

ASTON MARTIN

V12 ZAGATO

A FAMOUS COLLABORATION —

Working with the legendary Italian styling house Zagato to combine traditional craftsmanship with high technology and absolute exclusivity, the Aston Martin V12 Zagato delivers a unique combination of race-proven handling and performance, rarity and fastidious attention to detail – both inside and out.

With its effortless beauty guaranteed to stir the senses, the V12 Zagato is destined to be one of the most highly coveted models in Aston Martin's 98-year history.

A fabulous celebration of the iconic DB4GT Zagato, which celebrates its 50th anniversary this year, it provides the perfect inspiration for the next 50 years.

Dr. Ulrich Bez
Chief Executive Officer

AN HISTORIC PARTNERSHIP —

Aston Martin and Zagato have collaborated for 50 years since my own Father Elio and Uncle Gianni worked with David Brown and his talented team to produce the iconic DB4GT Zagato.

The fruits of our combined work have always been crafted in limited numbers because they should be something truly special and collectable.

The Aston Martin V12 Zagato embodies so much of our combined design language, we pride ourselves on the balance of high technology and hand craftsmanship which make up the heart and soul of every V12 Zagato.

They are indeed the choice of the ‘individualist’, a person who appreciates understated style, beauty and substance, but is not afraid to be different.

Andrea Zagato
Dr. Andrea Zagato
President, Zagato

WHERE IT ALL BEGAN —

The Aston Martin DB4GT Zagato was introduced in October 1960 at the London Motor Show. It was effectively a DB4GT, lightened and improved by the Zagato factory in Italy. Nowadays, due to the rarity and popularity of the DB4GT Zagato, the cars are worth a considerable amount of money, and at auction they have reached well in excess of £4 million.

LOOKING TO THE FUTURE WITH A NOD TO OUR PAST —

Using Aston Martin's excellence in design, we have introduced a modern interpretation of the famous Aston Martin and Zagato collaboration to celebrate the iconic DB4GT's 50th anniversary year.

The V12 Zagato is elegant but brutal which reflects the great balance between race performance and pure Aston Martin design. The original DB4GT Zagato was a true icon, powerful and graceful; the new design is a fusion of unique and original features and is a true representation of the spirit of the DB4GT Zagato. For us it is a forward thinking Zagato which pays its respect to the past.

Marek

Marek Reichman
Director of Design

AWARD WINNING DESIGN —

At its world premiere, the Aston Martin V12 Zagato won the Concorso d'Eleganza design award for concept cars and prototypes at Villa d'Este on the shores of Lake Como, Italy.

TESTED FOR PERFORMANCE —

BORN ON THE TRACK —

The initial phase of an intensive development programme has already brought motorsport success, with a thrilling demonstration that the new design truly carries forward the spirit and power of the legendary DB4GT Zagato.

In front of some 200,000 spectators at the infamous Nürburgring Nordschleife, the first two V12 Zagato concept cars, just weeks after being unveiled, displayed all the thoroughbred racing car DNA of the original DB4GT, impressively powering past the chequered flag after surviving this notoriously tough 24hr endurance race.

Given the ethos and commitment that has driven everyone at Aston Martin for almost 100 years, you won't be surprised to learn that our CEO, Dr Ulrich Bez and V12 Zagato Programme Manager Chris Porritt were key members of the driver teams behind the wheel of the two cars – which for the event were affectionately christened Zig and Zag.

FROM CONCEPT TO PRODUCTION —

Clothed in lightweight hand-rolled aluminium and carbon fibre body panels, over 2000 hours of craftsmanship are involved in the construction of the V12 Zagato. This represents the extreme application of Aston Martin's know-how and the technologies, materials and techniques that have been gained by creating the current generation of Aston Martin cars making the Aston Martin Zagato a contemporary Aston Martin like no other.

The use of the finest materials has always marked out Aston Martin from its rivals. Exquisitely shaped alloys and the finest soft British hide leathers are joined by high-tech materials like carbon-fibre composites and lightweight metal castings.

A GENUINE RARITY —

A unique blend of power, beauty, soul, refinement, and dynamic agility, the V12 Zagato is built on Aston Martin's VH bonded aluminium chassis. Beneath the louvred bonnet lies the highly acclaimed 6.0-litre V12 engine, its 510 bhp (380 kW / 517 PS), and 570 nm (420 lb ft) of torque delivering spectacular power to stir the senses of the exclusive few.

A WORK OF ART —

A fluid, elegant sculpture, with every element shaped to perfection, from the fierce Z-shaped grille through to the pronounced crease of the rear wheel arch.

LIGHTNESS, STRENGTH AND SPEED —

The sculpted aluminium double-bubble roof and bulging haunches are Zagato trademarks while the rear wing, diffuser and splitter, formed from the revolutionary, race-bred carbon fibre material, showcase the beautiful carbon fibre weave and hint at the V12 Zagato's huge performance.

EXCLUSIVE COLOURS ON AN EVOCATIVE FORM —

Five exceptional paint colours have each been inspired by hues and shades from the original DB4 GT Zagato, fifty years ago.

CARBON BLACK

Carbon Black's deep, rich shade of black creates a shimmering surface that accentuates the curves and creases of the bodywork.

ALLORO GREEN

Alloro Green, developed exclusively for the V12 Zagato, pays homage to the original Aston Martin racing green livery used in some of the most famous DB4 GT Zagatos.

ALBA BLUE

The Alba Blue recalls the very last DB4 GT Zagato sold in 1962, registered 37PH and finished in Caribbean Pearl.

SCINTILLA SILVER

The V12 Zagato's Scintilla Silver finish transforms the Zagato into a piece of dramatic, purposeful sculpture.

DIAVALO RED

This rich racing red embodies the passion and fire at the heart of the V12 Zagato. Diavolo Red contrasts strongly with the black carbon fibre trim to create functional beauty.

TO LOOK IS TO FEEL —

Quality, style and traditional craftsmanship are an integral part of everything we do.

Right down to the perfect hand stitching of the leather, they define the personality of every car we build. Aston Martin's unique approach to styling and inimitable attention to detail promises you an Aston Martin that embraces the legendary status of its predecessor, whilst offering a new driving experience that is simply incomparable.

THE TRUE EXPERIENCE COMES FROM WITHIN —

Venture inside the Zagato's cossetting interior and the unique hand stitched quilting, the tactile feel of the seats, the smell of the semi-aniline leather, and the stirring sound of the V12 engine will all captivate your senses.

FULL GLOSS BLACK

SPECIFICATION —

BODY

- Coupe only
- All new Zagato styling
- 4 unique Zagato exterior paint schemes

ENGINE

- All-alloy, quad overhead camshaft, 48-valve, 5935 cc V12
- Front mid-mounted engine, rear-wheel drive
- Fully catalysed, stainless steel exhaust system with active bypass valves
- Compression ratio 10.9:1
- Max power 380 kW (517 PS/510 bhp) at 6500 rpm
- Max torque 570 Nm (420 lb ft) at 5750 rpm
- Acceleration 0-100 km/h (0-62 mph) in 4.2 seconds
- Maximum speed 305 km/h (190 mph)

TRANSMISSION

- Rear mid-mounted, six-speed manual transmission
- Alloy torque tube with carbon-fibre propeller shaft
- Limited-slip differential
- Final-drive ratio 3.71:1

SUSPENSION

- Front: Independent double wishbones incorporating anti-dive geometry, coil springs, anti-roll bar and monotube dampers
- Rear: Independent double wishbones with anti-squat and anti-lift geometry, dual-rate coil springs, anti-roll bar and monotube dampers

WHEELS AND TYRES

- Lightweight forged aluminium 19" alloy wheels, unique for V12 Zagato
- Front tyres: Pirelli P Zero Corsa 255/35 ZR19
- Rear tyres: Pirelli P Zero Corsa 295/30 ZR19
- Front tyres: Pirelli P Zero 255/35 ZR19
- Rear tyres: Pirelli P Zero 295/30 ZR19

BRAKES

- Front: Ventilated carbon ceramic discs, 398 mm diameter with six-piston monobloc calipers
- Rear: Ventilated carbon ceramic discs, 360 mm diameter with four-piston monobloc calipers
- Dynamic Stability Control (DSC) with 'Track' mode
- Anti-lock Braking System (ABS)
- Electronic Brakeforce Distribution (EBD)
- Emergency Brake Assist (EBA)
- Traction Control (TC)

INTERIOR

- Zagato stitched logos and plaques
- Carbon-Fibre centre console finish
- Dual-stage driver/passenger front airbags
- Powerfold exterior heated mirrors
- Heated rear screen
- Automatic temperature control
- Organic Electroluminescent (OEL) displays
- Trip computer
- Cruise control
- Bluetooth® telephone preparation¹
- Satellite navigation system¹
- Rear vision camera
- Tyre-pressure monitoring¹
- Auto-dimming interior rear-view mirror
- Alarm (with volumetric and tilt sensor) and immobiliser
- Remote-control central door locking and boot release
- Glass ECU
- Tracking device (UK only)⁴
- LED map-reading lights
- Lamy pen and pen holder

SEATS

- Electrically adjustable Sports seats with side airbags and three position memory
- Or
- Lightweight seats with six way electrical adjustment¹

IN-CAR ENTERTAINMENT

- 700 W Aston Martin Premium Audio System with Dolby® Pro Logic II®
- Integrated Apple iPod® connector³
- USB connector with Waveform Audio Format (WAF), Windows Media Player (WMA) and MPEG (MP3) audio file compatibility

INTERIOR OPTIONS

- Lightweight seats with six-way electrical adjustment^{1, 3}
- Heated seats²
- Passenger seat with ISOFIX (fixed height)^{1, 2}
- 1000 W Bang & Olufsen BeoSound audio system with ICEpower® technology
- Garage door opener¹
- Second glass ECU
- Tracking device (UK Category 5)^{1, 4}
- First-aid kit¹
- Ashtray and cigar lighter
- Boot-mounted umbrella

DIMENSIONS

- Length 4385 mm (172.6")
- Width 1865 mm (73.4") excluding mirrors; 2022 mm (79.6") including mirrors
- Height 1250 mm (49.2")
- Wheelbase 2600 mm (102.4")
- Front track 1570 mm (61.8")
- Rear track 1575 mm (62.0")
- Turning circle 11.8 m (38.7 ft) (kerb to kerb)
- Boot capacity 300 litres (10.6 cu ft)
- Fuel capacity 80 litres (17.6 UK gal/21.1 US gal)
- Estimated Kerb weight 1680 kg (3704 lb)

FUEL CONSUMPTION

- Litres/100 km (mpg)
- Urban 24.3 (11.6)
- Extra-urban 11.7 (24.1)
- Combined 16.4 (17.3)

CO₂ EMISSIONS

- 388 g/km

Q BY ASTON MARTIN

Aston Martin is a name heralding emotionally engaging design, craftsmanship, innovation and attention to detail. We offer an extensive palette of paint, leather and trim finishes as well as a wide range of options.

However for some this is simply not enough. Our ultimate personalisation service, Q by Aston Martin, allows you to finish your car in a way that reflects your taste, lifestyle and personality. From a one-off design capturing your imagination to personalised interior detailing – on your new or current car – our expert Q by Aston Martin team is here to help guide you in the design, craft and hand-finishing of your car to your precise requirements.

To find out more information, please speak with your preferred Aston Martin dealer.

¹ Not available in all markets.
² Not available with lightweight seats.
³ Does not include side airbags or passenger airbag cut-off switch.
⁴ Complies with UK Thatcham Category 5 requirements. Excludes subscription. Standard in UK.
⁵ iPod® is a trademark of Apple Inc., registered in the US and other countries.

Updates
Aston Martin Lagonda Limited is constantly seeking ways to improve the specification, design and production of its cars and alterations take place continually, including to the V12 Zagato. Whilst every effort is made to produce up-to-date literature about our evolving products, this brochure should not be regarded as a guide to any currently available products, options, accessories or specifications, including in respect of the V12 Zagato. This brochure is merely an indication of the kinds of Aston Martin products and services which may be available from time to time. The text and photographs in this brochure may relate to specifications, options, accessories and/or services that are not available for sale in some countries or which have been superseded or are otherwise no longer available. Images shown may not be reflective of the final car.

The Bluetooth word mark and logos are owned by the Bluetooth SIG inc and any use of such marks is under license.

Updates

Aston Martin Lagonda Limited is constantly seeking ways to improve the specification, design and production of its cars and alterations take place continually, including to the V12 Zagato.

Whilst every effort is made to produce up-to-date literature about our evolving products, this brochure should not be regarded as a guide to any currently available products, options, accessories or specifications, including in respect of the V12 Zagato. This brochure is merely an indication of the kinds of Aston Martin products and services which may be available from time to time.

The text and photographs in this brochure may relate to specifications, options, accessories and/or services that are not available for sale in some countries or which have been superseded or are otherwise no longer available. Images shown may not be reflective of the final car.

No offer of sale

This brochure does not constitute any offer for the sale of any particular car, product, option, accessories and/or services or combination of the same, including the V12 Zagato.

Aston Martin draws your attention to the fact it does not intend to offer the V12 Zagato for sale in all global markets and does not warrant that the V12 Zagato is certified, available for sale, and/or suitable for, all global markets.

Performance results

Performance results, fuel consumption figures and CO₂ emissions data quoted in this brochure are obtained under controlled test conditions (in accordance with applicable regulations) and may vary depending on the specification of the particular car, road and environmental conditions and driving style. Tyre choice may also impact on performance results, fuel consumption, CO₂ emissions, ride comfort and handling.

Published figures should be used for comparison purposes only and verification should not be attempted on public roads. No guarantee is given express or implied of performance results, fuel consumption or CO₂ emissions.

Aston Martin Lagonda Limited strongly urges that all speed laws be obeyed and that safety belts be worn at all times.

The weight of the car will influence the level of CO₂ emitted and as a result, cars with higher levels of specification and factory fit options may emit higher levels of CO₂. However, Vehicle Excise Duty is charged according to the weight of and CO₂ emissions of the standard car, as published in this brochure.

All petrol engines are fitted with a catalytic converter.
