

SIENNA XLE

FUNNY, IT DOESN'T FEEL LIKE A MINIVAN.

Everything you want for your family is here. Comfort. Convenience. Roominess. Safety. And the amazing ability to adapt to virtually any situation, just like you. While Sienna's looks have changed with new front and rear styling, its true nature has remained the same. Dependable. Reliable. A quality vehicle you can trust. And above all, a place where you and your loved ones can feel secure.

From the moment you step inside, you know it's different. You sense it in the new metal tone accents and the comfort of available leather-trimmed seats. You hear it when you play your favorite CD in the JBL premium 8-speaker audio system. You feel it as you fine-tune the dual automatic climate control to suit your rear passengers' tastes while maintaining a slightly different temperature up front...or switch on the available heated front seats on a cold winter morning. This is something special. This is Sienna XLE.

## STANDARD FEATURES

### CE

- Multi-reflector headlamps with auto-off feature
- Daytime Running Lights (DRL) with auto on/off feature
- Foldaway manual remote outside mirrors
- Washer-linked variable intermittent front and intermittent rear wipers

- Auto-dimming electrochromic rearview mirror with compass
- Heated driver and front passenger seats<sup>4</sup>
- Passenger-side power-operated sliding door

<sup>1</sup>Requires CE Extra Value Package.

<sup>2</sup>The Toyota driver, front passenger and front seat-mounted side-impact air bags are Supplemental Restraint Systems (SRS). The driver and front passenger air bags are designed to inflate in a severe frontal collision. The side-impact air bags are designed to inflate in severe side-impact collisions. In all other accidents, the air bags will not inflate. To decrease the risk of injury from a deploying air bag, always wear seatbelts, sit upright in the middle of the seat as far back as possible from the air bag modules and do not lean against the door. Do not put objects in front of an air bag or around the seat-back. Do not use rearward-facing child seats in any front passenger seat. The force of a deploying air bag SRS may cause serious injury or death. Please see your Owner's Manual for further instructions.

<sup>3</sup>Requires LE Extra Value Package.
