

The 2013 Acura

ZDX

**WHEN MAN AND MACHINE CONNECT,
THE EXTRAORDINARY HAPPENS.**

It's almost intangible. That feeling of pushing a button and having the machine react immediately, instinctively – like an extension of you. We get to this feeling by eliminating excess in pursuit of intuitive, human-focused technology. We get to it through engineering that doesn't choose between form and function. The result is a vehicle that delivers performance and efficiency. One that takes luxurious technology and wraps it in sophisticated style. One that elevates not only driver enjoyment, but driver ability. This is the extraordinary. This is the Acura ZDX.

Man. Machine. Connect.

THIS IS THE FUTURE OF ACURA.

NSX Concept

2013 ZDX

The next level of luxury.

A four-door sports coupe that's built as much to turn heads as it is to transform your perception of what a luxury vehicle can be. Brimming with sophistication, the ZDX is a seamless fusion of elegant design, agile performance and intuitive technology. A bold exterior design is the perfect visual compliment to a powerful 300 horsepower, 3.7-litre V6 engine. The design lines continue on the inside as the meticulously crafted leather dash unfolds to meet a refined cockpit.

Technology may be discreet in the ZDX, but it is abundant. Loaded with revolutionary Acura innovations, including the new Forward Collision Warning (FCW) and Lane Departure Warning (LDW) systems, the ZDX is as innovative as it is invigorating.

PERFORMANCE

Adrenaline-fueled innovation.

3.7-litre, VTEC® V6 Engine

At the heart of the ZDX's pulse-pounding drive is Acura's signature VTEC technology and a 300 horsepower, 3.7-litre engine, which uses two separate cam profiles for a big boost of torque off the line, elevated horsepower down the road and increased driving pleasure all around. With a cold-air induction system that packs in more oxygen for more powerful combustion at every stroke and its use of aluminum and magnesium for a lighter and more agile ride, you'll quickly appreciate the power of innovative thinking.

Paddle Shifters with 6-Speed Automatic Transmission

For added control, the 6-speed automatic transmission features a wider gear spread for both quicker acceleration and greater fuel efficiency and Grade Logic Control for optimal engine response during uphill and downhill driving. Plus, full manual control via steering wheel-mounted paddle shifters can skip gears when downshifting for spirited acceleration after a slowdown. It all makes the ZDX the ideal vehicle for quick getaways, regardless of what the road – or the weather – has in store.

SH-AWD®

Driving the ZDX is a visceral experience. In addition to its all-weather capability, Acura's exclusive Super Handling All-Wheel Drive™ (SH-AWD) technology enhances confidence through the curves. Sensing where extra torque is needed to keep you on your chosen line, it can send up to 100% of available rear power to the outside wheel, which is then rotated slightly faster. Together, these forces give the ZDX a big boost in turning power and more precise steering response – and give ZDX drivers a new level of confidence behind the wheel.

E-PROCESS

Acura/ELS Surround® Premium Audio System

For all your audio needs, the ZDX is loaded with a 410-watt Acura/ELS Surround Premium Audio System, SiriusXM™, MP3/auxiliary input jack and 15 GB hard disk drive (HDD) for storing your favourite music. And with 10 speakers and a body structure that encases the subwoofer for improved bass response, you've got a cockpit primed for arresting audio performance.

Acura Navigation System with Voice Recognition™

With the Acura Navigation System and Voice Recognition, you can ask for directions without ever having to make a stop. The system can pinpoint your location almost anywhere in North America and provide you with real-time directions by voice or moving-map display. That way, getting to your destination is as seamless as the ride itself.

HandsfreeLink™- Bilingual Bluetooth® Wireless Mobile Phone Interface

Like to stay connected on the go? The ZDX's HandsFreeLink Bluetooth wireless phone interface means you can make, receive and transfer calls from your Bluetooth-enabled cell phone. When your phone is inside the cabin, calling numbers will be displayed, your phone will be synced with voice activation and you'll be able to hear the caller's voice through the ZDX's speakers. Wherever you go, all your contacts are along for the ride.

TECHNOLOGY

Innovation in abundance.

U.S. model shown.

Blind Spot Information System*

The ZDX expands your field of vision by providing information about vehicles that are in, or about to enter, your blind spot when you're passing, being passed, merging, or changing lanes. The blind spot information system uses radar technology that can detect objects moving as slow as ten kilometres per hour.

*Does not replace the driver's responsibility to exercise due care while driving.

Forward Collision Warning System*

Not only will you be aware of the luxury that surrounds you in the ZDX – but you'll also be more aware of the road in front of you. That's because the ZDX is the first Acura to feature the innovative Forward Collision Warning (FCW) system. Using an onboard camera, the system monitors the gap between you and the car in front of you. If that gap begins to close too quickly, the system uses both audible and visual warnings to inform you to reduce your speed.

*Does not replace the driver's responsibility to exercise due care while driving.

Lane Departure Warning System*

Another Acura innovation to make its first appearance in the ZDX is the Lane Departure Warning (LDW) system. If the ZDX begins to drift out of its lane without a turning signal being applied, both an audible and visual warning will alert the driver. This constant connection between car and road is achieved through an onboard camera that monitors the vehicle's lane position at all times.

*Does not replace the driver's responsibility to exercise due care while driving.

Multi-view rearview camera*

The ZDX features a multi-view rearview camera that shows a colour image of the area directly behind your vehicle on your navigation system screen. Even if the navigation system is turned off, the camera is activated automatically when you engage reverse.

*Does not replace the driver's responsibility to exercise due care while driving.

INTELLIGENT DESIGN

Interior refinement.

Rich in Character

The ZDX’s cockpit has been luxuriously crafted with comfort and continuity in mind. Its refined leather dash unfolds with flowing lines culled from the vehicle’s exterior vocabulary. Luxury continues with perforated Premium Milano leather-trimmed heated and ventilated front seats. In contrast to most luxury vehicles, the ZDX’s leather isn’t buffed to correct imperfections. Instead, each piece has been carefully selected to help ensure premium quality while retaining its rich natural grain. The care that went into the ZDX dash is indicative of the detail reflected throughout the cabin.

Customized Cabin Comforts

Creating the optimum driving experience is easy in the cockpit of the ZDX. Both driver and passenger sit in tightly bolstered, 10-way power adjustable, heated and ventilated seats. The advanced dual zone climate control allows you to set and maintain temperature levels in two different zones. And the Keyless Access System with remote-linked 2-position memory system means that when you settle into your ZDX, the driver’s seat, steering column, side mirrors and climate control will be exactly to your liking. When the ZDX wraps you in luxury, it really is a perfect fit.

The Sounds of Near Silence

Amidst the cockpit’s material richness, you will notice one thing to be lacking – ambient cabin noise. That’s courtesy of the ZDX’s Active Sound Control system, which detects undesirable engine noise and emits opposing frequencies to reduce it. For an even quieter ride, a special seven-layer fabric has been applied to the underbody of the vehicle to help insulate passengers from road noise and vibration.

The Future is Bright

To round out the ZDX’s lavish interior cabin experience, you need only look up. The panoramic glass roof gives both front and rear passengers abundant natural light, even with the UV-light-filtering sunshade closed. This feat of design required an innovative “top-down” production step that allows the long glass panel to be lowered onto the frame from above. When you experience the sense of space the roof provides, you’ll agree it was a step well worth taking.

SAFETY

Safety Through Innovation.

At Acura, Safety Through Innovation is based on the idea that an advanced driving experience starts with advanced safety features. This guiding principle is reinforced through the extensive number of standard safety features and use of innovative technologies you'll find in all Acura vehicles.

Airbags

Safety is increased with six airbags designed to protect all occupants inside the cabin. Depending on the point and force of impact, the ZDX will deploy dual-stage, dual-threshold front airbags (SRS) that activate at one of two rates, depending on the severity of the impact; front side airbags with the innovative passenger-side Occupant Position Detection System (OPDS) that will not release if the system detects a child or small-sized passenger and side curtain airbags with a state-of-the-art rollover sensor.

Active Head Restraints

The active front seat head restraints in the ZDX are designed to restrain head motion in the event of a rear impact and to minimize neck injury.

ABS

The Anti-lock Braking System (ABS) helps maintain steering control when braking hard on wet, slippery or loose surfaces, while Electronic Brake-force Distribution (EBD) balances braking forces at each wheel to help compensate for cargo and passenger weight distribution inside the cabin.

Tire Pressure

The ZDX's Tire Pressure Monitoring System (TPMS) continually monitors the air pressure in your tires. If pressure drops in any one, a warning appears on your instrument panel, indicating which tire requires attention.

Hill Start Assist (HSA)

Hill Start Assist helps to prevent the ZDX from rolling backwards when on an incline. If you switch from the brake pedal to the accelerator while stopped on a hill, the system activates and halts the vehicle.

ACE™ Body Structure

The Advanced Compatibility Engineering™ (ACE) body structure utilizes a high-tensile, high-efficiency steel body structure to provide enhanced protection from a multi-directional collision. ACE reduces the force of a frontal impact by absorbing energy over a large area and dispersing it away from you and other occupants of the cabin. ACE is also designed to help reduce occupant injuries caused by misalignment in collisions between vehicles of different sizes.

Co-operative Vehicle Stability Assist (VSA®)

The VSA system with Traction Control automatically detects and corrects understeer or oversteer situations, sometimes before you're aware there's a problem. The system intuitively analyzes the conditions and reduces throttle and/or applies braking to individual wheels. Should a loss of traction occur on a slippery surface, Traction Control will help compensate to get you underway safely.

ZDX

Specifications

ENGINE	
Engine	3.7-litre, SOHC, VTEC® V6
Horsepower	300 hp @ 6300 rpm
Torque	270 lb.-ft. @ 4500 rpm
Displacement	3664 cc
Bore and stroke	90 x 96 mm
Compression ratio	11.2:1
Emissions	Tier 2 Bin 5
Recommended fuel	Premium unleaded
Horsepower & Torque (SAE net, Rev. 08/04, SAE J1349)	
DRIVETRAIN	
6-speed automatic transmission with paddle shifters and Grade Logic Control	
Super Handling All-Wheel Drive™ (SH-AWD®)	
Towing capacity: 680 kg (1500 lb.)	
SAFETY	
4-wheel Anti-lock Braking System (ABS) with Electronic Brake-force Distribution (EBD)	
Active front seat head restraints	
Advanced Compatibility Engineering™ (ACE™) body structure	
Battery management system (BMS)	
Childproof rear door locks	
Co-operative Vehicle Stability Assist (VSA®) with Traction Control	
Dual-stage, dual-threshold front airbags (SRS)	
Front side airbags with passenger-side Occupant Position Detection System (OPDS)	
Hill Start Assist (HSA)	
Immobilizer Theft-Deterrent System	
Lower Anchors and Tethers for Children (LATCH) child-seat mounting system positions in 2nd row (3)	
Side and side curtain airbags with rollover sensor	
Tire Pressure Monitoring System (TPMS) with location and pressure indicators	
CHASSIS	
19" aluminum-alloy wheels	
MacPherson strut front independent suspension	
Multi-link independent rear suspension with trailing arm	
Power-assisted, ventilated front disc/drum-in-disc rear brakes	
Tires: P255/50 R19 103H all-season	
Torque-sensing, variable power-assisted rack-and-pinion hydraulic power steering	

EXTERIOR	
Panoramic moonroof with power sunshade	
Body-coloured heated power-folding power-adjusting side mirrors with reverse gear tilt-down, integrated turn indicators and expanded view driver's mirror	
Dual-outlet exhaust	
High-Intensity Discharge (HID) headlamps	
Halogen high-beam headlamps	
Headlamp washers	
Fog lights	
Light-emitting diode (LED) taillamps	
Rear privacy-tinted glass	
CAPACITIES	
Cargo volume	779 litres
Cargo volume, with 2nd row folded	1623 litres
Fuel tank capacity	79.5 litres
Passenger volume	2713 litres

SEATING & TRIM	
60/40 split flat-folding 2nd-row seat	
Driver's seat with 10-way power adjustment including 2-way power lumbar support and 2-position memory	
Front passenger's seat with 8-way power adjustment	
Heated seats in 1st- and 2nd-row outboard positions	
Leather instrument panel and centre console	
Perforated Premium Milano leather-trimmed interior	
Ventilated front seats	

EXTERIOR DIMENSIONS	
Curb weight	2013 kg
Gross vehicle weight rating	2510 kg
Height	1596 mm
Length	4887 mm
Ground clearance	200 mm
Track – front/rear	1720/1719 mm
Turning diameter, curb to curb	5.86 m
Wheelbase	2750 mm
Width (including sideview mirrors)	2174 mm
Width (excluding sideview mirrors)	1995 mm

INTERIOR DIMENSIONS	
Headroom – front/rear	966/896 mm
Hip room – front/rear	1456/1404 mm
Legroom – front/rear	1072/908 mm
Shoulder room – front/rear	1516/1406 mm

ENTERTAINMENT	
Acura/ELS Surround® 410-watt Premium Audio System with DVD-Audio, AM/FM/SiriusXM™†† tuner, MP3/Windows Media® Audio compatibility, DTS®, Dolby® Pro Logic™ II, Song By Voice™ and 10 speakers including subwoofer	
15 GB hard disk drive (HDD) storage (navigation and audio)	
Bluetooth® Streaming Audio*	
MP3/auxiliary input jack	
USB device connector	

COMFORT & CONVENIENCE	
Acura Navigation System with trilingual Voice Recognition™ and multi-view rear camera‡	
Automatic day/night rearview mirror	
Blind spot information system†	
Body-coloured front and rear parking sensors	
Forward Collision Warning (FCW) system†	
GPS-linked dual-zone automatic climate control system with sun positioning sensor	
HandsFreeLink™-bilingual Bluetooth® wireless mobile phone interface*	
HomeLink® remote system**	
Keyless Access System (smart entry and pushbutton ignition)	
Lane Departure Warning (LDW) system‡	
Maintenance Minder™ system	
Multi-Information Display (MID)	
Power tailgate	
Power tilt and telescopic steering column	
Remote-linked 2-position memory system for driver's seat, steering column, side mirrors and climate control	
Steering wheel-mounted cruise controls	

FUEL ECONOMY	
City/Hwy/Combined	12.7/8.8/10.9 litres/100 km†

†Based on 2013 EnerGuide Fuel Consumption Guide ratings published by Natural Resources Canada. Transport Canada approved test methods used. Your actual fuel consumption will vary based on driving habits and other factors – use for comparison only.

††Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at www.siriusxm.ca.

‡Does not replace the driver's responsibility to exercise due care while driving.

*Only compatible with certain devices.

**HomeLink® can be programmed with codes of up to three remote-control devices (e.g., garage-door opener, home security system, etc.). Additional control devices not provided by Honda may be required.

ACURA

Make it yours.

Choose from an array of genuine Acura accessories that give you the practical luxuries and advanced styling that will bring you together with your machine.

PROTECTION PACKAGE

All-weather floor mats – black or grey
Cargo tray

TOWING PACKAGE

Trailer hitch and harness
Trailer hitch ball – 17/8" or 2"

REMOTE ENGINE STARTER KIT

Remote engine starter attachment
Remote engine starter base unit
Remote engine starter fob

Accessories listed in the packages may also be added individually to your ZDX.

OTHER ACCESSORIES AVAILABLE

19" alloy wheels
Ashtray – cup holder style
Cargo cover
Cargo net
Cigarette lighter
Engine block heater
Trunk edge and bumper protector
Wheel locks

- 1. Deck lid spoiler
- 2. Sport running boards, with LED
- 3. ZDX Towing Package
- 4. Body side moulding
- 5. 20" alloy wheels
- 6. Cargo tray

At Acura, when innovation and performance meet purpose, remarkable things can be achieved. Through our commitment and continued involvement with events and organizations across Canada, we seek to create engaging and inspiring experiences for our customers and our community. Because at Acura we believe exhilaration goes beyond the driver's seat.

Acura has teamed up with W Hotels – a global luxury chain – to provide a fully loaded partnership that offers guests complimentary transportation in an Acura vehicle. The Whatever/ Whenever® service gets guests where they need to go in advanced luxury and style.

Acura is honoured to be the Canadian broadcast sponsor of golf's most historic and time-honoured tournament. The Masters is golf's first major open of the season and is famous for its ceremonial "Green Jacket" winner's presentation.

Driving a luxury vehicle should go beyond engineering and amenities. That's why Acura is committed to ensuring your ownership experience is equally luxurious. New Acura owners benefit from four-year 24-hour Roadside Assistance, which includes Dispatch Emergency Roadside Service, Emergency Lockout Service and Traffic Accident Services. See your Acura Retailer for details.

Warranty

Your new Acura vehicle comes with the following warranties: Major Component – 5-year/100,000-km limited warranty • Vehicle – 4-year/80,000-km Distributor's limited warranty • Rust Perforation – 5-year unlimited-distance warranty • Surface Corrosion – 4-year/80,000-km • Accessories – 4-year/80,000-km limited warranty (when installed by an authorized Acura Retailer at time of new vehicle delivery). Regular maintenance items and parts are subject to normal wear and replacement, and are not covered by warranty. Certain other items are excluded and certain conditions apply. See your Acura Retailer for details.

Acura Plus

Extend your worry-free ownership experience by purchasing additional coverage. Choose from Acura's flexible selection of Mechanical Coverage that extends up to 8 years or 200,000 km, whichever comes first. See your Acura Retailer for details.

Leasing and Financing

Owning your Acura is easy. See your Acura Retailer for complete details on Conventional Financing.*
