**THE ENDLESS TOWNSHIP** Vicksburg, Miss., has a population of 25,000 people and is the largest town in the state. The town is located on the Mississippi River, which flows through the city. The town is known for its historic buildings, including the Old Courthouse, which was built in 1848 and is one of the oldest courthouses in the state. The town is also known for its annual Mardi Gras celebration, which attracts thousands of visitors each year. The town is surrounded by rolling hills and farmland, making it a popular destination for outdoor enthusiasts.

**MISSISSIPPI RIVER** The Mississippi River is the longest river in North America, stretching from the state of Minnesota down to the Gulf of Mexico. It is approximately 2,300 miles long and flows through ten states. The river is known for its rich history, including its role in the Civil War and its impact on the development of the country. The river is also known for its natural beauty, with its wide, sandy banks and lush green forests lining the banks. The river is a major source of water for the surrounding area, providing drinking water to millions of people and supporting a variety of industries, including agriculture and manufacturing.

## MORE COMFORT and CONVENIENCE

### MOST MODERN CAB

The 'Jeep' FC-170 Safety-View Cab gives you greater comfort than any truck you have ever driven. Acoustical trim panels on doors and headlinings and heavy glass fiber engine insulation keep the cab cooler and quieter. Attractive upholstered fabrics are washable and are color-keyed to the body trim.

The new console-type instrument panel and vinyl covered dash make the interior pleasant and colorful. Plush rubber seats\* and easy-action suspended pedals lessen fatigue on long hauls. Flat-plane steering wheel and feather-light steering make the FC-170 the easiest handling truck on the road.

Safety door latches protect you by helping prevent doors from opening on impact. Gearshift lever and the new single control transfer case lever are located at your finger tips for effortless shifting. \*Optional Cost Equipment.

### BEST VISIBILITY

The FC-170 Safety-View Cab has the largest glass area of any truck in its class. The deluxe cab has 2747 square inches of glass to give you better visibility than any competitive vehicle. The big windshield alone has nearly 1200 square inches of safety glass. The standard rear window has 628 square inches of glass.

### FULL SAFETY VISION

Forward Control provides a range of visibility not attainable in conventional trucks. 'Up-front' position of the driver permits full vision of road surface as close as 6' from the front bumper.

Forward Control all-direction visibility is a safety factor of tremendous importance on today's modern highways, and in traveling over rough, off-road terrain.

### NEW HIGH TORQUE HURRICANE 226

The rugged, dependable, and economical 6.226 L Head engine provides lowest maintenance cost, and utmost economy. New cam design gives you 1000 foot pounds of torque at a meager, saving 1400 RPM. The block is cast of a tough new alloy which is much stronger and harder than previous castings. Oil circulation and combustion are increased with new elastomer rings. Stellite valves give thousands of miles more service. Here is real working power at low cost.

Aluminum alloy piston, heavy-duty Moraine bearings, positive exhaust valve rotation, and a floating oil intake are additional features which have enabled this basic engine design to receive a record of billions of miles of dependable trouble-free service.

### EASY ENGINE ACCESS

The High-Torque Hurricane power plant is easily accessible and simple to service. Engine covers are quickly removed and completely expose all major engine components. Heavy glass fiber insulation controls engine heat and diminishes road noise.

### DELUXE CAB FEATURES

The Deluxe\* Safety-View Cab, as shown, has dual sun visors . . . dual sun roofs . . . rear quarter windows . . . full ornamental trim on doors and headlining . . . vinyl windshield, door, trim . . . chrome safety hand rail . . . four leather seats . . . cigarette lighter . . . front panel kickplate . . . PLATFORM STAKE

## BIG PAYLOAD PLUS MANEUVERABILITY

### GREATER CARGO AREA

The FC-170 has the greatest cargo area for its length and wheelbase of any truck in its weight class. Here is real capacity to serve you triple . . . 3510 pounds of payload . . . 45 cubic feet of cargo space . . . 9 feet of unobstructed floor length in this big pickup box, on a vehicle which is just over 15 feet long. The rugged box is all-steel construction and is ribbed for easier loading and unloading. Low bed height of only 27 inches gives the FC-170 the lowest loading height in its class.

### MOST EFFICIENT 4-WD TRUCK

The FC-170 rated at 7000 lbs. GVW has a greater payload to weight ratio than comparable 4-wheel drive trucks . . . Rugged 'Jeep' construction keeps vehicle weight down . . . payload up . . . for efficient, economical operation.

### SHORTEST TURNING RADIUS

The FC-170 turns in a radius of only 23'-10". This means shorter turns than many ordinary 2-wheel drive trucks with less cargo space. Here is maneuverability that takes the strain out of both city traffic and off-road travel . . . maneuverability you don't get with conventional trucks . . . parks in the same space as a passenger car.
