Celebrity Eurosport Sedan in White.

Shown on cover: Celebrity Eurosport Sedan with optional Two-Tone paint in Dark Maroon Metallic over Silver Metallic and aluminum wheels.

Celebrity is the Chevrolet that gives you more. More of that value you're looking for in a mid-size automobile.

Lots of Room

When it comes to room, Celebrity is a true mid-size car, with seating for six, and a trunk that accommodates more than 460 litres (16.2 cu. ft.) of gear.

Solid Performance

Front drive gives Celebrity traction and responsiveness. The Tech IV 2.5 Litre 4-cylinder engine teams with a 3-speed automatic transmission to keep you moving with aplomb.

Distinctive Styling

In the good looks category, Celebrity presents a distinctive wedge-shaped

profile that is both stylish and aerodynamically efficient. Smooth, composite halogen headlamps with integrated side marker lights fit flush with the body work, giving Celebrity a new front-end appearance for 1987. Ashtray and glovebox lights are newly standard for this year.

Eurosport Flair

In its sporty manifestation, Celebrity goes Euro, with style and performance inspired by the exotics.

Celebrity Coupe in Maroon Metallic with optional wire wheel covers.

The accent here is on black — matte black hardware and blackout mouldings. Set off by fire-red accents in body side mouldings and nameplates. Complemented by Rally wheels.

And when it comes to performance, Eurosport really separates itself from the pack. The taut F41 Sport Suspension includes MacPherson front struts

and gas-pressure shocks to deliver a smooth ride and deft manoeuvrability. Fast ratio power rack-and-pinion steering responds quickly to driver input. The optional 2.8 Litre MFI V6 engine with a new five-speed transmission really eats up the road. Also standard: P195/75R-14 steel-belted radials, and power front disc/rear drum brakes.

Celebrity Wagon in Dark Blue Metallic with optional roof carrier.

Go ahead. Go Celebrity Eurosport. This is one car that loves the open road.

CELEBRITY

As a Eurosport wagon, this vehicle features F41 Sport Suspension, fast-ratio rack-and-pinion

power steering, and the sophisticated Eurosport appearance. Shown with standard roof car-

rier and available aluminum wheels, and Two-Tone paint in Black and Light Brown Metallic.

Celebrity is refined, spacious, comfortable, and poised. All in perfect balance. All good reasons why Celebrity is one of Canada's best-selling mid-size cars.

Mid-Size Convenience

Celebrity has all the attributes you want in a mid-size vehicle, including room for up to six and a large trunk. Yet with its front drive layout, Celebrity delivers good traction and is easy to manoeuvre and park.

Celebrity Sedan in Light Brown Metallic with optional wire wheel covers.

Mechanical Expertise

Putting Celebrity through its paces is the 2.5 Litre Tech IV engine. Or option up to the 2.8 Litre V6. Both engines are fuel injected for efficiency of operation and smoothness of response.

Comfortable Ride

Beyond its surefootedness, you'll notice Celebrity provides an extremely agreeable ride. The reason? A suspen-

sion system that includes front and rear stabilizer bars and all-season steel-belted radials. Rack-and-pinion power steering contributes to this car's roadability, as do power front disc/rear drum brakes.

Put it all together and you have Celebrity — comfortable, stylish, attractive, and affordable. Just what you want in your mid-size car.

A good idea expanded — Celebrity wagons. Well thought-out, versatile, and ready to serve your every need. With up to eight passenger seating, and a suspension system specially tuned for variable loads. Shown above (inset): the Estate Package in Yellow Beige.

Sedan and Wagons
CELEBRITY

CL interior in Saddle with optional 55/45 divided bench front seat.

Inside Celebrity you'll find an interior that's a comfort to be held by and a wonder to behold.

Standard Trim

Every Celebrity includes seating for six adults. The front bench seat features a pull down centre arm rest. Carpeting, side window defoggers, and an AM radio are also on the list.

CL Interior

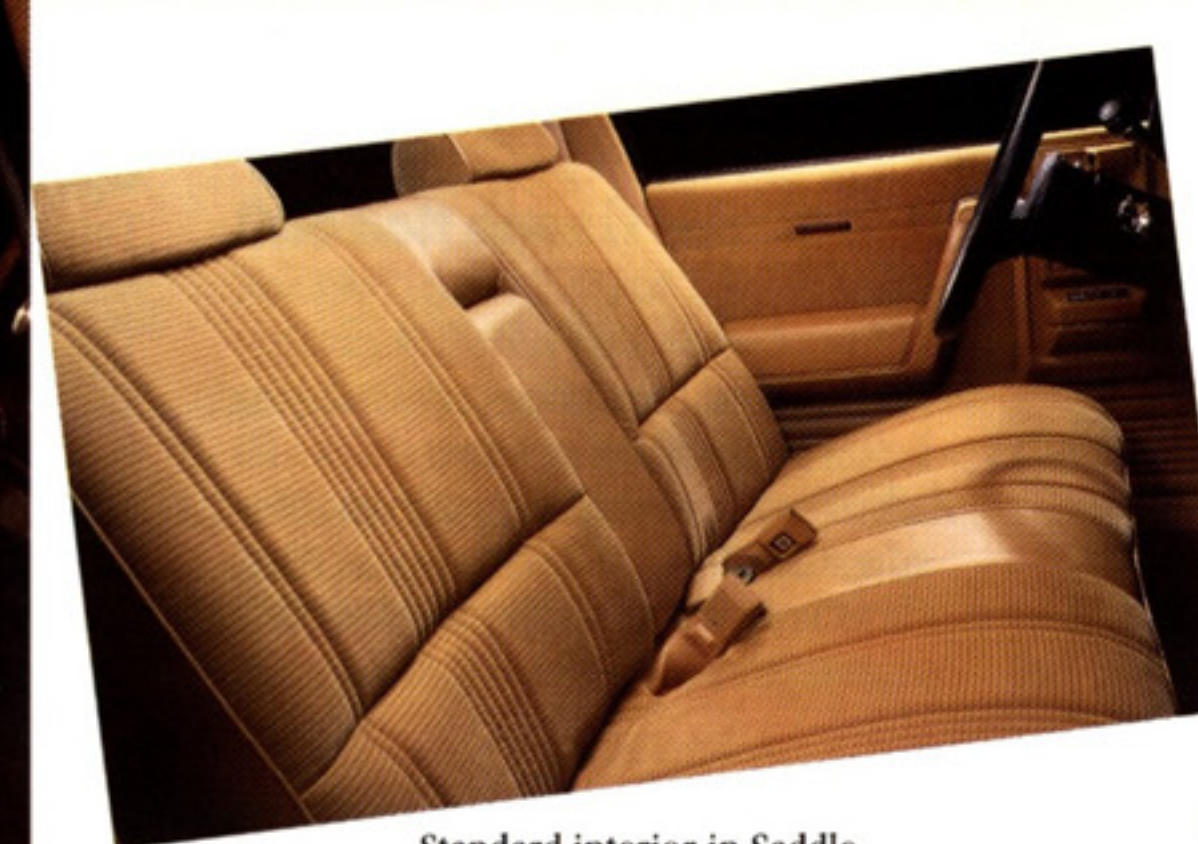

This is the plush Celebrity option, with top-of-the-line accommodations everywhere. The loose-pillow design, new in 1987, is comfortable as well as attractive. Velour fabrics cover your choice of a 55/45 or 45/45 divided front seat. And on the outside, a CL nameplate announces your good taste to the world.

Seat Options

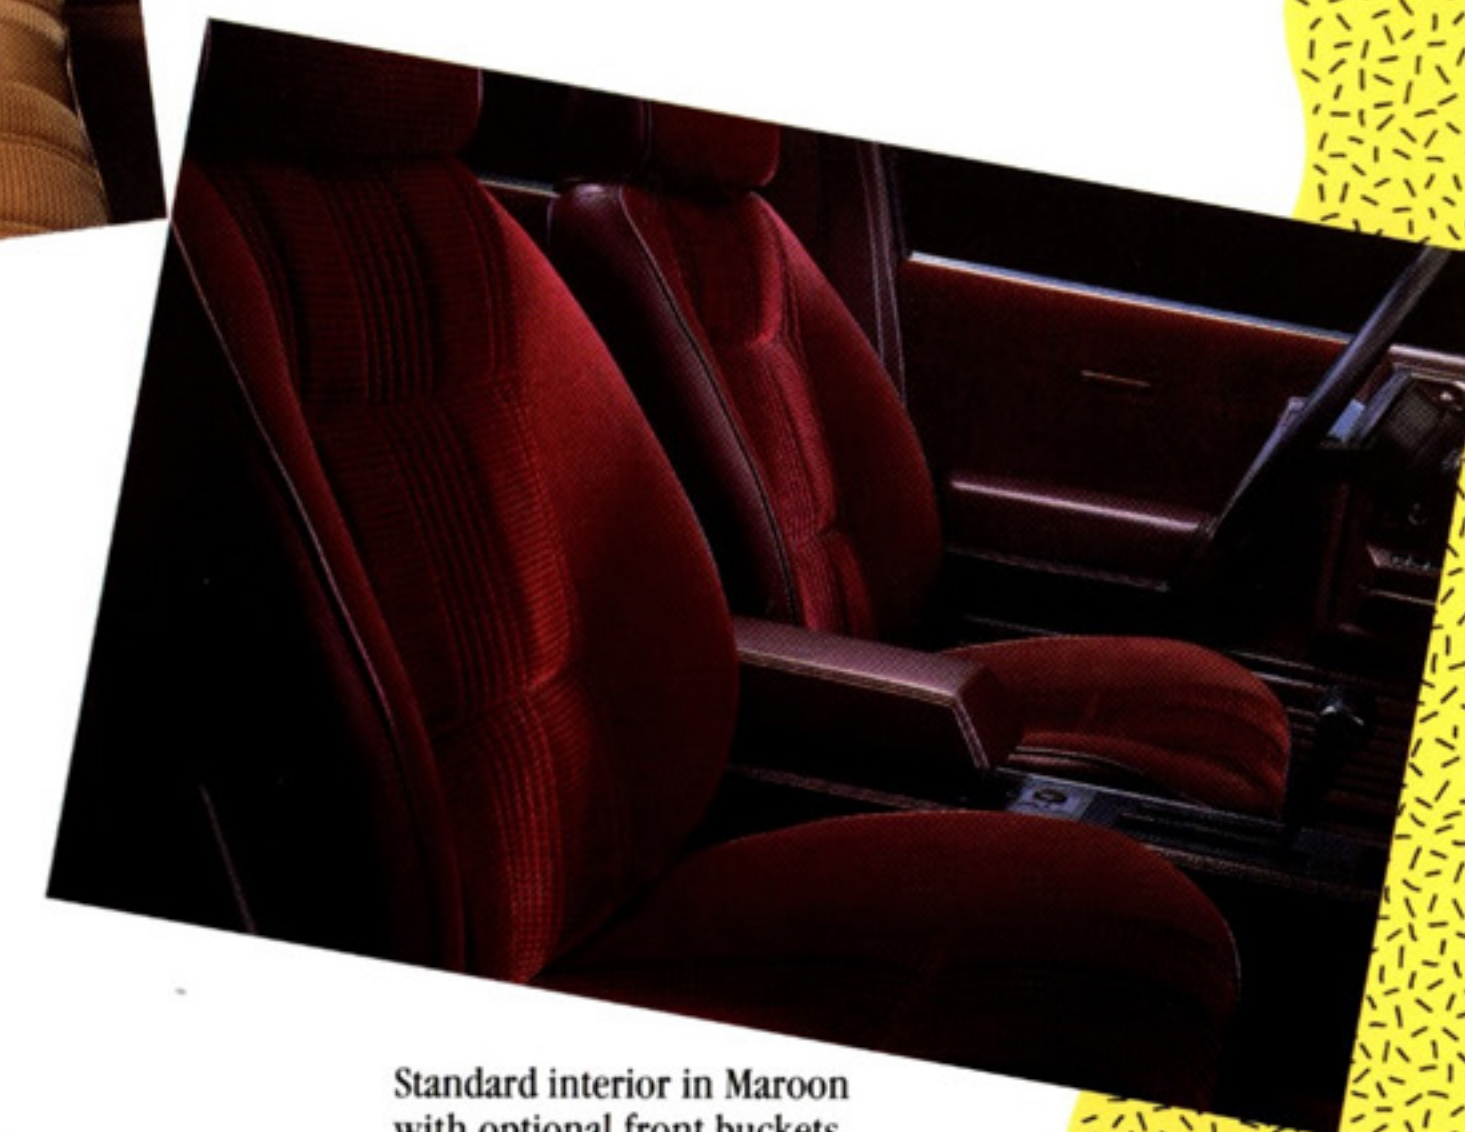

You can choose front buckets to add a sporty touch to any Celebrity model.

The Eurosport instrument panel is redesigned for 1987, with analog instrumentation, bold graphics, and Sport steering wheel. Optional gauge package shown.

Note: Instruments are metric in Canada

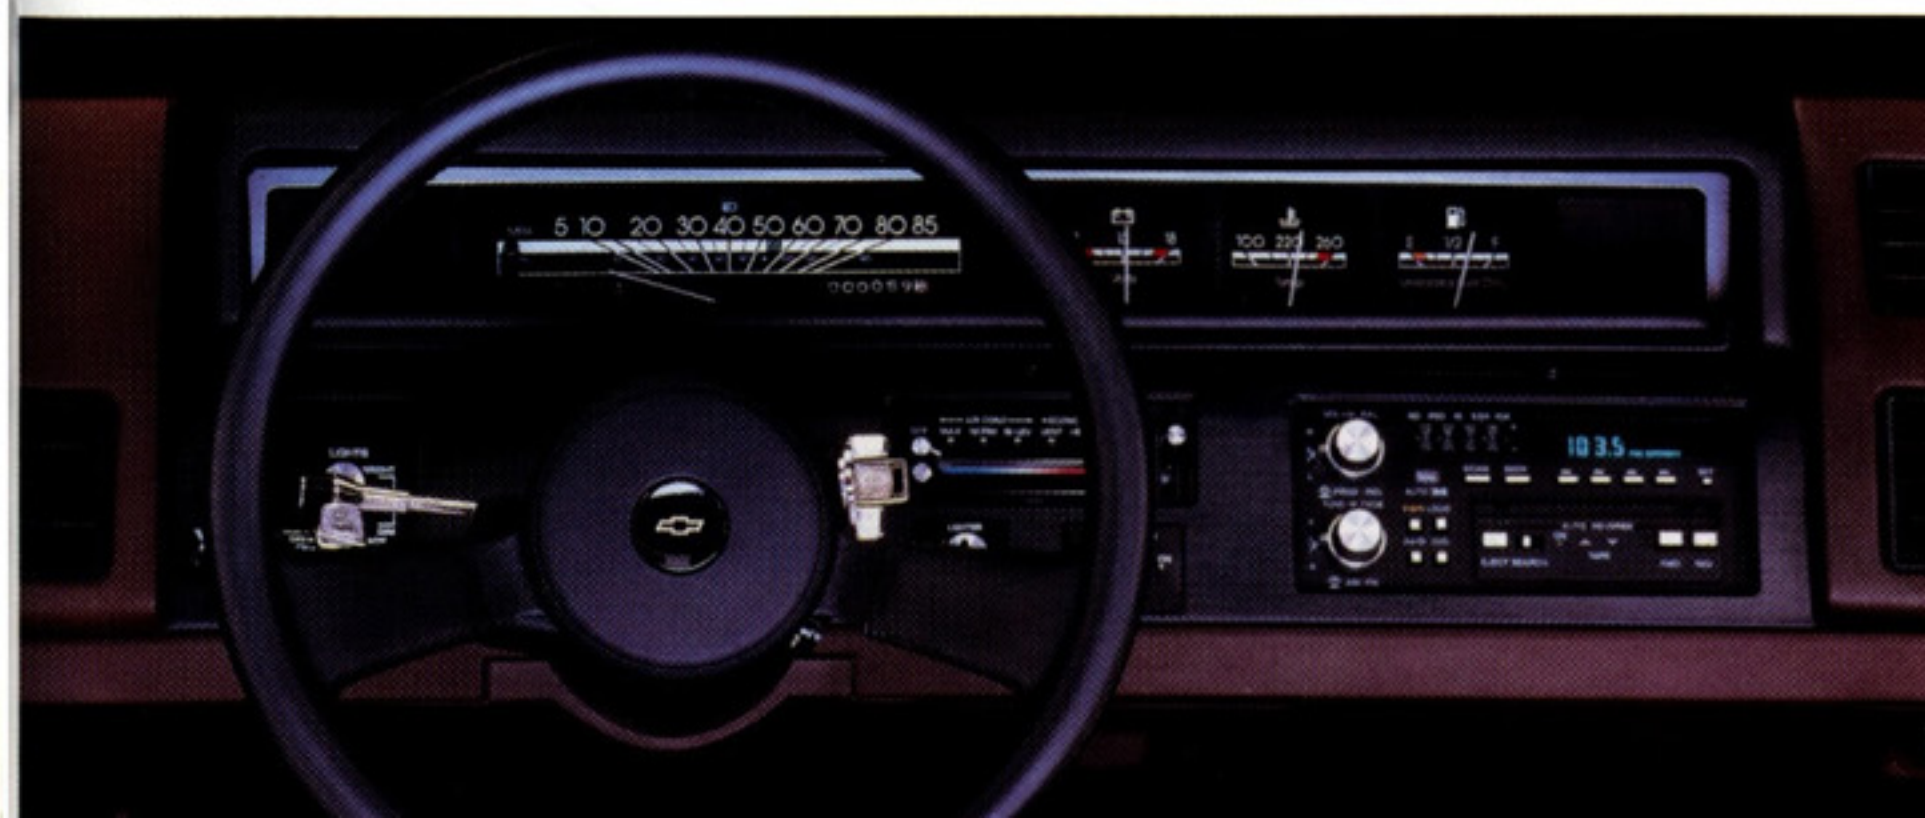

Standard interior in Saddle with centre armrest.

Interiors
CELEBRITY

Celebrity puts technology to work for you. That's part of what makes this an automobile in touch with today's driving needs.

On these pages you'll see some of the advanced systems that make Celebrity such a fine automobile.

Standard 2.5 Litre Tech IV Engine.

With Electronic Fuel Injection delivers 98 horsepower at 4,800 RPM. Important improvements for 1987 include a revised cylinder head and intake manifold design that increases

air flow and thus horsepower. A single belt with built-in tensioner drives all accessories, eliminating the need for adjustment and reducing noise. The throttle-body fuel injection system is also improved this year.

Optional 2.8 Litre V6 Engine

This gutsy performance-seeker has been substantially improved for 1987. The heart of this Generation II engine is Multi-Port Fuel Injection system that feeds a maximum air/fuel mixture to each cylinder while carefully compensating for changes in conditions. Aluminum cylinder heads have fast burn combustion chambers.

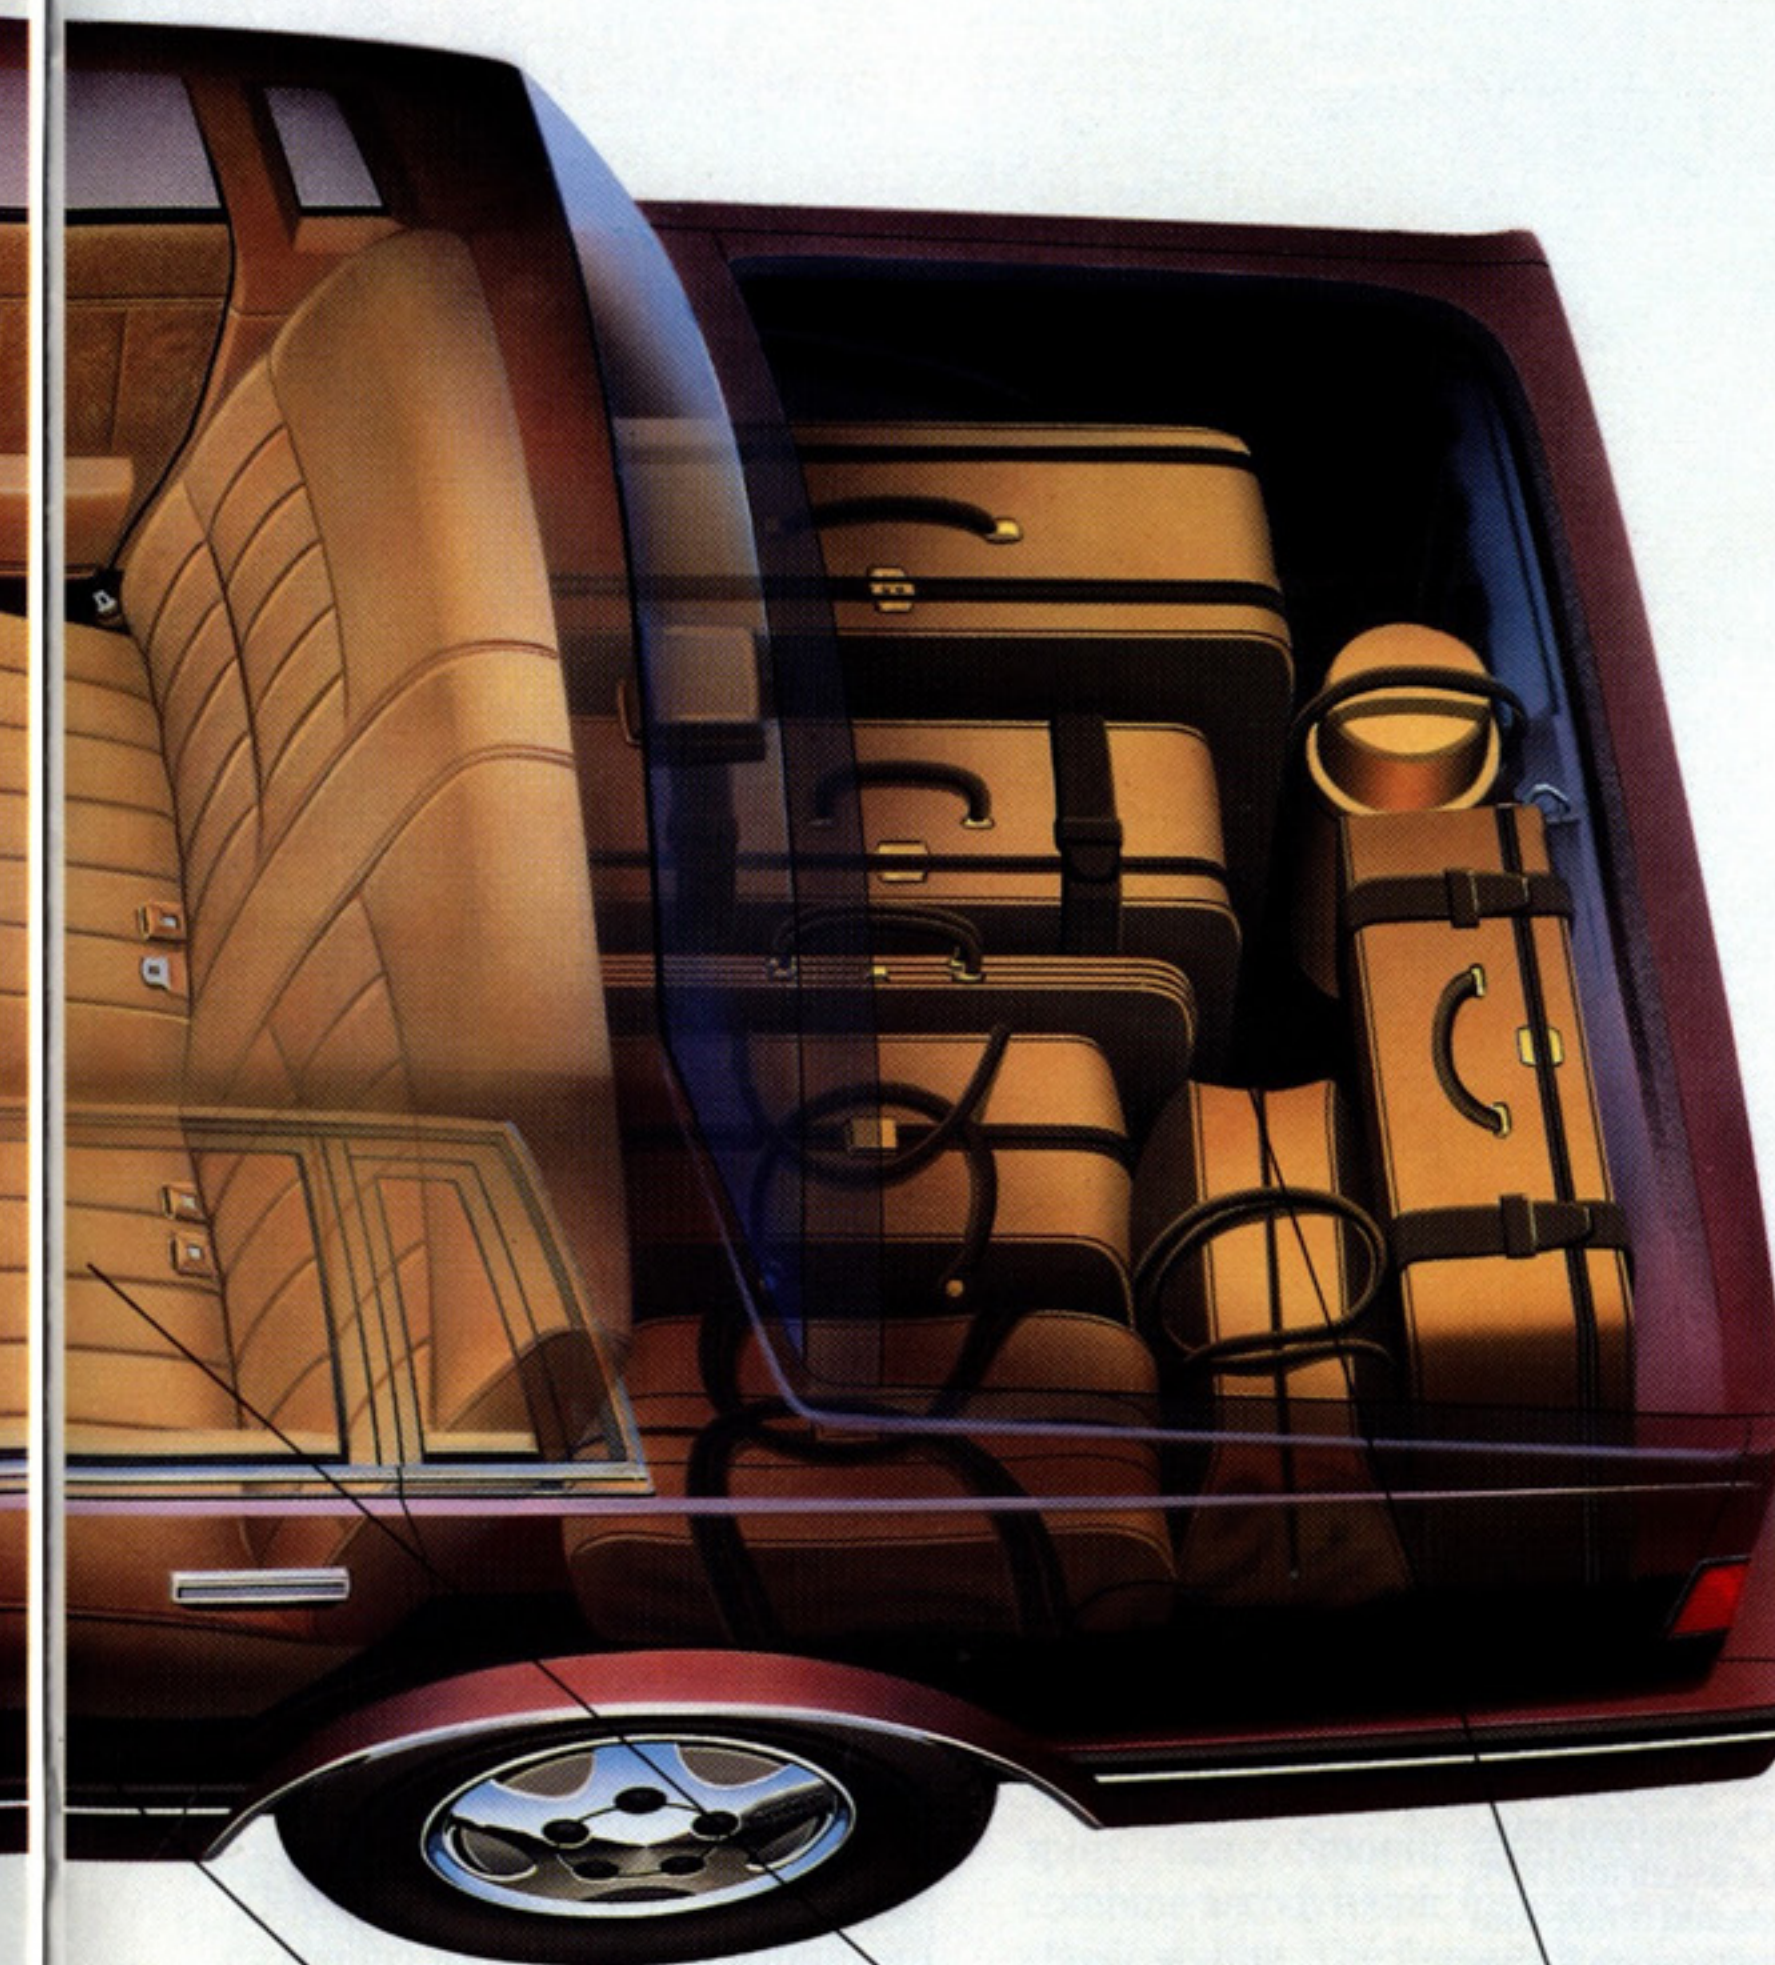

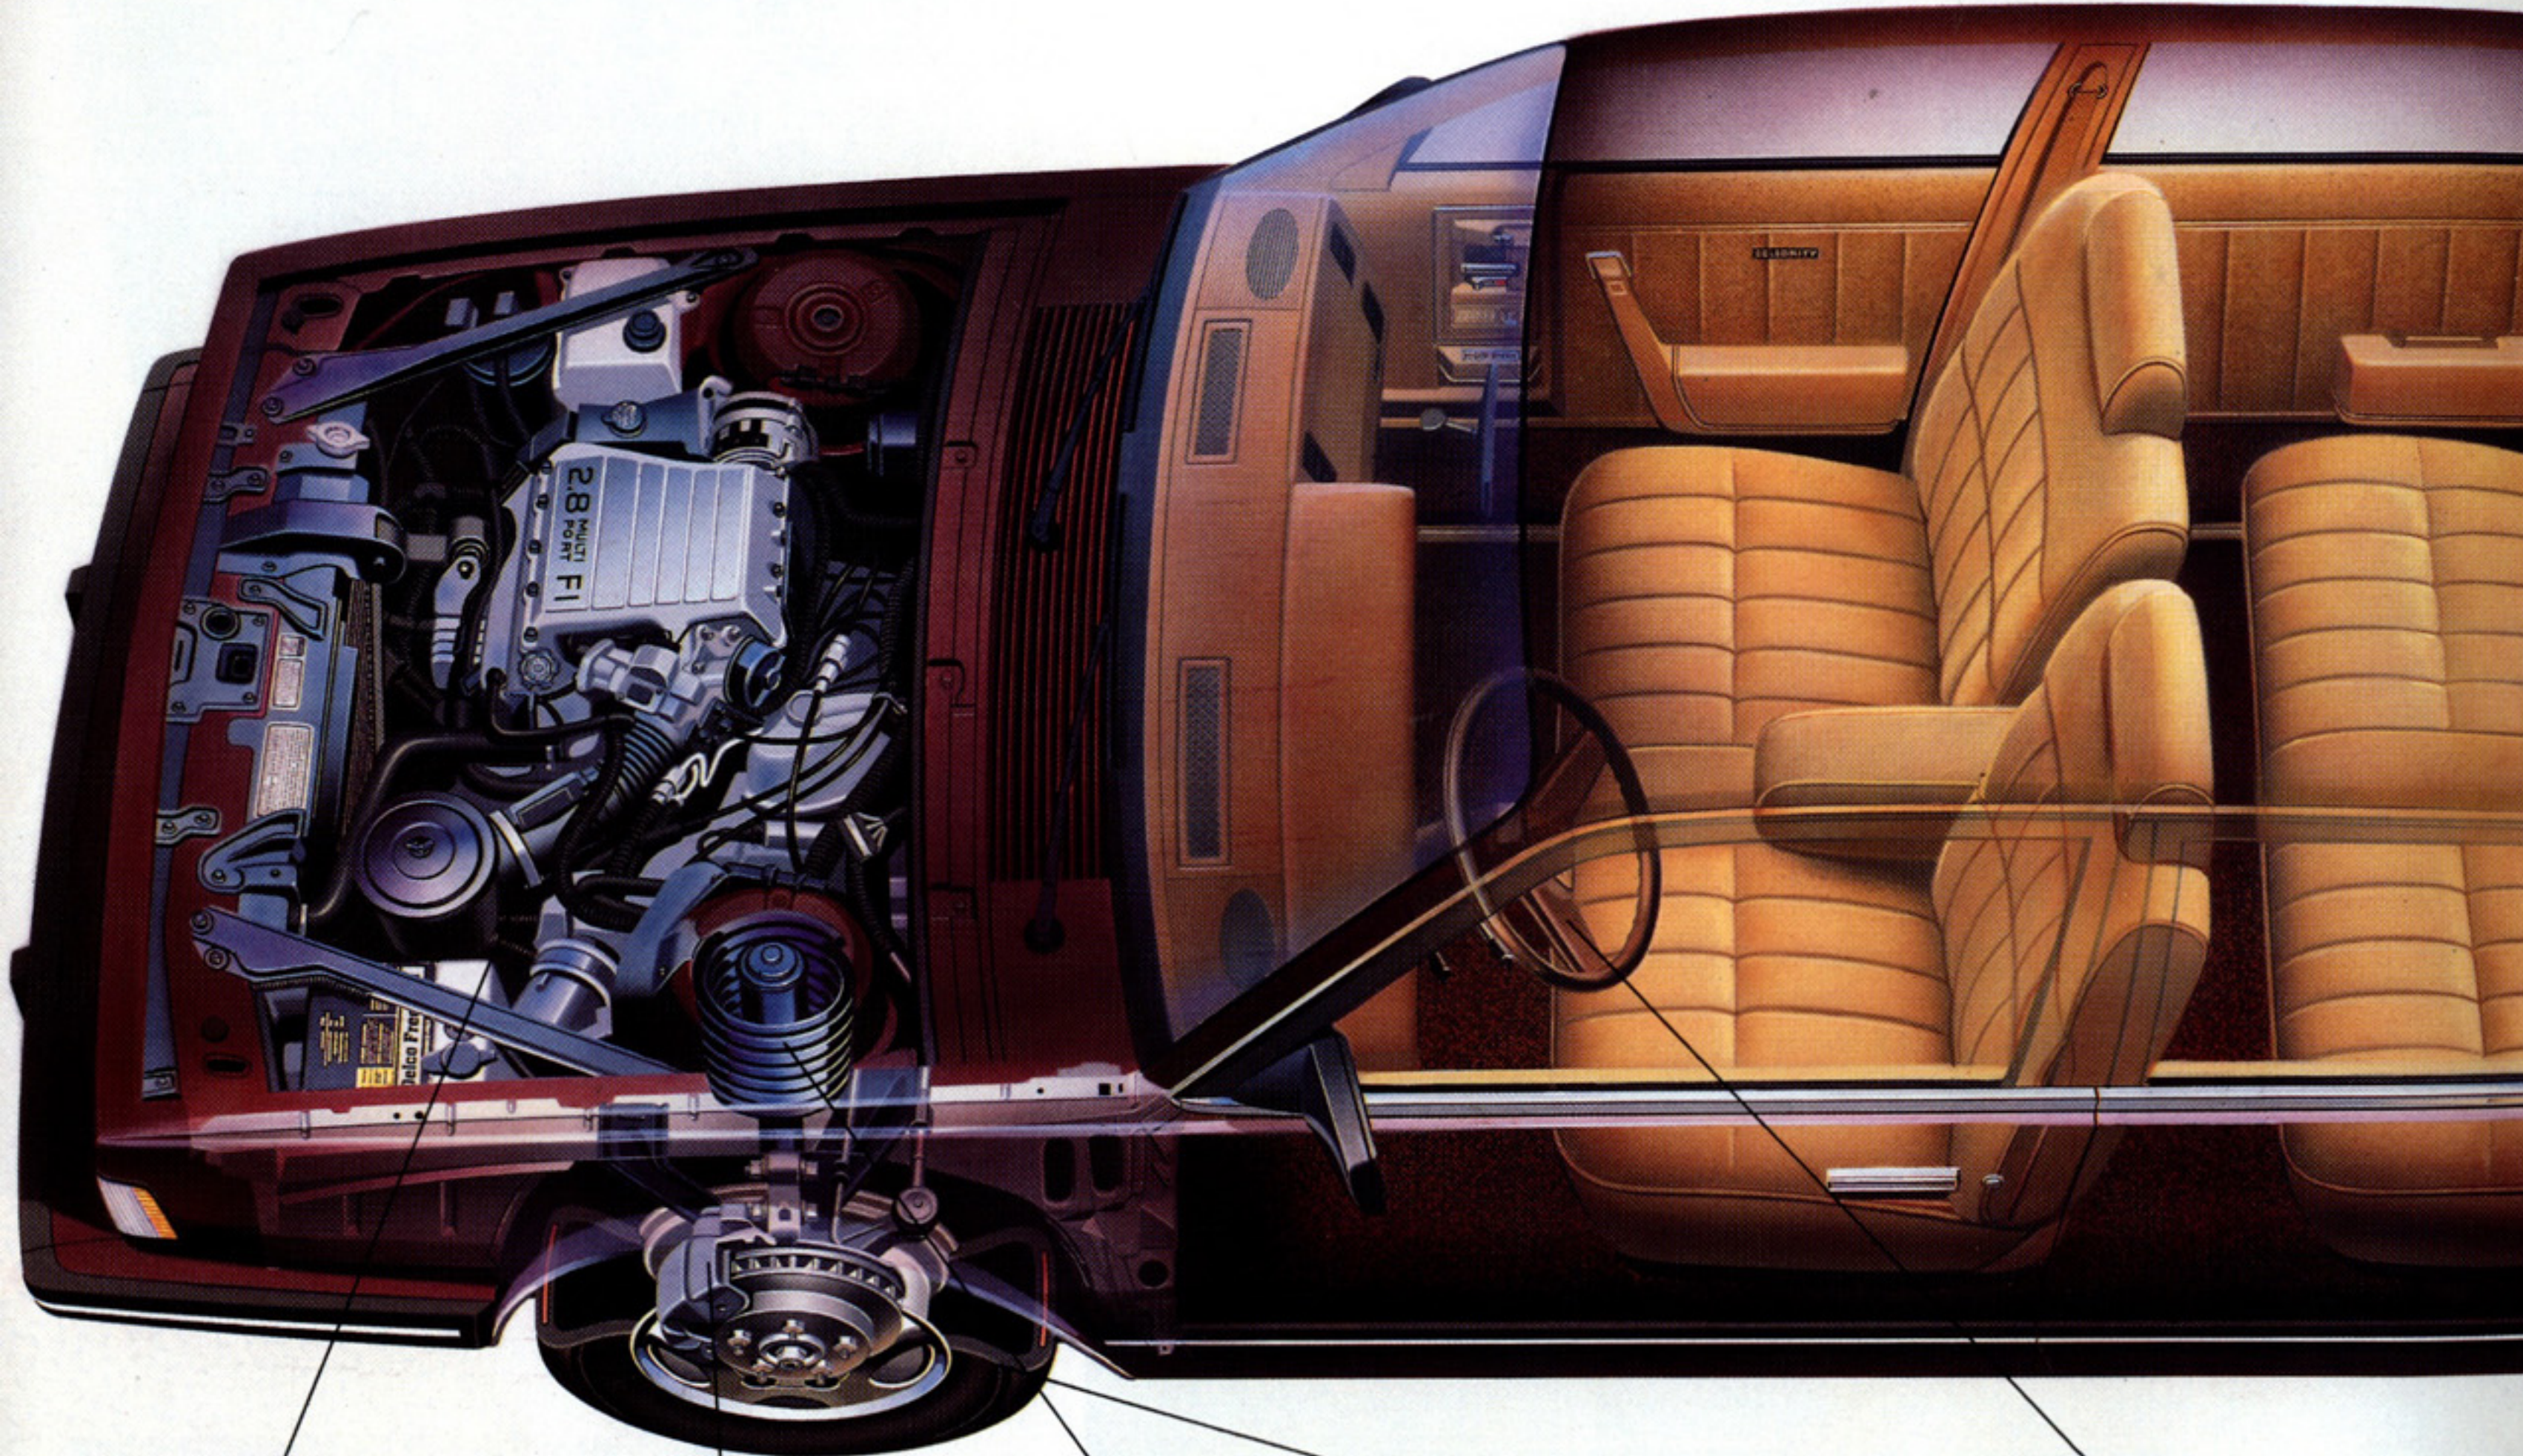

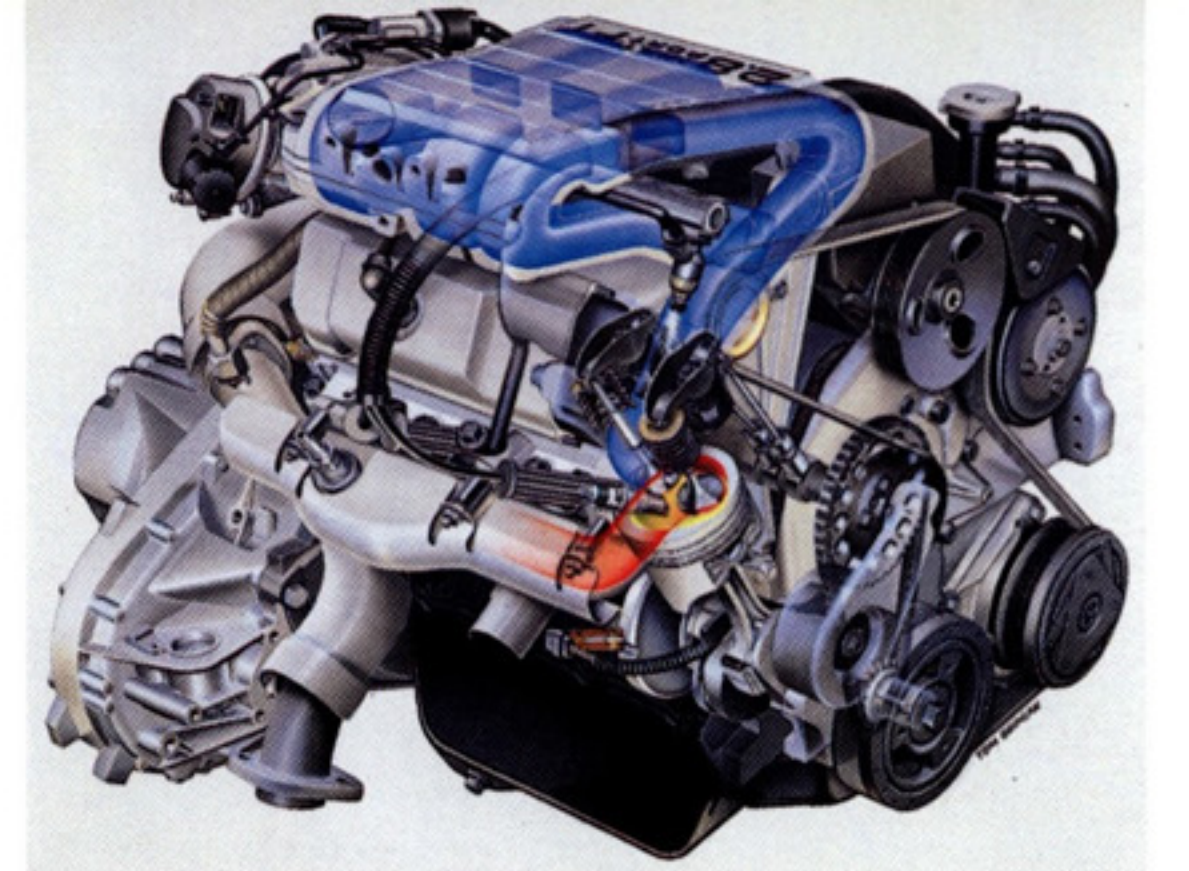

Centralized spark plugs and canted valves are light in weight and ignite fuel more efficiently. As a result of these and other mechanical changes, the engine starts easier and runs more efficiently.

New 5-Speed Transmission

Teamed with the 2.8 Litre V6 is a new smooth-operating 5-speed manual for the Celebrity Eurosport.

One belt does it all!

For 1987, GM's 2.5 and 2.8 Litre engines feature a new serpentine belt system. It's so efficient, one belt drives all engine accessories. There's also a self-adjusting tension device. The belt itself is so durable, it could last up to 160,000 km. A nice plus for reducing maintenance costs and downtime.

STANDARD 3-SPEED AUTOMATIC TRANSMISSION. This smooth-shifting automatic with efficient torque converter clutch combines with the standard 2.5 Litre Tech IV 4-cylinder engine to provide satisfying performance.

POWER FRONT DISC/REAR DRUM BRAKES are standard on every Celebrity. Audible wear sensors signal when front disc pads need replacement.

ADVANCED MacPHERSON-STRUT FRONT SUSPENSION and standard front stabilizer bar help Celebrity deliver a smooth, controlled ride.

STANDARD ALL-SEASON STEEL-BEITED RADIAL TIRES combine with Celebrity's front-drive design to provide impressive traction under adverse conditions.

POWER RACK-AND-PINION STEERING is standard. You'll appreciate the precise response this system delivers.

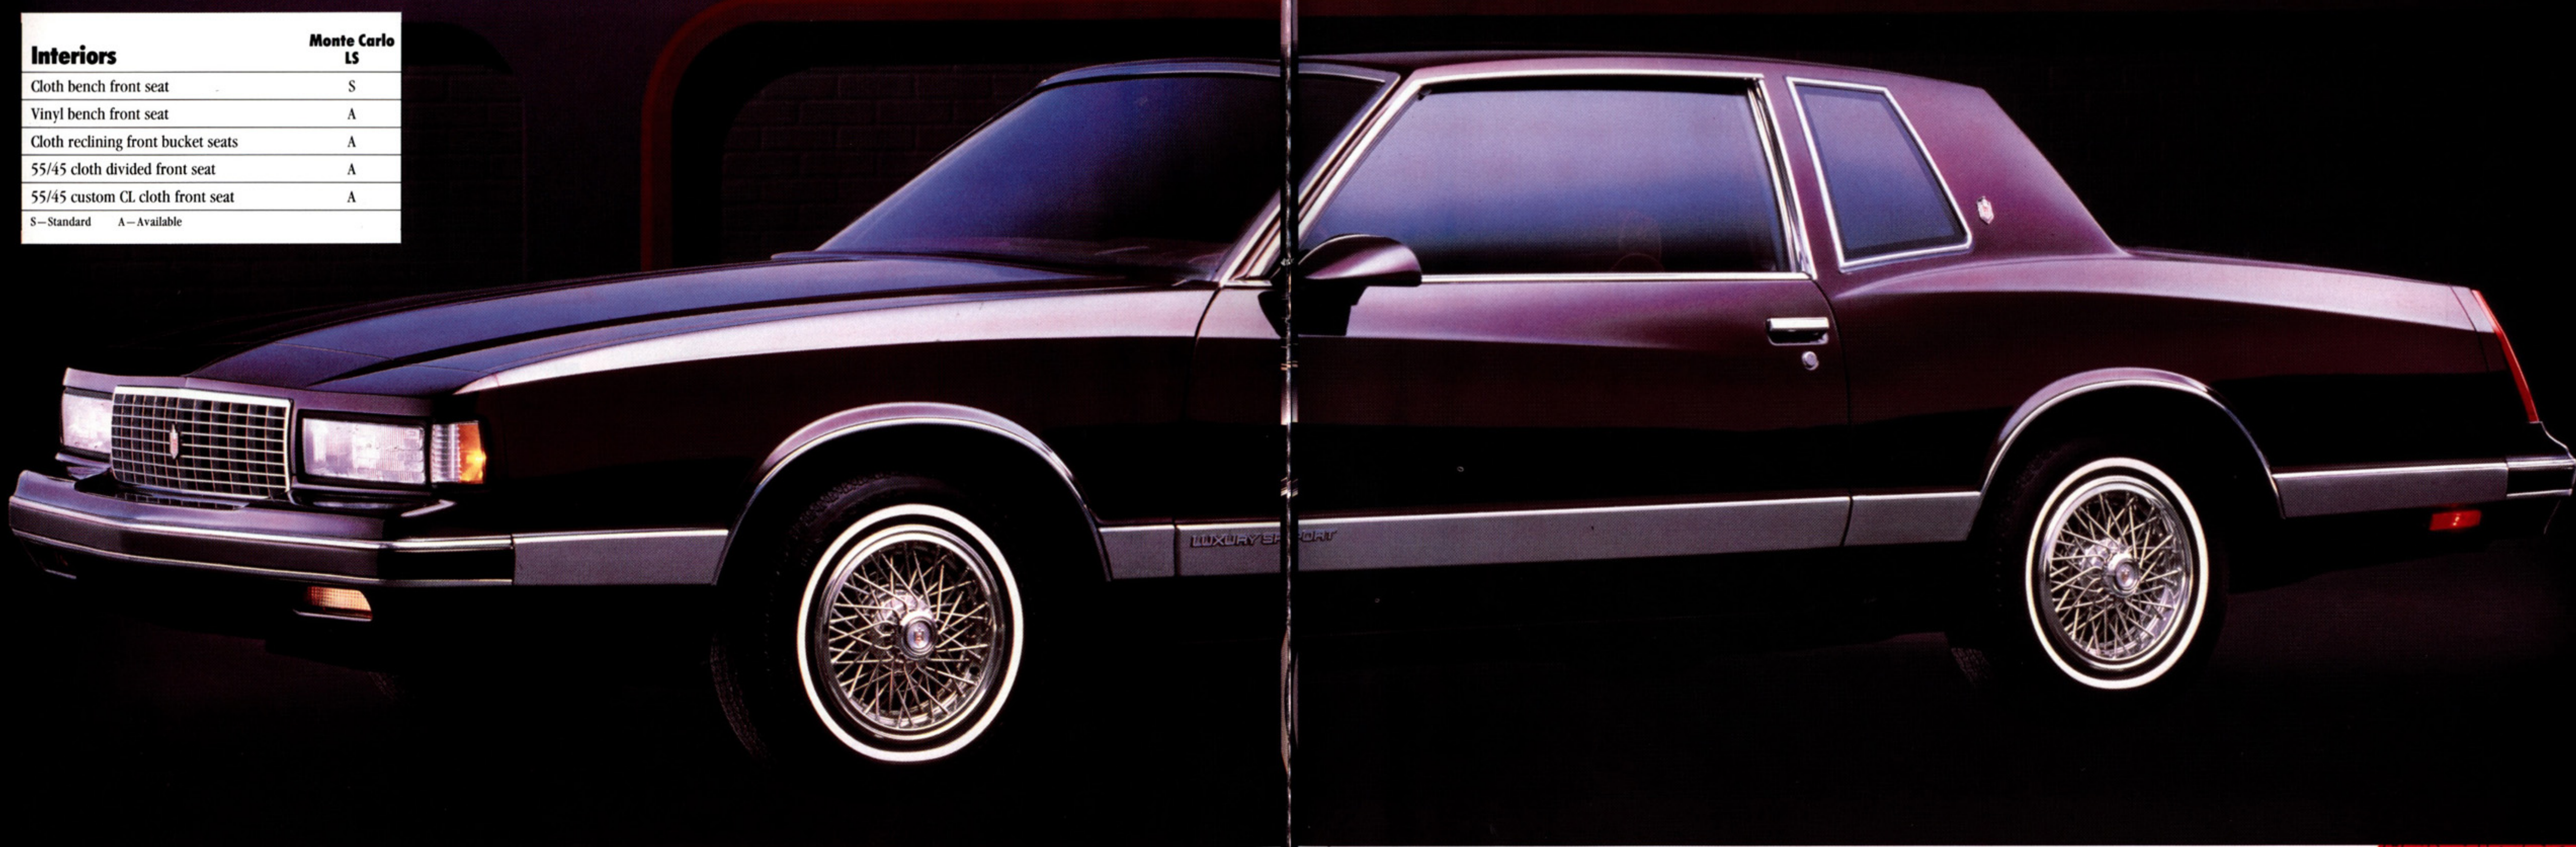

CELEBRITY CONSTRUCTION is based on a rugged unitized body with double-panel doors, hood and deck lid or tailgate.

SEATING FOR SIX is standard on every Celebrity model. Other standard interior conveniences include power ventilation system and side window defoggers.

A SPACIOUS 460 LITRES (16.2 CU. FT.) TRUNK is sized for family trips. For even larger needs, Celebrity Wagon delivers up to 2127 litres (75.1 cu. ft.) of cargo space.

S—Standard A—Available		

Ample room in luxurious surroundings. Inside, Monte Carlo LS is everything a personal car should be. Choose from standard and CL Custom interiors. Front buckets and centre console are optional as well. Shown here, CL Custom interior in Blue with 55/45 split front bench seat.

Here's a car that reflects the quiet glamour of tradition, gracefully blended with contemporary style and technology. Monte Carlo LS—Luxury Sport—is elegant, comfortable, with the intimacy only a 2-door coupe can provide. And for those who like their comfort coupled with performance, there's the aggressive Monte Carlo SS*.

The Power Teams
Moving Monte Carlo LS deftly in virtually any situation is a 3.8 Litre 2-Bbl. V6 engine. Teamed with this powerplant is a 3-speed automatic transmission. Or

choose the optional 5.0 Litre V8 and 4-speed automatic overdrive combination for even quicker response.

The Road Manners
Delivering the smooth ride and graceful poise characteristic of Monte Carlo, you'll find power steering and brakes, front stabilizer bar and independent coil-spring front suspension. The full-perimeter frame has 14 cushioning body mounts to contribute to the confidence of Monte Carlo's ride.

The Styling
Like everything else about this vehicle, Monte Carlo looks up to its "luxury sport" name. Smooth, sculpted lines combine aerodynamic insights with classic styling. The fine mesh grille and halogen composite headlamps are as contemporary as today. Wide lower body side mouldings and bright window mouldings accent the sweep of the sheet metal. The broad rear deck opens to reveal a generous 458 litres (16.2 cu. ft.) trunk.

*See the Chevy Performance Catalogue for a description of Monte Carlo SS.

Monte Carlo LS in Dark Maroon Metallic with optional wire wheel covers.

Caprice Classic Brougham in Dark Maroon Metallic with optional wire wheel covers, white-stripe tires and body side mouldings.

Caprice Classic Coupe in optional two-tone, Light Brown Metallic/Medium Brown Metallic with optional Landau package, Sport wheel covers, white-stripe tires and body side mouldings.

Caprice Wagon in Dark Blue metallic with standard full wheel covers, optional white-stripe tires and body side mouldings.

Tradition. It's the essence of Chevrolet Caprice. A tradition of room, of style, of elegance. In an automobile that retains its classic proportions, uncompromised in any way.

The Tradition

A full-size 2945 mm (116-inch) wheel-base, rear drive and superb road isolation, allow unparalleled quiet balance

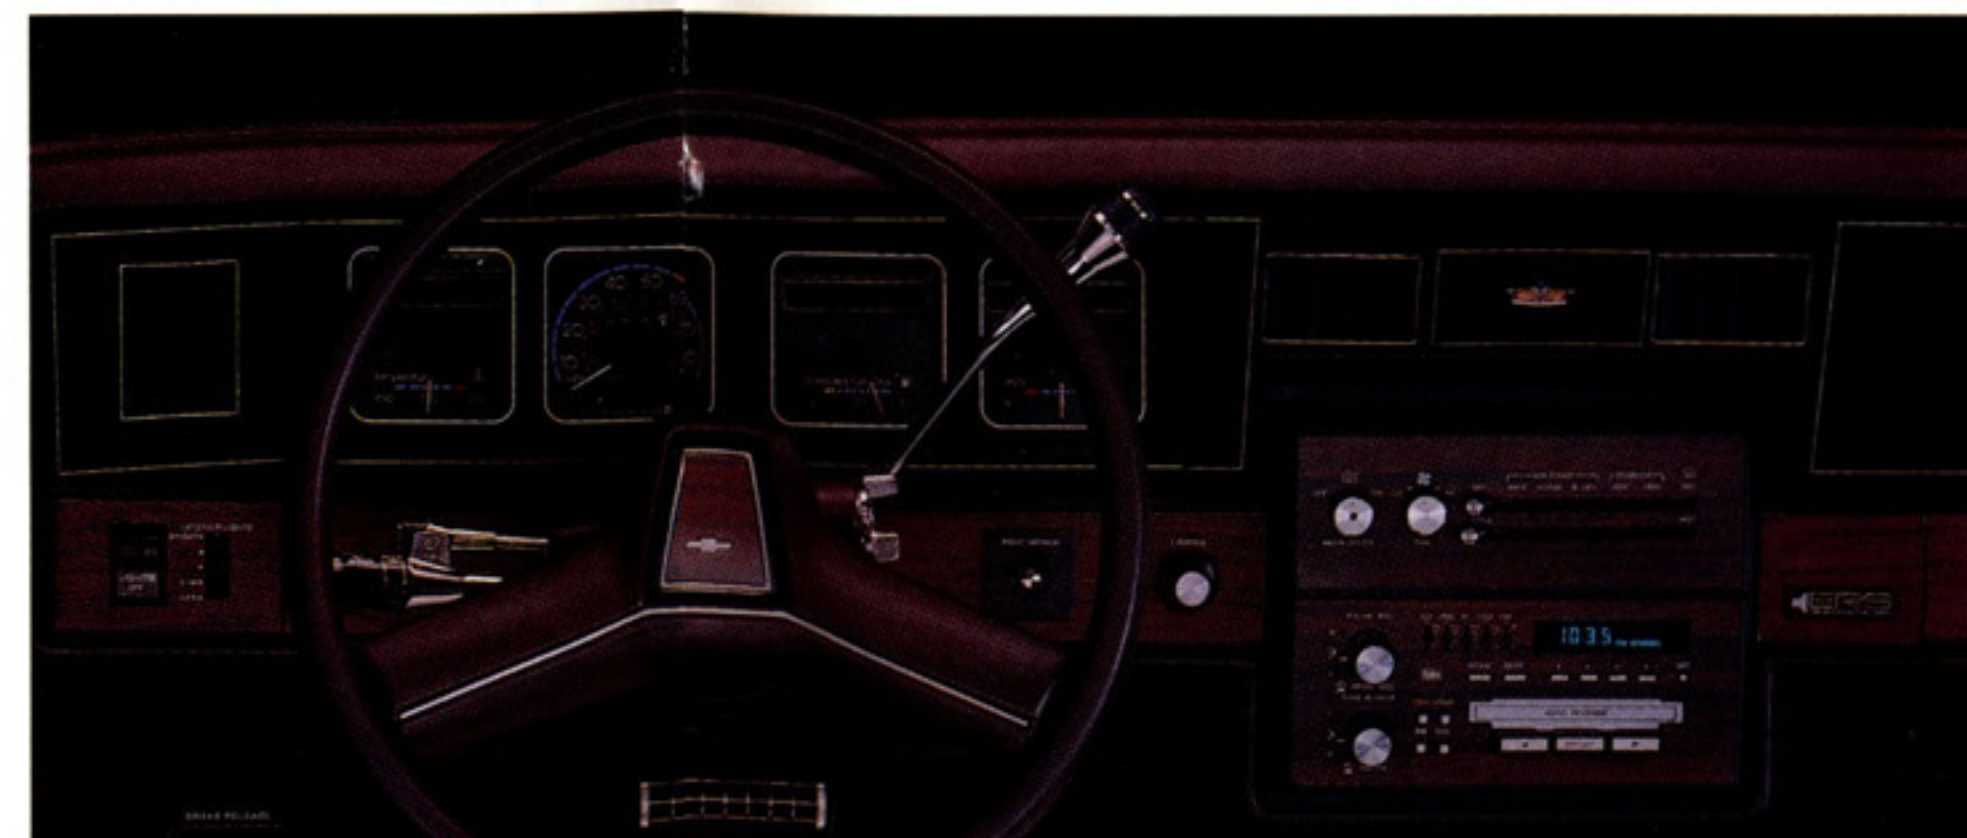

and towing ability. In a selection of interior trim options with grille and headlamp layout new for 1987.

The Technology

A 5.0 Litre V8 engine is standard, as are power steering and power brakes. A 4-speed automatic transmission is also standard. And to increase Caprice's road handling and manoeuvrability, specify the optional F41 Suspension.

The Models

There are several models for you to choose from: Caprice, Canada's full-size value leader, comes as a sedan or wagon. Caprice Classic offers a full range of coupe, sedan and wagon body styles. And there's the most exclusive way to say Chevrolet, the 4-door Caprice Classic Brougham.

Caprice instrumentation includes gauges in classic easy-to-read shapes. Bahia Simulated wood-grain trim plates bespeak the elegance of this automobile. Brougham instrument panel shown in Maroon.

Note: Instruments are metric in Canada.

Brougham interior features seats of lush pillow design combined with rich velour fabric. The 55/45 split front seat includes a pull down centre armrest, as does the bench seat in the rear, and there's cut pile carpeting pillar-to pillar.

The ultimate Caprice. With all the accoutrements traditionally associated with the designation "Brougham."

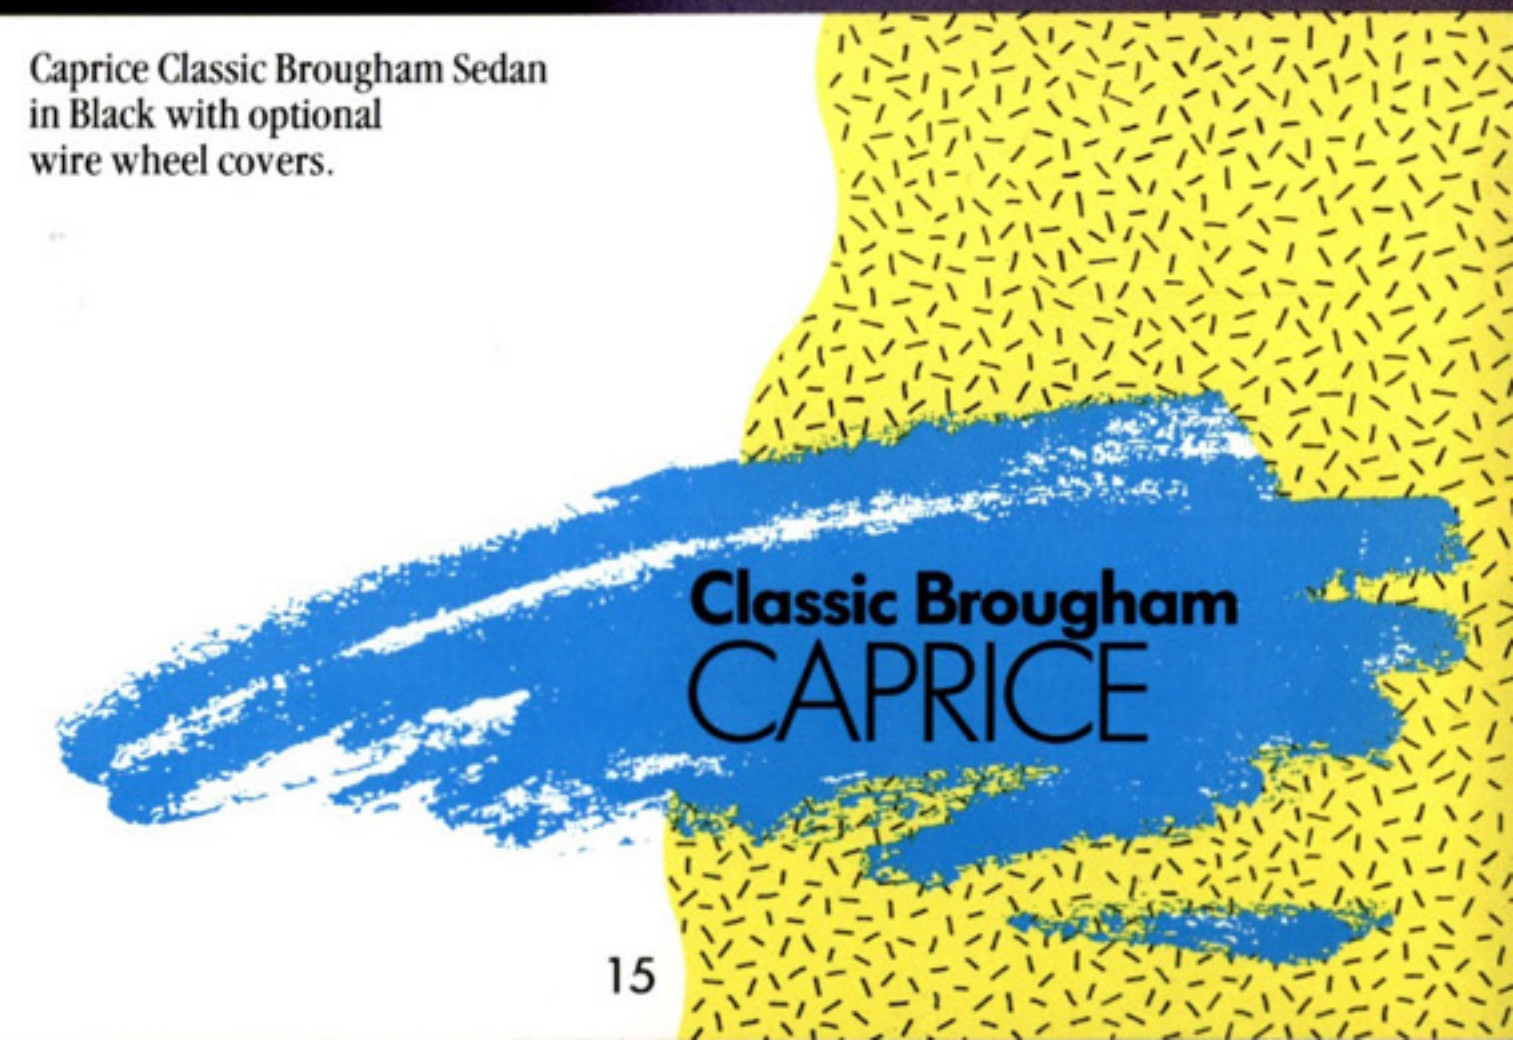

Brougham Amenities

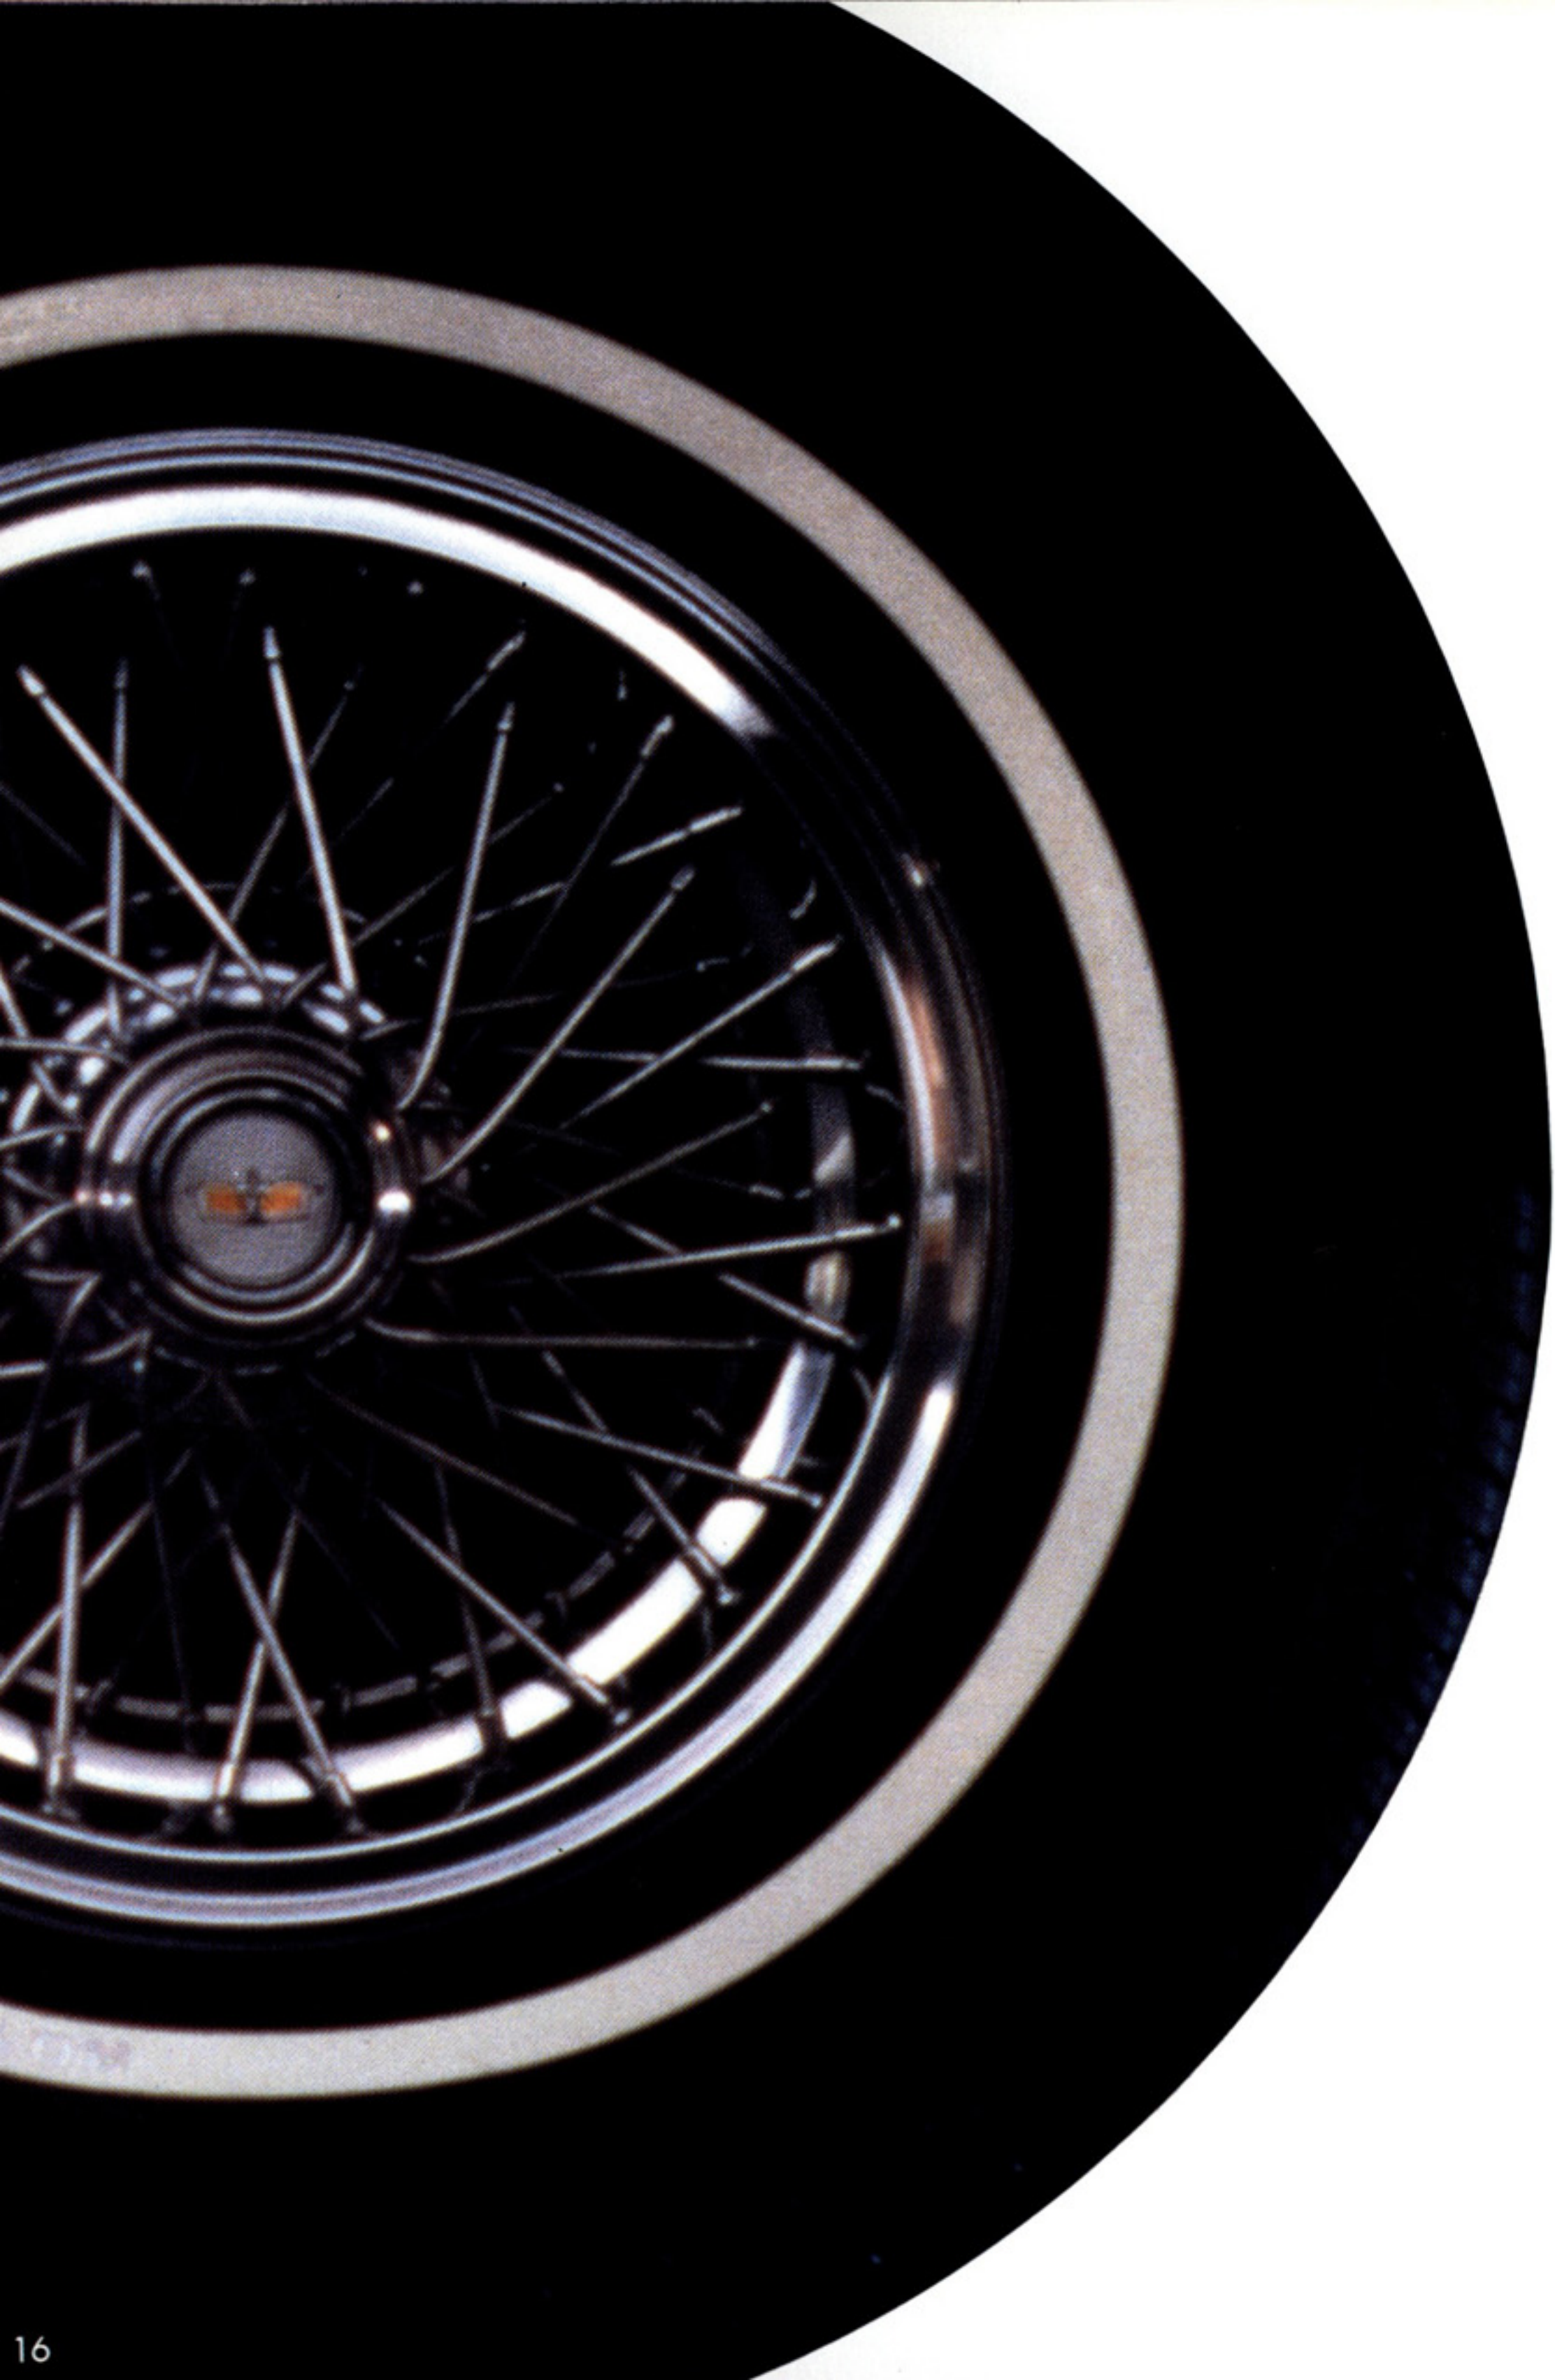

Full, padded vinyl roof, centre pillar applique of bright brushed metal, bright wheelhousing mouldings, and the traditional stand-up hood ornament — all harken back to an era thought long gone in motoring. All are hallmarks of Brougham.

Brougham Quiet

The standard Acoustical Insulation Package doubles the amount of acoustical insulation found in the hushed surroundings of the standard Caprice. As a result, you'll enjoy your favourite music even more, on your choice of several fine Delco electronic sound systems. Each of these systems is designed to precisely fit the interior configurations of Caprice.

Caprice Classic Brougham Sedan in Black with optional wire wheel covers.

DRESS IT UP TO SUIT YOUR DRIVING TASTE

You work hard for a living. Indulge yourself in your new car purchase. Customize your family Chevy to spoil you: to perform, sound and look just the way you want it. In this section and the following pages are lists of the many option choices you have, to make your Chevrolet your truly personal automobile.

SAFETY FEATURES

Occupant Protection

- Safety belts for driver and right front passenger (driver's side includes visual and audible warning system)
- Lap belts at each rear-seat position (and centre front, when applicable)
- Energy-absorbing steering column
- Energy-absorbing instrument panel
- Energy-absorbing front seat-back tops
- Laminated safety windshield glass and tempered safety side and rear window glass
- Safety interlocking door latches
- Passenger-guard inside door lock handles
- Inertia-locking, folding front seat-backs (Coupe)
- Safety armrests
- Head restraints, driver and right front passenger (adjustable).

Accident Avoidance

- Side marker lights and reflectors
- Parking lamps that illuminate with headlamps
- Four-way hazard warning flasher
- Backup lights
- Centre high-mounted stop lamp
- Directional signal control with lane-change feature
- Windshield defroster, washer and dual-speed wipers
- Inside rearview mirror with vinyl-bonded glass
- Outside left rearview mirror (right on Celebrity and Monte Carlo)
- Brake system with dual master cylinder and warning light
- Starter safety switch
- Dual-action hood-latch system
- Low-glare finish on instrument panel top, inside windshield mouldings, wiper arms/blades, metallic steering wheel surfaces
- Illuminated heater and defroster controls
- Tires with built-in tread-wear indicators.

Theft Deterrence

- Audible reminder for ignition key removal
- Theft-deterrent steering column lock
- Visible vehicle identification number.

For Your Protection*

1. New Vehicle Limited Warranty — 12 months or 20,000 kilometres, whichever comes first.
2. Powertrain Coverage — 36 months or 60,000 kilometres, whichever comes first on gasoline engines (\$100 deductible).
3. Owner Assistance Program.
4. Special Policy Adjustment Program.

*Ask your dealer for details.

General Motors recognizes that taking delivery of your new vehicle is a significant event. To ensure that your delivery experience contributes to your overall satisfaction, we have implemented a “Commitment to Excellence” Delivery Procedure.

This procedure includes a thorough new vehicle inspection by both the service technician and salesperson, a full tank of fuel, and a follow-up survey to determine your satisfaction with the delivery experience.

General Motors “Commitment to Excellence” is yet another excellent reason to “Look at GM Today”.

5-year unlimited kilometres corrosion perforation warranty. On all 1987 GM passenger cars. Ask your dealer for details.

While there are many service contracts available on the market today, *there is only one which gives you an agreement directly with General Motors.* It is the one with the GM Protection Plan logo shown above. This logo on all Plan material assures you that the service contract you are buying is the GM Plan, we believe the finest such program available to GM owners.

The GM Protection Plan provides additional protection during and after the new vehicle limited warranties. Ask your General Motors dealer for details and information about the *genuine GM Protection Plan.*

GMAC Financing or Leasing, it's as easy as GMAC

The good feeling that comes when you buy or lease a new GM vehicle can be enhanced when it comes to making the financial arrangements.

Which is why so many people finance with General Motors Acceptance Corporation. With GMAC it's done right in the showroom. Terms are tailor-made to suit your personal needs. You can choose your own monthly payment date. And the rates are friendly as can be.

So when the time comes, just tell us “I want GMAC”. We'll take it from there while you relax.

A WORD ABOUT THIS CATALOGUE

The vehicles described in this catalogue incorporate components produced by General Motors of Canada Limited and related companies and suppliers. During manufacturing, different components than initially scheduled may be used.

All illustrations and specifications contained in this catalogue are based on the latest product information at time of publication approval. The right is reserved to make changes at any time, without notice, in prices, colours, materials, equipment, specifications and models, and to discontinue models. Some of the

equipment shown or described throughout this catalogue is available at extra cost or can only be ordered in conjunction with the other optional equipment. Some options may not be available when your vehicle is built. Check with your dealer for complete information.

A WORD ABOUT ENGINES

Chevrolets are equipped with engines produced at facilities operated by GM car groups, subsidiaries or affiliated companies worldwide.

XV Winter Olympics Calgary '88

General Motors of Canada is proud of our involvement with major events in Canada, from Expo '67 in Montreal to Expo '86 in Vancouver, from the 1976 Olympics to the Winter Olympics in Calgary in 1988.

General Motors is a sponsor and Official Supplier of Transportation to the XV Olympic Winter Games in Calgary in 1988. This world event will be a showcase for Canadian athletes, for all of Canada and all Canadians — a symbol of Canadian excellence.

At General Motors we are committed to excellence. And to Canada.

GM Autoplex: A Pledge to Canada. An Example to the World.

Throughout North America, General Motors is embarking on a new manufacturing program that will set new standards for building cars and trucks right into the next century.

In Canada, it's called GM Autoplex. Although our technology and techniques are ultra modern, our philosophy still holds true to the original standard set by Col. Sam McLaughlin, GM Canada's first president — “One grade only, and that the best”.

That philosophy, exemplified in the GM Canada workforce, was one of the main reasons Canada was chosen to spearhead this world-class program.

Consider the calendar of events. Starting in 1987, GM Autoplex will be part of our new truck program. In 1988, it will include a new GM world-class car program. By 1989, when all the key elements have been put in place, GM Autoplex will be the largest single automotive manufacturing complex in North America.

But the philosophy goes beyond even a project of this magnitude. Our on-going objective is to make sure that every vehicle that we make reflects GM's standard of excellence.

To maintain that excellence, we are insisting on more supplier involvement at the early stages of production, more training for the employees and greater use of sophisticated technology like robotics and fibre optics.

This is GM's on-going commitment to excellence, to Canada and to you. A commitment to produce the best quality cars and trucks possible at a price that's competitive.

Way to Go Chevy!
