

### Born for this.

Introducing the all-new 2022 Tundra. Reengineered with uncompromising power. Equipped with advanced capability features. And decked out with premium creature comforts inside. Take hold of the reins and get ready for unforgettable adventures.

## A force to be reckoned with.

Tundra's modern muscle delivers exceptional power without sacrificing efficiency. Equipped to go the extra mile, this full-size pickup has up to a manufacturer-estimated 20 combined mpg.<sup>5</sup> The moment you step on the gas, you're ready for action. And you can keep on driving with confidence, knowing this truck was built with the quality, durability and reliability Toyota is recognized for.

### Electrified i-FORCE MAX powertrain

Tundra's available i-FORCE MAX engine applies new hybrid tech for more performance. By pairing the 3.5L Twin-Turbo V6 with an electric motor, this all-new hybrid engine generates an electrifying 437 horsepower with an amazing 583 lb.-ft. of torque. And the unique placement of the electric motor between the engine and transmission allows power to be transferred efficiently, without any lag. Charging up the trail or merging onto the freeway — the second you feel the instantaneous torque across the powerband, you're ready to keep the adventure going.

### All-new i-FORCE 3.5L Twin-Turbo V6 engine

The power at the heart of Tundra. Tundra's all-new i-FORCE Twin-Turbo V6 engine delivers up to 389 horsepower and 479 lb.-ft. of torque. And its all-new 10-speed automatic transmission helps you harness more power when climbing a muddy hill, towing a trailer, or cruising on the freeway.

### Max towing of up to 12,000 lbs.

Its all-new powertrain, frame and suspension work together to give Tundra an available max towing capacity of up to 12,000 lbs. Whether you're towing your trailer for a weekend getaway or taking the ATVs out for a spin in the desert, Tundra helps you haul with confidence.

# Take on the toughest demands.

Designed and engineered in the U.S., the all-new Tundra is our toughest, most capable, most advanced body-on-frame hauler to date.

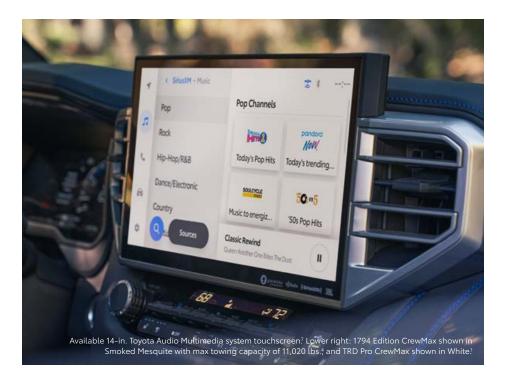

### All-new fully boxed steel frame and multi-link rear suspension

Tundra's all-new fully boxed, high-strength steel ladder frame provides enhanced rigidity, capability and driving comfort. The rear frame member is widened to improve stability and towing capability.4 And for more reinforcement, the frame cross members are more than doubled in size — making Tundra the most durable bodyon-frame hauler to come off our Texas assembly line. A modern suspension to match its modern fully boxed frame. Tundra's all-new multi-link rear suspension delivers more ride comfort, straight-line stability and overall handling dynamics on the road, trail and everywhere in between. And with this new coil-spring suspension, Tundra delivers better roll damping and towing performance.

### New ultra-durable composite bed

Tundra's all-new aluminum-reinforced bed is composed of an ultra-durable Sheet-Molded Composite (SMC) surface. This strong and resilient bed boasts a greater impact strength than aluminum and acts as a shield against dents, impact dings and rust. Even with its max payload of 1940 lbs. loaded in the back, this rugged, high-tech bed offers added protection to help keep your Tundra looking good for years to come.

### 14-in. Toyota Audio Multimedia touchscreen

Get a better view of what's around you on Tundra's impressive available 14-in. audio multimedia touchscreen. Synced up to multiple cameras placed around Tundra, the large interactive display lets you choose different views — as if you had spotters with you. And with the available Multi-Terrain Monitor<sup>8</sup> activated, you can check your immediate surroundings for obstacles as you take on tricky terrain.

### TECHNOLOGY

### Off-the-grid street smarts.

The most advanced Tundra ever built. Outfitted with the latest tech, Tundra features an all-new Human Machine Interface (HMI). This advanced system uses Tundra's available 14-in. multimedia touchscreen to heighten your interaction through sight, touch and voice activation — helping you stay connected to every adventure.

### Panoramic View Monitor

Tundra's available Panoramic View Monitor (PVM)<sup>9</sup> uses cameras on the front, sides and rear of the truck to give you a 360-degree view of what's going on outside.

### Trailer Backup Guide with Straight Path Assist

Using sensors and cameras, Tundra's available driver assistance technology helps keep your trailer in a straight line as you back up.<sup>10</sup>

### Blind Spot Monitor with Trailer Merge Warning

Tundra's available Blind Spot Monitor (BSM)<sup>11</sup> is designed to warn you when a vehicle in the next lane enters your blind spot on either side of the truck. When you engage its available Integrated Trailer Brake Controller (ITBC),<sup>12</sup> the system automatically senses there's a trailer connected, determines its length and activates Trailer Merge Warning — all without any input from the driver. And when you're reversing out of a tight spot, available Rear Cross–Traffic Alert (RCTA)<sup>13</sup> helps detect vehicles approaching from either side, warning you with side mirror indicators and a warning tone. Altogether, Tundra's advanced safety technologies bring added peace of mind to every journey.

INTERIOR

### A first-class cabin.

Tundra's premium interior features available leather-trimmed and soft-touch materials throughout, plenty of room for friends or gear, and a driver's seat that fits like a glove.

### Premium leather-trimmed seats

Bring maximum comfort to wild rides. Tundra's available premium leather-trimmed seats are designed with a wide shoulder to give you more support. And to up the ante on luxury, TRD Pro comes decked out with available red leather trim.

### Heated and ventilated seats

Warm up on your way up the mountain. Cool down when you're under the desert sun. No matter the climate, Tundra's available heated and ventilated front and rear seats help you wander in total comfort.

### Rear-seat storage

Tundra's versatile rear seats flip and fold — helping you make space for more gear.<sup>14</sup> And on available models, Tundra's back seats flip up for added storage underneath. Thoughtfully designed, this cabin is ready for your next big trip.

### Power vertical rear window

A signature Toyota feature. Tundra CrewMax features a standard rear glass window that raises and fully lowers with the push of a button. When you're driving on the trail, this handy feature optimizes airflow inside the cabin — and gives your four-legged friend a better view.

### Modern muscle.

Redesigned from the ground up, the all-new Tundra's design pays homage to Toyota's legendarily adventurous look. Bold lines, bulging fenders and a powerful front grille hint at the capability that lives under the sheet metal and show onlookers that this truck can handle the toughest demands.

### Premium LED headlights

High-performance, efficient LED headlights give Tundra a striking look. And these fully LED headlights feature available dynamic sequential turn signals, Daytime Running Lights (DRL) and LED low and high beams for better visibility and safer towing and hauling. In addition to Tundra's standard manual-leveling headlights, its all-new available auto-leveling headlights stay level for safer towing and hauling — without any input from the driver.

### Distinct Platinum and 1794 Edition styling

Right off the bat, Tundra's thick bumper interlocks with its brawny grille to create a strong, visceral image. Platinum's bold grille — featuring dark chrome accents — sends a powerful message that this truck is a premium recreation machine. And with a modern Western design, 1794 Edition's bright chrome grille lets everyone know this rugged rig rides in a league of its own.

### Sleek taillights and stamped tailgate

Tundra's tall and lustrous LED taillights and stamped tailgate featuring Tundra's logo come together to form a powerful signature of force. And when you're driving through town or merging onto the freeway, Tundra's available dynamic sequential turn signal taillights add a touch of premium style to your every move.

TRD FAMILY

### Equipped for adventure.

Designed to make your outdoor adventures even greater, the team at Toyota Racing Development (TRD) has built on Tundra's pedigree of toughness. Whether it's with the TRD Off-Road Package, TRD Sport Package or TRD Pro grade, you'll be ready for the trail with one-of-a-kind enhancements in performance, capability and styling. TRD Off-Road Package available on SR5, Limited and 1794 Edition. TRD Sport Package available on SR5. TRD Pro available spring 2022.

### TRD Pro

Built for the great outdoors. TRD Pro's BBS®15 forged wheels come wrapped in Falken®16 WILDPEAK all-terrain tires. A high-strength aluminum TRD Pro skid plate helps protect this beast's underbelly. And for enhanced off-road performance, TRD Pro's suspension features rugged FOX®17 shocks. TRD Pro available spring 2022.

### TRD Off-Road suspension

Delivering consistent performance when the going gets rough, TRD Off-Road's Bilstein®18 shocks help steady the course. And its unique 18-in. alloy wheels come wrapped in Falken®16 WILDPEAK all-terrain tires to help you take on rock, dirt and mud — without losing your grip. TRD Off-Road Package available on SR5, Limited and 1794 Edition?

### TRD Sport 20-in. wheels

Strong and lightweight, 20-in. TRD Sport alloy wheels with a matte-black finish give this rugged rig a magnetic look on wild terrain. And the TRD Sport Package also comes with a sport-tuned and lowered suspension equipped with Bilstein<sup>®18</sup> shocks to optimize driving dynamics. TRD Sport Package available on SR5.

# Amplify your drive.

Take advantage of smarter and convenient technologies designed to simplify your everyday life. From a suite of services that are there for you 24/7 to an immersive audio multimedia system, you can stay connected to your world.

### Connected Services

Our available suite of Connected Services provides added convenience and peace of mind.<sup>19</sup>

### ✓ Safety Connect®

Emergency SOS assistance and 24/7 Toyota Roadside Assistance<sup>20, 21</sup>

### ✓ Service Connect

Get personalized maintenance updates and vehicle health reports.<sup>22</sup>

### ✓ Remote Connect

Start, lock/unlock your doors and more, using your compatible smart device<sup>23</sup>

### ✓ Wi-Fi Connect

Turn your Toyota into a hotspot with 4G connectivity.<sup>24</sup>

### ✓ Destination Assist

24/7 live agent assistance to locate your next destination.<sup>25</sup>

To view included trial details, please visit toyota.com/connected-services.

### Audio Multimedia

Make every drive more personal. By utilizing your vehicle's touchscreen display and audio multimedia capabilities, you'll always have access to what you want. Whether it's listening to your favorite playlist or finding the most scenic route to your destination, you'll enjoy the latest in connectivity and technologies that are all about you.

### Apple CarPlay®

Bring along a familiar face. With Apple CarPlay<sup>®26</sup> compatibility, you can use your compatible iPhone<sup>®27</sup> with the audio multimedia system to get directions, make calls, send and receive messages, and listen to music — all while staying focused on your commute.

### Android Auto™

Stay connected on the road. By pairing your compatible Android  $^{\text{TM}28}$  phone with the audio multimedia system, Android Auto  $^{\text{TM}29}$  lets you access your Google Assistant,  $^{\text{TM}30}$  get real-time traffic alerts, make and receive phone calls, listen to your favorite soundtrack and more.

### (((SiriusXM<sup>\*</sup>)))

### SiriusXM® w/3-month Platinum Plan trial subscription

SiriusXM®31 has premium entertainment that you won't hear anyplace else. With the Platinum Plan, you get 350+ channels, including 165+ channels in your vehicle, to enjoy ad-free music, plus sports, news, talk, comedy and more.<sup>32</sup>

### JBI®

Feel the difference and hear the truth. Designed specifically for Toyota, JBL®33 finely tunes each speaker to the interior of the vehicle. Just turn up the volume to hear the crisp, rich, vibrant sound come through.

TOYOTA SAFETY SENSE™ 2.5 (TSS 2.5)

# Peace of mind comes standard.

Toyota Safety Sense™ 2.5 (TSS 2.5)³⁴ is a bundle of active safety features included on many new

Toyota vehicles at no additional cost. TSS 2.5′s

comprehensive features create in-the-moment safety designed to help protect you and your passengers from harm.

Pre-Collision System with Pedestrian Detection<sup>35</sup>

Full-Speed Range Dynamic Radar Cruise Control<sup>36</sup>

Lane Departure Alert<sup>37</sup>

Automatic High Beams<sup>38</sup>

### TUNDRA MODELS

SR

### Available in Double Cab and CrewMax

### Mechanical Features

- ✓ i-FORCE 3.5-Liter Twin-Turbo V6 - 348 hp @ 5200 rpm, 405 lb.-ft. @ 2000 rpm
- ✓ 10-speed Electronically Controlled automatic Transmission with intelligence (ECT-i)
- ✓ Rear-Wheel Drive (RWD) or 4WDemand part-time 4WD
- ✓ 18 city/24 highway/20 combined manufacturer-est. mpg rating (4x2);<sup>5</sup> 17 city/23 highway/19 combined manufacturer-est. mpg rating (4x4)<sup>5</sup>

### WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Hybrid-Related Component Coverage: Hybrid-related components, including the battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. Refer to applicable Warranty and Maintenance Guide for details.

Hybrid Battery: HV battery is covered for 10 years or 150,000 miles, whichever comes first. Warranty coverage is subject to terms and conditions. Refer to applicable Warranty and Maintenance Guide for details.

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable Warranty and Maintenance Guide for details.

Accessories: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.

### DISCLOSURES

1. Model shown available March 2022; other models available December 2021. 2. The Toyota Tundra is designed to meet most off-road driving requirements, but off-roading is inherently dangerous. Abusive use may result in bodily harm or vehicle damage. Toyota encourages responsible operation to help protect you, your vehicle and the environment. Seatbelts should be worn at all times. Do not allow passengers to ride in cargo area. 3. Extra-cost color. 4. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on base curb weight plus the total weight of any cargo, occupants, and added vehicle equipment. "Added vehicle equipment includes additional standard/optional equipment and accessories added by the manufacturer, dealers, and/or vehicle owners. The only way to be certain of your vehicle's exact curb weight is to weigh your vehicle without passengers or cargo. [Calculated with the new SAE J2807 method.] See Owner's Manual for limitations. 5. 2022 projected EPA-estimated mpg rating estimates as determined by manufacturer. EPA estimates not available at time of posting. Use for comparison purposes only. Your mileage will vary for many reasons, including your vehicle's condition and how/where you drive. See www.fueleconomy.gov. 6. Payload Capacity is the calculation of GVWR minus curb weight and should be used for comparison purposes only. The maximum amount of passenger and cargo weight your vehicle can carry is the Load Carrying Capacity indicated on the label(s) on the driver's doorjamb. 7. Screen depiction accurate at time of posting. 8. The Multi-Terrain Monitor view is limited and can be affected by environmental conditions. See Owner's Manual for additional limitations and details. 9. The Panoramic View Monitor does not provide a comprehensive view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details. 10. The backup camera does not provide a comprehensive view of the rear area of the vehicle/trailer, and you should look around the vehicle and use mirrors to confirm clearance. Additionally, when using Straight Path Assist, the driver is still responsible for safe operation as there are environmental conditions and design limitations to system performance. See Owner's Manual for limitations and details. 11. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See Owner's Manual for additional limitations and details. 12. Integrated Trailer Brake Controller is an electronic system that operates in tandem with a trailer equipped with an electric braking system. It is designed to help the driver maintain trailer control by increasing or reducing trailer braking based on trailer weight. It is not a substitute for safe towing practices. Factors including speed, weather, road conditions and driver input can all affect trailer braking control. See Owner's Manual for additional limitations and details. 13. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See Owner's Manual for additional limitations and details. 14. Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. 15. BBS® is a registered trademark of BBS of America, Inc. 16. Falken is a registered trademark of Sumitomo Rubber Industries, Ltd. 17. FOX is a registered trademark of FOX Factory, Inc. 18. Bilstein® is a registered trademark of ThyssenKrupp Bilstein GmbH FED REP GERMANY. 19. Connected Services depends on factors outside Toyota's control, including an operative telematics device, a cellular connection, GPS signal and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded, including access to response center and emergency support. Service may vary by vehicle and region. Apps and services subject to change at any time without notice. Requires app download/ registration and subscription after trial (if applicable). Terms of Use apply. Data usage and charges may apply. See usage precautions and service limitations in Owner's Manual and at https://www.toyota.com/connected-services/ for additional limitations and details. To learn about Toyota's Connected Services data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacyvts/. All trials begin on the original date of purchase or lease of a new vehicle, with the exception of Wi-Fi for which the trial begins at the time of activation. Paid subscription required after trial in order to continue accessing the respective services. Terms of Use apply. 20. Safety Connect® depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded, including access to response center and emergency support. Stolen vehicle police report required to use Stolen Vehicle Locator. Automatic Collision Notification activates only in limited circumstances. Requires app download/registration and subscription after trial (if applicable). Service subject to change at any time without notice. Terms of Use apply. Service may vary by vehicle and region. See usage precautions and service limitations in Owner's Manual and at toyota.com/connected-services for additional details. To learn about Toyota's Connected Services data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacyvts/. The Safety Connect® trial period (if applicable) is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Subscription required after trial to access the service. 21. Requires adequate cellular coverage and GPS signal strength. May not work in all areas. Service may vary by vehicle and region. See Toyota Dealer for details and exclusions. 22. Information provided is based on the last time data was collected from the vehicle and is not real-time data. Service Connect depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Service may vary by vehicle and region. Requires app download/registration and subscription after trial. Service subject to change at any time without notice. Terms of Use apply. Data charges may apply. See usage precautions and service limitations in Owner's Manual and at toyota.com/connected-services for additional details. To learn about Toyota's Connected Services data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacyvts/. Service Connect is not renewable as a stand-alone service and requires a subscription to any of Safety Connect®, Remote Connect or Drive Connect upon trial expiration. The Service Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Service Connect is not renewable as a stand-alone service and requires a subscription to any of Safety Connect®, Remote Connect or Drive Connect upon trial expiration. 23. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Remote Connect depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Digital Key also requires Bluetooth® connectivity. Service may vary by vehicle and region. Requires app download and registration/subscription after trial (if applicable). Terms of Use apply. Data charges may apply. Remote start/stop not available on manual transmission-equipped vehicles. Services subject to change at any time without notice. See usage precautions and service limitations in Toyota Owner's Manual and at https://www.toyota.com/connected-services/ for additional details. To learn about Toyota's Connected Services data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacyvts/. The Remote Connect trial period (if applicable) is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Subscription required after trial to access the service. Terms of Use apply. 24. Eligible vehicle and wireless service required. Wi-Fi Connect depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Wi-Fi Connect coverage and service not available everywhere. Valid in the contiguous U.S. and Alaska. Do not drive distracted. Go to att.com/toyota for terms and conditions. Data usage and charges apply. Up to 10 devices can be supported using in-vehicle connectivity. Apps and services subject to change at any time without notice. The Wi-Fi Connect trial begins at the time of enrollment and expires when 30 days or the earlier of 3 GB of data is used or the 1-month period ends. Subscription required after trial. Integrated Streaming requires separate subscriptions to third-party provider services. Terms of Use apply. 25. Destination Assist depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Use common sense when relying on this information. Service may vary by vehicle and region. Registration required. Subscription required after trial. Services subject to change at any time without notice. Terms of Use apply. Data charges may apply. See Owner's Manual and toyota.com/connected-services for additional limitations and details. To learn about Toyota's Connected Services data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacyvts/. The Destination Assist trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial to access the service. 26. Apps and services are subject to change at any time without notice. Data charges may apply. Apple CarPlay® functionality requires a compatible iPhone® connected wirelessly to the vehicle. Apple CarPlay® is a registered trademark of Apple Inc. 27. iPhone® is a registered trademark of Apple Inc. All rights reserved. 28. Android is a trademark of Google LLC. 29. To wirelessly use Android Auto™ on your car display, you need a compatible Android™ smartphone with an active data plan. You can check which smartphones are compatible at g.co/androidauto/requirements. Android Auto™ is a trademark of Google LLC. 30. Google is a trademark of Google LLC. 31. Trial length and service availability may vary by model, model year or trim. Service will automatically stop at the end of your trial subscription period unless you decide to continue service. If you do not wish to enjoy your trial, you can cancel by calling the number below. All Sirius XM services require a subscription, each sold separately by SiriusXM after the trial period. Service subject to the SiriusXM Customer Agreement and Privacy Policy; visit www.siriusxm.com to see complete terms and how to cancel which includes calling 1-866-635-2349. Some services and features are subject to device capabilities and location availability. All fees, content and features are subject to change. SiriusXM, Pandora and all related logos are trademarks of Sirius XM Radio Inc. and its respective subsidiaries. 32. SiriusXM trial length and service availability may vary by model, model year or trim. 33. JBL® is a registered trademark of Harman International Industries, Inc. 34. Toyota Safety Sense™ effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving, Always pay attention to your surroundings and drive safely. See Owner's Manual for additional limitations and details. 35. The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle, a pedestrian or a bicyclist. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian or bicyclist and weather, light and road conditions. See Owner's Manual for additional limitations and details. 36. Full-Speed Range Dynamic Radar Cruise Control (DRCC) is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and traffic conditions. Vehicles with manual transmission have regular DRCC. See Owner's Manual for additional limitations and details. 37. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions See Owner's Manual for additional limitations and details. 38. Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See Owner's Manual for additional limitations and details. 39. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 40. Lane Tracing Assist (LTA) is designed to read visible lane markers and detect other vehicles under certain conditions. It is only operational when DRCC is engaged. See Owner's Manual for additional limitations and details. 41. Do not rely exclusively on Road Sign Assist (RSA). RSA is a driver support system that utilizes the vehicle's forward-facing camera and navigation system (when data is available) to recognize certain road signs and provide information to the driver via the multi-information display and/or Head-Up Display. Effectiveness is dependent on road, weather, vehicle and sign conditions. Use common sense when using RSA and do not drive distracted. See Owner's Manual for additional limitations and details. 42. SofTex® is a registered

### DISCLOSURES

trademark of Toyota Motor Sales, U.S.A., Inc. 43. HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation. 44. Crawl Control is designed for driving on difficult terrain at low speeds and assists the driver by controlling acceleration and braking, allowing the driver to focus on steering. See Owner's Manual for additional limitations and details. 45. Downhill Assist Control is designed to help driver maintain vehicle control and speed on steep, downhill descents and is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can affect the DAC's ability to prevent loss of control. See Owner's Manual for additional limitations and details. 46. This floor mat/floor liner was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat/liner must be secured with its fasteners. Do not install a floor mat/floor liner on top of an existing floor mat/floor liner. 47. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print). 48. Standard on Limited, Platinum, 1794 Edition and TRD Pro grades; available on SR and SR5 grades. 49. Do not exceed 120V. See Owner's Manual for additional limitations and details. 50. BedStep® is a registered trademark of AMP Research. All rights reserved. 51. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Functionality, availability and accuracy of information provided by the system depends on many factors and service may not be available in every location. Use common sense when relying on information provided. Apps/services vary by phone/carrier. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change at any time without notice. See toyota.com/connected-services for details. Services and programming subject to change. Updates may be available from your dealer at an additional cost. See Owner's Manual for additional limitations and details. 52. The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details. 53. May not be compatible with all mobile phones, MP3/WMA players and like models. 54. Qi wireless charging may not be compatible with all mobile phones, MP3/WMA players and like models. When using the wireless charging system, avoid placing metal objects between the wireless charger and the mobile device when charging is active. Doing so may cause metal objects to become hot and could cause burns. 55. At speeds of 9 mph or less, Front and Rear Parking Assist with Automatic Braking (PA w/AB) is designed to assist drivers in avoiding potential collisions with nearby static objects when the vehicle is in Drive or Reverse and approaching crossing vehicles when the vehicle is in Reverse. Do not overly rely on PA w/AB. Always look around outside the vehicle and use mirrors to confirm clearance. Certain vehicle and environmental factors, including an object or vehicle's shape, size and composition, may affect the system's effectiveness. See Owner's Manual for additional limitations and details. 56. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See Owner's Manual for additional limitations and details. 57. Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See Owner's Manual for additional limitations and details. 58. Active front headrests can help reduce the extent of whiplash in certain types of rear-end collisions. 59. Building and/or parking structures may limit system effectiveness. Stolen vehicle police report required to use Stolen Vehicle Locator. For additional assistance contact the Toyota Customer Experience Center at 1-800-331-4331. 60. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details. 61. Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner's Manual for additional limitations and details. 62. Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner's Manual for additional limitations and details. 63. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details. 64. Before towing, confirm Stop and Start Engine System is disengaged (V6 gas models only). 65. Auto LSD is an electronic, brake-actuated limited-slip differential that automatically activates when VSC is disengaged at low speeds. See Owner's Manual for additional limitations and details. 66. When the system is on, Electric Parking Brake is designed to engage the Parking Brake under limited conditions. It may not hold the vehicle under all conditions. See Owner's Manual for additional limitations and details. 67. Trailer-Sway Control (TSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether TSC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details.

Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order.

Some vehicles are shown with available equipment. Seatbelts should be worn at all times. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

Toyota Tundra is designed to meet most off-road driving requirements. Abusive use may result in bodily harm or damage. Toyota encourages responsible operation to protect you, your vehicle and the environment. Seatbelts should be worn at all times. Please do not allow passengers to ride in the cargo area. Towing hitch receiver/ball mount kits are not intended to provide crash protection. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Vehicles shown may be prototypes, shown using visual effects and/or shown with options. Actual models may vary.
