BELIEVE
IN PERFECTION

A

As a Maserati, the Quattroporte is crafted for excellence – but with our Genuine Accessories range, it will exceed even your expectations of quality, comfort and ageless Italian style.

Tailor your car for the perfect drive so you can enjoy each exhilarating moment behind the wheel.

THE PLEASURE OF CUSTOMISING

The Quattroporte is a luxury executive sedan poised on the wheels of a sports car. With a glance at its bold rims and glossy brake calipers, you can anticipate the power, speed and intuitive agility lurking behind the imposing silhouette. Our wheel options and accessories help you tailor the precise performance of your car and enhance its unmistakable racing style.

ALWAYS MOVING FORWARD

COMPLETE WHEELS

Pre-balanced and ready to be fitted to the vehicle, Maserati Complete Wheels bring together your choice of wheel rims and Maserati Genuine Tires. They come fully equipped with wheel center caps and tire pressure sensors, and provide a simple way to tailor your aesthetics and performance.

BRANDED VALVE COVERS

The Maserati Trident is a sign of unmistakeable quality – and on a vehicle that strives for perfection, no detail is too small to enhance. The Branded Valve Covers are designed in lightweight, rustproof material, and feature the Trident embossed on the cap.

MASERATI GENUINE TIRES

Born out of our racing knowhow, Maserati Genuine Tires provide you with enhanced grip and confidence on the road. The “MGT” (Maserati Genuine Tires) marking is a guarantee of optimal control and precision. Tailored to the seasons, the Summer and Winter tires for the Quattroporte offer optimum performance whatever the road condition.

WHEEL RIMS

Each pairing of Maserati and driver has an individual character – whether you enjoy the passion of the open road or the thrill of the city streets. The choice of Wheel Rims puts a very personal stamp on a car, giving it a sense of style that matches its owner. The Maserati range of bold, elegant wheel rims emphasise the vehicle’s speed, power and style in different measures. Part of your journey as a Maserati owner is making that personal decision for your vehicle. All of the wheel rim options available when originally customising a Maserati are also available as part of the Accessories range.

WHEEL CENTER CAPS

Strongly evocative of the Maserati performance soul and the assertive power of the Quattroporte, our Wheel Center Caps instill your wheel rims with racetrack energy. Choose from powerful Matt Black, silken Glossy Black, or stylish Carbon Fibre, all with the iconic Maserati Trident logo as a centerpiece.

SECURITY STUD BOLT

An additional touch of style to your unique wheel rims with the black-finished or chrome-plated bolts. They are unexpectedly elegant and bold, paired to the wrench in the kit, they cannot be removed by any other tool. The full kit protects all your wheel rims and includes the wrench and four security bolts.

BRAKE CALIPERS

The flash of Brake Calipers through the wheel rim spokes marks out your Quattroporte as a true sports car. You can tailor the calipers to suit your personal style with a range of colors and metallic sheens.

THE PLEASURE OF PERFORMING

With its imposing scale, its sporty agility and its powerful Maserati engine, the Quattroporte embodies all the passion of the racetrack. Top quality sporting accessories bring both the style and the driving experience of your car closer to its racing roots.

COMPETITIVE BY NATURE

SPORT PEDAL COVERS*

Crafted in brushed steel the Sport Pedals Cover is more than a striking design feature. It also delivers optimum control for high-performance driving through precisely engineered rubber inserts, which keep your feet glued to the pedals. For an extra touch of refinement the pedal covers bear the Maserati oval logo.

*Please check whether your vehicle can be fitted with these components.

GEARSHIFT PADDLES*

The graceful power delivery of an automatic can make for a truly relaxing grand tour. However, for a more passionate driver, the option of extracting even greater performance is irresistible. Our frosted aluminium Gearshift Paddles put more control at your fingertips, for speedy gear-shifts and sports-style driving in your Quattroporte.

*Please check whether your vehicle can be fitted with these components.

E

EXTERIOR CARBON PACKAGE*

If your Quattroporte model wasn't originally customised with carbon fibre detailing, you can add these smart racing touches with the Exterior Carbon Package.

The kit includes several carbon fibre sport customisations:

- Window Mirrors
- Door Handle
- Rear Spoiler
- Front Splitter
- Central Pillar
- Wheel Caps
- Front and rear doorsills

*Please check whether your vehicle can be fitted with these components.

THE PLEASURE OF CARING

The Quattroporte exudes vitality in every aspect, from the sweep of its bodywork to the glossy chrome of its accents. With our range of care accessories you can keep your grandtourer in peak condition – eager for action and ready to make its mark on the road.

I

ENDURING BEAUTY, SCULPTED STYLE

OUTDOOR CAR COVER RESTYLING / PERSONALIZED

Protect your Quattroporte beautifully with our Outdoor Car Cover. Breathable and stretchable, the figure-hugging fabric flexes with the wind and shrugs off the rain with no hint of flapping or rattling. The cover is a lustrous light grey color adorned with the Trident, and it can also be personalised with your initials on demand. Three side air vents add a finishing touch in true Maserati style.

INDOOR CAR COVER RESTYLING / PERSONALIZED

Make sure your Quattroporte is completely and beautifully protected with our Indoor Car Covers. Snug inside the cover, the car's smooth lines are pleasingly visible, while the specially chosen, anti-laddering fabric, which can also be personalised with your initials, ensures bodywork, rims and tires remain pristine. The cover folds neatly into a branded bag when you're ready to get behind the wheel.

INDOOR CAR COVER ZEGNA

Specifically tailor made, the Maserati Zegna Indoor Car Cover not only fully protects your Quattroporte but ensures your vehicle looks as sensational in your garage as it does on the road. Thanks to the exclusive stretchy and breathable fabric, the Zegna Indoor Car Cover assures the best fit and avoids any condensation, making sure your Quattroporte is completely protected and taken care of.

M

MULTIFUNCTIONAL AIR FILTER

The Multifunctional Air Filter consists of three layers of different filtration materials to give you the safest air to breathe inside your Maserati. The filter can in fact efficiently provide in-car air filtering from harmful particles, and significantly improve and maintain the car interior air quality, for the most comfortable driving experience.

MICROFIBRE CLOTH

Keeping your Maserati Touch Control display free from fingerprints is a simple matter with the specific Microfibre Cloth. The printed carbon fibre pattern is specially designed to clean and protect your touchscreen and keep it completely smear-free.

CARE AND PROTECTION

SUNSHADE

To keep your Quattroporte cool when left in the sun the made-to-measure Sunshade slots perfectly into place with satisfying precision. Featuring Quattroporte lettering silk-screened on the outer side and the Maserati logo embroidered on the inside, the sunshade folds down fit neatly in a branded bag.

B

BATTERY CHARGER & MAINTAINER

To make sure your car is always ready for the road the Battery Charger and Maintainer keeps battery levels at between 95% and 100%. Simple and straightforward to use, it attaches to your battery and plugs into a standard power socket. You can leave it connected for several months without any problem.

SIDE PROTECTIVE FILMS

Scratches and dulling from gravel can be an issue for the bodywork of any high-performance vehicle. The Side Protective Film makes sure you can appreciate all the performance your Quattroporte has to offer, knowing that your paintwork won't suffer the consequences. Perfectly transparent and made to measure, the urethane layer doesn't yellow over time, leaving your paintwork as vibrant as ever. Because the film is applied with a water-based solution, it's easily removed and won't leave a trace of adhesive behind.

PROTECTIVE FILM FOR THE LOADING EDGE

No matter how careful you are, there is always a risk of knocking your car's bodywork when loading or unloading luggage. The Protective Film for the Loading Edge can be applied to the rear bumper to provide an extra layer of protection. As with the Side Protective Film, the made-to-measure urethane layer is practically invisible and won't yellow over time. It can be easily removed without leaving any trace of its presence.

B

BRANDED FLOOR MATS

For an even more luxurious interior in your Quattroporte choose our Branded Floor Mats. Each has an eco-leather trim, while the driver's mat also features a beautifully embroidered Quattroporte logo on a special insert. Designed to echo the shape of the vehicle, the mats are anchored to keep them safe and stable while driving. A range of color options ensures there is one to suit your interior upholstery. The kit is made up of two front and two rear mats.

CARE AND PROTECTION

ALL SEASONS FLOOR MATS

To protect your carpet from water, snow, sand and mud the All Seasons Floor Mats are a natural choice. Robust and perfectly fitted they clip firmly to the floor, entirely covering your carpet and keeping the pedals free from obstruction. Made from easy to clean black rubber, the kit of two front and two rear mats offers excellent grip underfoot, whether wet or dry.

THE PLEASURE OF TRAVELLING

With the Quattroporte Genuine Accessories range, you're always ready to set off on the trip of a lifetime. Smart, stylish and practical luggage solutions keep your belongings organised day-to-day, and give you the freedom to pack whatever you need for your longer journeys.

L

LOAD UP FOR YOUR LUXURIOUS GRAND TOUR

LUGGAGE COMPARTMENT MAT

The Luggage Compartment Mat fits perfectly in your Quattroporte to protect every inch of the luggage compartment carpet. Washable and waterproof it guards against any traces of water, snow, sand, oil or mud that might be carried on your suitcase wheels. The mat is boldly styled and Maserati branded.

REVERSIBLE LUGGAGE COMPARTMENT MAT

From luxury luggage to snow-encrusted skiing gear, the Reversible Luggage Compartment Mat handles it all beautifully. With hard-wearing rubber (waterproof and easy to clean) on one side and plush black carpet on the other, the mat is extremely versatile. A handle on either side makes it easy to lift and position, while an elegant metal plate, hand-enamelled in black, brands it with the Maserati logo.

LOADING EDGE PROTECTIVE MAT

Designed to protect the edge of the luggage compartment and the rear bumper when loading or unloading, the Loading Edge Protective Mat extends almost to ground level. Manufactured in hard-wearing, non-flammable, and water-repellent material it guards against any knocks and scratches caused by moving heavy luggage.

L

LUGGAGE COMPARTMENT NET

The acceleration in your Maserati means belongings in the luggage compartment need to be contained. Our black Luggage Compartment Net is the ideal solution. Attaching firmly to the luggage compartment floor, it is double layered for extra security. By keeping small and medium sized items safely anchored, the net gives you the freedom to enjoy your drive all the more.

**SKI & SNOWBOARD BAG**

Up to three pairs of skis, or a pair of skis and a snowboard, can fit tidily and securely inside your Quattroporte with the Maserati Ski & Snowboard Bag. Fold down one of the rear seats and the bag can rest in the space created between the passenger area and the luggage compartment. It attaches firmly to a hook in the luggage compartment, and to the rear seat with a sturdy strap. Depending on the length of your skis the bag can be extended by 30 cm.

**LUGGAGE COMPARTMENT FOLDABLE BOX**

With its versatile design, the Luggage Compartment Foldable Box turns your luggage compartment into an even more practical storage area. The modular box is comprised of two large compartments with attachments and pockets for smaller items. Either compartment can be collapsed when you need more space for larger luggage, turning the Foldable Box into a Maserati branded leather-finish briefcase, perfect to carry your documents or a tablet.

L

LUGGAGE SET

Its effortless air of style marks out the Quattroporte Luggage Set as unquestionably Italian. In partnership with legendary leatherworkers Poltrona Frau, we have crafted a luggage set of full premium Italian leather. Exceptional in both its elegant, unfussy design and workmanship, each element of the luggage sports a contrasting trim and a subtle, tactile Trident logo.

These six exquisite pieces fit inch-perfect into the Quattroporte luggage compartment for a truly efficient use of space:

- Large trolley case
- Small trolley case
- Suitcase
- Holdall
- Large beauty case
- Small beauty case

Each item can also be ordered separately.

THE PLEASURE OF RELAXING

The Quattroporte delivers luxury on a grand scale. From the richness of its premium Italian leather to its unrivalled sense of space and privacy, everything about it embraces the spirit of the grand tour. Technological and functional accessories from Maserati give you even more possibilities for a truly pleasurable long-distance drive.

C

COMFORT IN EVERY ASPECT

UMBRELLA
Like your Quattroporte itself the Maserati umbrella speaks of engineered quality. It is robust and ergonomic, and has a double-folding design that makes it the perfect size for the front glove box or door panel compartments. It has a chrome-plated Maserati Trident on the handle and its subtle black-on-black tonal designs reflect the car's exterior.

UNIVERSAL TABLET HOLDER*
While you enjoy the thrill of the Quattroporte driving experience, your back seat passengers can sit and relax with in-seat entertainment. The Universal Tablet Holder is designed to be mounted on the front seat headrest. It holds a tablet or large smartphone which can be perfectly positioned for watching films or reading documents. Black soft-touch material and a silver grey, silk-screened Maserati logo, make it attractive and unobtrusive enough to be left in place even when not in use.

*Please be aware that the Universal Tablet Holder cannot be installed if the vehicle is equipped with Sport Seats.

COURTESY LIGHTS WITH LOGO
Customize your Maserati with a touch of exclusivity with specifically designed Courtesy Lights with Logos. Feel free to choose between two different lenses ("Maserati" or "Trident" logos) to emphasize the elegant and sporty soul of your Maserati, leaving a distinctive sign when getting out of the car.

PERSONALISED FRONT DOOR SILLS PLATES

Make your Maserati a unique masterpiece. In line with the Trident style, luxury and exclusivity, it is now possible to personalise the Front Door Sill Plates with the name initials or a combination of letters, graphically embellished with the iconic “Saetta” line logo that distinguishes all the Maserati vehicles.

PRIVACY REAR WINDOW*

The Privacy Rear Window Kit is designed to allow your rear passengers to see out without passers-by looking in. From outside, the privacy glass obscures the windows with a stylish dark sheen. At the same time it keeps the interior cool and peaceful. The Privacy Rear Window Kit also has the additional benefit of filtering out the harmful UV wavelengths from sunlight.

*Please check whether your vehicle can be fitted with these components.

REMOTE START*

Start your ideal journey before boarding. The Remote Start Function allows the Customer to create the desired temperature when entering the car by activating the cooling/heating system remotely. By simply pressing a button on the car key, the Remote Start will activate the air conditioning or heating system.

*Please check whether your vehicle can be fitted with these components.

HOT SPOT WI-FI CONNECTION MODULE*

Keep connected wherever you travel with the Hot Spot Wi-Fi Connection Module. This sophisticated technology provides wireless internet access on the road for up to three devices. While you immerse yourself in the drive, your passengers can keep business ticking over by sending emails or working in the Cloud, or they can simply relax with a Social Media break or online shopping. The module supports HSDPA, UMTS, EDGE and GSM.

*Please check whether your vehicle can be fitted with these components.

KICK FUNCTION*

Thanks to a sensor positioned under the rear vehicle bumper, the Kick Function controls the automatic opening and closing of the luggage compartment door by detecting a simple foot movement.

*Please check whether your vehicle can be fitted with these components.

THE PLEASURE OF FEELING SAFE

Designed to perfectly complement the Quattroporte, our range of practical and elegant safety accessories offer an extra level of protection when travelling – without compromising on style.

SAFETY YOU CAN RELY ON

JUMPER CABLES

Jumper cables don't just provide you with peace of mind but they can help you come to the aid of other road users. Easy-to-use and contained in a practical leather-finish case marked with the Maserati name, these cables can be easily stored in the luggage compartment.
