CUTLASS CIERA BROUGHAM SEDAN

Today's highest technology, in perfect harmony with classic elegance and comfort: that's the front-wheel drive Cutlass Ciera Brougham.

Computer assisted design and manufacture assured its high standards of efficiency and quality. And an on-board computer continues to provide efficiency, monitoring vital engine functions.

The elegance is apparent at a glance. Inside, the Paris velour on the divided bench seat is plush, rich. Or choose Sierra grain leather from the extensive available equipment.

CUTLASS CIERA SEDAN & COUPE.

What makes the most affordable Cutlass Cieras such good value? A combination of many winning attributes. Some you see. Some you don't.

For instance, under Ciera's stylish lines lies a tough steel body that's been specially treated with rust-resistant primers, sealers and waxes to

protect it from corrosion. A 2.5 Litre electronically fuel-injected engine. Power rack-and-pinion steering. And power brakes. Inside, Ciera offers room for six.

Vista velour covers the standard custom full-foam front bench seat, in a choice of five colours. If you value your driving, Ciera's the value for you.

CUTLASS CIERA ES SEDAN & CUTLASS CIERA GT COUPE.

Two touring cars with everything, to go. Cutlass Ciera performance reaches new heights with the ES Sedan and GT Coupe.

The pedal on your right unleashes the power of the 3.8 Litre sequential-port fuel-injected V6. The leather-wrapped steering wheel in your hands makes a

positive connection with the road, thanks to the Level III Suspension's ride and handling. The reclining bucket seat cradles you in your ideal driving position,

while the Rallye instrumentation tells you everything you need to know. High performance Eagle GT tires and aluminum wheels are standard.

CUTLASS CRUISER

No matter what you do, Cutlass Cruiser will carry your day... beautifully. Just fold down the split rear seatbacks and you have 2107 litres (74.4 cubic feet) of cargo area at your disposal.

But Cutlass Cruiser is more than

just a wagon. It's an Oldsmobile, with ample room for six on its standard full-foam bench seating. And with its optional rear-facing third seat, it handles growing families with ease.

Cutlass Cruiser—what a great idea!

Protection Plan

While there are many service contracts available on the market today, there is only one which gives you an agreement directly with General Motors. It is the one with the GM Protection Plan logo shown above. This logo on all Plan materials assures you that the service contract you are buying is the GM Plan, we believe the finest such program available to GM owners.

The GM Protection Plan provides additional protection during and after the new vehicle limited warranties. Ask your General Motors dealer for details and information about the genuine GM Protection Plan.

COMMITMENT TO

General Motors recognizes that taking delivery of your new vehicle is a significant event. To ensure that your delivery experience contributes to your overall satisfaction, we have implemented a "Commitment to Excellence" Delivery Procedure.

This procedure includes a thorough new vehicle inspection by both the service technician and salesperson, a full tank of fuel, and a follow-up survey to determine your satisfaction with the delivery experience.

General Motors "Commitment to Excellence" is yet another excellent reason to "Look at GM Today".
