

XL shown in Diamond White Pearl with available Package #3 and power moonroof.

MOST AMAZING.

The new millennium has actually arrived. Brimming with all the challenge and promise we expected — and a few surprises, as well. Not surprisingly, though, Toyota's forward thinking continues, reflected in its most comfortable and elegant form in the all-new 2000 Avalon.

Roomier and more inviting than ever before, this Avalon is Toyota's premier touring sedan and a departure from anything that's come before it. From its spacious, well-conceived interior to its carefully refined styling, the 2000 Avalon speaks to a quiet elegance that is friendly and unpretentious. In so many ways, Avalon is a lot of car for your investment. And there is a lot of life to be enjoyed in Avalon.

The Toyota driver, front passenger and front seat-mounted side-impact air bags are Supplemental Restraint Systems (SRS). The driver and front passenger air bags are designed to inflate in a severe frontal collision. The side-impact air bags are designed to inflate in severe side-impact collisions. In all other accidents, the air bags will not inflate. To decrease the risk of injury from a deploying air bag, always wear seatbelts, sit

upright in the middle of the seat as far back as possible from the air bag modules and do not lean against the door. Do not put objects in front of an air bag or around the seatback. Do not use rearward-facing child seats in any front passenger seat. The force of a deploying air bag SRS may cause serious injury or death. Please see your Owner's Manual for further instructions. Some vehicles are shown with available equipment. Seatbelts should be worn at all times. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

All information presented herein is based on data available at the time of printing, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only (may differ in the state of Hawaii, Puerto Rico, the U.S. Virgin Islands and in other regions).
