SEAT COVERS

Nash CUSTOM SEAT COVERS

De Luxe
FIBRE

•
PLASTIC

•
CUSTOM
NYLON

Nash Custom Seat Covers are tailored to assure a smooth snug fit on solid or split seats. Carefully chosen for durability they provide utmost protection for the smart upholstery of the "World's Most Beautiful Car." Adding a distinctive note of their own they complement the interior styling and body colors of the Golden Airflyte.

Reasonably priced . . . they come in a wide range of colors and patterns in color-fast fibres, Saran plastics

and silk-smooth washable nylons. Elastic rubber cords simplify installation and eliminate old fashioned clips, pins and tacks.

Install Nash Custom Seat Covers in your demonstrators. Call attention to their smooth snug fit. Demonstrate how easily they can be removed for cleaning. Sell Nash Custom Seat Covers as the best buy in long lasting beauty and protection.

CAR CARE MATERIALS

Sell BETTER APPEARANCE

WITH *Nash*

CAR CARE
MATERIALS

POLISH AND CLEANER

USE IT ON THE CAR; use it in the home. Nash Polish and Cleaner does the job better and in less time. Specially developed for the baked enamel Nash car finish, this all-around cleaner and polish can be recommended for home use on refrigerators, stoves, and both metal and wood furniture. To demonstrate the effectiveness of this Nash preparation, apply the polish to a small area of a customer's car. Wipe away the polish and you'll make a sale.

AC-6249-1 (PINT) .75
AC-6249-3 (GALLON)—SHOP SIZE

CHROME CLEANER

TO BRIGHTEN that dull car trim, recommend Nash Chrome Cleaner. It works like magic, removes dull tarnish and corrosion and restores the original luster of bumpers and body trim parts. Quick, easy to apply, Chrome Cleaner requires no hard rubbing. Apply liberally, allow to dry and wipe off with a clean cloth. The result is new sparkle for chrome, silver, nickel, copper or brass. Housewives will find many home uses for Nash Chrome Cleaner.

.40 AC-6549

FABRIC CLEANER

OIL, GREASE, dirt . . . remove them all quickly and safely with Nash Fabric Cleaner. In the car or in the home, here is a cleaner that is instant and safe. It is non-inflammable and can be used on the finest auto upholstery, seat cover materials, rugs, etc. Emphasize its many home uses to your service customers.

AC-6349-1 (PINT) .50

Nash Motors

GLASS CLEANER

KEEP WINDOWS clean and glistening in the car or in the home. Use Nash Glass Cleaner for a faster, easier job. Here is a modern liquid cleaner developed specially for use in removing dirt, oil, insect spots from glass, porcelain and tile. It leaves no oily surface and never freezes. Squirt on the glass, polish with a soft, lint-free cloth and your car windows will sparkle. To boost sales, demonstrate its effectiveness to service department and lubritorium customers.

AC-6649-1 (PINT)

Nash

LUSTUR SEAL

**THRIFTY, ECONOMICAL
BEAUTY TREATMENT
FOR YOUR CAR**

Nash Lustur Seal is a scientific preparation used for restoring the original beauty of enamel and lacquer paint finish. Lustur Seal adds depth to the finish yet leaves nothing to wash or melt off, nothing to collect dust or dirt. When properly applied and cared for Lustur Seal will last the life of the car. Consult your Nash Dealer.

AC-6849-1, LUSTUR SEAL NO. 1
AC-6849-2, LUSTUR SEAL NO. 2

Haze Cream is a companion product for Lustur Seal. It is a product designed to chemically clean a paint finish. Haze Cream removes road oils, grease and other foreign materials that dull the surface. It leaves nothing on the surface and cannot possibly hurt the finish.

It is usually applied immediately following the application of Lustur Seal to complete the finer details of the job as well as being used several times a year to revive the luster.

DUO-COUSTIC RADIO with TWIN SPEAKERS **for GOLDEN LISTENING PLEASURE**

DESIGNED for

Nash

Golden Airflyte

TWIN SPEAKERS

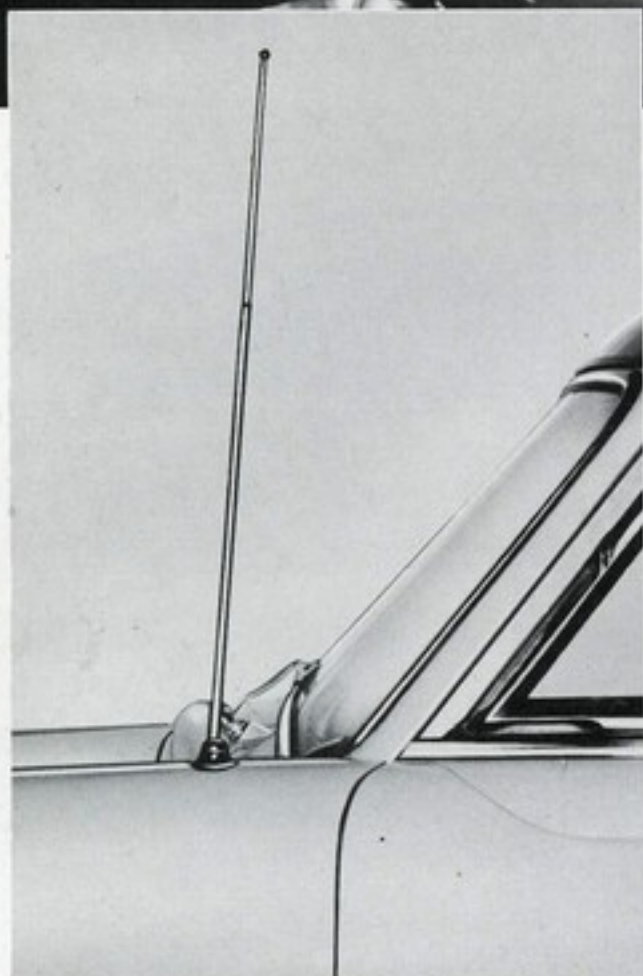

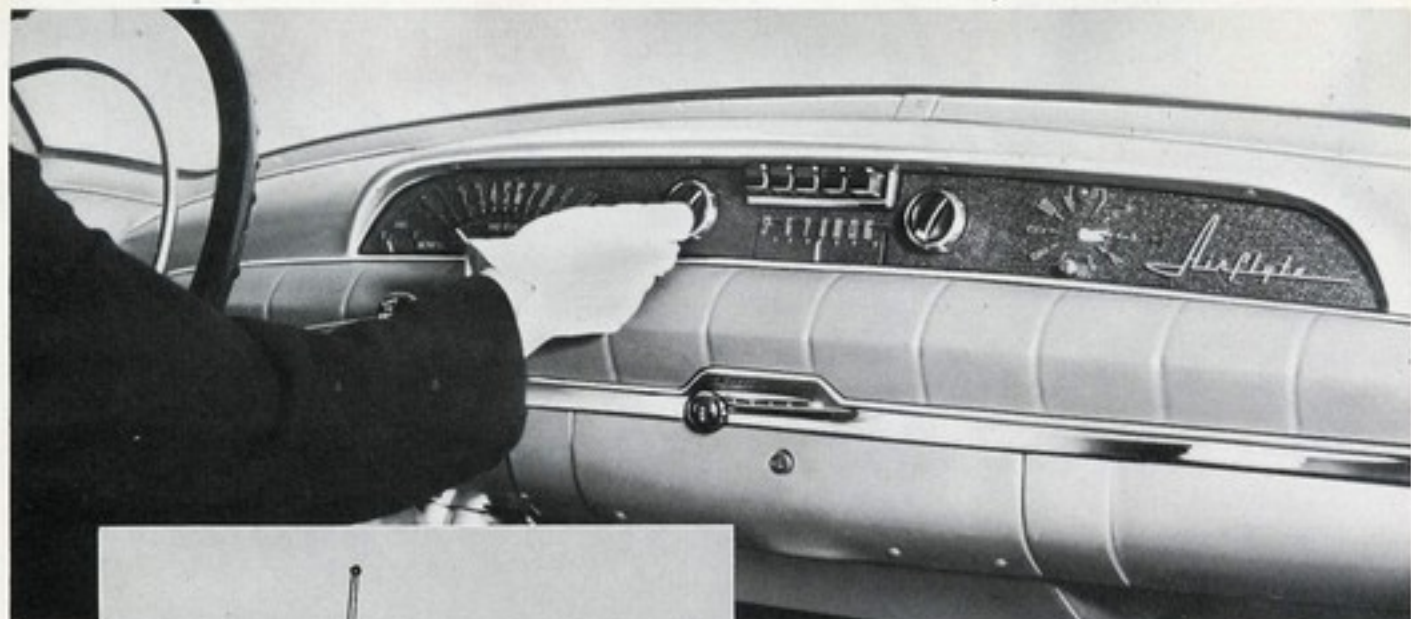

Twin speakers flank the instrument panel, on either side of the front compartment, to assure balanced sound reception throughout the car.

PUSH BUTTON SELECTOR

Fully automatic tuning is provided with five push button controls. Each push button may be set easily by the owner for his station preference. The station dial in a new design is well lighted for quick, clear identification at night.

Nash Motors

6.80 + .5 install.

LONG DISTANCE POWER ...SENSITIVE SELECTION

Wherever you drive . . . here's power and range that reproduce the most delicate overtones of a symphony orchestra. Six low current, long-life tubes and supersensitive tuning provide a superb, high powered receiver that presents new listening enjoyment. Yes, your motoring pleasure is truly greater when your Nash Ambassador or Statesman is equipped with the new Duo-coustic Radio. For the finest reception and tonal-reproduction, this is the radio designed and engineered especially for your new Golden Airflyte . . . the Nash Duo-coustic Radio.

TONE CONTROL

Balanced Tone Control gives you a choice of tone from base to treble.

MANUAL CONTROL ANTENNA . . .

The Manual Antenna is engineered to the Duo-Coustic Radio and assures greater selectivity and range in city traffic or on country highways. The new Manual Antenna is mounted on the left fender and blends

harmoniously with 1952 Golden Airflyte styling. The three sectional antenna is easily extended for greater sensitivity.

SAFTI-MATCHED AUXILIARY LIGHTS

for

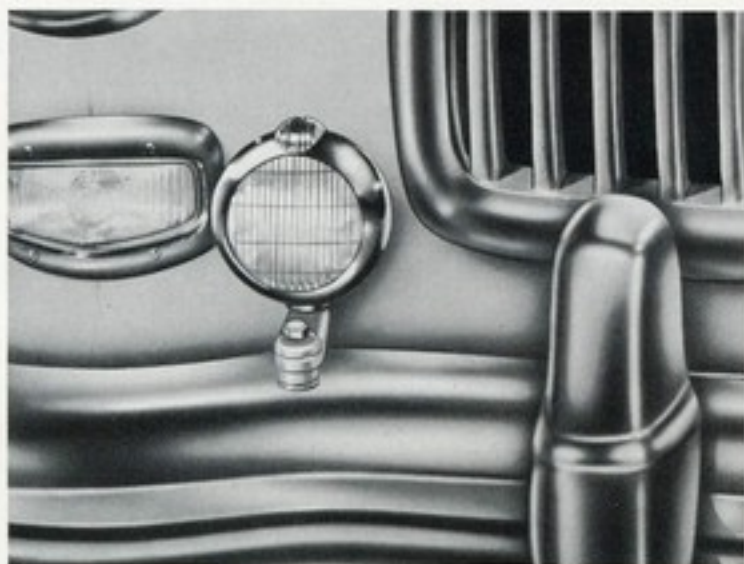

SAFER NIGHT DRIVING

to be released

FOG LIGHTS

AC-2052: 10-40-60

In bad weather you can depend on Nash Fog Lights. These sealed-beam units assure fixed focus, trouble free light providing maximum visibility in fog, rain, snow or sleet at normal driving speed. The 35 watt filament will not jar loose and throw wild road glare in front of the car. Designed for installation on the Airflyte front bumper.

SPOTLIGHT

(WITH REAR VIEW MIRROR)

20.40 * I.2 AC-2152: 40-60
21.85 * I.2 AC-2150-1: 10

Here it is, a perfect combination of two important accessories . . . the new Nash spotlight with rear-view mirror! No need to reach outside to adjust your rear-view mirror in bad weather. With pistol-grip control, adjustment of both spotlight and mirror is simple and convenient from inside the car. Mounted on the car door, the Nash spotlight throws a concentrated, long-distance beam that penetrates far beyond the range of headlights.

BACK UP LIGHT

8.60 * I.0 AC-2251 (DUAL): 10
6.00 * .8 AC-2251-1 (SINGLE): 10
8.60 * .8 AC-2252 (PAIR): 10-40-60

Eliminate the annoyance and danger of backing up at night. Back-up lights in pairs flush mounted on the rear of your Airflyte provide ample illumination for backing from a garage and driveway.

PROTECT-O-MAT

Here are all-new rubber floor mats custom designed to fit the Nash Airflyte. They keep car floors neat and clean, prevent carpet wear or cover worn spots. The exclusive "rib and ramp" design means easier cleaning. Channels hold dirt and water, yet simple lengthwise sweeping moves dirt up the ramp and off each mat. There are no cavities or cups to hold the dirt.

Nash Floor Mats fit in front or rear and are specially designed to conform to floor contours. Their feather-edge assures perfect fit. The new anti-creep backing keeps Nash mats in place, prevents them from "walking" out of position.
