# THIS TIME IT'S PERSONAL

Properly secure all cargo.

It is a badge born over 105 years ago that still stands for something totally original today: a passion for motoring unlike any other. In 1962, the legendary Alfa Romeo Giulia sedan dared to bring track-worthy technology to the street. By combining an ultra-powerful engine with a lightweight body, it is forever impacting the sports sedan.

Today, the Alfa Romeo Giulia sedan marks a return to rear-wheel drive, combined with precise and direct steering. This new chapter in the brand's history introduces a future where, once again, the driver is at the center of the design. A wide portfolio of original Alfa Romeo-approved accessories and merchandise ratchets up the personal, "built-just-for-you" feeling this charismatic ride naturally delivers. With the Giulia sedan, not only is the thrill of driving back, it's better than ever.

## FRONT GRILLE WITH CARBON FIBER INSERT
