IT ALL ADDS UP TO A BETTER DRIVE

In Pathfinder,® power and efficiency combine to make every drive exceptional. It starts with an advanced powertrain, including a potent 3.5-litre Direct Injection Gasoline (DIG™) V6 that provides plenty of passing power and toy-hauling capability, while still sipping fuel. Add in our Next-Generation Xtronic CVT® (Continuously Variable Transmission) and the drive only gets better. It can hold the engine at the ideal rpm for the job, giving you a wave of power when you need it and running low rpm for quiet, efficient cruising when you don't.
