## GO GREEN WITHOUT GOING BROKE.

Say hello to the next Saturn hybrid. The AURA Green Line marries economically smart and environmentally conscious in a refined mid-size sedan with a host of impressive features. Available spring 2007, starting below \$23,000<sup>1</sup>. See more at [saturn.com/auragreen](http://saturn.com/auragreen).

### POWERTRAIN

164-hp, 2.4-liter, 4-cylinder hybrid engine

Variable Valve Timing and electronic throttle control

Automatic transmission

MacPherson strut front and four-link independent rear suspension

100,000 mile/8-year hybrid limited warranty<sup>2</sup>

### SAFETY

OnStar<sup>®</sup> with one-year Safe & Sound Service Plan<sup>3</sup>

5-star frontal and side impact crash test safety ratings<sup>4</sup>

StabiliTrak and Traction Control

Front and rear outboard head curtain side air bags<sup>5</sup>

Side impact air bags for driver and front passenger<sup>5</sup>

Dual-stage driver and front passenger air bags with Passenger Sensing System<sup>5</sup>

Four-wheel anti-lock disc brakes

Tire pressure monitoring system

### INTERIOR

Refined European-inspired design with ambient lighting

Over 55 noise-reducing features

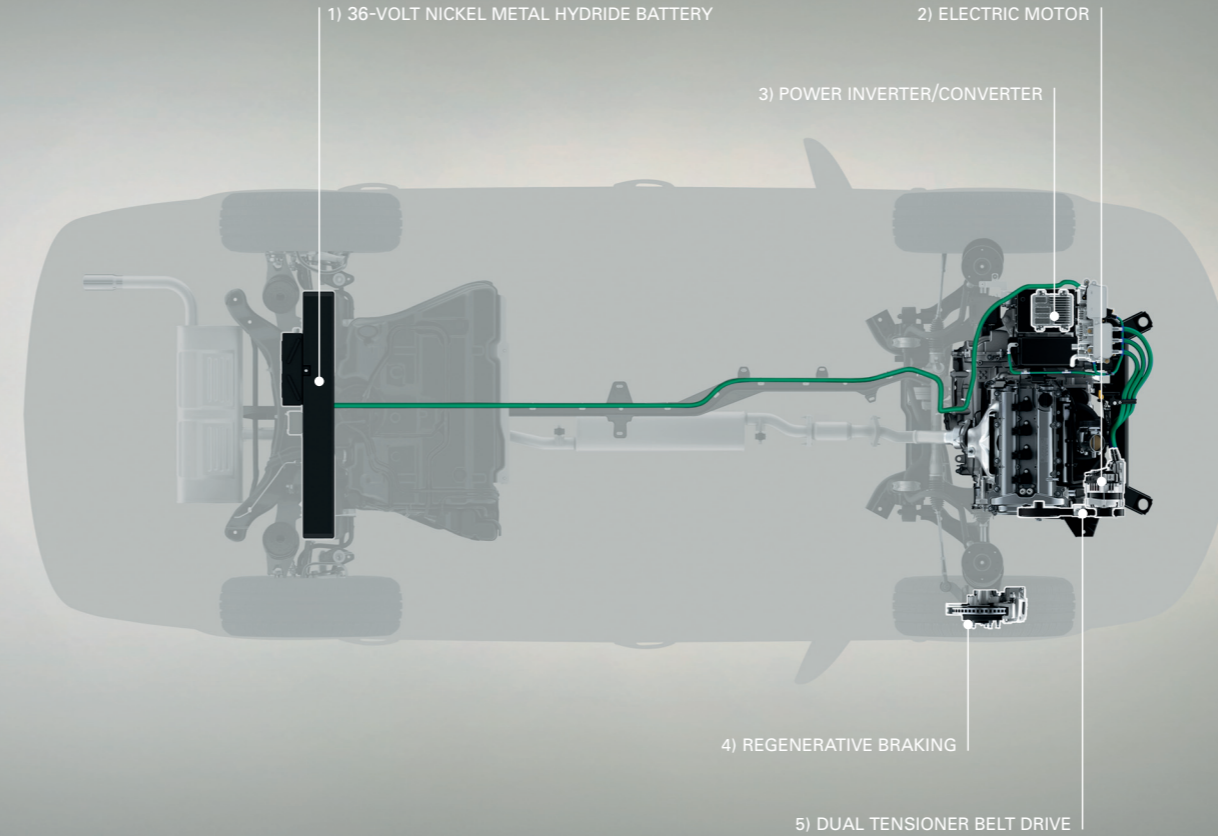

Automatic climate control

CD/MP3 stereo with speed-compensated volume and six speakers

Tilt and telescoping adjustable steering wheel with cruise control and Driver Information Center buttons

<sup>1</sup>MSRP. Tax, title, license, retailer fees and optional equipment extra. <sup>2</sup>Covered for 100,000 miles/8 years (whichever comes first): certain hybrid components. See retailer for details. <sup>3</sup>Call 1-888-4ONSTAR (1-888-466-7827) or visit [onstar.com](http://onstar.com) for system limitations and details. <sup>4</sup>Five-star rating is for the driver and passenger in the frontal crash test and for the front and rear occupants in the side impact crash test. Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA) New Car Assessment Program ([www.safercar.gov](http://www.safercar.gov)). <sup>5</sup>Always use safety belts and proper child restraints, even with air bags. Even with the Passenger Sensing System, children are safer when properly secured in a rear seat in an appropriate infant, child or booster seat. See the Owner's Handbook for more safety information. <sup>6</sup>Based on GM testing. Official EPA estimates not yet available.

## AURA GREEN LINE HYBRID SYSTEM

The AURA Green Line's unique hybrid technology keeps it simple and, consequently, affordable. Here's how it all works: 1) When you're at a complete stop, the 36-volt battery powers the car accessories, so the gas engine can shut off and save fuel. 2) As soon as you lift your foot off the brake, the fuel is turned back on, and the electric motor and belt drive help the engine get off to a smooth, seamless start. 3) When the AURA reaches a comfortable cruising speed, the power inverter/converter recharges the batteries. 4) When you're starting and accelerating, the batteries and dual tensioner belt drive help the electric motor increase energy levels. 5) And when you're coasting or braking, the regenerative braking system and electric motor capture your vehicle's kinetic energy and send it right back to the battery. All of this adds up to 28 mpg city/35 mpg highway<sup>6</sup>; making you feel that much better about hitting the road.
