

The 2013 Acura

TL

**WHEN MAN AND MACHINE CONNECT,
THE EXTRAORDINARY HAPPENS.**

It's almost intangible. That feeling of pushing a button and having the machine react immediately, instinctively – like an extension of you. We get to this feeling by eliminating excess in pursuit of intuitive, human-focused technology. We get to it through engineering that doesn't choose between form and function. The result is a vehicle that delivers performance and efficiency. One that is as intuitive as it is elegant. One that elevates not only driver enjoyment, but driver ability. This is the extraordinary. This is the Acura TL.

Man. Machine. Connect.

THIS IS THE FUTURE OF ACURA.

NSX Concept

2013 TL

Refinement redefined.

Sophistication masterfully meets exhilaration.

The TL has refined the space, and redefined the experience, behind the wheel. Heart-racing horsepower and confidence-raising handling empower the driver, while cutting-edge technology integrates them with the car in a way rarely experienced. Impeccably stylish, innovatively safe, and incredibly well equipped, the TL sets a new bar for luxury in a sedan.

PERFORMANCE

Innovation-fueled exhilaration.

3.5 or 3.7-litre, 24-Valve, VTEC® V6 Engine

At the core of an advanced driving experience is an advanced engine and the TL has two for you to choose from. Standard in the TL, but not at all standard, is an adrenaline boosting 3.5-litre, 24-valve, VTEC V6 engine. TL models with Super Handling All-Wheel Drive™ are upgraded to a 3.7-litre, 24-valve, VTEC V6 engine. Both are forged in aluminum for lighter weight and improved durability. Both feature Multi-Point Programmed Fuel Injection (PGM-FI®) for increased fuel-efficiency while still providing optimal power output. And both are designed to deliver exhilaration at the push of a button.

Generous Horsepower and Torque

Whether it's the 305 hp and 273 lb.-ft. of torque produced by the available 3.7-litre VTEC power plant, or the 280 hp and 254 lb.-ft. of torque imparted by the 3.5-litre VTEC engine, the TL will never leave you looking for power. Stick with the standard 6-speed automatic transmission to further enhance performance and fuel efficiency, or form an even closer bond to your TL with the increased control that comes from the available close-ratio 6-speed manual transmission*.

*Available on TL SH-AWD Technology Package.

Paddle Shifters

Racing-inspired paddle shifters mounted intuitively behind the TL's leather-wrapped steering wheel not only pair the excitement of manual gear shifting with the performance of an already quick-shifting 6-speed automatic transmission, they also help seamlessly pair your instincts with those of the TL.

Sport Suspension

The TL's 4-wheel independent front double-wishbone and rear multi-link suspension system offers you the kind of stability and flat cornering response you might expect – but have probably never truly felt. The front suspension utilizes a short upper arm for maximum grip and turning compression while a high-placed lower suspension arm delivers superb vehicle control with a stiffer steering feel. The rear suspension features a precision pillow joint for enhanced handling and stability. Together, they add up to give you a more personal connection with the road and a more confident feeling behind the wheel.

Electronic Power Steering (EPS)

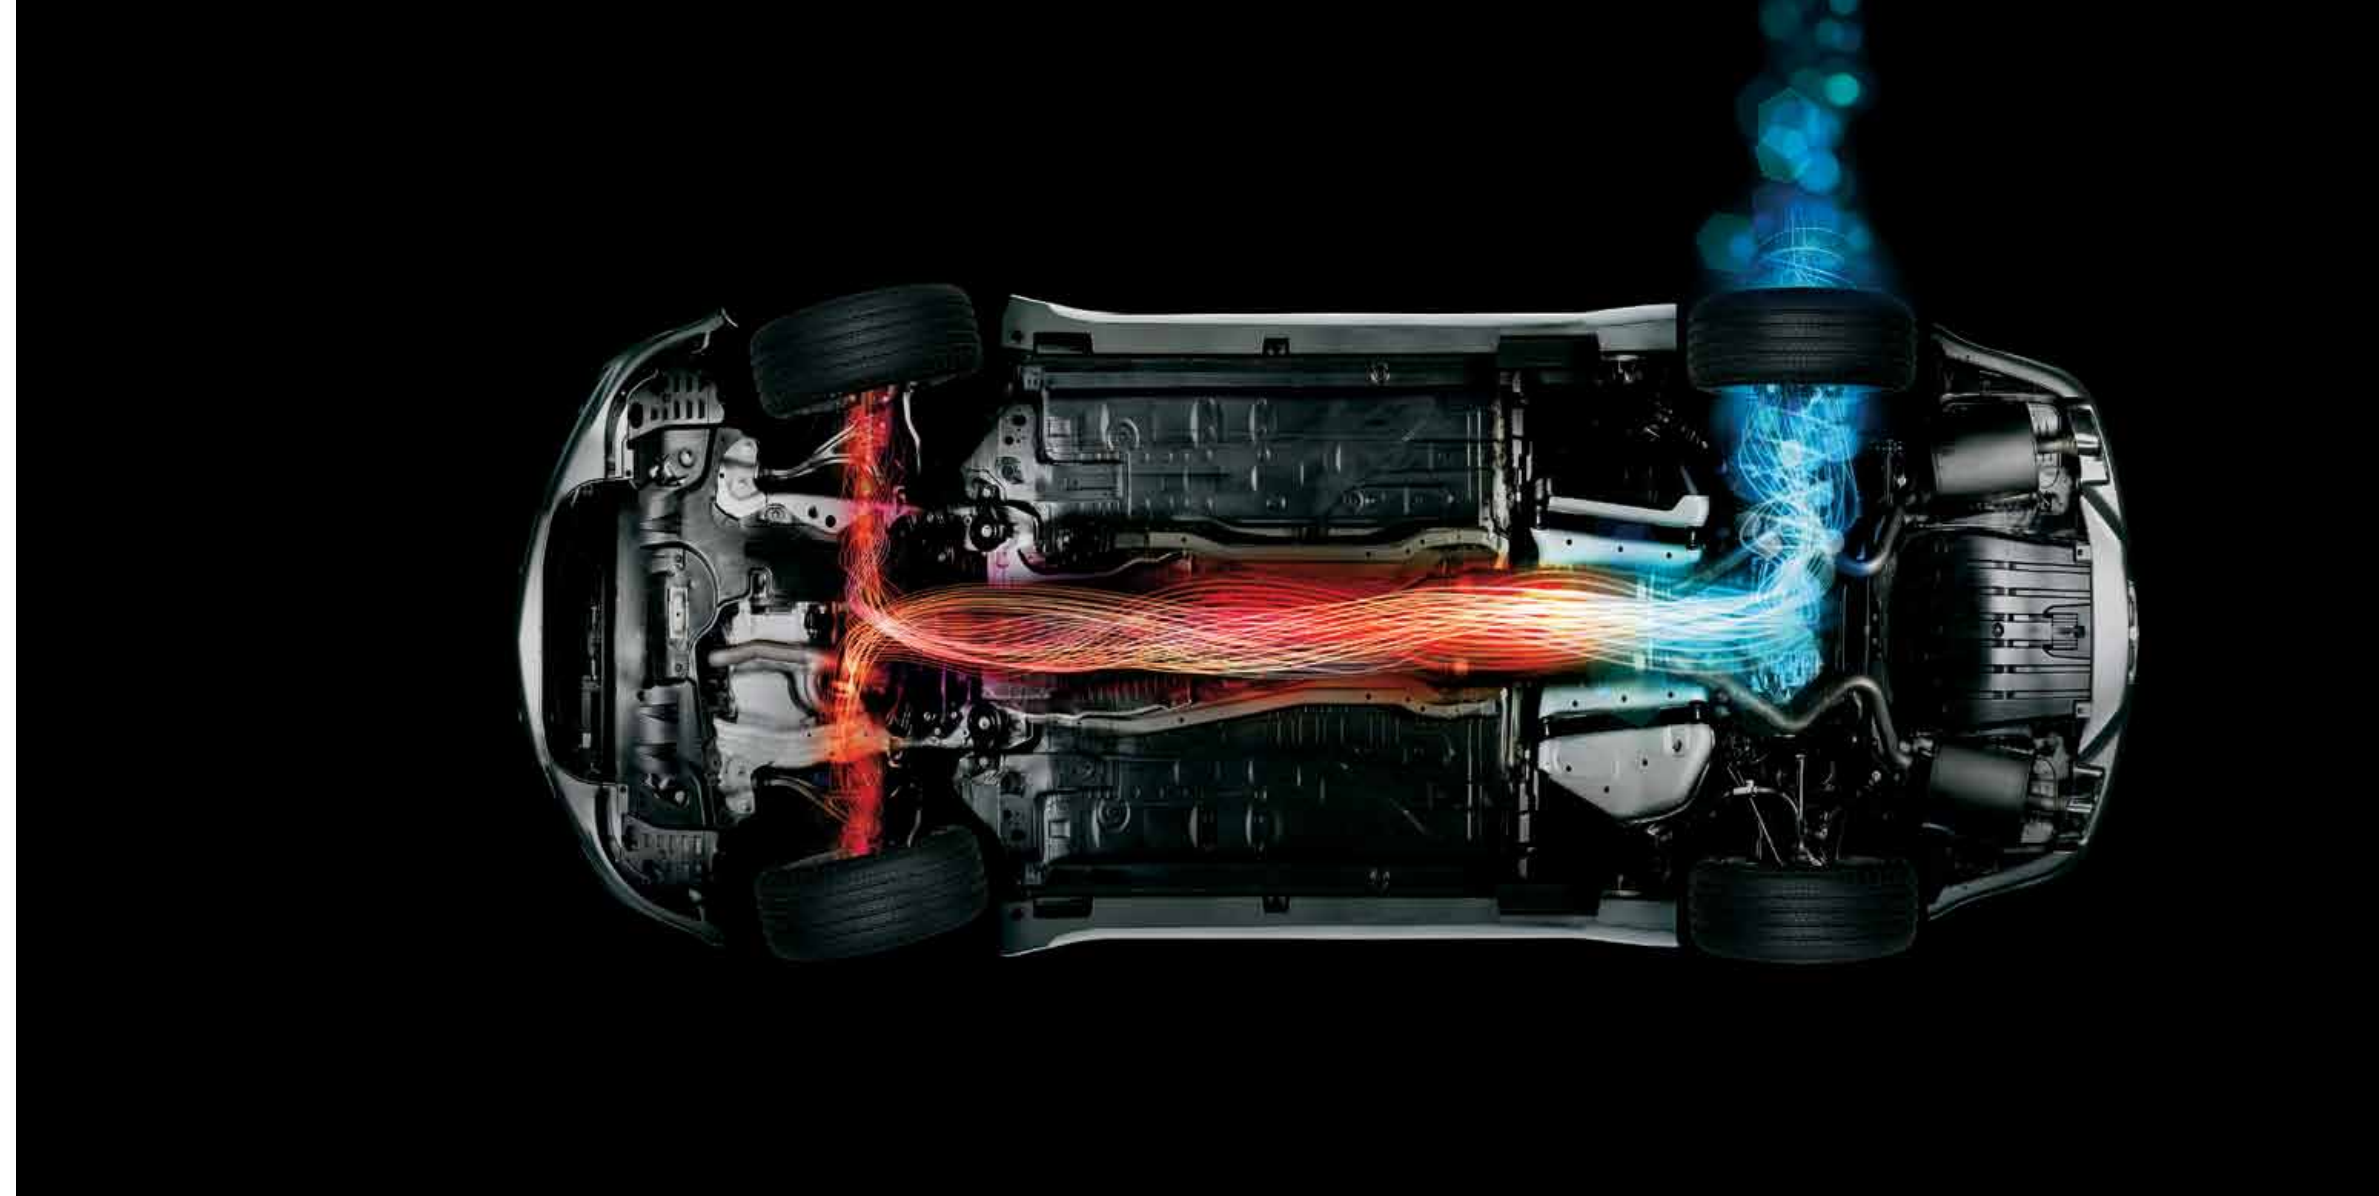

At high speeds, you need performance steering, at low speeds you need maneuverability, at any speed you need a steering system that reacts to your every move. The TL's speed-sensing Electronic Power Steering (EPS) system does just that, giving you ease of control through tight city turn-arounds, bending back roads, sweeping highway curves and every turn in between.

HANDLING

A more personal connection
with the road.

Information Provided by:
DEALER
E-PROCESS

SH-AWD®

Imagine heading into a less than perfect cornering situation, knowing that your car will handle it perfectly. That's the luxury a driver has behind the wheel of a TL with available Super Handling All-Wheel Drive (SH-AWD). This innovative system detects road conditions and reacts accordingly by distributing torque between front and rear wheels, as well as between left and right rear-wheels as needed. Accelerate through a corner and the

outside wheel gets up to 100% of the rear-wheel torque and is rotated faster than the inside cornering wheel, providing greater turning force and an incredibly stable corner line. The result of SH-AWD technology is a continuously smooth ride with enhanced traction, a higher level of control, and the increased confidence to not just turn the next corner, but to take it.

E-PROCESS

TECHNOLOGY

The extension of connection.

HandsFreeLink™ and Bluetooth®-enabled Technology

Let your TL extend your connections beyond the road without you ever having to take your concentration off of it. Simply program and link your Bluetooth-enabled wireless device to the HandsFreeLink bilingual mobile phone interface to make, receive and transfer calls from your phone, over the audio system, without having to remove your hands from the steering wheel. Once programmed, your mobile device will respond to voice activation, so all you have to do is say the word and your TL will make sure you're always in touch.

Available Satellite-Linked Navigation System

Using satellite-linked GPS technology, the TL's available Acura Navigation System can pinpoint your location almost anywhere in North America. With trilingual voice-recognition software, recognizing up to 800 verbal commands, the system can deliver real-time, easy to follow driving directions by voice as well as with an on-screen map display. Accessing its search directory, the system can show you the most direct route, offer an alternative route when needed and even use the Zagat® Survey ratings to help you find a restaurant when you decide it's time to stop and eat.

Available Acura/ELS Surround® Premium Audio System

An available multi-channel surround sound system developed in part with Grammy® Award-winning producer and sound engineer Elliot Scheiner. 10 strategically placed speakers flood the cabin with an awesome 440 watts of rich quality audio. Plus an in-dash CD player with DVD-Audio, Dolby® Pro Logic™ II and DTS®, with MP3, Windows Media® Audio capabilities and integrated SiriusXM® Canada Satellite Radio*, allow for music consumption in a variety of formats.

*Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at www.xmradio.ca or www.sirius.ca.

Voice-Activated Control

Luxury is at your beck and call. A majority of the advanced functions and features available with the Technology Package and Elite Package can be controlled just by the sound of your voice. Press the steering wheel-mounted voice control button to set or adjust the dual-zone automatic climate control, audio system or to explore the world through your navigation system.

Blind Spot Information (BSI) System*

Available exclusively with the TL SH-AWD Elite Package, the blind spot information (BSI) system acts as your expanded peripheral vision – using specialized radar technology to alert you of objects moving, at both high and low speeds, in adjacent lanes. Indicator lights appear when the system detects a vehicle entering either of your blind spots, and begin flashing if you use your turn signal to indicate a move toward the direction of the detected vehicle.

*Does not replace the driver's responsibility to exercise due care while driving.

Rearview Camera*

Available with the TL Technology and Elite Packages, a rearview camera located in the rear spoiler gives you a view you wouldn't otherwise have, that of the area directly behind you. A full-colour image is displayed on the navigation system screen and steering guidelines can be shown to further establish your sense of space. Like so many other features of the TL, this too is intuitive, automatically activating itself when you engage reverse.

*Does not replace the driver's responsibility to exercise due care while reversing.

Information Provided by:

Interior Refinement

When it came to crafting the interior cabin space of the TL, Acura designers went to great lengths, and widths, to ensure every detail excels in its ability to comfort, engage and inspire. A distinctive high-quality combination of premium leather and metallic accents abounds. The available Technology and Elite Packages include full-grain perforated Milano leather seats and trim. With the TL SH-AWD Package, this includes more supportive seats, bolsters a thicker sport-grip steering wheel and colour accent stitching.

Power-Adjustable Heated Front Seats

Become one with your TL as you immerse yourself in the luxury of the two tightly bolstered heated front seats with available perforated Milano leather trim. For drivers, the optimum seating position is easy to obtain with a 10-way power adjustable seat including 2-way power lumbar support and 2-position memory. Front passengers experience similar form-fitting perks with their own 8-way power-adjustable seat.

Climate Control

The TL's advanced dual-zone, dual-mode adaptive climate control system automatically maintains temperature levels in two different zones inside the cabin. The dual-mode part of the climate equation enables you to set two vent levels for these two zones. And for the ultimate in comfort and temperature control, the TL's available Keyless Access System with driver recognition will have your seat position, side mirrors, climate, audio and navigation system set and ready before you even enter the vehicle.

INTELLIGENT DESIGN

Impeccable comfort.

SAFETY

Safety Through Innovation.

At Acura, Safety Through Innovation is based on the idea that an advanced driving experience starts with advanced safety features. This guiding principle is reinforced through the extensive number of standard safety features and use of innovative technologies you'll find in all Acura vehicles.

ACE™ Body Structure

The Advanced Compatibility Engineering™ (ACE) body structure utilizes a high-tensile, high-efficiency steel body to provide enhanced protection from a multi-directional collision. ACE reduces the force of a frontal impact by absorbing energy over a large area and dispersing it away from you and other occupants of the cabin. ACE is also designed to help reduce occupant injuries caused by misalignment in collisions between vehicles of different sizes.

VSA®

Vehicle Stability Assist (VSA) with Traction Control will automatically detect and correct understeer or oversteer situations before you're even aware there's a need. The system intuitively monitors your driving conditions and automatically reduces the throttle and/or applies braking to individual wheels. Should a loss of traction occur during acceleration on slippery road surfaces, Traction Control will help compensate to get you safely underway.

Anti-lock Braking System (ABS)

The Anti-lock Braking System (ABS) helps maintain steering control when braking hard on wet, slippery or loose surfaces, while Electronic Brake-force Distribution (EBD) balances braking forces at each wheel to help compensate for weight distribution inside the cabin. Plus, there's a Brake Assist feature that senses a panic stop and applies maximum braking power to help you stop quickly.

Airbags

Maximum safety is achieved with multiple airbags designed to protect all occupants inside the cabin. Depending on the point and force of impact, the TL will deploy dual-stage, dual-threshold front airbags (SRS) that activate at one of two rates depending on the severity of the impact; front side airbags with the innovative passenger-side Occupant Position Detection System (OPDS) that will not release if the system detects a child or small-sized passenger; and side curtain airbags with a state-of-the-art rollover sensor.

HID Headlights

The TL's High-Intensity Discharge (HID) headlights produce a brilliant beam of focused light that not only enhances your ability to see what's ahead, but also announces the arrival of your TL in a very striking fashion.

Tire Pressure Monitoring System

A tire's proper connection to the road improves everything from safety to fuel efficiency. That's why the TL's Tire Pressure Monitoring System (TPMS) continually monitors the air pressure in each tire using a transponder attached to the wheel's valve stem. If pressure drops in any tire, a warning appears on your instrument panel, indicating which tire requires attention.

Maintenance Minder™ System

Just as you will develop a unique feel for your TL, it too will do the same for you by calculating service needs based on your driving habits. The traditional kilometre-and-calendar maintenance schedule will become a thing of your past as the advanced Maintenance Minder system takes into account engine revolutions, stop-and-go traffic experience, weather extremes and the frequency of short trips to determine when your next service visit should be. The system helps coordinate oil-servicing dates and other routine maintenance as well.

Specifications

ENGINE	
Engine	3.5-litre, 24-valve SOHC, VTEC® V6
Horsepower	280 hp @ 6200 rpm
Torque	254 lb.-ft. @ 5000 rpm
Displacement	3471 cc
Bore and stroke	89 x 93 mm
Compression ratio	11.2:1
Multi-Point Programmed Fuel Injection system (PGM-FI®)	
Electronic direct ignition system	
Recommended fuel	Premium unleaded
Horsepower & Torque (SAE net, Rev. 08/04, SAE J1349)	

DRIVETRAIN	
6-speed automatic transmission (AT) with paddle shifters and Grade Logic Control	
Drive-by-Wire Throttle System™	
Front-wheel drive	

FUEL ECONOMY	
City	10.4 litres/100 km*
Highway	6.8 litres/100 km*

CAPACITIES	
Cargo volume	371 litres
Fuel tank capacity	70 litres
Windshield washer fluid tank	5.5 litres

SAFETY	
3-point height-adjustable seat belts with dual stage load limiters and Automatic Tensioning System (front)	
3-point seat belts (rear)	
4-wheel Anti-lock Braking System (ABS) with Electronic Brake-force Distribution (EBD) and Brake Assist	
Active front seat head restraints	
Advanced Compatibility Engineering™ (ACE™) body structure	
Childproof rear door locks	
Dual-stage, dual-threshold front airbags (SRS)	
Front side airbags with passenger-side Occupant Position Detection System (OPDS)	
Immobilizer Theft-Deterrent System and security system	
Impact-absorbing crumple zones – front and rear	
LED mirror-integrated directional signals, taillights, brake lights and Centre High Mount Stop Light	
Lower Anchors and Tethers for Children (LATCH) child-seat mounting system	
Phosphorescent emergency trunk opener	
Side curtain airbags with rollover sensor	
Tire Pressure Monitoring System (TPMS) with location indicators	
Vehicle Stability Assist (VSA®) with Traction Control	

EXTERIOR	
Acoustic front windshield	
Auto-on/off headlights	
Body-coloured front splash guards	
Dual exhaust with finishers	
Fog lights	
Heated side mirrors with driver recognition, reverse gear tilt-down and LED integrated directional indicators	
Heat-rejecting green-tinted glass	
High-Intensity Discharge (HID) headlights	
Platinum-plating front Acura grille	
Power moonroof with tilt, auto-open/close, auto-reverse, key-off operation and sliding shade	

CHASSIS	
17" x 8" aluminum-alloy wheels	
4-wheel independent double-wishbone front suspension with multi-link rear suspension	
Electronic Power Steering (EPS)	
Rear drum-in-disc brakes	
Stabilizer bars – front/rear: 30/19 mm	
Tires: P245/50 R17 all-season	
Ventilated front disc brakes	

EXTERIOR DIMENSIONS	
Curb weight	1695 kg
Ground clearance – Non-load/Full-load	155/115 mm
Height	1452 mm
Length	4928 mm
Track – front/rear	1605/1620 mm
Wheelbase	2775 mm
Width (including sideview mirrors)	2118 mm
Width (excluding sideview mirrors)	1880 mm

SEATING & TRIM	
Adjustable head restraints – front and rear	
Driver's seat with 10-way power adjustment including 2-way power lumbar support and 2-position memory	
Dual-level heated front seats	
Carpeted floor mats	
Front passenger's seat with 8-way power adjustment	
Solid leather-trimmed interior	

INTERIOR DIMENSIONS	
Headroom – front/rear	976/932 mm
Hip room – front/rear	1415/1392 mm
Interior volume	2781 litres
Legroom – front/rear	1080/920 mm
Shoulder room – front/rear	1477/1428 mm
Seating capacity	5

COMFORT & CONVENIENCE	
12-volt power outlets (2)	
Auto-dimming rearview mirror	
Blue LED ambient driver's and front passenger's footwell lighting	
Blue LED ambient roof console lighting	
Driver's and front passenger's illuminated vanity mirrors	
Dual-zone, dual-mode automatic climate control with auto humidity control and air-filtration system	
Electric trunk and fuel-filler-door releases	
Exterior temperature indicator	
Front centre console with hidden armrest sliding tray, storage compartments, dual beverage holders and coin holders	
HandsFreeLink™-bilingual Bluetooth® wireless mobile phone interface with Phonebook Link	
HomeLink® remote system	
Illuminated steering wheel-mounted audio, phone, MID and cruise controls	
Lower instrument-panel side-pocket storage (driver's and passenger's)	
Maintenance Minder™ system	
Multi-Information Display (MID)	
Overhead LED map lights – front and rear	
Overhead sunglasses storage	
Power windows with driver's and front passenger's auto-up/down, auto-reverse and key-off operation	
Rear compartment heat/air conditioning vents	
Rear-seat centre armrest with locking trunk pass-through and dual beverage holders	
Remote entry system with driver recognition for driver's seat, side mirrors and climate control	
Speed-sensing, variable intermittent windshield wipers	
Tilt and telescopic steering column	
Trip computer	
User-programmable interior lighting	

ENTERTAINMENT	
Acura 276-watt Sound System with 6-disc CD changer, Dolby® Pro Logic™ II and DTS®, AM/FM tuner (RDS-enabled), MP3/Windows Media® Audio changer and 8 speakers	
Audio anti-theft feature	
Auxiliary input jack	
Bluetooth® Audio	
Disc title display	
Integrated glass antenna	
Speed-sensitive Volume Control (SVC)	
USB device connector	
SiriusXM® Canada Satellite Radio†	

PACKAGES	
SUPER HANDLING ALL-WHEEL DRIVE™ (SH-AWD®)	
Available close-ratio 6-speed manual transmission (MT) <i>(requires Technology Package)</i>	
Engine	3.7-litre, 24-valve, SOHC, VTEC® V6 engine
Horsepower	305 hp @ 6300 rpm
Torque	273 lb.-ft. @ 5000 rpm
Displacement	3664 cc
Bore and stroke	90 x 96 mm
18" x 8" exclusive aluminum-alloy wheels	
Tires: P245/45 R18 all-season	
Co-operative Vehicle Stability Assist (VSA®) with Traction Control	
Curb weight	1807 kg
Ground clearance – Non-load/Full-load	145/111 mm
Fuel economy (City/Hwy)	11.4/7.6 litres/100 km*
Headlamp washers	
Hill Start Assist (HSA)	
Sport-grip steering wheel and interior coloured stitching	
Stabilizer bars – front/rear: 31/20 mm (rear wall thickness: 4.5 mm)	

TECHNOLOGY PACKAGE <i>(Available for TL and TL SH-AWD®)</i>	
60 GB hard disk drive (HDD) Acura Navigation System with trilingual Voice Recognition™, rearview camera‡ with onscreen display guidelines, wallpaper function and illuminated steering wheel-mounted controls	
Acura/ELS Surround® 440-watt Premium Audio System with 1-disc CD, DVD-Audio and DTS® changer, AM/FM tuner (RDS-enabled), MP3/Windows Media® Audio compatibility, Dolby® Pro Logic™ II, Song By Voice™ and 10 speakers	
15 GB hard disk drive (HDD) storage (navigation and audio)	
Curb weight	1701 kg (TL)
Curb weight	1761 kg (SH-AWD MT)
Curb weight	1811 kg (SH-AWD AT)
Fuel economy (City/Hwy)	11.9/8.0 litres/100 km* (SH-AWD MT)
GPS-linked, solar-sensing, dual-zone, dual-mode automatic climate control system	
Keyless Access System (smart entry and pushbutton ignition) with driver recognition for driver's seat, side mirrors, climate control and select audio and Navi settings	
Perforated Premium Milano leather-trimmed interior	
Rear decklid spoiler (with integrated rearview camera‡)	

ELITE PACKAGE <i>(Adds to or replaces TL SH-AWD® AT Technology Package features)</i>	
19" x 8" exclusive aluminum-alloy wheels	
Tires: P245/40 R19 all-season	
Curb weight	1820 kg
Blind spot information system†	
Ventilated front seats	

*Based on 2012 EnerGuide Fuel Consumption Guide ratings published by Natural Resources Canada. Transport Canada approved test methods used. Your actual fuel consumption will vary based on driving habits and other factors – use for comparison only.
†Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at www.xmradio.ca or www.sirius.ca.
‡Does not replace the driver's responsibility to exercise due care while driving.

At Acura, when innovation and performance meet purpose, remarkable things can be achieved. Through our commitment and continued involvement with events and organizations across Canada, we seek to create engaging and inspiring experiences for our customers and our community. Because at Acura we believe exhilaration goes beyond the driver's seat.

HOTELS

Acura has teamed up with W Hotels – a global luxury chain – to provide a fully loaded partnership that offers guests complimentary transportation in an Acura vehicle. The Whatever/ Whenever® service gets guests where they need to go in advanced luxury and style.

PRESENTING SPONSOR
CANADIAN BROADCAST

Acura is honoured to be the Canadian broadcast sponsor of golf's most historic and time-honoured tournament. The Masters is golf's first major open of the season and is famous for its ceremonial "Green Jacket" winner's presentation.

Driving a luxury vehicle should go beyond engineering and amenities. That's why Acura is committed to ensuring your ownership experience is equally luxurious. New Acura owners benefit from four-year 24-hour Roadside Assistance, which includes Dispatch Emergency Roadside Service, Emergency Lockout Service and Traffic Accident Services. See your Acura Retailer for details.

Warranty

Your new Acura vehicle comes with the following warranties: Major Component – 5-year/100,000-km limited warranty • Vehicle – 4-year/80,000-km Distributor's limited warranty • Rust Perforation – 5-year unlimited-distance warranty • Surface Corrosion – 4-year/80,000-km • Accessories – 4-year/80,000-km limited warranty (when installed by an authorized Acura Retailer at time of new vehicle delivery). Regular maintenance items and parts are subject to normal wear and replacement, and are not covered by warranty. Certain other items are excluded and certain conditions apply. See your Acura Retailer for details.

Acura Plus

Extend your worry-free ownership experience by purchasing additional coverage. Choose from Acura's flexible selection of Mechanical Coverage that extends up to 8 years or 200,000 km, whichever comes first. See your Acura Retailer for details.

Leasing And Financing

Owning your Acura is easy. See your Acura Retailer for complete details on Conventional Financing.*
