

FORD LASER
S, TX3 AND TX3 TURBO 4WD.

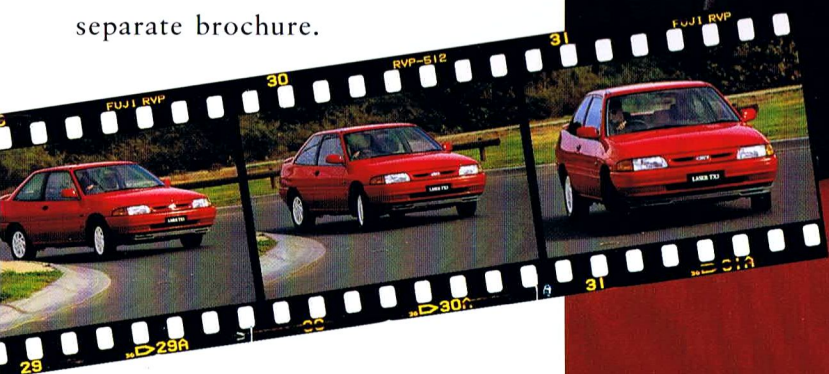

HAVE YOU DRIVEN A FORD...LATELY?

THIS BROCHURE IS NO
PLACE FOR QUIET
SUNDAY DRIVERS.

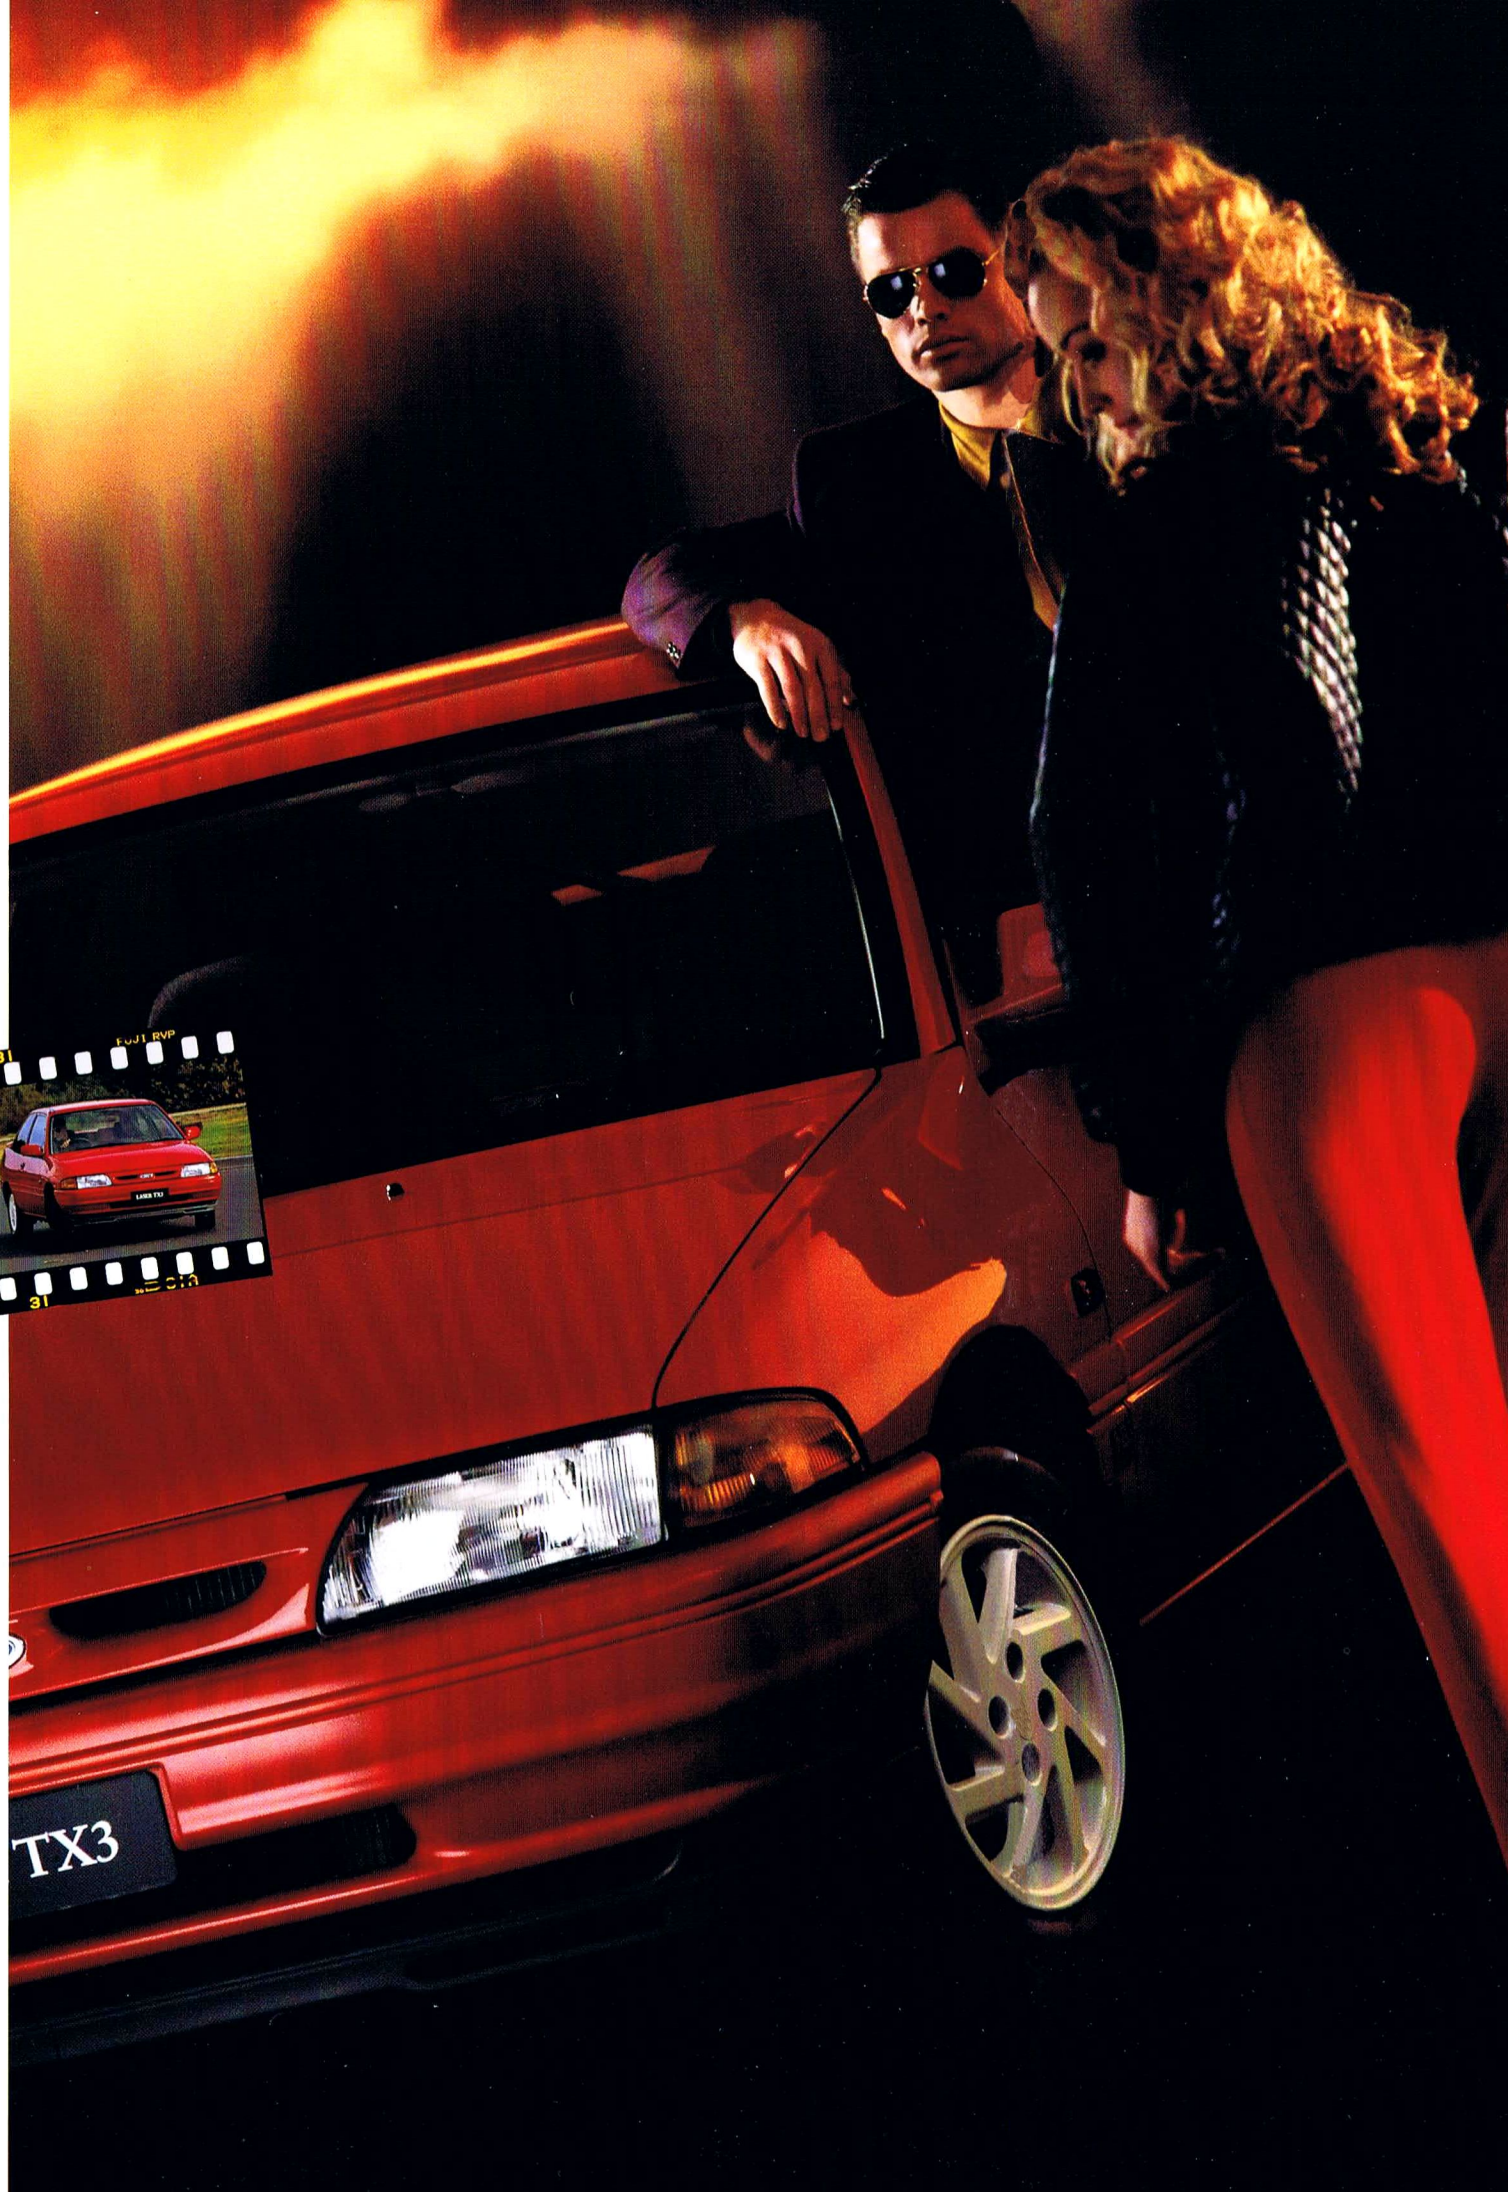

In Australian motoring, the name "Laser" holds a special position. For Laser is a car which has won the hearts of thousands upon thousands the nation over. Laser's popularity has seen it lead the way in cars of this class.

Today's roomier, zoomier Laser range offers the vehicles to satisfy - and reward - most needs and tastes in motoring. Laser XL, GL, GLi and Ghia hatches and GL and Ghia sedans are described in a separate brochure.

This brochure, however, is all about three distinctly different Laser models. And we make the point here and now that these pages are not for quiet Sunday drivers.

If you are the type of individual who enjoys the occasional surge of adrenalin, who prefers to be pro-active rather than reactive, the kind who isn't afraid to make a statement in life, please read on. And enjoy.

LASER S.

Driving enthusiast, prepare to become a *Laser* enthusiast.

This sporty 5-door hatch offers sparkling performance, agile handling and an interior dedicated to the joy of driving.

LASER TX3.

The way it looks completely reflects the way it drives.

And if people look at you like

you're having too much fun, well, you wouldn't let a little thing like that worry you, would you?

LASER TX3 TURBO 4WD.

If you like the look of Laser TX3, if the idea of turbo high performance is distinctly appealing, and if you find full-time four wheel drive has that certain ring to it, come and introduce yourself to the most exciting Laser of all.

Laser S

1.8 litre SOHC engine with electronic fuel injection and 4 valves per cylinder.

Laser TX3

1.8 litre DOHC engine with electronic fuel injection and 4 valves per cylinder.

Laser TX3 Turbo 4WD

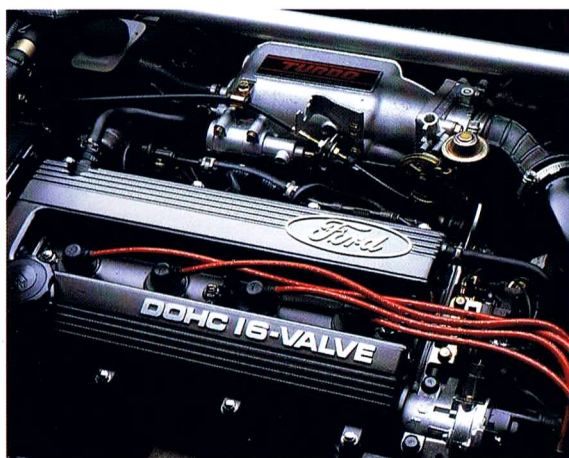

1.8 litre DOHC turbo charged engine with electronic fuel injection and 4 valves per cylinder.

1.8 EFI DOHC 16 v.

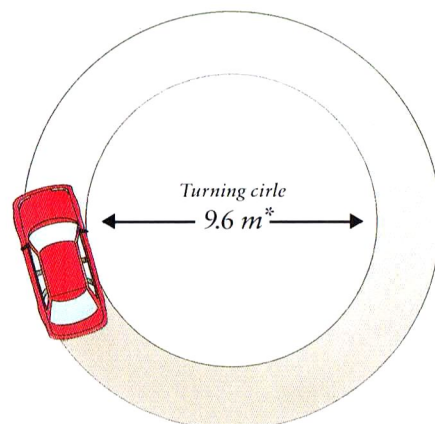

Bore x Stroke mm	83 x 85
Cylinder head	Aluminium Alloy
Fuel System	Multipoint electronic fuel injection with variable inertia charge system (V.I.C.S.)
Fuel	Regular Unleaded
Displacement cc	1840
Valves per cylinder	4
Compression Ratio	9.0:1
Max. Power DIN kW/rpm	92/6500
Max Torque Nm/rpm	155/4500

1.8 EFI DOHC Turbo 4WD 16 v.

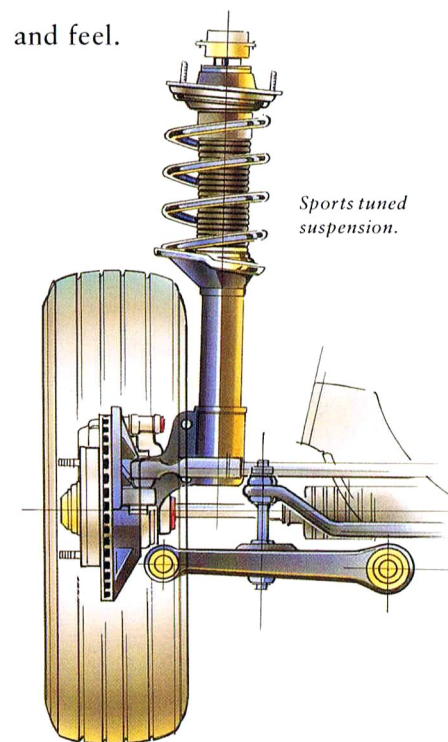

Bore x Stroke mm	83 x 85
Cylinder head	Aluminium Alloy
Displacement cc	1840
Valves per cylinder	4
Compression Ratio	9.2:1
Fuel System	Multipoint electronic fuel injection with electronic spark advance
Fuel	Regular Unleaded
Max. Power DIN kW/rpm	117/6500
Max Torque Nm/rpm	206/3000

117 kW at 6500 rpm and produces an impressive 206 Nm of torque at 3000 rpm. To get the most out of

the advanced engines, each of these Lasers is equipped with a versatile 5-speed manual transmission.

It's on its own for shifting ease and feel.

Also for your enjoyment, there is the handling of Laser TX3 Turbo 4WD. With state-of-the-art viscous coupling controlling the front and rear drive shafts, this full-time four wheel drive has to be the choice of all who take the fun of driving quite seriously.

MY, HOW TIME FLIES...

...which brings us to the engines that power these sporty machines.

At the heart of all three lies a 1.8 litre EFI four cylinder engine. In Laser S it's a single overhead cam design; the TX3 models have double overhead camshafts. The engines incorporate advanced 16-valve technology with pentroof combustion chambers.

With four valves per cylinder,

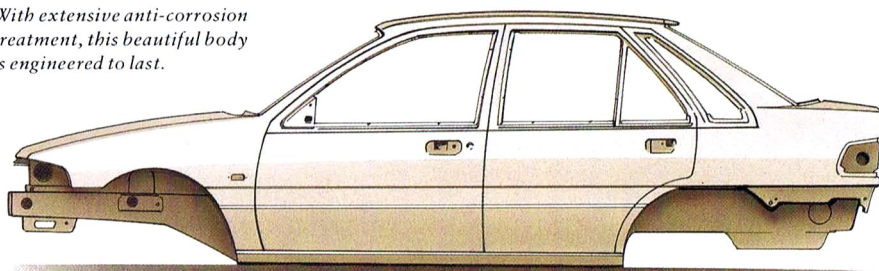

more air and fuel enter the combustion chamber and the exhaust gases escape faster.

The result is something you will appreciate as soon as you depress the accelerator.

The engine feels smooth and responsive and the power flows evenly. You experience more torque at lower speeds and greater power at higher engine speeds.

Laser TX3 Turbo 4WD develops

With extensive anti-corrosion treatment, this beautiful body is engineered to last.

In all three Lasers, you have power assisted rack and pinion steering, 4 wheel power disc brakes, and you drive to the beat of a 4-speaker AM/FM stereo radio-cassette player equipped with a programmed anti-theft security code. TX3 models have Dolby NR.

When it comes to room, Laser has always been generous. And

today's Lasers are even roomier.

And, while the big picture is one of room, Laser doesn't overlook little details either.

For example, in the back, you have the versatile 60/40 split folding

rear seat to accommodate those long or awkward shaped objects while still providing room for passengers.

Or you can fold down both sides for even more carrying space.

READ FASTER.

DRIVE SOONER.

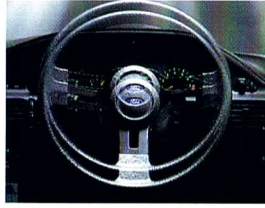

The best way to appreciate these very special Lasers is to spend some time with them. The sooner you've read this brochure, the sooner you can get to your Ford dealer where the excitement really starts.

However, in the meantime, to help you gain a greater understanding, we offer these insights into the thinking of the designers and engineers at Ford.

The fundamental objective has

Power windows.

Tilt adjustable steering column.

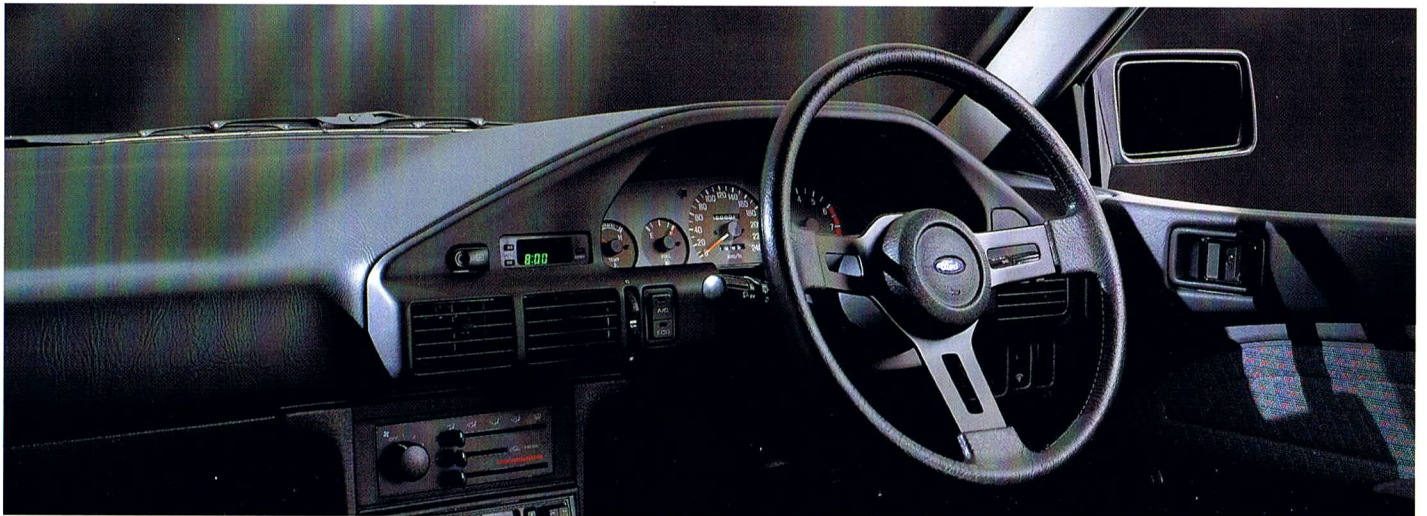

Power locking.

yours at a glance. The controls fall instinctively to hand.

The soft-feel, tilt adjustable sports steering wheel is comfortable and easy to control. A convenient footrest makes for more relaxed driving. The sports bucket seats feature numerous adjustments for your comfort, including adjustable head restraints.

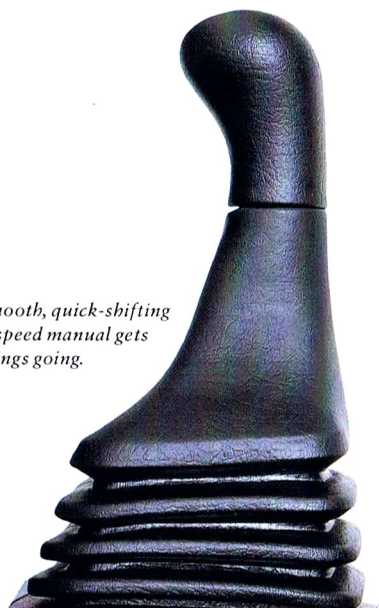

There's nothing low key about Laser style. Whichever Laser you opt for, you'll find it packs a lot of street-smart styling touches. And

been to produce three sporty Laser hatches that are quick, safe, well appointed and a whole lot of fun to drive. Simplicity being the essence of good design, our designers set about creating instrument panels that are uncluttered, clear and easy to read. A tachometer and an extensive array of gauges and warning lights are included.

All the information you need is

Smooth, quick-shifting 5-speed manual gets things going.

Great sounding 4-speaker AM/FM stereo radio-cassette player is equipped with a programmed security code to deter theft.

to go with all the style, a lot of substance. In addition to the equipment already described, the two Laser TX3 models have power windows, power door locks and electrically controlled exterior mirrors.

FORDCARE.

OUR COMMITMENT TO
CUSTOMER SATISFACTION.

We are committed to ensure that you enjoy your new Ford from delivery, through all of its lifetime. We meet that commitment with Fordcare - a range of services and benefits designed for Ford vehicles and their drivers.

At the front line of Fordcare are highly trained technicians backed by advanced equipment and parts support.

Sophisticated diagnostic, tuning and servicing equipment.

OASIS (On-line Automotive Service Information System), an extensive Ford Engineering data base that helps technicians pinpoint problems quickly and helps save you money - available at most Ford dealers.

Ford Approved Service Parts - the ones you can trust to perform like original equipment - are covered by the Ford dealer 12 month/20,000 kilometre Express Parts Warranty for your protection.

You can relax knowing that Fordcare will always be there to help keep your vehicle at the peak of performance.

The in-built quality of your Ford is backed by the following additional warranties.

24/50 EXPRESS

NEW VEHICLE WARRANTY.

Covers your Ford against defects in materials or workmanship for the first twenty four months or 50,000 km - whichever comes first.

FIVE YEAR PERFORATION
CORROSION WARRANTY.

Covers the original vehicles' body against perforation corrosion for the first five years of its life.

LIFETIME SERVICE WARRANTY.

Covers the majority of part replacements, including labour carried out by your Ford dealer after the expiration of the initial 24 month/50,000 km warranty. You will only ever pay once for such replacements under normal driving conditions.

LIFELONG PANEL WARRANTY.

Covers replacement outer body panels against perforation corrosion for the life of the vehicle.

Futher information on these warranties may be obtained from your Ford dealer.

All optional equipment referred to in this brochure is available at extra cost unless otherwise stated.

This brochure is designed to provide you with a general introduction to the Ford Products (including available optional equipment) referred to, and should be read in conjunction with the latest specification sheet. Because of changes in conditions and circumstances Ford[®] reserves the right, subject to all applicable laws, at any time, at its discretion, and without notice, to discontinue or change the features, designs, materials, colours and other specifications and the prices of its products, and to either permanently or temporarily withdraw any such products from the market without incurring any liability to any prospective purchaser or purchaser. The latest specification sheet should be referred to for information on the availability, ordering and use of optional equipment. Always consult an Authorised Ford Dealer for the latest information with respect to features, specifications, prices, optional equipment and availability before deciding to place an order.
