

2000 MITSUBISHI ECLIPSE

There are many ways to get in touch with your inner being. This particular approach is for those whose inner being likes to roar. Loudly. A 205-hp* V6 kind of roar. This is for the person who craves the attention that comes from a stylish, geo-mechanically designed body. A person who wants the fun of a 5-speed,

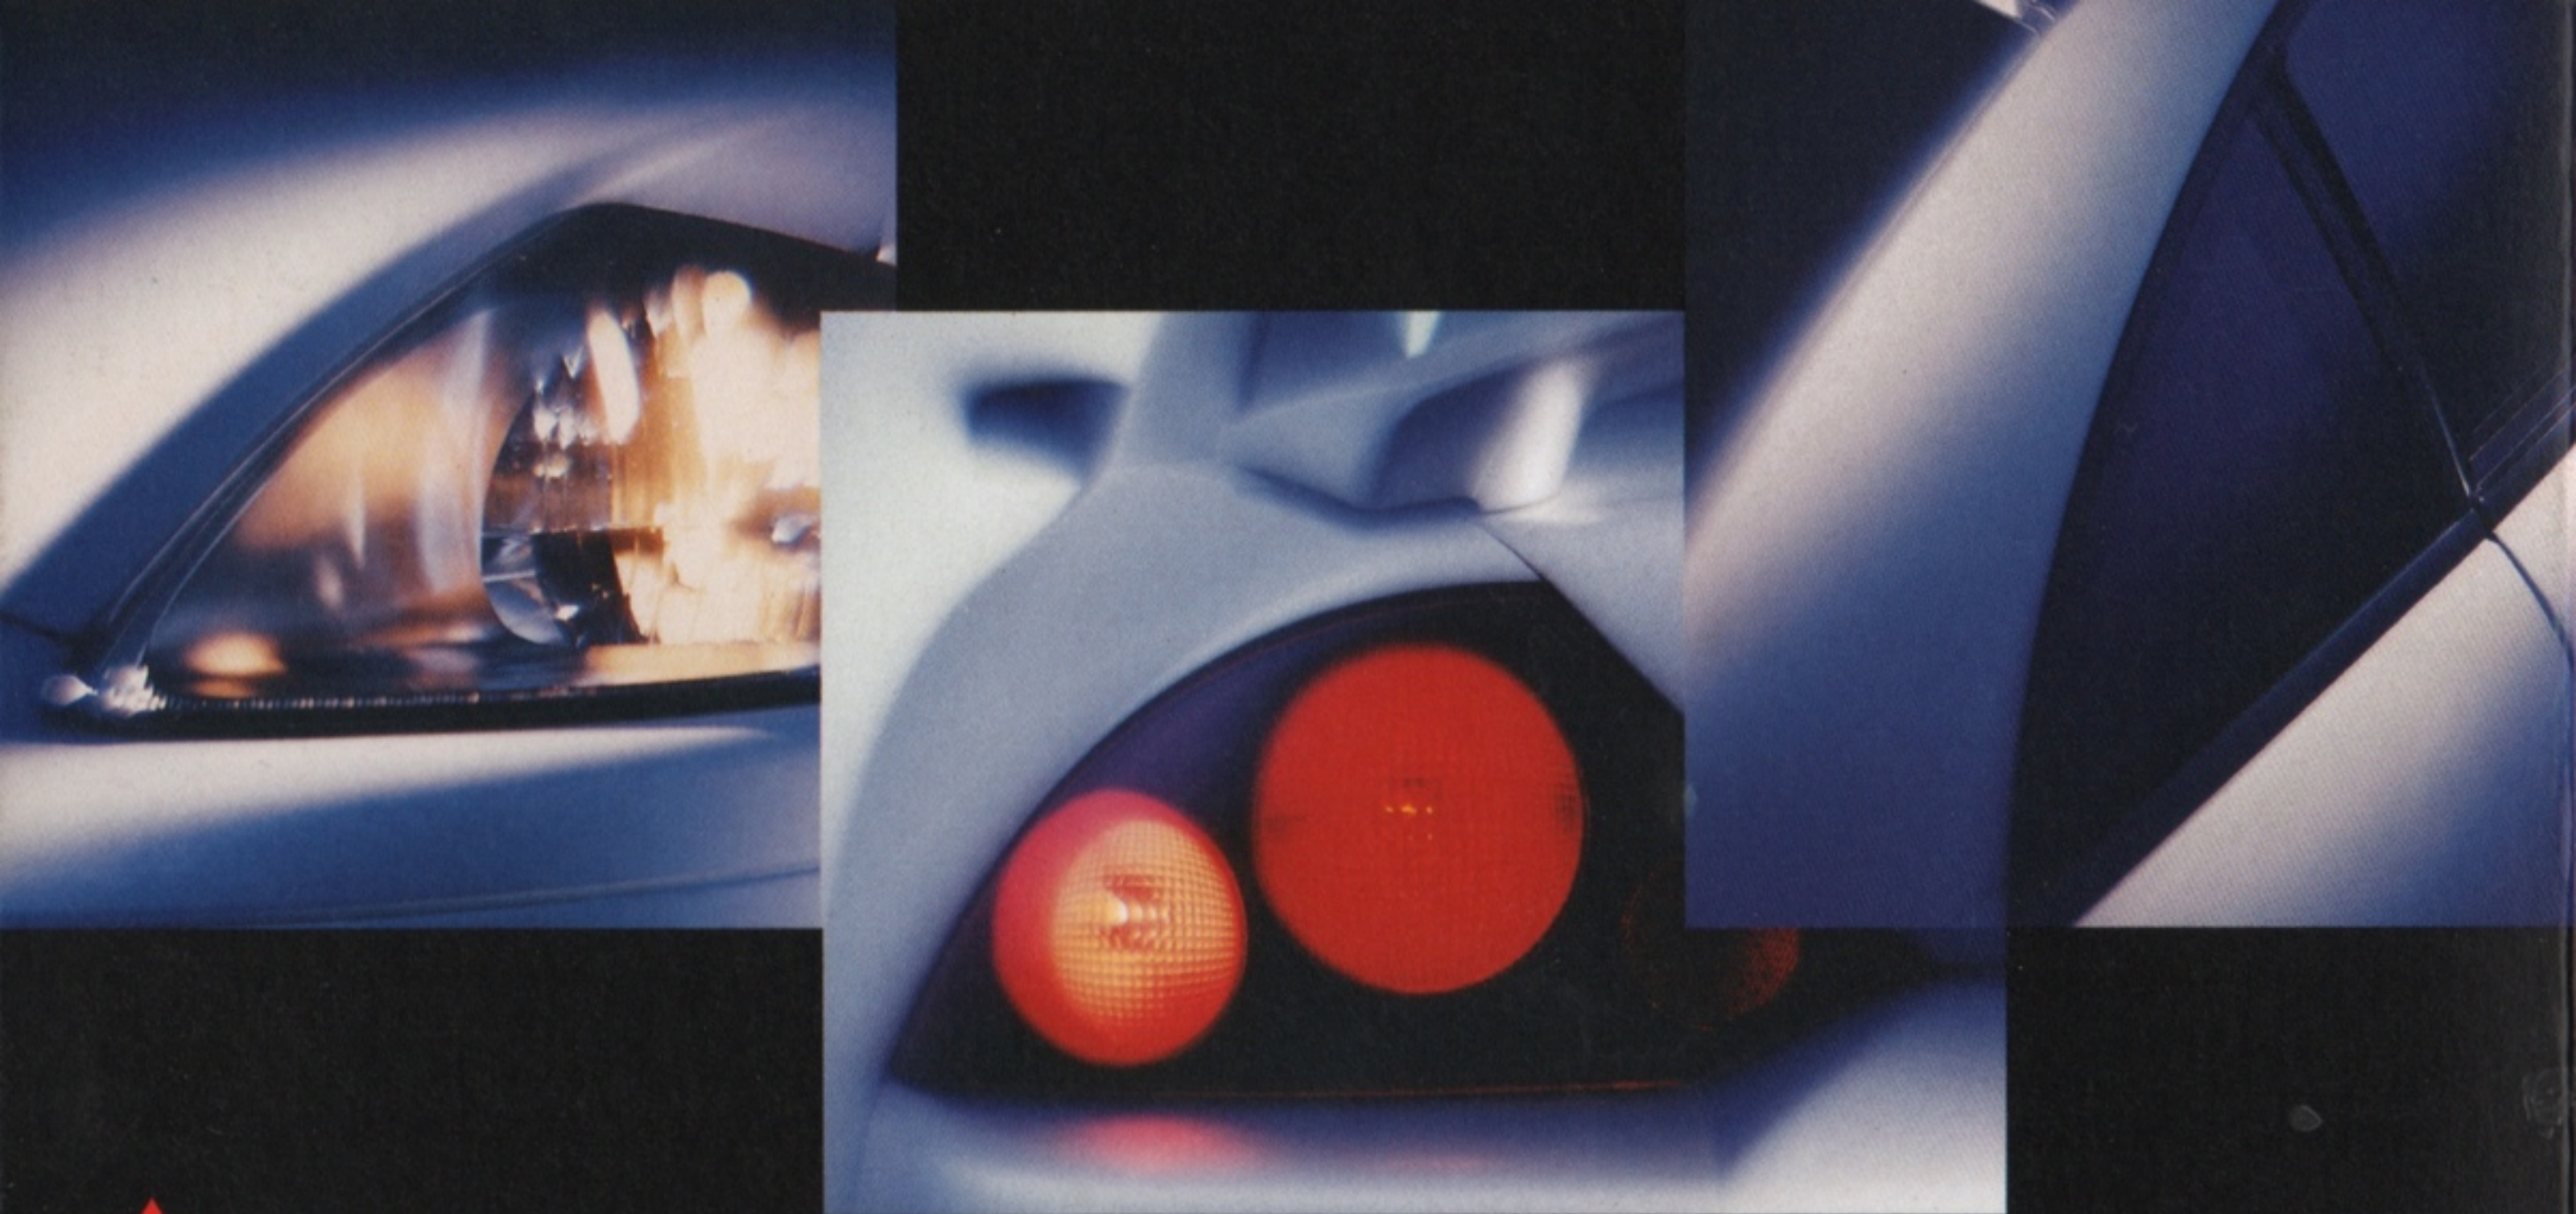

but who doesn't want to give up the convenience of an automatic. (We call it a Sportronic™ transmission.) This car is for the person who sees a freeway on-ramp as opportunity knocking. If you're not that kind of person, then you probably know one. Please inform them that their new Eclipse is ready.

FASTER THAN THERAPY.

Model: Eclipse GT

 **MITSUBISHI
MOTORS**
wake up and drive™

*200 hp with CA/NLEV vehicles.

**Always place an infant in a rear-facing infant seat in the back seat. Always transport children 1 to 12 years old in the back seat and use appropriate child restraints. Always buckle your seatbelt. Keep 10 inches between the center of the air bag cover and your breastbone. Sit well back and upright without leaning against the window or door.

Not all features available on all models; see Retailer for details. All contents based on latest information available at time of printing and subject to change without notice.
