POLICE INTERCEPTOR AND SPECIAL SERVICE VEHICLES

FORD FLEET

2004

POLICE INTERCEPTOR

Major Standard Equipment

- Air conditioning - manual with positive shutoff registers
- Engine - 239 hp (gasoline), 287 ft.-lbs. @ 4100 rpm torque, 4.6L overhead cam, SEFI V8, with revised air induction system for increased horsepower
- Floor Covering - heavy duty rubber
- Frame - heavy duty body-on-frame construction
- Glass - solar tinted, full, with ceramic shade band behind rearview mirror
- Head Restraints - 2-way
- Hub Caps - steel
- Mirrors - exterior black, foldaway dual remote control power
- Mirror - day/night, inside rearview
- Paint - Clearcoat, anti-chip paint primer
- Personal safety system - includes safety belt pretensioners, front dual stage airbags, seat position and weight sensors
- Radio, delete
- Safety belts, 3-point for front and rear outboard occupants (pretensioners on front seat shoulder belts)
- Seats - front, cloth bucket with power lumbar driver's seat and manual recline. Anti-stab protection driver/passenger, with weapons cut-out
- Seats - rear, vinyl bench excludes center armrest
- Steering - power rack and pinion steering, heavy-duty, police unique, for improved road feel, with front-mounted oil cooler
- Suspension - police, heavy duty, front short - long arm and rear Watt's linkage and springs, monotube shock absorbers and stabilizer bars
- Tires - P225/60VRx16 Goodyear Eagle RSA Plus BSW, all-season speed rated with conventional spare (except w/ extended range NGV tank)
- Transmission - electronically controlled 4 - speed automatic overdrive with overdrive lockout
- Wheel Rims - Heavy duty steel, 16" x 7"

Additional Features

- Generator, high output 200-amp, maximum output, 130-amp, at idle (80°F)
- Axle Ratio - rear 3.27:1 with non-locker differential
- Battery - maintenance free, 78 amp.-hr. (750 CCA)
- Battery Saver - turns off lights after 30 minutes
- Brakes - front and rear disc, power 4-wheel anti-lock braking system (ABS)
- Cooling Package - 6 blade plastic fan, variable-speed electrodrive fan motor and lower radiator air dam
- Decklid Release - located on instrument panel, battery operated (gasoline fueled vehicles only)
- Defroster - rear window
- Drive Shaft - aluminum 3-1/2" heavy-duty and heavy-duty u-joints (also available with Natural Gas Vehicles)

- Engine Oil Cooler - (n/a Natural Gas Vehicles)
- Exhaust system - stainless steel, dual (n/a Natural Gas Vehicles)
- Fall Safe Cooling System
- Fuel Filler Cap - tethered
- Fuel tank - 19 gallons (72 liters)
- Headliner - removable
- Instrument Cluster - analog gauges for battery voltage, oil pressure, water temperature and fuel level
- Lamp - dual beam map, header mounted 21 C.P. (high intensity), luggage and engine compartment
- Locks - rear doors, child safety latches
- Locks - power door
- Lock system, single key (all vehicles different)
- Parking Brakes - single stroke, manual release
- Rear Power Access Point: providing power and ground to trunk mounted equipment. Power provided to terminal via two 10-gauge wires, each fused @ 50 amps. (Standard)
- Speedometer - electronic certified calibration in 2 mph increments 0-140 mph (220 kph)
- Stabilizer Bars - front & rear
- Steering Wheel - center horn blow, tilt steering column, stalk controls for washer/wiper, high/low headlamp beams, turn signal and flash-to-pass
- Transmission Oil Cooler - oil to air
- Upper Ball Joints - low friction, non-greasable

All these enhanced performance features and the same safety features as the civilian Crown Victoria!

Optional Trunk Pack™ Features

In rear impacts, police equipment located in the trunk can be pushed forward as the rear of the vehicle deforms. Please visit www.CVPi.com for proper trunk packing considerations. In summary, Ford recommends that police equipment be both secured and laterally aligned. Additionally, Ford is now offering an optional Trunk Pack™ to reduce the risk of injury resulting from police equipment pushing forward into the back seat and/or fuel tank in the event of a high-speed rear impact. The Trunk Pack™ is a drop-in box with a tough plastic shell made of High Density Polyethylene (HDPE). It both aligns police equipment laterally in the trunk and utilizes a DuPont™ KEVLAR® lining on the forward side of the box to reduce point-loading of the trunk wall and the associated risk of police equipment penetrating into the back seat or fuel tank in high-speed rear impacts.

Caution: Do not place stiff or sharp objects in the trunk that could be pushed forward into the fuel tank in a high-speed rear impact.

REGULAR PRODUCTION OPTIONS

ITEM	OPTION CODE		
AM/FM Stereo Radio	58F	Lamp, Dome/Map (5" Center Mtd.) - Delete	54M
Axle Ratio 3.55 (N.A. w/NGV vehicle):		Lateral Bow Reinforcement (N.A.w/NGV vehicle)	185

DEDICATED NATURAL GAS POLICE VEHICLE

Highlights

- Only full-size factory-built NGV in its class
- ULEV 2/BIN 3 emissions certified - Meets EPA and Clean Air mandates
- Potential operating and fuel savings
- Police Interceptor/Heavy-duty use package
- Available Extended Service Plan (ESP) on all CNG components
- Same 3 year/36,000 mile (60,000 km in Canada) bumper to bumper New Vehicle Limited Warranty

Natural Gas Fuel System

- 4.6L SEFI V8 Dedicated Natural Gas Engine - 180 hp and 235 ft.-lbs. torque at 4000 rpm

Standard Tank Configuration

- 2 tanks underbody and 2 tanks in trunk
- 11.9 gge/45.0 gle @3600 psi fuel tank capacity - up to 250 miles (563kms)

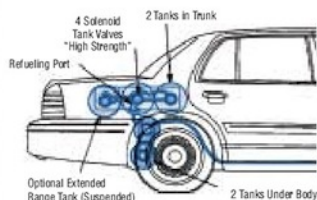

Optional Extended Range Tank Configuration

- Additional tank suspended from truck deck for maximum cargo space (total of 3 tanks in truck, 2 underbody)
- 15.6 gge/59.0 gle @3600 psi fuel tank capacity - up to 350 miles (401kms)

EPA Estimated MPG

- City 15 MPG (15.7 L/100 km)
- Highway 22 MPG (10.7 L/100 km)
- Average 18 MPG (13.1 L/100 km)

Average based on 45% highway and 55% driving

What's New!

The 2004 version of Police Interceptor includes minor exterior, interior and functional changes primarily through adjustments to the packaging of features. Changes include optional stand alone Side Air Bags, standard Radio Delete, optional power heated mirrors and new Trunk Pack™ (with DuPont™ KEVLAR® front lining).

Functional Changes

- New High Output Generator, 200 Amp. Max.
- New Air Induction System for increased horsepower
- New Rear Power Access Point - provides power for trunk mounted equipment
- New 3.55 Axle Array (730A & 770A) provide greater acceleration with vehicle top speed reduction

New Equipment and Options

- Grille, Lamp, Siren and Speaker Wiring available
- Locking Gas Cap available
- Front Power Distribution Box available
- Power Heated Mirrors available
- Laminated Security Side Glass available
- Spot Lamp Assembly now available on Street Appearance Package
- New Trunk Pack™ (with DuPont™ KEVLAR® front lining)

2004

FORD POLICE INTERCEPTOR EQUIPMENT PACKAGES

These packages have been formulated to meet three levels of police car needs most often requested by police agencies. Each package is offered directly from your Ford Dealer as a Regular Production Option, and is covered by Ford New Vehicle Limited Warranty.

EQUIPMENT

Package Availability

	Base Police Prep (65A)	Complete Police Prep (68P)	Visibility Package (65W)
Base Police Prep Package (65A)* - A wiring package for the most basic police car applications.			
• Two (2) Front Strobe Bulbs and two (2) Rear Strobes, installed in parking light and taillight lenses.	■	■	■
• Wiring Harness including the following items:	■	■	■
- Six (6) Strobe Cables - Shielded and Grounded pre-run to the front marker lights, taillight lenses and two (2) to the front grill.	■	■	■
<i>New for 2004</i> - Revised connectors in trunk to mate with industry standard Strobe Power Supplies.			
<i>New for 2004</i> - Two (2) Strobe Cables pre-run to the front grill with waterpack caps, for the addition of customer supplied Grill Lights.			
- Distribution Centers located in the glove box and trunk 50 amp each fused in engine compartment. Each Distribution Center has five (5) ground wires and can hold six (6) fuses - Three (3) battery and three (3) ignition powered.	■	■	■
- 50 Amp battery circuit and ground available at console base or trunk (utilized by 65W Visibility Package).	■	■	■
- Additional 50 amp battery circuit and ground available at trunk (utilized by 65W Visibility Package)	■	■	■
- 50 Amp battery circuit and ground available at passenger kick panel or trunk for radio communications.	■	■	■
<i>New for 2004</i> - Circuit amperage increase from 40 amps to 50 amps.			
- Siren/speaker wiring pre-run to front of vehicle available at console base or trunk.	■	■	■
- Horn/siren relay circuit available at console base or trunk.	■	■	■
- Four (4) Extra circuits pre-run from the engine compartment to console base.	■	■	■
- Four (4) Extra circuits pre-run from the console base to trunk.	■	■	■
• Alternating Headlight Flasher, Lighted toggle switch included.	■	■	■
<i>New for 2004</i> - Additional control wire at module for connection to customer supplied positive control switch box.			
Complete Police Prep Package (68P)* - A complete prep package of equipment for the police car. Includes everything in the Base Police Prep Package (65A), plus the following:			
• Console Mounting Platform, secured using existing mounting points.		■	■
The powder-coated aluminum mounting plate is pre-drilled for the addition of equipment.			
• Center Wiring Conduit, 2" x 4" opening. For ease of installation, the conduit will house and protect any additional wire run from the center console to the trunk. Accommodates communication wires and connectors.		■	■
• Hidden Manual Rear Door Lock Plunger - located in both rear doors, forward door frame.		■	■
• Trunk Air Circulation Fan, pulls air from passenger area and exhausts through trunk, stabilizing climate for equipment. Helps control moisture and humidity.		■	■
• Permanent Rubber Tie Down Strap, for securing trunk when carrying large items like a bicycle.		■	■
• Dual Trunk Storage Boxes, maximize trunk space and provide equipment mounts. Clear view covers for quick reference.		■	■
• Rear Trunk Communications Service Tray, glides on heavy-duty tracks. Shipped with secured spare tire. For equipment mounting.		■	■
<i>New for 2004</i> - Padded Arm Rest is deleted from Complete Police Prep Package 68P			
Visibility Package (65W)* - A package of lighting equipment to maximize police car visibility. Includes everything in the Base Police Prep Package (65A) and Complete Police Prep Package (68P) plus the following:			
• Strobe Power Supply, six (6) outlets with front shutdown and additional controls. *Required to flash strobe bulbs.			■
<i>New for 2004</i> - Two (2) extra outlets for the addition of customer supplied strobe lights. Front shutdown and additional controls to increase flexibility.			
• Two High Intensity Flashing Rear Deck LED Lights, with matching interior color housings (Dark Charcoal, Medium Parchment, Light Flint).			■
<i>New for 2004</i> - Increased number of LED Lights for higher visibility.			
• Visibility Switch Panel, including four (4) position slide switch and four (4) rocker switches. Controls strobes, flashing LED lights and alternating headlight flasher. Capable of controlling up to eight (8) lighting functions.			■
• Lighting Relay Center, for use with the Visibility switch panel - Delivers 100 amps through eight (8) relays. Holds eight (8) fuses. Outputs in trunk for connection of customer supplied lighting.			■

* - Base Police Prep Package (65A), Complete Police Prep Package (68P) and Visibility Package (65W) are not available with Front Power Distribution Box (66F) and utilize circuits provided by the Rear Power Access Point.

For additional information, call us toll-free at 1-800-34-FLEET or 866-402-6838 or visit our Web site at www.fleet.ford.com.

All these enhanced performance features, and the Police Interceptor also has all the same safety features as the civilian Crown Victoria.

FORD POLICE INTERCEPTOR

Regular Production Option Two-Tones

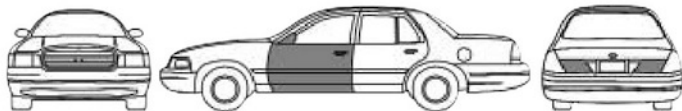

Paint Options

Option 952 – has accent paint on front and rear doors, the roof and pillars.

Option 953 – has accent paint on the decklid, trunklid, A & C pillars and roof.

Option 955 – has accent paint on the front doors and roof.

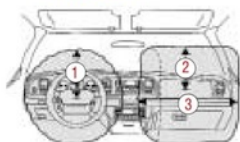

VEHICLE SPECIAL ORDER

Vehicle Special Order offers unique options for the Police Interceptor. If you are looking for special equipment not currently offered, please submit an inquiry (via CONCEPTS) and we will determine whether or not your request is feasible. VSO offers 35 special paint colors not found on the regular Car Exterior Color Selection chart. We will also formulate a new paint color and/or two-tone configuration to meet your customer's needs. Please e-mail us at vsomail@ford.com or call 1-800-34FLEET, menu selection #4 to speak with a VSO Customer Representative.

Mounting Diagrams

Figure 1

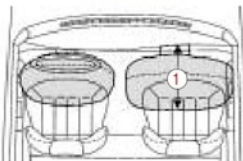

- 325 mm (12.5 inches) from center of air bag door
 - 375 mm (15 inches) from center of air bag door
 - 700 mm (27.5 inches)
- No objects should be placed between the airbags due to airbag variability.

Figure 2

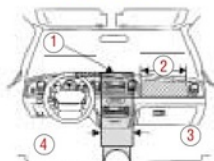

- 650 mm (25.5 inches). Cross section through center of vehicle (passenger side shown)

Figure 3

- 580 mm (23 inches). Front passenger compartment

Figure 4

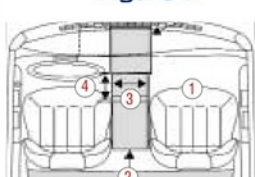

- Area on top of instrument panel. Equipment must not interfere with driver visibility.
- The air bag door must be kept clear for deployment of air bag.
- Area in front of center console from bottom of ashtray to top of instrument panel (See Figure 2 for dimensions)
- 279 mm (11 inches) width horizontally centered on ashtray door.

Figure 5

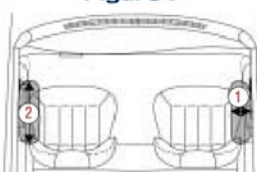

- Area on top of instrument panel
- Area in front of center console from tunnel up to instrument panel
- Prisoner screen
- 254 mm (10 inches)
- Area on tunnel between seats
- Height: 216 mm (8.5 inches)
- 305 mm (12 inches)
- Area on tunnel beneath center console
- Tunnel
- Depth: 38 mm (1.5 inches)

Figure 6

- Area on top of instrument panel. Equipment must not interfere with driver visibility.
- Area on tunnel between seats
- 229 mm (9 inches)
- 305 mm (12 inches)

Figure 7

OPTIONAL SIDE AIRBAGS

- 200 mm (8 inches). From out board side of seat
- 380 mm (15 inches). Forward of seat back
- 700 mm (27.5 inches). Up from SAB module

Warning: Aftermarket police equipment (such as communications gear) must not be mounted in the airbag deployment zone. Vehicles equipped with bench seats may not have sufficient room to mount such equipment. Bucket seats may be required. See Police/Fleet owner guide supplement for available police equipment mounting zones. Advise all customers of these facts.

- 3rd-row cloth bench seat
- AM/FM stereo/CD/cassette w/clock and 4 speakers
- Power moonroof w/washade
- Rear seat DVD
- Reverse Sensing System
- Roof rail crossbars
- Leather low-back sport bucket seats
- Trailer tow prep package
- P255/70R16 all-terrain OWL tires (Fleet only)
- Engine block heater (Fleet only)

Highlights

The 2004 Explorer is offered in an easily recognizable series line-up, with XLS, XLS Sport, XLT, XLT Sport, NBX, Eddie Bauer and Limited arrays available. All-Wheel Drive is available on six arrays, offering confidence and simplicity to almost any driving experience, while the versatility and unmatched capability of Control Trac 4x4 continues to be available on all series. The exterior appearance of the XLT series is enhanced as it moves to a monochromatic theme. There are changes in the exterior color line-up to introduce 3 new colors. AdvanceTrac™ is now available with V6 and V8 engines. These new additions keep Explorer out in front of the competition as it strives for its 13th consecutive year as the best selling SUV in America.

- Ford Explorer - The best selling SUV for 12 consecutive years.
- Control Trac 4x4 - Available on all trim levels
- Eddie Bauer and Limited are now available with a quad bucket seating option
- AdvanceTrac™ is now available with V6 and V8 engines
- Interior versatility, featuring fold-flat-to-load-floor 2nd and 3rd row seats
- Safety Leadership - Explorer features the Personal Safety System™, Safety Canopy™ with roll-over sensors

2004

FORD EXPEDITION

Highlights

The 2004 Expedition continues the tradition of excellence as the leader among full-size SUVs. The Expedition is surprisingly agile inside and out, and maintains leadership with the following features:

Interior Versatility

- Segment first fold-flat-into-the-floor 3rd row 60/40 seat
- Industry first PowerFold™ 3rd row seat option
- 2nd-row 40/20/40 seat with CenterSlide™ 20 section
- Best-In-Class Cargo
- Heated and Cooled Seats
- Navigation System

Driving Control

- Independent Rear Suspension
- AdvanceTrac™ Electronic Stability Enhancement System
- Four-Corner Load-Leveling Air Suspension
- ControlTrac® 4x4 System
- Rack-and-pinion Steering
- Best-In-Class Towing

Safety Feature Leadership

- Personal Safety System™
- Safety Canopy™ side air curtains with rollover sensors
- Tire Pressure Monitoring System
- Electronic Brake distribution and brake assist
- Driver's door-mounted keyless entry keypad
- Power adjustable brake/accelerator pedals
- Reverse Sensing System

2004

 - Certified Low Emission Vehicle (LEV)
 - 6.8L V10 and 6.0L Power Stroke® Diesel towing up to 11,000 pounds (when properly equipped)
 - Standard 44 gallon fuel tank

Bumper-To-Bumper Coverage

Under the New Vehicle Limited Warranty, you receive bumper-to-bumper coverage for 3 years/36,000 miles with no deductible. You also receive corrosion perforation coverage for five years with unlimited mileage and no deductible. Ask your Ford Dealer for a copy of the warranty.

Ford Extended Service Plans (ESP) for Police Vehicles

(Not available in Canada)

Optional Ford Extended Service Plans can cover major components on new Ford cars and light trucks after the vehicle's basic warranty coverage ends. Four new vehicle plans are available, each with a choice of \$100.00 deductible, \$50.00 deductible or \$0 deductible.

The plans are:

- Powertrain CARE
- Base CARE
- Extra CARE
- Premium CARE

All four plans are offered for 3 years/60,000, 75,000, 100,000 miles or 5 years/75,000 miles. See your Ford dealer for details including pricing for all plans, deductible levels and time/mileage intervals.

Ford Customer Service

Additional fleet customer sales and service support can be obtained by dialing 1-800-34-FLEET (35338) – USA: Press Option 2 for Sales, Press Option 3 for Service. In Canada dial 1-800-668-5515. For more information visit: www.fleet.ford.com

Dedicated Natural Gas

For more information on the Dedicated Natural Gas Crown Victoria, please call 1-800-34-FLEET, Option 5 (U.S.) or 1-800-668-5515 (Canada).

Ford Credit's Municipal Lease/Purchase Program

(Not available in Canada and New Mexico)
Municipal Lease/Purchase Financing is available to state and local governments. Benefits of the Ford Credit Program are:

- Lower Payments and tax exempt financing
 - Replace vehicles in need of costly repair and maintenance
 - Contracts can be structured with a budget non-appropriation provision, which, in many states means they are considered current obligations rather than long-term debt.
 - Payments can be made monthly, quarterly, or annually, and can even be deferred to meet fiscal/budget year scheduling.
 - Finance all makes and models and include any special equipment and accessories.
- Call (800) 241-4199 for details.

**COMMERCIAL
LENDING
SERVICES**

Specify Genuine Ford Collision Repair Parts

Genuine Ford sheet metal and plastic replacement collision parts, such as hood, doors, fenders and bumper components, are the right choice – and for all the right reasons.

Genuine Ford parts are equal to original parts in fit, finish and structural integrity. Ford parts are the same as those used on new vehicles which are certified to meet Federal Motor Vehicle Safety Standards. And you receive corrosion perforation coverage under the Ford Lifelong Sheet Metal Guarantee. Don't settle for imitations. Ask your insurer to authorize genuine Ford collision parts.

Options Availability

Options shown or described in this catalog are available at extra cost and may be offered only in combination with other options or subject to additional ordering requirements or limitations.

Product Changes

Following publication of this catalog, certain changes in standard equipment, options and the like, or product delays, may have occurred which would not be included in these pages. Your Ford Dealer is your best source for up-to-date information. Ford Division and Ford of Canada, Ltd., reserve the right to change product specifications at any time without incurring obligation.

What is The Police Advisory Board?

It's a Law Enforcement Customer Advisory Panel. The panel gathers information about how Ford might better serve the needs of the law enforcement community.

Meeting three times a year, approximately twenty-one members of key personnel from law enforcement agencies and Ford representatives discuss the needs of both large and small municipality agencies.

Their input allows Ford representatives, from both engineering and management, to hear directly from law enforcement personnel.

The result is continually better Ford vehicles for law enforcement use.
