

# TORONADO '86

INTRODUCING ONE OF THE MOST ADVANCED  
PERSONAL LUXURY COUPES ON THE FACE OF THE EARTH.

ONCE IN A GENERATION COMES A CAR  
SO UNIQUE, IT STANDS ALONE.

A generation ago, Oldsmobile shattered conventional thinking with the introduction of the first Toronado. For 1986, rethought, reshaped, reborn, Toronado shatters conventional thinking once again.

Here is a luxurious performance coupe so advanced, so fluid in form and function that it virtually redefines the personal luxury coupe category. This is the shape of luxury performance as it should be.

Cresting slopes. Subtle curvatures. Concealed headlamps. Lines that are not just sleeker to the eye, but slipperier to the wind, as well. The aerodynamic drag coefficient is .36, lower than the

1985 Toronado by 35%. Toronado for 1986. The ultimate expression of sporty style and advanced technology. The ultimate personal luxury coupe.

Toronado Brougham Coupe.

## TORONADO TAKES COMMAND OF THE ROAD. YOU TAKE COMMAND OF THE PERFORMANCE.

No other personal luxury coupe can satisfy the demanding driver in you like Toronado can.

The standard 3.8 Litre Sequentially Fuel-Injected V6 and the 4-speed automatic over-drive transmission take you from 0 to 100 km/h in just 11 seconds\*. The aerodynamic body design virtually bonds the car to the pavement. Front-wheel drive and rack-and-pinion power steering humble the curves. Power four-wheel disc brakes work with P205/70R-14 steel-belted all-seasons radial tires to give outstanding stopping power.

Toronado's front-wheel drive grips the road, no matter what the weather does.

Make your choice from the three levels of ride control available with Toronado's four-wheel independent suspension system. With any of them, Toronado's roadholding abilities outclass many of the world's most prestigious luxury road cars. Needless to say, the ride and handling are nothing less than excellent.

\*According to GM Proving Ground tests.

Toronado's instant reflex multi-coloured display features digital readouts of speed, RPMs and odometer. At the touch of a button a message centre appears, to provide other information as it is required.

## TORONADO. ALIVE WITH INSTANT REFLEX TECHNOLOGY.

Settle back into a rich new expression of Toronado luxury. Divided front bench seats or available new reclining front buckets feature Prima velour in the seating areas. Naturally, leather is available.

Stretch out, and you'll find that Toronado provides more shoulder room, front and rear, than last year. Reach down, and you'll discover the controls for the standard power windows, door locks and 6-way driver's seat conveniently located in the door armrest.

Standard divided 55/45 front seats with centre armrest and seat back recliners.

Turn the key, and you activate the first body computer ever on an Oldsmobile. Sensors provide complete control for the standard automatic climate control system, the instrument cluster, and the engine's Electronic Control Module. The computer will even shut off the interior lights if they are left on accidentally.

## THE TORONADO UNIVERSE OF STANDARD AND AVAILABLE FEATURES.

Engineering and sophisticated features are the soul and substance of a true personal luxury coupe. That is why you will find that Toronado offers you a substantial amount of both.

### STANDARD EQUIPMENT

**Exterior:** Power Front-Fender Antenna • Bumper Rub Strips, Front with Integral Park/Turn Lamps, plus Rear • Power Door Locks • Front-End Panel Centre and Deck Lid Emblem • Hidden Halogen Headlamps • Front-Fender Cornering Lamps • Black Patch-Style Electric Control Mirrors • Black with Bright Bead Belt Reveal Mouldings • Black Wheel-Opening and Rocker Panel Mouldings • Rocker Panel Accent Colour • Power Side Windows • Soft-Ray Tinted Windows • Pulse Wiper System.

While there are many service contracts available on the market today, there is only one which gives you an agreement directly with General Motors. It is the one with the GM Protection Plan logo shown above. This logo on all Plan material assures you that the service contract you are buying is the GM Plan, we believe the finest such program available to GM owners.

The GM Protection Plan provides additional protection during and after the new vehicle limited warranties. Ask your General Motors dealer for details and information about the genuine GM Protection Plan.

## COMMITMENT TO

# Excellence

General Motors recognizes that taking delivery of your new vehicle is a significant event. To ensure that your delivery experience contributes to your overall satisfaction, we have implemented a "Commitment to Excellence" Delivery Procedure.

This procedure includes a thorough new vehicle inspection by both the service technician and salesperson, a full tank of fuel, and a follow-up survey to determine your satisfaction with the delivery experience.

General Motors "Commitment to Excellence" is yet another excellent reason to "Look at GM Today".

## A WORD ABOUT THIS CATALOGUE

The vehicles described in this catalogue incorporate components produced by General Motors of Canada Limited and related companies and suppliers. During manufacturing, different components than initially scheduled may be used.

All illustrations and specifications contained in this catalogue are based on the latest product information at time of publication approval. The right is reserved to make changes at any time, without notice, in prices, colours, materials, equipment, specifications and models, and to discontinue models. Some of the equipment shown or described throughout this catalogue is available at extra cost or can only be ordered in conjunction with the other optional equipment. Some options may not be available when your vehicle is built. Check with your dealer for complete information.
