

No Reservations Needed With A Convertible Bed In Your *Wash*

T. D. HUNT WASH SALES & SERVICE, INC.
734 W. GENESEE STREET
SYRACUSE, N. Y.

YOUR OWN PRIVATE SLEEPING CAR!

Easy to get ready, yet so complete in every detail! Smooth operating arms and hinges make it child's play to put the thickly padded mattresses in place... producing a private sleeping compartment in a jiffy. There's plenty of space for clothes and toiletries on the back of the rear seat (which forms a shelf when raised) and on the front seat. The dome light provides ample illumination. No wonder so many travelers want the Nash Convertible Double Bed.

Big enough for two—and over 6 feet long

IDEAL FOR

- WEEK ENDS AND VACATIONS
- CAMPERS, HUNTERS AND FISHERMEN
- TRAVELING BUSINESSMEN

AN EXCLUSIVE *Nash* FEATURE

WITH A CONVERTIBLE DOUBLE BED IN YOUR *Nash* SEDAN

To the fisherman by the side of the remote stream—to the tourist enjoying America's far-flung beauty spots—to the businessman out on the road—this sensational Nash feature opens a whole new world of motoring enjoyment.

Triple Savings in Time, Trouble and Money

Stop where you like, when you like, and in a matter of minutes your Nash is a luxurious sleeping compartment. No need to wire ahead for accommodations, hunt up dubious lodgings in strange towns, bother with time tables, or pack bulky camp equipment. Simply park at some pleasant spot and go to sleep.

Whether it's pleasure or business, you will cover more territory—at less expense—with this exclusive Nash feature.

Sleeping in a Nash is safe, too! With car doors securely locked and window screens removable only from the inside, you have homelike protection.

Room to S-T-R-E-T-C-H

Even six-footers find the Nash Convertible Double Bed large enough for relaxed sleep. And there's ample room for two because the bed takes up practically the full width of the back seat. Your head rests comfortably on the slightly raised rear seat cushion and your feet extend all the way through to the wide luggage compartment. The close-fitting mattresses, thickly and smoothly padded, provide real sleeping comfort.

No other single automotive feature has broadened motoring convenience so much. It's the modern way to take a trip!

DeLuxe Window Screens

Keep out mosquitoes and insects, assure added privacy, and provide healthful ventilation when sleeping in the Nash Convertible Double Bed. Close-fitting, finely meshed metal screens available at small extra cost for both rear doors.

Just roll down the windows and place the screens in the openings with the supporting arms in the window channels, top and bottom. Ventilation can be regulated by rolling the windows to height wanted. And screens can be left in at all times, if desired.

ATURE—JUST ANOTHER REASON WHY YOU'LL BE AHEAD WITH *Nash*

THE *Nash* CONVERTIBLE DOUBLE BED CAN BE

MADE UP IN 3 MINUTES

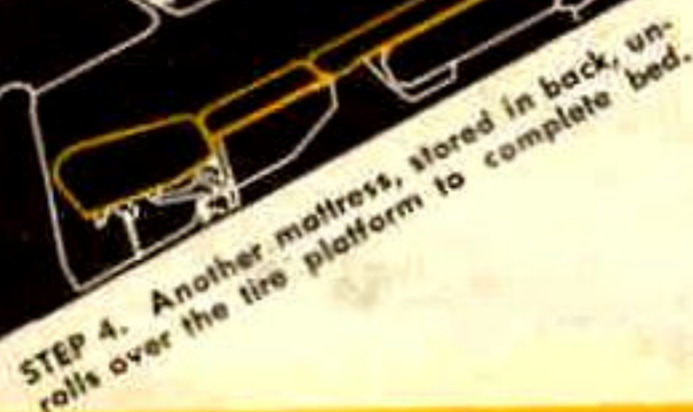

STEP 1. Back of rear seat swings up on hinges and is held by two straps attached to the hooks on assist cord brackets.

STEP 2. Rear seat cushion raises, rocks forward and is supported by two specially built-in folding arms.

STEP 3. A soft mattress, hidden behind rear seat back, drops down on hinges and fills space previously occupied by cushion.

STEP 4. Another mattress, stored in back, unrolls over the tire platform to complete bed.

It's No Trick for One Person to Get the Bed Ready

For step 1, it's best to stand inside the car about in the middle; then step 2 should be started from that same position, raising the rear seat on its hinges. The rest of step 2 and step 3 are completed from the outside. Step 4 is quickly accomplished from the rear of the car, with the trunk compartment door raised. Sheets and blankets, which conveniently store in the trunk, can be easily spread over the bed and tucked in. Then close the trunk door and your sleeping compartment is ready.

Be Sure to Request a Convertible Double Bed for Your Nash Sedan

Your Nash dealer can quickly install a Convertible Double Bed in your new Nash sedan ("600" or Ambassador), or in any Nash sedan built from 1941 on... and there's no change in the roominess, comfort or fine appointments of your car. The cost is low, so plan now for even more motoring pleasure with your Nash.
