehicle detected entering the blind spot area in an adjacent lane and help you avoid it. First, the warning light illuminates. Then, if you begin moving toward the occupied lane after using the turn signal, a warning sounds, and the system will even apply opposite side brakes to help guide your vehicle back toward the centre of your current driving lane.

KNOW YOUR WAY

Find your way through busy streets and unfamiliar territory. The Infiniti Hard Drive Navigation System⁴ lets you choose a view that's most intuitive to you—a 2D overhead view or a 3D Birdview perspective. Lane Guidance will also help escort you exactly where you need to be for exits and interchanges.

MAINTAIN YOUR LANE

The Lane Departure Warning and Lane Departure Prevention Systems^{1,10} monitor lane markings and will help warn you if you start to drift. If the drift continues, the system will ease your vehicle back towards the centre of your lane by applying the brakes on the opposite side of the vehicle.

MANAGE YOUR PACE

Set your desired speed and distance, and Intelligent Cruise Control (Full-Speed Range)^{1,11} will automatically adjust your speed in slowing traffic, all the way to a complete stop. Once the way clears, Intelligent Cruise Control will bring you back up to your preset speed.

KEEP YOUR DISTANCE

Distance Control Assist^{1,12} looks ahead and helps warn you if your following distance becomes too short. If detected, and you do not take your foot off the accelerator pedal, the system will automatically engage the brakes and push back on the pedal.

PREPARED FOR

U.S. models shown.

PREPARED FOR

RECOGNIZING DANGER Predictive Forward Collision Warning^{1,13} uses radar to continuously monitor not only the vehicle directly ahead of you but the vehicle in front of that one as well. If the system detects a deceleration, it provides an alert and tightens the driver's seat belt to help restrain you.

MORE SURE WHEN BACKING Backup Collision Intervention^{1,14} increases your awareness while in reverse. As you back up, the system warns you if approaching vehicles or large objects are detected behind your vehicle and can help you avoid a collision by applying the brakes.

ADVANCED WARNING Forward Emergency Braking^{1,15} adds another dimension of security. It detects vehicles in the lane ahead of you, and if deceleration is required, the accelerator pedal is pushed up and the brakes are applied to help minimize a collision—or even help prevent one.

WHAT YOU CAN'T AVOID

STRONGER AND LIGHTER Ultra high-strength steel is twice as strong as conventional steel and is built around you to enhance your safety in case of a collision.

THE SUPPORT YOU NEED In certain rear-end collisions, the Front-seat Active Head Restraints can move forward to help cushion the head.

ENHANCED PROTECTION The QX80 includes dual-stage front supplemental airbags, front seat-mounted side-impact supplemental airbags and roof-mounted curtain side-impact supplemental airbags with rollover sensor.¹⁶

PREPARED TO PROTECT During emergency braking situations, the Pre-Crash Seat Belts¹ are automatically tightened.

WHAT YOU CAN'T SEE

A HIGHER DISTINCTION

Be drawn into the striking presence of the QX80 Limited. By adding an even higher level of craftsmanship, it takes the QX80 to new heights of style and comfort.

LEATHER APPOINTMENTS Inside the QX80 Limited, you'll be rewarded with leather treatments on the steering wheel, grab handles and speaker grill trim. Truffle Brown leather-appointed seats are also tailored with unique silver contrast stitching and piping that highlights the distinctive quilting of the seats.

INVITING DETAILS Be welcomed by the glow of the lighting under the running board. While inside, the distinct Open Pore Matte Finish Ash Wood trim raises the level of sophistication. Take it all in, then look above and feel the added touch of elegance of the ultrasuede headliner.

EXCLUSIVE COLOURS In addition to the Hermosa Blue, Majestic White and Black Obsidian, the QX80 Limited offers three exclusive paint colours—a dramatic Imperial Black, a deep Mocha Almond and a rich Dakar Bronze.

DARK ACCENTS Appointed with 22-inch dark chrome finish wheels and complemented with dark chrome accents throughout, the elusive demeanor of the QX80 Limited follows you wherever you go. The darkened headlight and taillight lenses add to the sense of mystery.

Safety Features

Safety			
Infiniti Advanced Airbag System (AABS) includes dual-stage front supplemental airbags with seat belt and occupant classification sensor, which adjust their inflation rate depending on crash severity and seat belt usage. If the front-passenger's seat is empty, a sensor will deactivate the airbag ¹⁶	•	•	•
Driver and front-passenger front seat-mounted side-impact supplemental airbags (SRS) ¹⁶	•	•	•
Roof-mounted curtain side-impact supplemental airbags with rollover sensor for outboard occupant head protection for all three rows ¹⁶	•	•	•
Front-seat Active Head Restraints (AHR)	•	•	•
3-point height-adjustable front seat belts with pre-tensioners and load limiters, driver's seat Emergency Locking Retractor (ELR) and passenger's seat ELR and Automatic Locking Retractor (ALR)	•	•	•
Second-row outboard 3-point height adjustable seat belts with ELR and ALR (3-point centre position seat belt available with split bench seat option)	•	•	•
Third-row 3-point seat belts with ELR and ALR	•	•	•
Zone Body construction with reinforced passenger compartment and front and rear crumple zones	•	•	•
LATCH System (Lower Anchors and Tethers for CHildren) helps simplify proper installation of compatible child restraint seats	•	•	•
Child safety rear door locks	•	•	•
Electronic Brake force Distribution (EBD)	•	•	•
Brake Assist (BA) ²³	•	•	•
4-wheel Anti-lock Braking System (ABS)	•	•	•
Blind Spot Warning helps alert the driver to a vehicle detected in the blind spot area ⁹	◦	◦	•
Backup Collision Intervention (BCI) ¹⁴	◦	◦	•
Forward Emergency Braking (FEB) and Predictive Forward Collision Warning (PFCW) ^{13,15}	◦	◦	•
Lane Departure Warning (LDW) sounds an audible warning when you start to drift out of your lane and Lane Departure Prevention (LDP) lightly applies the appropriate brakes to help ease your vehicle back toward the centre of the travel lane ¹⁰	◦	◦	•
Vehicle Dynamic Control (VDC) ²⁴ with Traction Control System (TCS)	•	•	•
Tire Pressure Monitoring System (TPMS) with individual tire pressure display and Tire Inflation Indicator ²⁵	•	•	•
Auto Hazard Warning Signal turns on the hazard lights in the event of the airbags being deployed	•	•	•
Slide-away brake pedal assembly	•	•	•
Security			
Remote keyless entry system with selective unlocking of driver's door or all doors	•	•	•
Infiniti Vehicle Immobilizer System embeds an encoded transponder chip into ignition key. The engine control computer will not allow the engine to start without the correct key and transponder	•	•	•
Vehicle Security System sounds alarm if intrusion is detected	•	•	•

For additional information on availability, options or accessories, see your Infiniti Retailer or contact Infiniti a Division of Nissan Canada, Inc.

1 Available on select models. **2** See Infiniti Towing Guide and Owner's Manual for proper use. **3** Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy load- ing of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. **4** Never program while driving. GPS mapping may not be detailed in all areas or reflect cur- rent road status. **5** Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Infiniti is under licence. **6** Tri-zone operation requires compatible auxiliary media system. See Owner's Manual for details. **7** Around View Monitor with Moving Object Detection cannot completely eliminate blind spots and may not detect every object. Moving Object Detection operates at vehicles speeds below 8 km/h. Always check surroundings and turn to look behind you before moving vehicle. **8** The Sonar System is a convenience, not a substitute for proper parking and/or backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object. **9** Blind Spot Warning/Blind Spot Intervention Systems are not a substitute for proper lane change procedures. The systems will not prevent contact with other vehicles or accidents. They may not detect every vehicle or object around you. **10** The Lane Departure Warning/Lane Departure Prevention Systems operate only when the lane markings are clearly visible on the road. Speed limitations apply. See Owner's Manual for details. **11** Intelligent Cruise Control is not a collision avoidance or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. **12** Distance Control Assist helps maintain a distance to the vehicle in front of you under certain conditions. Not a collision avoidance system. Failure to apply the brakes could result in an accident. **13** Predictive Forward Collision Warning is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. See Owner's Manual for details. **14** Backup Collision Intervention will not detect every object, and speed limitations apply. Always check surroundings and turn to look behind you before moving vehicle. See Owner's Manual for details. **15** Forward Emergency Braking cannot prevent accidents due to carelessness or dangerous driving techniques. It may not provide warning or braking in certain conditions. Speed limitations apply. **16** Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. **17** 2016 Fuel Economy Estimates. Actual mileage may vary with driving conditions. Use for comparison only. **18** May require additional options or option packages. **19** Provincial laws may apply; review local laws before using. **20** Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. iPod is a registered trademark of Apple Inc. All rights reserved. iPod not included. **21** XM® and SiriusXM® Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. NavTraffic®/SiriusXM® Traffic is available in select North American markets. In Canada, at time of printing, incident and flow data is available for 12 metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Toronto, Ottawa, Montreal, Quebec City, Hamilton, St. Catharines, Kitchener, Guelph, and London). Subscription sold separately after trial period. All subscriptions subject to customer agreement at siriusxm.ca/terms. All fees and programming subject to change. © 2015 Sirius XM Canada Inc. The Sirius, XM, and SiriusXM names and all related marks and logos are trademarks of Sirius XM Radio Inc. All other trademarks are the property of their respective owners. **22** Driving is serious business. Only use Infiniti Connection™ and Infiniti Connection Plus services when safe to do so. Services, including automatic crash notification and SOS, require an active subscription, and are dependent upon the telematics device being in an operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data, and GPS satellite signal receptions, the absence of which can limit or prevent the ability to reach Infiniti Connection Customer Care or receive support. Services require compatible 2G GSM/GPRS cellular network provided by independent cellular companies. 2G cellular network not available in all areas and/or available at all times. Cellular tech- nology is evolving, and changes to cellular networks provided by independent companies are not within Infiniti's control. Like other devices that rely on 2G network coverage, once the 2G network is terminated, Infiniti Connection and Infiniti Connection Plus services will not function unless equipment replacements, upgrades, or alternative 2G network coverage are available at that time, which Infiniti cannot guarantee. Infiniti is not responsible for associated costs that may be required for continued operation due to cellular network termination (including equipment upgrades, if available, or roaming charges on alternative networks). Certain vehicle services, including Google® compatible services, provided by independent companies are not within Infiniti's control and are subject to change without notice or liability to Infiniti and its affiliates and agents. Complimentary 12 month subscription begins on your date of purchase. Subsequently, your credit card (if on file) will be charged at the then current subscription rate and your service will continue for 1 year periods under the terms of your Subscription Agreement, unless cancelled. Terms and conditions of Subscription Agreement apply. Standard text rates and/or data usage may apply to Infiniti Connection communications received by email or SMS/text message. **23** Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times. **24** Vehicle Dynamic Control, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. **25** Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. **26** The Advanced Climate Control System with Plasmacluster air purifier helps scrub the air in the vehicle's interior. The system senses exterior odours, suppresses unpleasant interior odours, stops the inflow of external odours and helps keep the cabin smelling fresh, but does not always eliminate odours.
