

Saturn ION•3 Sedan in Storm Grey shown with optional equipment.

2006 Saturn ION The ION's designers accounted for everything but compromise. It's nimble, yet strong. Modern, but always inviting. If the ION•2 is spirited, the ION•3 is flat-out exhilarating, thanks to the available 170-horsepower 2.4L engine, which we've paired with antilock brakes and a sport-tuned suspension. Meanwhile, the Quad Coupe's rear access doors, split-folding rear seatbacks, and fold-flat front seat keep it committed to style yet flexible on function. Visit saturn.com.
