

1985 CHEVROLET

Caprice Classic

AND IMPALA

CAPRICE CLASSIC. FIRST-CLASS TRAVEL.

Here is Caprice Classic for 1985. Chevrolet's ultimate expression of first-class travel.

And everything to make you secure in your choice of a new automobile. Full-size room to sit and stretch, while splendidly isolated from the annoyances of road and weather. Controls that comfortably respond to your every command.

You could pay more for the qualities embodied by Caprice Classic.

We confidently invite you to sample any alternative. You will find that first-class travel cannot be defined by price alone.

Caprice Classic Sedan shown above and on front cover.

At General Motors, a lot of new thinking has gone into our products. New thinking

aimed at completely satisfying you, the customer. Our designers and engineers are making history in aerodynamic design, computer aided technology, fuel efficiency and safety.

As further proof of our goal of totally satisfying

you, at GM dealerships we are implementing a "Commitment to Excellence" Delivery Procedure.

The program includes: a thorough new-vehicle inspection by both the service technician and the salesperson; a full tank

of fuel; plus a follow-up survey based on your impression of the delivery process.

With a commitment like that, you've got a lot of excellent reasons to "Look at GM Today". See your dealer for complete details.

INSIDE: A LUXURY SUITE.

Step into acoustically sealed luxury accommodations that promise first-class travel.

Full foam-cushioned seating comfort awaits you, beautifully contoured and covered by rich new fabrics. The standard front bench seat features a pull-down centre armrest. The available 50/50 cloth seat, shown here, provides even more individual comfort for you and your passenger, including individual pull-down armrests.

Caprice's new instrument panel,* communicates your well-being at a glance. The brushed satin finish conveys advanced technology at its tasteful best.

IMPALA. CAPRICE-LIKE COMFORT FOR LESS.

If you want to enjoy all of Caprice's full-size engineering and riding comfort for less, take a close look at Impala for 1985.

Inside there's room for six adults complemented by a full-size, 20.9 cubic-foot trunk. For your comfort, Impala's standard cloth bench seat with pull-down centre armrest, is colour-keyed to full, cut-pile carpeting in your choice of five beautiful shades.

Impala Sedan.

Caprice Classic Station Wagon with available Estate package.

Caprice Classic Wagon's three-way tailgate with power window permits easy loading of packages, people or cargo. The standard vinyl seat, shown far right, features a pull-down centre armrest.

CAPRICE CLASSIC WAGON. BIG-WAGON CONVENIENCE.

Pilot our stylish Caprice Wagon across town or down the highway and you easily could believe you were driving a beautifully engineered luxury sedan.

Yet here is all the convenience of a really big wagon. Ample room to seat up to eight passengers. The convenience of 87.9 cubic feet of cargo space with the rear seats down. Standard 5.0 Litre V8 engine. And more.

*Note: Speedometers in Canada have major scale in km/h, secondary in MPH and odometer in kilometres.

Protection Plan

While there are many service contracts available on the market today, there is only one which gives you an agreement directly with General Motors. It is the one with the GM Protection Plan logo shown above. This logo on all Plan material assures you that the service contract you are buying is the GM Plan, we believe the finest such program available to GM owners.

The GM Protection Plan provides additional protection during and after the new vehicle limited warranties. Ask your General Motors dealer for details and information about the genuine GM Protection Plan.

■ Illuminated heater and defroster controls ■ Illuminated windshield wiper and washer controls ■ Tires with built-in tread-wear indicators.

Anti-Theft

■ Audible reminder for ignition key removal ■ Anti-theft steering column lock ■ Visible vehicle identification number.

A word about assembly, components and optional equipment in these vehicles.

The vehicles described in this brochure are assembled at various Divisions of General Motors Corporation. These vehicles incorporate thousands of different components produced by General Motors of Canada Limited and related companies and their suppliers. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular

vehicles or equipment, or to meet federally mandated emission and safety requirements or fuel economy guidelines, or for other reasons, to produce vehicles with different components or differently sourced components than initially scheduled. All such components have been approved for use in our products by General Motors of Canada Limited or related companies and will provide the quality performance associated with our name.

Please note that certain optional equipment can be ordered only in conjunction with other optional equipment. Also, upgrading from specified standard equipment may be necessary when certain optional equipment is ordered. Ask your sales representative for details.

With respect to extra cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requires the dealer to advise you if an option you ordered is unavailable. We suggest you verify that your car includes the optional equipment you ordered or, if there are changes, that they are acceptable to you.

All illustrations and specifications contained in this catalogue are based on the latest product information available at time of publication approval. The right is reserved to make changes at any time, without notice, in prices, colours, materials, equipment, specifications and models, and to discontinue models. Some of the equipment shown or described throughout this catalogue is available at extra cost. Check with your dealer for complete information.

FOR YOUR PROTECTION

New Vehicle Limited Warranty— This warranty covers any repairs needed during the basic coverage period due to defects in material or workmanship. Any required adjustments will also be made during the basic coverage period of 12 months or 20,000 kilometres, whichever comes first. The complete vehicle, except tires, is covered during this period.

Powertrain Coverage— This powertrain warranty covers gasoline engines and other powertrain components up to a total of 24 months or 40,000 kilometres, whichever comes first. This powertrain warranty also covers specific diesel engine

components to 36 months or 80,000 kilometres, whichever comes first. All powertrain warranty repairs are subject to a \$100 deductible for each repair visit.

Corrosion (Rust-Through)

Coverage—General Motors warrants for 1985 passenger cars, light duty trucks and vans that your General Motors dealer will repair or replace at no charge any body sheet metal panel found to have developed perforation (rust-through) due to corrosion. This warranty begins on the date the vehicle is first delivered or put in use and extends for 36 months, regardless of distance travelled by the vehicle.

Battery Coverage—If your battery should fail under normal service due to a defect in material or workmanship after the basic coverage period expires, but before the vehicle has been in use 36 months, it can be replaced on a pro rata adjustment basis for a new Delco battery. The pro rata adjustment price of the new battery will be based on the number of months the original battery was in use since the start of the new vehicle warranty. Contact a dealer handling your vehicle for further details on such adjustments.

Tires are warranted by the tire manufacturer.

Owner Assistance—The satisfaction and goodwill of owners are of primary concern to GM dealers and General Motors of Canada Limited. In the event a warranty or some other matter is not handled to your satisfaction, the following steps should be taken:

1. Discuss the problem with your dealership management.
2. Contact the General Motors Zone Office closest to you as listed in the Owner Assistance Section of your Warranty and Owner Assistance Booklet.
3. Contact the Customer Service Representative, General Motors of Canada Limited, Oshawa, Ontario.

Special Policy Adjustment Program Beyond the Warranty Period—General Motors is proud of the protection afforded by its warranty coverages. In order to achieve maximum customer satisfaction, there may be times when General Motors will establish a Special Policy Adjustment program to pay all or part of the cost of certain repairs beyond the terms of the warranty. Check with your General Motors dealer or the nearest G.M. Zone Office to determine whether any special policy adjustment is applicable to your vehicle.

That's the Chevy Way to Go!
