

FULLY LOADED, BUT \$20000 LIGHTER.

3 Year/100,000 km
WARRANTY
*UP TO BUMPER
*W.A.B.A.P.L.

For just \$1000 more than a standard GLi model at recommended retail price, the new Falcon Tradesman comes fully loaded with over \$3000 worth of extra features. Like heavy duty springs and shockers that increase the payload to one tonne (460 kgs more than Commodore ute). And to protect the Tradesman we've chunked in a tough vinyl bedliner that even covers the tailgate. Wheels and tyres are also beefed up and of course you get factory air.

All this plus the legendary power and reliability of Falcon's 4 litre engine. Ute or panel van, it'll take the hard work out of choosing your next workhorse.

FALCON TRADESMAN UTE & VAN.
