

## The Jetta Wagon

---

It stands out without really standing out at all.

Drivers wanted.® 

DESIGN

Either we drove the Jetta Wagon to the fountain of youth,  
or it drove itself.

**Headlamps.** Distinctly understated, they lend a hand to the Jetta Wagon's youthful demeanor. They don't wrap around the fender either, which keeps the car's profile nice and clean. (A real treat for other drivers as you zip by in the fast lane.)

**Whip Antenna.** Don't think of it as an antenna – think of it as a highly functional work of art. Its unique spiral design means less wind resistance and none of those annoying whistley sounds that straight wire antennas tend to make.

EXTERIOR

**The C-Pillar.** Ah, flowing lines. We can't get enough of them. This particular one is our pride and joy. Look how smoothly the line runs down the roof before curving ever so slightly into the trunk area. Think it was easy getting it to look this way? You try it.

Pick a color, any color.

Indigo Blue	Mojave Beige	Baltic Green	Reflex Silver
Tornado Red	Candy White	Black	

Drivers wanted. 

DESIGN

The less fussy it is inside, the better.

And the better it is, well, the better.

**Climatronic® System.** Now you can be your very own meteorologist. Based on your settings, it automatically controls the temperature, air flow, and speed at which fresh air is circulated. No matter how hot or cold it is out there, you'll be happy as a clam.

**Self-Dimming Rearview Mirror.** Very handy when bright headlights are ganging up on you. An infrared sensor detects if light is stronger than it should be. If so, the mirror dims, thereby reducing glare – and any chance of you cussing and squinting.

**The Monsoon® Sound System.** 200 watts and an eight-channel amplifier will make your earlobes shimmy and shake. To make it as cool-looking as possible, we made it match the blue and red instrumentation panel, too. Now isn't that just like us?

Some fabrics to choose from.

- Beige Cloth
- Gray Cloth
- Black Cloth
- Beige Velour
- Gray Velour
- Black Velour
- Beige Leather
- Gray Leather
- Black Leather

GLS interior with optional Wagon Premium Package shown. Some features may not be available on some trim levels.

PERFORMANCE

For us, it's unlikely **the thrill of making great engines** will ever wear off.

115 hp

**This engine benefits** from a simple and true design. (Some would say it's a classic.) It's compact, pretty lightweight, and requires less space under the hood – all of which goes to providing smooth engine performance. To top it all off, it offers lowered emissions, too.

90 hp

**Our most fuel-efficient<sup>1</sup> engine**

has a faster cold start time than most conventional diesels. It's lighter and delivers lots of low-end torque for initial acceleration. It goes without saying you get more miles for the money, but an added bonus is not having to go for tune-ups as often as you might for other engines.

180 hp

**Light in weight**, compact in design, this engine has 5 valves per cylinder. That means you get better breathing for enhanced performance. Coupled with a Turbo, you get high torque starting at low rpm so you're quicker off the line. And high horsepower at high rpm provides you with exceptional passing power. Your fuel economy<sup>1</sup> is improved, and there are lowered emissions, too.

<sup>1</sup>EPA fuel mileages are estimates only. Your fuel consumption may vary.

ALL-AROUND  
SAFETY

## Safety.

Our most important standard feature.

**Front Crush Zone.** Helps to divert impact energy away from occupants in case of a collision.

**Anti-Theft Alarm System.** Scares away uninvited guests. (Otherwise known as burglars.)

**4-Wheel ABS.** An onboard control unit designed to detect wheel lock-up, improving overall braking especially in poor driving conditions.

**Immobilizer.** Prevents the Jetta Wagon from being started up if an unauthorized key is used.

**Daytime Running Lights.** The better other drivers see you, the safer you'll be.

**Electronic Stability Program.<sup>1</sup>** For better handling and control. (Why skid if you don't have to?)

**Rear Crush Zone.** Helps to divert impact energy away from passengers in case there's a collision.

**Interior Trunk Escape Handle.** You never know – someone might accidentally lock themselves in and want to get out.

**LATCH System.** Lower Anchors and Tethers for Children. A standardized child seat attachment system for vehicles.

**Child Safety Rear Door Locks.** A feature that prevents a child inside from opening the rear doors.

**Full-Size Spare Tire.** You never know when it might come in handy.

**Track-Correcting Torsion Beam Rear Axle.** Angled mounts increase vehicle control as turns are completed.

**Side Curtain Protection<sup>2</sup> Airbags.** These extend down the roofline, helping to minimize head and upper torso injury.

**Dual Front and Front Side Impact Airbags.<sup>2</sup>** Deploying within a tenth of a second if needed.

**Anti-Intrusion Side Door Beams.** Buying precious time for the side impact airbags to deploy.

**Self-Dimming Rearview Mirror.<sup>2</sup>** Laugh in the face of bright headlights behind you.

**Safety Cell Construction.** A rigid cell of reinforced steel is built into every Jetta Wagon.

**Steering Column and Wheel.** Telescoping, height-adjustable, and collapsible on impact. (Not bad for a steering wheel.)

### WARRANTY

**Basic Warranty:** Every Jetta Wagon comes with a bumper-to-bumper New Vehicle Limited Warranty for 4 years or 50,000 miles, whichever comes first.<sup>3</sup>

**Powertrain Warranty:** The Volkswagen Powertrain Limited Warranty provides 5 years or 60,000 miles of protection, whichever comes first.

**Anti-Corrosion:** A fully galvanized steel body means we can offer you a 12-year unlimited mileage Limited Warranty Against Corrosion Perforation.

**Roadside Assistance:** The Jetta Wagon has a 24-hour-a-day Roadside Assistance package,<sup>4</sup> for 4 years or 50,000 miles, whichever comes first.

<sup>1</sup> Feature available on certain trim levels.

<sup>2</sup> Airbags are supplemental restraints only. Always use safety belts. Seat children only in the rear, using restraints that are appropriate for their size and age.

<sup>3</sup> Wear and tear items and adjustments are excluded after the first 12 months or 12,000 miles, whichever comes first.

<sup>4</sup> Roadside Assistance, for 4 years, provided by AAA and its member clubs. See dealer for details.
