Ford Australia - We're moving with you.

Reflecting the requirements of today's prestige car driver.

For many years, Ford Fairlane has been Australia's number one selling prestige car. Today's Fairlane, with its contemporary style and engineering advances, maintains its stance as a fine prestige car. The economy inherent in Fairlane's standard 4.1 litre Alloy Head crossflow 6-cylinder engine makes sense for many drivers in the 1980's.

The practical design influence of Europe is immediately apparent in Fairlane's lines. Inside, driver and passenger roominess is truly impressive. A low waistline and large glass area provide excellent visibility. Aerodynamic body styling helps provide a quiet driving environment. Seats are faced with a rich cloth and integrated

air conditioning includes ducting to the rear passenger compartment. Advanced automotive technology is evident from the electronic pulse speedometer, to the lightweight energy-absorbing bumpers and deformable front valance.

A car for the big country.

On the road, you'll notice Fairlane's ease and excellence of handling. T-bar automatic transmission and four wheel power assisted disc brakes are, of course, standard. In short, we suggest you will find the distinctive and highly appointed Ford Fairlane is a prestige car, in tune with today. And a car you will enjoy, whether you're driving around town or around Australia.
